The School Plan for Student Achievement

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This plan is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

- consistent, enthusiastic and unwavering encouragement of each and every child—so they can discover
 who they want to become and be academically, personally, and socially

Our young people are the future of our community and our world. It is incumbent on all of us to become deeply involved in their success, so each student has the freedom, support and resources they need to find their future.

 Jumpstart State Preschool Program: Through a contract with the California Department of Education, Ventura Unified School District operates 14 half-day Jumpstart State Preschool programs. The Jumpstart Program is under the auspices of Ventura Unified School District Office of Educational Services, Child Development Programs.

Our State Preschool programs are designed to prepare children for successful entry to kindergarten. Our curriculum offers children opportunities to learn by being actively involved with developmentally appropriate materials in the areas of language, cognitive, social, emotional, creative, and physical development. We value each child as a unique individual and foster a healthy sense of self. We use integrative curriculum that is founded on theories of High Scope and the NAEYC Curriculum Guidelines for Young Children. We pride ourselves in being part of VUSD Language Arts Standards. Jumpstart utilizes a developmental continuum and benchmarks to document and evaluate student learning. It is the goal of Jumpstart to help minimize the gap between pre-K and the K-5 school system and to increase Kindergarten readiness.

When you visit the Jumpstart classrooms you will observe a print rich environment supporting the developmental process of early literacy. Notably, the importance of a culturally and linguistically sensitive learning environment is demonstrated. Children are engaged daily in language/ literacy lessons, as well as ten developmentally based center activities. Children receive a "no cost" nutritionally balanced meal each day. Each Jumpstart Preschool classroom is composed of a Site Leader (Director) and two qualified Classroom Teachers. The program is structured to provide back-to-back instruction, more commonly known as team teaching.

Annual Review:

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

An intervention teacher for fourth, fifth grade was hired and supported physical education for the 2021-2022 school year. Student behavior impacted classroom instruction which resulted in the hiring of extra classified support. General education paraeducators were hired to assist with campus supervision and instruction in the primary grade levels. Two intervention teachers served Portola surrounding foundational literacy skills in kindergarten, first, and second grades. One intervention teacher strategically assists with newcomers.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

District Centralized funds and Site-Based Title 1 funds will continue to support students at the primary level. The COVID funds that were used last year are now unavailable. Due to this reason the intervention teacher that supported the fourth and fifth grade was not implemented again. This also includes general education paraeducators in the primary grades.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

These were the baseline outcomes for the 2021-2022 school year. The instructional goal was for students in grades 3-5 increase by 5% and 4th grade to be at 70% proficiency. All grades were expected to grow 5% in math.

For math, 3rd and 5th grade did not meet the goal, yet 4th grade met the goal.

Last year's strategy for the 2021-2022 school year was to decrease the gap between non-SED and SED students on CAASPP. In ELA grades 3-5 15% or less. In Math 3rd and 4th grade 10% or less, 5th grade 15% or less.

Portola Elementary School has a substantial multilingual population. Languages include but are not limited to Spanish, Arabic, Vietnamese, Thai, and Russian. Last year's third grade class had a substantial newcomer population. Seven third grade students scored minimal to somewhat developed on the ELPAC. All students in grades 3-5 were expected to increase CAASPP scores by 5%. 90% of EML students in fifth grade did not meet or exceed standards on the CAASPP for ELA and 100% did not meet or exceed expectations for math. This school year we will focus on ML students so that they will increase their scores by five percentage points. Intervention teachers will continue to meet students in kindergarten, first, second grade. An intervention teacher will work with newcomer students, LEXIA ELD will also be piloted for newcomer students. Teachers will practice language objectives and integrated ELD in all content areas. The staff will conduct a book study to target EML students.

Goal 2:

Student Connections to School - Provide a safe and secure environment for all staff and students.

Identified Need:

Portola Elementary School has to re-establish procedures for monitoring attendance. Portola will continue its student programming that has received positive feedback from students and teachers through a principal survey and the California Healthy Kids Survey.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Last year's strategy was to continue Big Buddies program, Big Deals/Little Deals presentations, Portola Ninja Warrior Event, Family Picnic Days, Mindfulness Lessons, Peer Mediation Program, Cross Country Team, Newspaper Club, Victory program, Monthly Family Dinner nights, GATE classes, Battle of the Books program and lunchtime Intramurals program.

