## INTRODUCTION

---

The vision of Victor Central Schools is to be a high performing learning organization where all children and adults thrive. We believe that all of our students can achieve social and academic skills leading to effective citizenship and learning.

### History

There is a tradition of shared decision-making and broad involvement within the Victor Central School community. Its genesis dates back to at least the early 1970's with the development of Victor's first mission statement. This mission statement was developed by a group of students, teachers, administrators, and community members, and it reflected the best of shared decision-making concepts. During the 1980's, the Administrative Team and Board of Education responded to a shared future vision of Victor's schools and began to build structures to provide for shared decision-making in the schools. Our current mission statement was adopted in 1994: **To teach, to learn, to support, to improve, and to achieve.**

Our vision recognizes that our community's greatest asset is its children. To serve our children well, we are committed to these five principles that must guide all our thoughts and actions.

### Victor Central School District's Shared Decision-Making Plan

We believe our plan broadens representation, provides expanded opportunity for ownership, expands the areas open for shared decision-making, makes the process more democratic, and ultimately enables each student to reach his/her potential.

To ensure that the Victor Central School District meets the ever-changing and challenging role to deliver high quality education, the Shared Decision-Making Plan set forth on the following pages, has been implemented.

### **Involvement of All Parties Shared Decision-Making Organizational Structure**

There are two district level councils, and five building councils. These councils annually review qualitative and quantitative data in order to determine goals, action steps and appropriate timelines, in alignment with the VCS Strategic Plan.

The VCS Monitoring Task Force is responsible for reviewing the Shared Decision-Making Plan and recommending revisions every two years, as a part of the NYSED Bi-Annual Plan review process. Recommendations are made to the VCS Board of Education for approval.

The VCS Shared Decision-Making Dispute Resolution Panel (see page 15) also reports to the Board of Education, on an as-needed basis.

In addition to meeting agendas set by each council, councils could review concerns or proposals to the school district by any member of the school district community, in that council's purview.

Concerns/issues/proposals may also originate within any of the shared decision-making structures and should follow the appropriate communication avenues.

#### **Communication:**

All shared decision-making councils shall publish approved minutes on the District website. Informal communication between shared decision-making groups will occur as needed.

#### **Annual Training:**

District Council will be responsible for ensuring that shared decision-making training is offered to all shared decision-making council members annually.

#### **Selection Process:**

The purpose of the selection process is to achieve balance and to ensure all aspects of the individual school (building) community are represented. The selection process will include notice to all constituent groups. The district's webpage will be utilized to actively invite community members to take part on shared decision-making councils. This may include utilization of pop-up notifications and posting information under the parent tab of the website. Council members will be selected annually by constituents before annual shared decision-making training. Existing membership on any District shared decision-making team does not preclude

appointment to the Monitoring Task Force. Every effort will be made to ensure the composition of the committee is met.

**Meeting Dates and Times:**

- Building Council: will meet monthly or as needed
- District Council: will meet monthly or as needed
- Curriculum Council: will meet monthly or as needed
- Monitoring Task Force: will meet biennially, up to 4 times during the review or as needed

Consideration must be given to the time needs of all Council members in setting meetings on a “shared sacrifice” basis. It is understood that service on any shared decision-making committee is voluntary.

**Operational Procedures:**

Councils will develop visitor protocols, working agreements, and group norms, which will be referenced in meeting minutes. Councils will develop agendas in advance. Unapproved meeting minutes and agendas will be distributed within one week prior to the next regularly scheduled meeting. The Building Councils, District Council and Curriculum Council will choose a facilitator. The facilitator of the Monitoring Task Force will be the Assistant Superintendent for Instruction. All four groups can form ad hoc committees. Decisions will be made by consensus. When making decisions with a limited time frame, the Council may consider moving to the backup plan of a 75% vote of those Council members present.

**It is recommended that Councils determine, within their annual data analysis, areas within the School or District that could be targeted for improvement. The following process is a potential model to follow when considering the process to utilize:**

- 1.) **Goal Setting:** **What are we trying to accomplish?** *Consider the various factors that may be out of the Council’s control when identifying goals.*
- 2.) **Evidence of Accomplishment:** What is the desired outcome? What will success look like?
- 3.) **Action Plan:** What changes or actions are needed in order to result in improvement?
- 4.) **Accountability / Analysis:** Reflection and celebrating success! Reporting out.

## **Commissioner's Regulations 100.11**

### **COMPONENT #3**

The means and standards by which all parties shall evaluate improvement in student achievement.

