| RE: | Executive Bid Summary for Stadium Lighting Bids |
|-------|---|
| DATE: | July 16, 2009 |
| FROM: | Tim Keeley |
| TO: | Board of Education |

BACKGROUND

On July 8, 2009 bids were solicited for the installation of Musco lighting standards at the OPRFHS stadium. Designs for the project were completed by the manufacturer of the lights, Musco, with site engineering assistance provided by Wight Construction. All design specification were developed to follow the newly-established Village of Oak Park ordinance on the matter of lighting the stadium.

SUMMARY OF FINDINGS

There were seven vendors on the plan holder list at the time of bid opening. Bids were received from four vendors, all of whom bid the Musco *Light-Structure Green* product.

Bid results:

| Utility Dynamics Corp. | \$172,000.00 |
|------------------------|--------------|
| Lyons Pinner Electric | \$172,220.00 |
| Adlite Electric | \$179,886.00 |
| Richmond Electric | \$199,485.00 |

Robert Zummallen, Director of Buildings and Grounds contacted the vendor references for Utility Dynamics and noted that they were consistently praised for their on-time, on-budget and high-quality work. The manufacturer, Musco, echoed these sentiments, stating that Utility Dynamics has significant experience installing their product.

RECOMMENDATIONS (OR FUTURE DIRECTIONS)

MOTION: To award the contract to the lowest responsible bidder, Utility Dynamics Corporation.

ROLL CALL VOTE

Oak Park and River Forest High School District 200

201 North Scoville Avenue • Oak Park, IL 60302-2296

TO: Board of Education

FROM: Cheryl Witham

DATE: July 16, 2009

RE: Approval of Check Disbursements and Financial Resolutions

BACKGROUND

It is a requirement that the Board of Education accepts and approves the check disbursements.

SUMMARY OF FINDINGS

Attached are the check disbursement lists for July 16, 2009.

RECOMMENDATIONS (OR FUTURE DIRECTIONS)

Motion: To approve the July 16, 2009 check disbursement listing, as presented.

RESOLUTION RATIFYING AND CONFIRMING EXECUTION OF CERTAIN VOUCHERS AND PAYMENT OF CERTAIN BILLS AND EXPENSES

Be it resolved by the Board of Education of the Oak Park and River Forest High School, District Number 200, Cook County, Illinois, as follows:

- SECTION 1: That this Board of Education does hereby ratify and confirm the execution of the vouchers from the Student Activity Accounts for July 16, 2009 by the President and Secretary of this Board of Education, copies of which are attached hereto.
- SECTION 2: That this Board of Education does hereby ratify and confirm that the payment of the bills and expenses were covered by the vouchers attached hereto.
- SECTION 3: This resolution shall be in full force and effect upon its adoption.

ADOPTED this July 16, 2009

President of the Board of Education

Secretary of the Board of Education

Oak Park, IL

1. Summer school tuition receipts are down in the current year. Interest rates and thus interest earnings, were also down in FY 09. The District no longer runs the day care program and as such the cash receipts for this are forwarded onto the RFCC. The District is also still waiting on TIF payments from River Forest and Oak Park.

2. Title I allocation ended up being approximately twice the amount of the originally budgeted amount. This was corrected in the amended budget. The state is also making several General State Aid payments from federal ARRA funds. This was not known at the time the amended budget was being finalized.

3. The District experienced virtually no increase in the health insurance premiums in January 2009. This resulted in a substantial savings for the District. The budgeted anticipated a 10% increase in these costs.

4. The state BOE made several account number changes for FY 09. The special education tuition is now coded to function series 1920 and thus the increased budget and actual expenditures.

1. Summer school tuition receipts are down in the current year. Interest rates and thus interest earnings, were also down in FY 09. The District no longer runs the day care program and as such the cash receipts for this are forwarded onto the RFCC. The District is also still waiting on TIF payments from River Forest and Oak Park.

2. Title I allocation ended up being approximately twice the amount of the originally budgeted amount. This was corrected in the amended budget. The state is also making several General State Aid payments from federal ARRA funds. This was not known at the time the amended budget was being finalized.

3. The state BOE made several account number changes for FY 09. The special education tuition is now coded to function series 1920 and thus the increased budget and actual expenditures.

| RE: | Resolution to Place the FY2010 Tentative Budget on Display |
|-------|--|
| DATE: | July 16, 2009 |
| FROM: | Cheryl L. Witham |
| TO: | Board of Education |

BACKGROUND

A Tentative Budget for FY 2010 has been prepared by the Chief Financial Officer and must be made available for public inspection and on display for at least thirty days.

