Dr. Lee called the meeting to order at 9:40 a.m. Committee members present were Jacques A. Conway, Dr. Ralph H. Lee, Valerie J. Fisher, Dr. Dietra D. Millard, Sharon Patchak-Layman, and John P. Rigas. Also, present were Dr. Attila J. Weninger, Superintendent; Jason Edgecombe, Assistant Superintendent for Human Resources; Nathaniel R. Rouse, Principal; Cheryl L. Witham, Chief Financial Officer; and Gail Kalmerton, Executive Assistant/Clerk of the Board.

Visitors included Kay Foran, Community Relations and Communications Coordinator and James Paul Hunter, Faculty Senate Executive Committee Chair

**Minutes of November 12, 2008 Policy, Evaluation and Goals Committee Meeting**
The minutes of the November 12, 2008 Policy, Evaluation, and Goals Committee Meeting were accepted, as presented by the Committee members.

**Consideration of Policies for First Reading and Action**

Policy 3361, Petty Cash (Revisions)
It was the consensus of PEG Committee members to recommend to the Board of Education that it approve Policy 3361, Petty Cash, for first reading at its regular December Board of Education meeting with the following enhancements.

Para 1, Line 1: Delete dollar amount
Para 1, Line 2: Add “Special Education” after Bookstore
Para 1, Line 3: Delete dollar amounts for Health Services, Science Division and Buildings and Grounds.
Para 1, Line 4: Delete sentence “The Chief Financial Officer is designated as the bonded custodian for all petty cash funds.”
Para 2, Line 3: Change the dollar amount to $8,000.

Ms. Witham reported that the school uses Brinks to transportation cash to the bank. The purpose of amending this policy is to improve internal controls.

**Superintendent, Evaluation and Goals and Instrument**
Dr. Weninger presented PEG Committee members with a memorandum explaining that he incorporated the changes the Committee members had suggested at the November 12 meeting and made additional edits to the Superintendent Evaluation Instrument (attached to and made a part of the minutes of this meeting). He stressed the importance of completing this document as soon as possible in order that it be used in the March-April timeframe for the 2008-2009 contract
year evaluation. Mr. Conway reported that this was an excellent start in the evaluation process and that the Board of Education should be able to complete this in February so that it can be used in a timely fashion.

Dr. Millard concurred with Mr. Conway on the evaluation instrument and suggested paring down the number of indicators and Dr. Lee suggested having four of five under each domain. He continued that everyone understands that the description of any job done well can always involve thousands of descriptors. Being superintendent involves enormous complications. Then he asked the Committee members if the evaluation process would be handicapped if there were only four or five descriptors under each category? Dr. Millard responded that Board members could write a statement in the comment section about something not listed, if they so choose.

Ms. Patchak-Layman suggested that these were the indicators of success in the broader term of leadership and relationships. The broader question that is part of this, under Relationship, is that the leader is to have positive relationships with staff, faculty, students, parents, and community. This is what the Board of Education would be expected to determine, whether or not the relationship involving leadership had been achieved; it is a definition of what leadership would be. She felt that the descriptors read more as quality criteria that is a known basic job activity. She questioned how one would know what criteria would be for giving a rating of excellent or superior and if that level had been reached. Dr. Lee stated that each Board of Education member would have his or her own perception of this; this is a collection of the perception of eight people. Ms. Fisher added that it was an opportunity for the evaluator to weigh in on that standard; no form could elicit that. The real work comes from the evaluators’ perspective and anything set forth in the document can elicit a variety of responses.

Ms. Patchak-Layman stated that she is comparing the evaluation of a teacher vs. the evaluation of a superintendent by a board member. If she were a teacher, she would have to evaluate each student fairly in that class. She would not be asked to show how many evaluations of a student in this class compared to another student in a different class at a different level. If she had to evaluate a group of 15 to 20 superintendents, then she would have to be able to show that this superintendent is fairly compared to another superintendent. However, she has only one to evaluate. Ms. Fisher responded that in her example the Board of Education would have to calibrate the form, although she did not recommend it. All seven people would have to spend 40 to 50 hours agreeing on the kinds of things Ms. Patchak-Layman was talking about, e.g., what are the rubrics for an essay question, etc. This is a very laborious process. She was very happy about this evaluation form, but if another one were chosen, it would be acceptable to her as well. Ms. Patchak-Layman reminded the Committee members that she had shared other models with them.

