

NEW PARADIGM LOVING ACADEMY

School Pledge

Right now today, this very moment, I am capable of giving myself, the gift of absolute self-assurance, self belief, and powerful non-stop confidence in myself

FAMILY

VOLUME 34

WEEK OF 5/15/2023

To, Through, and Beyond College "Impact and Outcome"

Happy Monday Families!

We are getting closer to the finish line (last day of school). There is still so much more work to do. We will begin our district wide assessment, NWEA, on Tuesday. Students will need to be in school each day in order to test and measure their personal growth from the fall. Also, as the weather is changing, students are still expected to be in complete uniform. Jogging pants or black pants are not part of Loving's uniform policy that's in the school handbook. Lastly, use the link below in green to sign your student up for our Summer Enrichment Program.

If you have any questions or concerns, please reach out to me at aringo@npfeschools.org or send a message to (313) 751-8533.

Ms. Ringo
Principal

NWEA assessments are designed to target a student's academic performance in mathematics, reading, language usage, and science. These tests are tailored to an individual's current achievement level. This gives each student a fair opportunity to show what he or she knows and can do.

Instructional priorities

Reading, writing, and discussion in all content areas to provide cohesive instruction and opportunities for productive struggle.

Provide effective feedback to students that affirms what they have done well and guides them toward academic improvement and achievement of learning goals.

Study and leverage student-level data on a regular and consistent basis to identify learning opportunities and create plans to address them.

Use rubrics as tools to provide a shared language with clear guidelines and expectations to provide a measure, adjust, and evaluate learning.

This week's highlight is on 4th grader, Laila Hines, and her parents! She has PERFECT attendance to date, displays positive behavior at all times, has been on the honor roll each quarter, and a great example of hard work and dedication towards her academic success!

School-Wide Cooperative Challenge: "Demonstrate a Memory Strategy"

Memory strategies help in and out of school. Ask your teacher for both verbal and visual directions to a task or assignment.

Definition. Memory strategies refer to any of a broad set of techniques that are designed to help one remember. Such strategies range from everyday, external aids (e.g., using a planner) to internal memory strategies (e.g., mnemonic devices) that facilitate storage and retrieval from long-term memory.

Important Information!!!

Read By Grade 3 Law

The Michigan Legislature passed a law that requires schools to identify learners who are struggling with reading and writing and to provide additional help. The law states that third graders may repeat third grade if they are more than one grade level behind beginning with the 2019-2020 school year and not being proficient on the M-Step.

Upcoming Field Trips

Student participation is based on attending school regularly and positive behavior

FIELD TRIP CHAPERONE

Parents who successfully pass a background check will have an opportunity to chaperone. The opportunities will be for the first 3 parents who complete the Google form when it is emailed, as space is limited. Now is the time to begin submitting paperwork for background checks, which will be provided by NPFE. Reach out to the main office for additional information.