Ten staff members reported the following data on a survey sent by the principal. Staff was asked for their opinion about the effectiveness of last year's programming. They were given a 1-5 scale to record their feedback. 1 was considered ineffective and 5 was considered effective.

Big Buddies 60% Effective
Big Deals Little Deals 100% Effective
Portola Ninja Warrior 90% Effective
Family Picnic Days 80% Effective
Mindfulness Lessons 100% Effective
Peer Mediation 66% Effective
Cross Country Team 80% Effective
Monthly Family Dinner Nights 30% Effective
Battle of the Books 40% Effective
Lunchtime Intramurals 70% Effective

Most programming was then considered to be effective and will continue for the 2022-2023 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

According to the Single School Improvement Plan from 2021-2022, attendance was challenging to monitor due to COVID restrictions. COVID restrictions have been adjusted for the 2022-2023 school year. Students that are in close contact with COVID do not have to follow the same quarantine procedures as last year. Entry procedures to campus have also been reinstated where students do not have to complete temperature checks and screening questions upon entering campus. The following interventions will take place for the 2022-2023 school year:

The office assistant will monitor attendance throughout the day and report truant tardies to the principal Families will receive a phone call from the office assistant if their absence has not been reported to the school. Teachers will communicate attendance concerns to office assistant and principal

Principal will conduct attendance conferences as needed with parents and collaborate with Ventura Unified School District to assist families with poor attendance.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Last year's goal was to create a secure and safe environment for all staff and students. As previously mentioned in the above section, attendance was challenging to monitor and family engagement opportunities were compromised due to COVID restrictions. Students had to be quarantined for extended periods of time and families could not organize events on campus or meet with teachers on campus to discuss student learning and/or build community.

School Plan for Student Achievement Fiscal Year 2022-2023

Teachers reported substantial success surrounding student programming for the 2021-2022. The California Healthy Kids Survey was administered to 5th grade students with parent permission for the 2021-2022 school year. Questions in this survey included safety, school connectedness, and motivation to learn. Student feedback from this survey was analyzed and reviewed. 97% of the students said they felt close to someone at school. 94% said they felt safe at school. 49% of the Portola fifth graders that participated in this survey reported being called a bad name or have been the target of a mean joke. 23% of all fifth graders from this survey also reported that they are not treated fairly when they break a school rule.

These two questions from the California Healthy Kids Survey will serve as baseline data for the 2022-2023 SPSA. The goal is to decrease the number of students saying mean jokes and bad names. The next question of focus will be making sure students feel that they are being treated fairly when they break a rule. School staff will continue Mindfulness Programming. Our teachers will implement the social emotional curriculum Second Step.

School Plan for Student Achievement Fiscal Year 2022-2023

Goal 3:

Family Involvement - Increase parent and community involvement.

Identified Need:

Our focus will be to communicate more effectively to increase parent involvement in all areas.

Maintain current parent programming and provide more communication support to Multilingual families

Annual Measurable Outcomes:

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Annual Review:

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS:

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

A parent survey about Adventure Portola, Family Picnic Days, Monthly Family Dinner Nights, Literacy Nights, Art/Science Night, Parent Mindfulness Nights, Volunteer Brunch, Fitness-A-Thon and PFFO Monthly Meetings was sent to parents. Most events received an overall effectiveness of 60%. Ninja Warrior was 100% effective based on parent responses gathered.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Increasing parental involvement was difficult to measure during the 2021-2022 school year. COVID restrictions did not allow parents on campus because most meetings were held on zoom. A large percentage of parent leadership also transitioned out of the school as their students were promoted to the middle school.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Portola Elementary School has a substantial Arabic speaking population (26 students) and Spanish speaking population (35 students). 99.3% of all parents on ParentSquare open and view messages from the principal. ParentSquare is automatically set to the family's home language as indicated on the home language survey sent to families during enrollment. Portola Elementary School will then announce all parent meetings through ParentSquare and the school website.

5 parents will attend all English Language Advisory Council Meetings 10 parents will attend Monthly Coffee Chats with the Principal. 75% of all students' families will attend Open House

Refreshments and interpretation in two languages will be provided at all ELAC meetings, principal meetings, Open House, and Back to School Night. Site leadership will support PFFO in digital communication.