---

#### **Means and Standards Used to Evaluate Improvement of Student Achievement**

Improving student achievement at Victor Central Schools requires measurement, planning, and implementation of those plans on a regular cycle. A Program Evaluation process will be utilized to review components of the instructional program. Multiple constituencies will review plans/programs on a regular basis and the representation for these program reviews will be selected by constituent group leadership.

Shared decision-making councils may consider a variety of data sources including those focused on student learning, behavioral, social/emotional and/or wellness data to determine goals. Data considered may include standardized testing, authentic data collection, established performance measures, and qualitative data such as stakeholder feedback, and observation.

---

## **Commissioner's Regulations 100.11**

### **COMPONENT #4**

The means by which all parties will be held accountable for the decisions which they share in making comprises this component.

---

#### **Accountability for Decisions**

SDM council members are accountable to the community, students, parents, staff, and the Board of Education for decisions they make and for the effect these decisions have on student outcomes.

- Per NYS Law, all meetings must be open to those wishing to attend.
- Each council will follow the District's format for the agenda and minutes that will be provided during the annual Shared Decision-Making training.
- Unapproved minutes will be distributed in a timely manner to the members of the councils.
- Approved minutes and the next meeting agenda will be distributed to the specific Building Council members. Approved minutes will be posted on the District website on a monthly basis.
- Minutes of the meetings will be a matter of public record. Shared Decision-Making Councils must recognize that certain decisions with a wide range of impact should be communicated through District and Building newsletters and other media.
- Times of regular meetings will be posted on the District website within the minutes.

#### **Council members are also accountable:**

##### **To the Mission Statement and District Goals**

- All decisions will advance and support the Victor Central School District's mission and goals and will align to the VCS Strategic Plan

##### **To Each Member's Own Constituency**

- Members will actively seek ideas from their stakeholder group.
- Members will communicate proposals and decisions of the council to their constituency in a timely manner.

##### **For Implementation of Decisions**

- Each council must decide how its decisions will be carried out and designate a person/group to implement the decision.
- A summary of each council's achievements (Goal, Action Step, Evidence of Accomplishment) will be shared to the District Council after the final meeting of the year.

---

## **Commissioner's Regulations 100.11**

### **COMPONENT #5**

The process whereby disputes presented by the participating parties about the educational issues being decided upon will be resolved at the local level.

---

#### **Dispute Resolution Process**

Issue: A decision has been made by an administrator and someone believes the decision should have been made through the Shared Decision-Making Process.

What process should be followed to make the determination on who should make this decision in the future?

#### **Steps in the Dispute Process:**

1. The individual who has the concern should contact their council's Dispute Resolution Panel delegates to discuss the situation. The discussion should include why the decision should be made through the shared decision-making process as well as the perceived rationale for how and why the decision was made by the administrator.
2. The council's Dispute Resolution Panel delegates should then meet with the administrator. Again, the discussion should include why the decision should be made through the Shared Decision-Making process as well as the perceived rationale for how and why the decision was made by the administrator. This allows all parties an opportunity to hear each other's thoughts and possibly come to a resolution.
3. If a resolution cannot be reached, the issue will be brought to the appropriate shared decision-making council for discussion.
  - a. The administrator will place the issue on the next shared decision-making council's meeting agenda. If the issue is time sensitive and needs to be discussed prior to the next monthly meeting scheduled, it may be necessary to schedule an additional meeting.
  - b. Using the information detailed as part of Component #1 of the Shared Decision-Making Plan, the council will discuss the concern and make a decision. The decision will be disseminated by the administrator's secretary to all appropriate parties.
4. If a decision cannot be made at the building level,
  - a. The Building Council will ask District Council to consider the issue. If District Council cannot make a decision, the issue will go through the Dispute Resolution Panel (outlined in the flowchart on page 14).

100.11 Participation of parents and teachers in school-based planning and shared decision making

(a) Purpose. The purpose of school-based planning and shared decision making shall be to improve the educational performance of all students in the school, regardless of such factors as socioeconomic status, race, sex, language background, or disability.