Ms. Patchak-Layman asked what measure of success would be used for Goal 1, Indicator 1, relative to having a multiyear plan to raise student achievement roughly by February 1. Does that mean that the goal will be achieved if the Board of Education is presented with a plan by February 1? There is nothing to indicate the quality of the plan. She suggested putting qualifiers such as the District has moved student achievement by X percent. She felt that the dates in the indicators needed discussion.
Dr. Weninger addressed the question of whether the superintendent’s evaluation was different from that of students and teachers. There is only one superintendent and the nature and function of that job is different from any other, including those in the area of Human Resources, Curriculum and Instruction, Finance, etc. In his view, and in his reading of the literature, it is difficult to evaluate the educational setting of the superintendent but the best attempts are to place objectivity or narrative by the employers. This document then attempts to do that.

He understood Ms. Patchak-Layman’s point about percentage in terms of raising student achievement. Those are goals and targets that the school should be careful about setting for the superintendent. No matter how influential or powerful the superintendent, he or she cannot control all of the elements of student achievement. There are differences from a superintendent’s performance with regard to student achievement versus minority hiring and certified staff. There is control over that more than student achievement. The District achieved the percentages it set because there were factors they could and could not control.

It was the consensus of the Committee that Dr. Lee and Dr. Weninger would work on collapsing the indicators and present the product at the next Policy Committee meeting.

**Adjournment**

At 10:40 a.m., on Tuesday, December 9, 2008, the Policy, Evaluation, and Goals Committee adjourned.
I. AUTHORITY

The powers and duties of the Board of Education are defined by the statutes of the State of Illinois and directed by the precedents of common law. Local schools and local school districts are the products of legislative action and are subordinate to the State of Illinois. The state legislature has, however, followed the pattern of delegating the operation of the local school district to a local Board of Education and has granted it specific powers. The Board also has powers implied, necessarily incidental, and essential to achieve its purposes.

The powers and duties of the Board of Education include but are not limited to:

A. Formulating, adopting, and modifying Board of Education policies, at its sole discretion, subject only to mandatory collective bargaining agreements; and State and federal law.
B. Employing a Superintendent and approving personnel employment and dismissal recommendations.
C. Directing, through policy, the Superintendent, in his or her charge of the District’s administration.
D. Approving the annual budget, tax levies, major expenditures, payment of obligations, annual audit, and other aspects of the District’s financial operation.
E. Entering contracts using the public bidding procedure when required.
F. Providing, constructing, controlling, supervising, and maintaining adequate physical facilities.
G. Adopting the curriculum, textbooks, and educational services.
H. Evaluating the educational program and approving School Improvement and District Improvement Plans when they are required to be developed or revised.

Establishing and supporting student discipline policies; designed to maintain an environment conducive to learning, including hearing individual student expulsion cases brought before it.

II. ELECTION

The Oak Park and River Forest Board of Education shall consist of seven (7) members elected pursuant to provisions of The School Code of Illinois. School District elections are non-partisan, governed by the general election laws of the State, and include the election of Board of Education members, various public
policy propositions, and advisory questions. Board of Education members are elected at the consolidated election. If, however, that date conflicts with the celebration of Passover, the consolidated election is postponed to the first Tuesday following the last day of Passover. The election authority conducts the canvass of votes within twenty-one (21) days after the election. The Board of Education’s election duties are:

A. The Board, by proper resolution, may place public policy propositions on the ballot;
B. The Board President, Secretary, and the member with the longest continuous service, whose nominating petition is not being challenged or who is not running for re-election will compose the Education Officers Electoral Board to hear and rule on objections to candidate nominating petitions and voter petitions; and
C. The Board Secretary or Clerk of the Board serves as the local election official, assisted by designated representatives appointed by the Board.