The main focus of the program is to encourage all students of American Indian descent to finish high school and attend college. The Indian Education program was implemented to reduce the high drop-out rate among Native Americans throughout the United States

Elementary grade students (K-5) are engaged in a rigorous, standards-based hands-on Indian Education curriculum and reading development. Students participate in fun activities which explore their Native American history, heritage, and culture. Intervention and tutoring are available based on individual progress in meeting state proficiency standards and basic skills acquisition.

All qualifying 6-12 students have access to counselors who are experienced in working with students of American Indian and Native Alaskan descent in the areas of personal and academic counseling as well as tutoring in all areas of the middle school and high school curricula. Students in grades 6-9 are engaged in cultural presentations, heritage lessons, successful time management and study skills lessons, goal setting for middle school success and high school expectations, thinking about college and post high school educational and career planning, and basic skills support for language, reading and mathematics. Students in grades 9-12 are provided career counseling which includes information about special grants, scholarships, and financial assistance, and are engaged in activities to facilitate a better understanding in such areas as individual tribal history and history of other tribes.

Instruction and support are administered at each qualifying student's school site through a series of monthly sessions which may include 1) small group instruction based upon reading and language development, through interactive discussion, 2) hands-on learning activities, 3) booklets, and 4) computerized lessons. The school's Indian education teacher or 6-12 counselor work with the district's Indian Education Coordinator to develop a specialized curriculum and appropriate support services. Tutoring services are determined by the school administrator and Indian Education Coordinator.

STUDENT ACHIEVEMENT

California Assessment of Student Performance and Progress (CAASPP)

Progress (CAASPP)
The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/ literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Physical Fitness

In the spring of each year, Portola Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and State results can be found at the CDE;s website www.cde.ca.gov/ta/tg/fi/.

Where the CAASPP assessments in ELA and/or mathematics is not the most wable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA & Mathematics test results include the Smarter Balanced Summative Assessment and the CAAA.

The "Percent Met and Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e. achieved Level 3 - Alternate) on the CAA's divided by the total number of students who participated in both assessments.

SCHOOL FACILITIES & MAINTENANCE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Portola Elementary School's original facilities were built in 1978; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate nonroutine maintenance requests. Emergency repairs are given the highest priority. Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians (one full-time and one part-time) are assigned to Portola Elementary School. The day custodian is responsible for:

- · Cafeteria Setup/Cleanup
- · General Cleaning & Custodial Functions
- Restrooms

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classrooms
- · Restrooms
- Routine Maintenance

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Facilities Inspections

The district's maintenance department inspects Portola Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Portola Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on September 13, 2022. During fiscal year 2021-22, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, staff are strategically assigned to designated entrance areas, and in the parking lot to supervise traffic flow. During recess, teachers supervise playground activity. Staff monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the teachers, principal, playground supervisors, and one supervisor in the parking lot monitor student behavior to ensure a safe and orderly departure. The principal makes student safety a high priority and therefore assists with supervision of students before school, during all recesses, and after school during dismissal.

Portola Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Portola Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment

policy, dress code policy, and bully prevention policy. The school's most recent school safety plan was reviewed, updated and shared with school staff during faculty meetings in October 2022

Campus culture promotes a secure learning environment. All persons are to be treated with dignity and respect. The district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. Bullying and harassment are not tolerated. The school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment

The Ventura County Teacher Induction Consortium is a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher's first year of teaching for newly credentialed teachers in California. The program is accredited by the Commission on Teacher Credentialing (CTC) and is administered by the Ventura County Office of Education (VCOE), Educator Support and Effectiveness (ESE) department, in coordination with a consortium of 18 school districts, local charter schools, private schools, and 5 university partners.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Superintendent of Schools as well as the Ventura Unified School District. Profession and subject specific offerings are consistent with the California Content Standards. Classified support staff may receive job-related training from district representatives; training activities and workshops are designed to enhance and extend job performance.

Instructional Materials

All textbooks used in the core curriculum are aligned to the California State Standards. Instructional materials for K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education, and instructional materials for 9-12 are aligned to state standards and approved by the district's board of education.

Ventura Unified School District is currently piloting History-Social Science curriculum is in the 2022-23 school year with adoption and implementation anticipated for the 2022-2023 school year. Currently, supplemental bridge materials are being used to support the implementation of the new History-Social Science state framework.