(b) By February 1, 1994, each public school district board of education and each board of cooperative educational services (BOCES) shall develop and adopt a district plan for the participation by teachers and parents with administrators and school board members in school-based planning and shared decision making. Such district plan shall be developed in collaboration with a committee composed of the superintendent of schools, administrators selected by the district' administrative bargaining organization(s), teachers selected by the teachers' collective bargaining organization(s), and parents (not employed by the district or a collective bargaining organization representing teachers or administrators in the district) selected by school-related parent organizations, provided that those portions of the district plan that provide for participation of teachers or administrators in school-based planning and shared decision making may be developed through collective negotiations between the board of education or BOCES and local collective bargaining organizations representing administrators and teachers. For the purpose of this subdivision, "school-related parent organization" means a nonprofit organization of parents of children attending the schools of the school district whose purposes include the promotion of parental involvement in public education and that is chartered or incorporated under the laws of New York, or is affiliated with a statewide or regional parent organization that is so chartered or incorporated, or is an unincorporated association authorized to do business under an assumed name in New York. In districts in which teachers or administrators are not represented by a collective bargaining organization or there are no school-related parent organizations, teachers, administrators and/or parents shall be selected by their peers in the manner prescribed by the board of education or BOCES to participate in the development of such district plan. In the City School District of the City of New York, each board of education of each community school district and each high school superintendent shall develop a plan in the manner prescribed by this subdivision, and each such plan shall be incorporated into a plan by the central board of education, which plan shall comply with this section.

(c) The plan for participation in school-based planning and shared decision making shall specify:

1. the educational issues which will be subject to cooperative planning and shared decision making at the building level by teachers, parents, administrators, and at the discretion of the board of education or BOCES, other parties such as students, school district support staff, and community members.
2. the manner and extent of the expected involvement of all parties.
3. the means and standards by which all parties shall evaluate improvement in student achievement.
4. the means by which all parties will be held accountable for the decisions which they share in making.

5. the process whereby disputes presented by the participating parties about the educational issues being decided upon will be resolved at the local level; and
6. the manner in which all State and Federal requirements for the involvement of parents in planning and decision making will be coordinated with and met by the overall plan.

(d)(1) The district's plan shall be adopted by the board of education or BOCES at a public meeting after consultation with and full participation by the designated representatives of the administrators, teachers, and parents, and after seeking endorsement of the plan by such designated representatives. The plan shall be made available to the public. Each board of education or BOCES shall file such a plan with the district superintendent or, in the case of city school districts having a population of 125,000 inhabitants or more or a BOCES, with the commissioner within 30 days of adoption.

(2) Each board of education or BOCES shall submit its district plan to the commissioner for approval within 30 days of adoption of the plan. The commissioner shall approve such district plan upon a finding that it complies with the requirements of this section and makes provision for effective participation of parents, teachers, and administrators in school-based planning and decision making.

(e)(1) In the event that the board of education or BOCES fails to provide for consultation with, and full participation of, all parties in the development of the plan as required by subdivisions (b) and (d) of this section, the aggrieved party or parties may commence an appeal to the commissioner pursuant to section 310 of the Education Law. Such an appeal may be instituted prior to final adoption of the district plan and shall be instituted no later than 30 days after final adoption of the district plan by the board of education or BOCES.

(2) Any aggrieved party who participated in the development of the district plan may also appeal to the commissioner pursuant to section 310 of the Education Law from action of the board of education or BOCES in adopting, amending, or recertifying the plan. The grounds for such an appeal may include, but shall not be limited to, noncompliance with any requirement of subdivision © of this section and failure to provide within the district plan for meaningful participation in school-based planning and shared decision making within the intent of this section.

(f) The district's "Plan for the Participation by Teachers and Parents in School-based Planning and Shared Decision Making" shall be reviewed biennially by the board of education or BOCES in accordance with subdivision (b) of this section. Any amendment or recertification of a plan shall be developed and adopted in the manner prescribed by subdivision (b) and paragraphs (d)(1) and (2) of this section. The amended plan or recertification of the previous plan, together with a statement of the plan's success in achieving its objectives, shall be filed with the district superintendent where applicable, and submitted to the commissioner for approval no later than February 1<sup>st</sup> of each year in which such biennial review takes place, commencing with February 1, 1996.

(g) Notwithstanding the provisions of subdivisions (b) through (f) of this section, where a district has implemented a plan for participation in school-based planning and shared decision making as of February 1, 1994 through its excellence and accountability pilot district program, such district shall not be required to develop a new district plan pursuant to this section.

(h) A school district or BOCES which has developed or implemented a plan for participation of teachers and/or administrators in school-based decision making as the result of a collective bargaining agreement between the board of education or BOCES and local collective bargaining organizations representing teachers and/or administrators shall incorporate such negotiated plan as a part of the district plan required by this section. The board of education or BOCES shall develop the remainder of the district plan, including the portion relating to parental involvement, in the manner prescribed by subdivision (b) of this section.