The term of office for a Board of Education member begins immediately after:

A. The election authority canvasses the votes and declares the winner(s); this occurs within 21 days after the consolidated election held on the first Tuesday in April in odd-numbered years. If, however, that date conflicts with the celebration of Passover, the consolidated election is postponed to the first Tuesday following the last day of Passover;
B. The successful candidate takes the oath of office as provided in Section III, Board of Education Oath and Conduct.

The term ends four (4) years later when the successor assumes office.

III. BOARD OF EDUCATION OATH AND CONDUCT

Each Board of Education member, before taking a seat on the Board, shall take the following oath of office:

I, (name) do solemnly swear (or affirm) that I will faithfully discharge the duties of the office of member of the Board of Education of Oak Park and River Forest High School, in accordance with the Constitution of the United States, the Constitution of the State of Illinois, and the laws of the State of Illinois, to the best of my ability.

I further swear (or affirm) that:

I shall respect taxpayer interests by serving as a faithful protector of the School District’s assets;
I shall encourage and respect the free expression of opinion by my fellow Board of Education members and others who seek a hearing before the Board of Education, while respecting the privacy of students and employees;

I shall recognize that a Board of Education member has no legal authority as an individual and that decisions can be made only by a majority vote at a public Board of Education meeting; and

I shall abide by majority decisions of the Board of Education, while retaining the right to seek changes in such decisions through ethical and constructive channels.

The Board of Education President will administer the oath in an open Board of Education meeting; in the absence of the President, the Vice President will administer the oath. If neither is available, the Board of Education member with the longest service on the Board of Education will administer the oath.

The Board of Education adopts the Illinois Association of School Boards’ Code of Conduct for Members of School Boards.”

IV. ORGANIZATIONAL BOARD OF EDUCATION MEETING

In odd-numbered years, the Board of Education will establish a date for its organizational meeting to be held sometime after the election authority canvasses the vote, but within twenty-eight (28) days after the consolidated election. The consolidated election is held on the first Tuesday in April of odd-numbered years. If, however, that date conflicts with the celebration of Passover, the consolidated election is postponed to the first Tuesday following the last day of Passover.

At the organizational meeting the following shall occur:

A. Each successful candidate, before taking his or her seat on the Board, shall take the oath of office as provided under the section on Board of Education Oath and Conduct.
B. The new Board of Education members shall be seated.
C. The Board of Education shall elect its officers who assume office immediately upon their election.
D. The Board of Education shall fix a time and date for its regular meetings.
V. OFFICERS - ELECTIONS AND DUTIES

The Board of Education officers are: President, Vice President, and Secretary. These officers are elected at the Board of Education’s organizational meeting.

A. President

The president of the Board of Education shall be elected by the members of the Board from among their number and serve for one year.

The President is permitted to participate in all Board meetings in a manner equal to all other Board members, including the ability to make and second motions.

If the president is absent from any meeting, or refuses, or is unable to perform the required duties, the vice-president shall serve as president pro tempore.

B. Vice President

A vice president of the Board of Education shall be elected by the members of the Board from among their number and serve for one year. The vice president shall perform the duties of the president if there is a vacancy in the office of president or in case of the president's absence or refusal or inability to act.

A vacancy in the Vice Presidency is filled by a majority vote of the sitting Board of Education members.

C. Secretary

The secretary of the Board of Education shall be elected by the members of the Board from among their number and serve for one year.

If the secretary is absent from any meeting, or refuses, or is unable to perform the required duties, a secretary pro tempore shall be appointed from among the members of the Board.

VI. SPECIAL AND STANDING COMMITTEES

The Board of Education may establish committees to assist with the Board of Education’s governance function and, in some situations, to comply with State law requirements. These committees are known as Board of Education committees and report directly to the Board of Education. Committee members
may include both Board of Education members and non-Board of Education members depending on the Committee’s purpose. The Board of Education President makes all Board committee appointments. Board committee meetings shall comply with the Open Meetings Act. A Board Committee may not take final action on behalf of the Board of Education, it may only make recommendations to the Board.