SUMMARY OF FINDINGS

A publication will be placed in the Oak Leaves and Wednesday Journal newspapers stating that a tentative budget for the fiscal year beginning July 1, 2009 has been prepared in tentative form as required by law and is available for public inspection. A public hearing will be held on August 27, 2009 for the purpose of considering and acting upon such budget.

RECOMMENDATIONS (OR FUTURE DIRECTIONS)

MOTION: To approve the resolution to place the FY 2010 tentative budget on display for thirty days.

RESOLUTION REGARDING THE TENTATIVE BUDGET FOR FISCAL YEAR 2009 - 2010 BE PLACED ON DISPLAY

BE IT RESOLVED by the Board of Education of the Oak Park and River Forest High School, Consolidated High School District Number 200, Cook County, Illinois, that Cheryl L. Witham, Chief Financial Officer, has prepared a tentative budget for the fiscal year beginning July 1, 2009; that a draft thereof be made available for public inspection in the Business Office beginning at eight o'clock a.m., July 17, 2009; that a public hearing be held by this Board at seven-thirty p.m. on August 27, 2009, at the office of this Board for the purpose of considering and acting upon such budget; that the Secretary of this Board cause to be published in <u>Oak Leaves and Wednesday Journal</u> newspapers published in this school district, a notice of such public hearing, such notice to state that a tentative budget for the fiscal year beginning July 1, 2009, has been prepared in tentative form as required by law and is available for public inspection at the office of this Board; and that Cheryl L. Witham be authorized to present the tentative budget at the public hearing at 7:30 PM on August 27, 2009.

PASSED THIS 16th day of July, 2009.

APPROVED:

President, Board of Education, Oak Park and River Forest High School, District No. 200, Cook County, Illinois

ATTEST:

Secretary, Board of Education, Oak Park and River Forest High School, District No. 200, Cook County, Illinois

Buddisplaybudbrd7 16 09

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN by the Board of Education of the Oak Park and River Forest High School, Consolidated High School District Number 200, Cook County, Illinois, that the Tentative Budget for said school district for the fiscal year beginning July 1, 2009, and ending June 30, 2010, will be on display for public inspection at the Business Office in the High School building at 201 North Scoville Avenue, Oak Park, Illinois, beginning at eight a.m., July 17, 2009.

NOTICE IS FURTHER GIVEN that a public hearing on said budget will be held at seventhirty p.m., August 27, 2009 in the Board Room of this school district.

Board of Education, Oak Park and River Forest High School Consolidated High School District Number 200, Cook County, Illinois.

The Honorable Board of Education Oak Park and River Forest High School District 200 201 N. Scoville Avenue Oak Park, Illinois 60302

Dear Board Members:

The Fiscal Year 2009-2010 annual budget for Oak Park and River Forest High School District 200 (the District) is submitted for your review. This budget presents the District's finance and operations plan, and all necessary disclosures.

Budget Presentation

The budget includes all Governmental, and Internal Service Funds of the District. The District Superintendent and the Chief Financial Officer assume responsibility for the data, accuracy, and completeness of this budget. The budget presents the District's finance and operations plan and all necessary disclosures and reflects the financial support of the goals and objectives of the District.

The budget document is the primary vehicle to present the financial plan and the result of operations of Oak Park and River Forest High School.

The budget document is presented in six main sections: Introduction, Organizational Structure, Financial Overview, Supplemental Information, Glossary, and References. The Introduction provides an executive summary of the sections which are to follow. The Organizational Structure component includes a discussion of the major goals and objectives of the school district, an organizational chart, and a review of the budget process. The Financial Overview presents the annual budget of revenues and expenditures for all funds, including budget comparisons with the previous year. The Supplemental Information component presents important data and information of high public interest, such as tax rates. The Glossary provides definitions to terms and acronyms used. The Reference section cites outside sources used.

