

Moulton Elementary School

Vision

Empower students to be self learners by providing excellent instruction for every child every day.

Mission

To create lifelong learners who will become productive citizens in our society.

Beliefs

- All students can learn
- A safe supportive learning environment promotes student achievement
- Effective teaching requires planning, creativity, and implementation with reflection and processing
- Each student is a valued individual with unique physical, emotional, and intellectual needs

Academic Achievement

Objectives

- All students will perform at or above proficiency and show continuous improvement.

Critical Initiatives

- Teachers will use Saxon Phonics program, in conjunction with Orton Gillingham strategies and other materials and supplies in reading instruction.
- Teachers will use data from Saxon assessments and progress monitoring through Dibels to drive instruction.
- Teachers will use technology/instructional software to enhance student learning and engagement.

Culture

Objectives

- Students will have a safe, comfortable and inviting educational environment.

Critical Initiatives

- Teachers will make safety a priority. Teachers will set expectations, enforce rules and procedures, and hold students accountable. Safety drills will be administered regularly.
- Teachers will promote and encourage student involvement through leadership, assignments, grouping, and activities to promote student ownership in class and throughout the school.

Learning Supports

Objectives

- Learning supports will be used as a resource for supporting continuous improvement.

Critical Initiatives

- Attendance monitoring, counseling, parental involvement, prof.dev., technology and personnel are all supports that will be used to promote continuous improvement for students and faculty.
- Teachers will be aware of student mental health. Available resources will be used to address student needs.

Key Measures

- Assessments, report cards, informal assessments
- lesson plans, observations, student performance
- assessments and teacher observation

Key Measures

- drill dates, student and faculty disc. data