Nothing in this policy limits the authority of the Superintendent or designee to create and use committees that report to the Superintendent or to other staff members.

VII. BOARD OF EDUCATION MEETINGS

For all meetings of the Board of Education and its committees, the Superintendent or designee shall satisfy all notice and posting requirements contained herein, as well as in the Open Meetings Act. Unless otherwise specified, all meetings are held in Room 213 of the Oak Park and River Forest high School located at 201 N. Scoville Avenue, Oak Park, Illinois.

VIII. DISTRICT WEBSITE

The Clerk of the Board or designee shall post the Board of Education’s annual schedule of regular meetings, which shall remain posted until the Board of Education approves a new schedule of regular meetings; the public noticed of all Board of Education meetings; and the agenda for each regular meeting, which shall remain posted until the regular meeting is concluded.

IX. AGENDA

The president of the Board of Education is responsible for focusing the Board of Education meeting agendas on appropriate content. The Superintendent shall prepare agendas in consultation with the Board President. The President shall designate a portion of the agenda as a consent agenda for those items that usually do not require discussion or explanation before Board of Education Action. Any Board of Education member may request the withdrawal of any item under the consent agenda for independent consideration. Any Board of Education member with topics they would like discussed may contact the President of the Board of Education, the Superintendent, the respective committee chair, or the Clerk of the Board about including those items on an agenda.

The Superintendent shall provide a copy of the agenda, with adequate data and background information, to each Board of Education member at least 48 hours before each meeting, except a meeting held in the event of an emergency.
The Board of Education President shall determine the order of business at regular Board of Education meetings. Upon consent of a majority of members present, the order of business at any meeting may be changed.

X. QUORUM AND VOTING

The District is governed by a Board of Education consisting of seven members. The Board of Education’s powers and duties include the authority to adopt, enforce, and monitor all policies for the management and governance of the District’s schools.

Official action by the Board of Education may only occur at a duly called and legally conducted meeting at which a quorum is physically present. Four members, a majority of the full membership, shall constitute a quorum. Board of Education members, as individuals, have no authority over school affairs, excepted as provided by law or as authorized by the Board of Education.

Unless otherwise provided by law, when a vote is taken upon any measure before the Board of Education, with a quorum being present, a majority of the votes cast shall determine its outcome. A vote of “abstain” or “present,” or a vote other than “yea” or “nay,” or a failure to vote, is counted for the purposes of determining whether a quorum is present. A vote of “abstain” or “present,” or a vote other than “yea” or “nay,” or a failure to vote, however, is not counted in determining whether a measure has been passed by the Board, unless otherwise stated in law. On all questions involving the expenditure of money and on all questions involving the closing of a meeting to the public, a roll call vote shall be taken and entered in the Board’s minutes.

A quorum of the Board of Education must be physically present at all Board of Education meetings. A majority of the full membership of the Board of Education constitutes a quorum.

Provided a quorum is physically present, a Board of Education member may attend a meeting by audio conference if he or she is prevented from physically attending because of 1) personal illness or disability, 2) employment or District business, or 3) a family or other emergency. If a member wishes to attend a meeting by video or audio means, he or she must notify the Clerk of the Board or Superintendent at least 24 hours before the meeting unless advance notice is impractical. The recording secretary or Superintendent will inform the Board President and make appropriate arrangements. A Board member who attends a meeting by audio or video means, as provided in this policy, may participate in all aspects of the Board of Education meeting including voting on any item, provided the Board of Education member participating electronically is in possession of
documents related to the vote being taken. The meeting must be open to the public or have been properly closed in accordance with law.

Actions of the Board of Education shall be taken in accordance with the laws of the State of Illinois, the customs of the Board, and the judgment of the president. The president may refer to the procedures outlined in the current edition of Robert's Rules of Order as a guideline. When a vote is taken upon a measure before the Board, a quorum being present, a majority of the votes of the members voting on the measure shall determine the outcome thereof except where exceptions are set forth in The School Code of Illinois.

XI. AUTHORITY OF MEMBERS

The Board and its individual members may act only in a properly convened meeting, and no member shall have the authority to act for the Board or under the title of a Board position unless specifically authorized by statute or by the Board at such meeting.

XIII. MINUTES

The Board Secretary or Clerk of the Board shall keep written minutes of all Board of Education meetings (whether open or closed), which shall be signed by the President and the Secretary. They shall include the following:

A. The meeting’s date, time and place;
B. Board of Education members recorded as either present or absent;
C. A summary of the discussion on all matters proposed, deliberated or decided and a record of any votes taken;
D. A record of who voted yea and nay on all matters requiring a roll call vote;
E. If the meeting is adjourned to another date, the time and place of an adjourned meeting;
F. The vote of each member present when a vote is taken to hold a closed meeting or portion of a meeting, and the reason for the closed meeting with a citation to the specific exception contained in the Open Meetings Act authorizing the closed meeting;
G. A record of all motions, the members making the motion and the second; and
H. The type of meeting, including any notice and, if a reconvened meeting, the original meeting’s date.

The minutes shall be submitted to the Board of Education at its next regularly scheduled open Board meeting for approval or modification.
At least semi-annually in an open meeting, the Board: 1) reviews minutes from closed meetings that are currently unavailable for public release, and 2) decides which, if any, no longer require confidential treatment and are available for public inspection. The Board of Education may meet in a prior closed session to review the minutes from closed meetings that are currently unavailable for public release.

The official minutes are in the custody of the Board Secretary or Clerk of the Board. Open meeting minutes are available for inspection during regular office hours within seven days after the Board’s approval; they may be inspected in the District’s main office, in the presence of the Secretary, the Superintendent or designee, or any Board of Education member. Minutes from closed meetings are likewise available, but only if the Board of Education has released them for public inspection. Only minutes that have been approved by the Board are available. The minutes shall not be removed from the Superintendent’s office except by vote of the Board of Education or by court order.

The Board of Education’s open meeting minutes shall be posted on the District website within seven days after the Board of Education approves them; the minutes will remain posted for at least 60 days.

**Verbatim Record of Closed Meetings**

The Board Secretary or Clerk of the Board shall audio record all closed meetings. If the Secretary or Clerk is not present, the Board President or presiding officer shall assume this responsibility. After the closed meeting, the Secretary or Clerk shall assume this responsibility. After the closed meeting, the Secretary or Clerk shall store the audio recording in a secure location. The Superintendent shall ensure that: 1) an audio recording device and all necessary accompanying items are available to the Board for every closed meeting, and 2) a secure location for storing closed meeting audio recordings is maintained close to the Board’s regular meeting location.

During the Board’s semi-annual meetings to review the closed session minutes, the Board will also review the audio recordings of closed meetings in order to determine whether: 1) there continues to be a need for confidentiality, or 2) the recordings no longer require confidential treatment and are available for public inspection. At no time will an audio recording be released that would violate State or federal privacy or confidentiality requirements, including, but not limited to, any matter concerning 1) a named student, 2) an employee’s or applicant’s personnel file and personal information, 3) school security plans, 4) communications between the Board and an attorney representing the District, and 5) all information exempted from disclosure under the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq.
After eighteen (18) months have passed since being made, the audio recording of a closed meeting is destroyed provided the Board approved 1) its destruction, and 2) minutes of the particular closed meeting.

An individual Board member may listen to verbatim recordings or review closed session minutes if germane to the Board member's responsibilities. An individual Board member shall only have access to verbatim recordings or closed session minutes that were created when the individual Board member was a member of the Board. An individual Board member, however, may make a request of the Board for, and the Board by majority vote may grant, access to a particular verbatim recording or closed session minutes created when the requesting Board member was not a member of the Board.

Individual Board members have access to recordings of closed meetings.

XIII. BOARD OF EDUCATION POLICY DEVELOPMENT

The Board of Education governance includes the development and adoption of written policies. Written policies ensure legal compliance, establish Board processes, articulate District goals, delegate authority, and define operating limits. Board policies also provide the basis for monitoring progress toward District ends.

PROCEDURES
A. DLT, BLT, IC and department heads are authorized to request approval to dispose of surplus assets. Each request must be in writing using the District’s Request for Approval to Dispose of Surplus Assets form. Requests are made to the supervisor and then to the Chief Financial Officer who is responsible, along with the Purchasing Coordinator, for assuring compliance with the District’s policy and procedures.

1. Used for Parts
   If there is no in-District need/interest in using the asset and an equivalent asset is in use in the District, a determination should be made as to whether it is “in the best interest of the District” to use the asset for parts to repair a similar District asset.

2. Sealed Bid Sale
   a. If the asset is not needed within the District, a sealed bid sale will be conducted by the Purchasing Coordinator.
   b. Requester should submit a Request for Approval to Dispose of Surplus Assets form to his/her supervisor and then to the Chief Financial Officer for approval.
   c. Upon approval, the Purchasing Coordinator will contact the requester to
      1. set the date, time and place of bid opening;
      2. determine lowest acceptable bid (usually this is a dealer trade-in price);
      3. identify location and time for prospective bidders to view the asset; and
      4. obtain a description of the item.
   
   d. The Purchasing Coordinator will post a notice of a sealed bid sale in all normal posting locations in the District and will advertise the sale in the school staff announcements, local newspaper, and IASBO used goods listings.
   e. All bids must be submitted on the District’s Bid Form (attached) in a sealed envelope, stating items being bid, by the date and time stated in the bid notice.
   f. Acceptable payment method is cash, check, or credit card.
g. The item must be paid for and removed by successful bidder within seven days of bid opening.

h. Successful bidder must sign the Statement of Understanding on the Bid Form.

i. The Chief Financial Officer, Purchasing Coordinator, their secretaries, and any staff member involved in determining lowest acceptable bid are not eligible to submit bids on surplus assets.

j. If a large quantity of surplus items are available at one time, a public sale or auction will be considered.

k. Tie bids will be determined by a coin flip or by drawing straws, as appropriate.

4. Trade-in or sale to dealer
   a. If no one bids for an item in the sealed bid sale, the item will be traded-in or sold to a dealer.
   b. Whenever possible, a trade-in price will be requested in a Request for Proposals for the replacement asset, if any. Otherwise, three price quotations will be solicited from dealers whenever possible.

5. Donation
   a. If the asset is not sold or traded-in, it will be offered as a donation to a not-for-profit organization approved by the Chief Financial Officer.
   b. Other sources for donation will be considered depending on the type and value of the asset.

6. Junk
   a. If all other methods of disposal are unsuccessful, the surplus asset may be disposed of in the dumpster.
   b. If Chief Financial Officer and Purchasing Coordinator deem that the fair market value of the product is not significant enough to warrant sale, the asset may be disposed of in the dumpster.
Loan of District Property

PROCEDURES

A. At the discretion of the Principal, District property may be loaned to Oak Park or River Forest taxing bodies or non-profit organizations when it does not interfere with the operations or curriculum of the District in the community.

a. Upon approval, the Purchasing Coordinator will contact party that wishes to loan property to arrange for transport of property (cost, if any, to be paid by borrowing party).
   
b. The Purchasing Coordinator will submit District Asset Loan Agreement form to borrowing party so that the “check out” portion may be completed.

RETURN OF PROPERTY

1. The Purchasing Coordinator will be contacted by the borrowing party or original District loan requestor that property is to be returned to District and arrange for transport back to District (cost, if any, to be paid by borrowing party).
   
a. Once the Purchasing Coordinator verifies that property has been returned to District in a condition comparable to that of when it was loaned from the District, District Asset Loan Agreement form “check in” portion will be completed.

FROM: Ralph Lee, Policy, Evaluation, and Goals Committee Chair
Attila J. Weninger, Superintendent

DATE: January 5, 2009

RE: Superintendent Evaluation Process and Instruments

BACKGROUND
As the Board is aware, it has been involved in developing a Superintendent Evaluation Process and Instruments model for several months. Initially, Attila developed a draft, and then over several meetings, the Board made revisions; additionally, Ralph volunteered to work with Attila in completing the most recent draft by narrowing the number of objectives within several performance domains, identifying a rating scale, and revising target dates for goals and indicators of success.

SUMMARY
Attached, please find draft 7 of the document, which Ralph and Attila completed over the holiday break. It is not redlined because of the difficulty in reading a redlined document given the long list of changes made over the previous 6 drafts, as well as the redlining work that occurred in narrowing the number of objectives. Instead, we provide the Board with a non-redlined document, which includes the following changes from draft 6:

1. target date changes in the goals and indicators of success;
2. reduction of objectives within each domain such that the highest number of objectives within a domain is 10 and the lowest number is 3;
3. inclusion of items from the Superintendent’s position description within the objectives;
4. assignment of a rating scale (1 – low to 5 – high) for each objective;
5. overlay of the rating scale and format for each objective;
6. inclusion of a comment section for each domain in addition to the numerical rating of objectives;
7. reducing the domains from 10 to 8 by combining domains; and
8. revising the current Superintendent’s position description (which is part of Board policy) to reflect current practice, titles, work, etc. (This will be on the Board Policy, Evaluation, and Goals Committee agenda for first reading in January.)

It is our hope that the Board will find a way to review and approve the attached, so that the Superintendent and his staff can address the goals in as timely a fashion as possible; so that the Board will have a basis for evaluating the Superintendent prior to the end of April; and so that the Board will have been able to utilize the process and instruments this year and make revisions prior to July 1, 2009 so as to begin that evaluation year with a process in place.

Finally, Attila mentioned several meetings ago that it would be critical for the Board to conduct an annual, self-assessment while evaluating the Superintendent. He will provide a draft of such a self-evaluation utilizing the Illinois Association of School Board’s (IASB) Board indicators of success after the Board approves the attached.

RECOMMENDATION
We recommend that the Board review and approve the Superintendent’s Evaluation Process and Instruments as proposed and attached.

Superintendent Evaluation Process
Performance Goals and Performance Evaluation

I. Philosophy and Guidelines
The mission of Oak Park and River Forest High School District 200 is to provide opportunities for all students a superior education so that they may achieve their full human potential. Performance Goals and the Performance Evaluation of the Superintendent seek to fulfill this mission by ensuring that the Superintendent as chief executive officer of the District maintains a vision of continuous improvement for him/herself and the District and at a high level of performance. Its purpose is to recognize performance and identify areas in need of improvement. Finally, the evaluation process is one of accountability, reflection, and feedback by both the Board of Education and the Superintendent.

The Performance Evaluation of the Superintendent is conducted annually by the Board of Education. It includes an evaluation of the Performance Goals established for the year, as well as a Performance Evaluation of Domains as identified below. The process is initiated and guided by the President of the Board of Education.

The Performance Evaluation process utilizes the following Performance Domains:
- Academic Program (curriculum, instruction, assessment);
- Co-curricular Program;
- Facilities;
- Finance and Budget;
- Leadership and Administration;
- Policy;
- Personal and Professional Qualities; and
- Relationships (Board, Staff, Student, Parent, and Community).

These Domains incorporate elements of the Superintendent’s position description, as well as areas in which a Superintendent is expected to perform at a high level. Each Board member and the Superintendent rates specific objectives within each Domain. An overall rating for each Domain is calculated, and finally, an overall rating of all Domains is calculated. Once each Board member and the Superintendent submit the evaluation instrument, the Board President compiles same, and the resulting document is utilized as the basis for appraisal and evaluation.
II. Process

A. Performance Goals

1. The Board and Superintendent annually and mutually develop Performance Goals for the District and the Superintendent. The Superintendent then develops Performance Goals and indicators/measures of success and submits them to the Board for its review, revision, and approval.

2. Performance Goals are developed after the previous year’s Performance Goals and indicators of success have been evaluated.

3. Performance Goals are developed in a timeframe so that the Board approves them no later than the regular August Board meeting; however, it would be preferable to have them developed and approved in June. The reason for this is so that the Superintendent can begin to work on them during the summer, and so that Administrators (DLT, BLT, and IC) can identify those performance goals for which they may have responsibility, begin work, and incorporate them into their own goals. (Each administrator is required to select at least one Board/Superintendent goal to work on during the year.)

4. The Performance Goals are documented using the attached Goals form.

5. By May 1 of each school year, the Board President initiates and begins to guide the Superintendent's evaluation process.

6. Each Board member completes an evaluation of the Performance Goals in a narrative summary, addressing each one. The President of the Board collects the Performance Goal evaluations and summarizes them into one document. He/she provides a copy to the Superintendent for his/her review.

7. The Superintendent completes a self-evaluation of the Performance Goals in a narrative summary, addressing each one. He/she submits the narrative summary to the President of the Board. The President of the Board then distributes it to the entire Board of Education.

8. The Board and the Superintendent mutually review the Performance Goals and indicators of success at a joint meeting.

9. The Board then meets separately to discuss and reach consensus on the evaluation of the Performance Goals.

10. The President of the Board then prepares a final evaluation of the Performance Goals, presents it to the Superintendent, and meets with the Superintendent to review it.

11. The Goals form is signed and dated by the President of the Board and the Superintendent.

12. A copy of the final Goals form and evaluation are placed in the Superintendent's personnel file.
III. Annual Performance Goals Form

A. Year:

B. Name:

C. Goals
District, Board, and Superintendent Performance Goals are developed and evaluated collegially and mutually by the Board of Education and the Superintendent. Indicator(s) Measures of Success
1. By June 1, develop a written description of “student academic achievement” and “racial academic achievement gap.” and develop a written description of their limitations regarding their validity of use.
2. By June 1, develop a written description of the specific formal processes by which we will use and improve those definitions over time.
Goal 3: Recruitment and Retention of Minority Administrative and Certified Staff  
A. The District will complete the development and implementation of a formal program for the recruitment of Administrators and Faculty with an emphasis on the recruitment of minority candidates. With its implementation, the District will establish an annual goal of employing minority candidates as 35% of all Administrators and Faculty employees.  
B. The District will develop and implement a plan for the retention of minority Administrators and Faculty.

Indicator(s)/Measures of Success

6. implement a paper recycling pick-up system, and increase paper recycling cubic yardage by 25% over current usage;  
7. reduce paper purchase and consumption by 10% over current usage; and  
8. compare 2008-2009 use of energy per Heating Degree Day (HDD) over a 3-5 year time period.
D. Summative Performance Goal Statements
   To be completed by the Board President on behalf of the Board, summarizing individual Board
   member’s evaluations, and by the Superintendent as his/her summarizing self-evaluation.

   1. Board of Education
   2. Superintendent

F. The Performance Evaluation is signed and dated by the President of the Board and the Superintendent.

G. A copy of the final Performance Evaluation is placed in the Superintendent’s personnel file.
V. Annual Performance Evaluation Form

Performance Domains
Each Board member and the Superintendent individually reflect upon and identify areas of accomplishment and improvement within the following Performance Domains. Each objective within each Performance Domain is rated, and a summary average rating for each Domain is then calculated. Board members and the Superintendent have the option of providing written comments for each Performance Domain; however, in instances where improvement is needed or desired, a written justification must be provided. A summary rating is then calculated for all the Performance Domains using the formula provided, and an overall rating is assigned (1 – low; 5 – high) using the criteria noted. UTO = Unable To Observe and should be used when there is no basis for determining a rating for an objective. It is not calculated in the total or in averages.

B. Rating

Once a numerical rating has been calculated, the Board of Education determines the outcome of both the Performance Goals and Performance Evaluation instruments and determines an evaluation summary. This is a narrative written by the Board President in Section VII. below, as well as a self-evaluation narrative written by the Superintendent.

VII. Summaries

A. Board of Education Summary (prepared by the Board of Education President)

B. Superintendent Summary (prepared by the Superintendent)
VIII. Signatures

The Superintendent’s signature indicates that the Board of Education, through its President, has reviewed and conducted the evaluation in a personal, confidential meeting with the Superintendent. It does not necessarily indicate agreement with it.