Governmental Funds Summary

The chart immediately below summarizes budgeted revenue and expenses for the 2009-2010 school year in all District Governmental funds. The beginning and ending balances for each fund, as well as the total for all funds, are also shown. The total ending fund balance is projected to be \$83,772,525 at June 30, 2010.

| | | | | | Other Financing | |
|-----------------------------------|-------------------|--------------|--------------|------------------|------------------------|----------------|
| | Beginning Balance | Revenue | Expenditure | Excess (Deficit) | Sources (Uses) | Ending Balance |
| Educational | \$51,354,725 | \$55,746,392 | \$47,698,956 | \$8,047,436 | \$0 | \$59,402,161 |
| Operations and Maintenance | \$8,472,037 | \$6,806,280 | \$6,198,860 | \$607,420 | \$48,480 | \$9,127,937 |
| Transportation | \$1,962,480 | \$1,569,607 | \$1,488,837 | \$80,770 | \$0 | \$2,043,250 |
| Municipal Retirement | \$1,282,971 | \$2,305,006 | \$2,006,852 | \$298,154 | \$0 | \$1,581,125 |
| Fire Prevention and Life | | | | | | |
| Safety | \$274,674 | \$1,737,707 | \$963,537 | \$774,170 | (\$618,263) | \$430,581 |
| Bond and Interest | \$2,483,903 | \$3,006,742 | \$3,482,174 | (\$475,432) | \$569,783 | \$2,578,254 |
| Tort | \$1,954,323 | \$1,199,844 | \$1,013,645 | \$186,199 | \$0 | \$2,140,522 |
| Working Cash | \$5,261,480 | \$1,207,215 | \$0 | \$1,207,215 | \$0 | \$6,468,695 |
| | \$73,046,593 | \$73,578,793 | \$62,852,861 | \$10,725,932 | \$0 | \$83,772,525 |

Chart 1.01 Governmental Funds

Description of Governmental Funds -

- <u>Educational Fund</u>: To account for the majority of the instructional and administrative aspects of the District's operations, including Food Service and the Bookstore.
- <u>Operations and Maintenance Fund/Restricted Building Fund (O&M)</u>: To account for repair and maintenance of district property and for construction projects.
- <u>Transportation Fund</u>: To account for activity relating to special education student transportation to and from school or to off campus sites, for field trips, and for co-curricular activities.
- <u>Municipal Retirement/Social Security Fund</u>: To account for the District's portion of personnel pension costs related to the Illinois Municipal Retirement Fund (IMRF), Social Security and Medicare.
- <u>Fire Prevention and Life Safety Fund (Life Safety)</u>: To account for state approved Life Safety project financed through bonds or local property taxes.
- Bond and Interest Fund: To account for the District's bond principal and interest payments.
- <u>Tort Fund</u> To account for legal, insurance, inspection and safety compliance needs of the District.
- <u>Working Cash Fund</u>: To account for inter-fund borrowing.
- Internal Service Funds: To account for the District's self insured medical and dental plans.

Budgets and financial projections are snapshots using the latest available information. School finance, however, is conducted in a dynamic environment rather than in a vacuum. Financial planning and management are affected by internal and external events. Some of these factors are listed below:

- Future state and federal legislation affecting state aid and other factors
- Interest rates
- Enrollment growth and the additional personnel needed to accommodate the students
- Special education services needed for educationally or physically challenged students
- Number of retirees, leaving openings for newer teachers at lower salary costs
- Retiree benefits
- Medical insurance claims
- Property tax variables

The District has compiled this budget using the most recent information available and historical estimates for unknown items. Some State and Federal grants have not yet been awarded by the respective government agency and therefore have been omitted at this time given the current economic situation and uncertainty about the future funding of these programs.

Overview of Revenues and Expenditures for Governmental Funds

The following schedule summarizes the revenues (excluding Other Financing Sources/Uses) for the Educational, Operations and Maintenance, Transportation, Municipal Retirement/Social Security, Bond and Interest, Life Safety and Working Cash Funds. The prior year and the proposed budget year are shown, along with the percent change.

Chart 1.02 Governmental Funds - Revenues

| Y | FY2009 Budget | FY2010 Budget | % Change Over Prior Year |
|-----------------------------------|------------------|------------------|-----------------------------|
| Educational | \$54,079,686 | \$55,746,392 | 3.08% |
| Operations and Maintenance | \$6,132,051 | \$6,806,280 | 11.00% |
| Transportation | \$1,477,389 | \$1,569,607 | 6.24% |
| Municipal Retirement | \$2,116,762 | \$2,305,006 | 8.89% |
| Fire Prevention and Life Safety | \$1,027,994 | \$1,737,707 | 69.04% |
| Bond and Interest | \$2,987,672 | \$3,006,742 | 0.64% |
| Tort | \$1,172,179 | \$1,199,844 | 2.36% |
| Working Cash | \$1,054,503 | \$1,207,215 | 14.48% |
| Total | \$70,048,236 | \$73,578,793 | 5.04% |

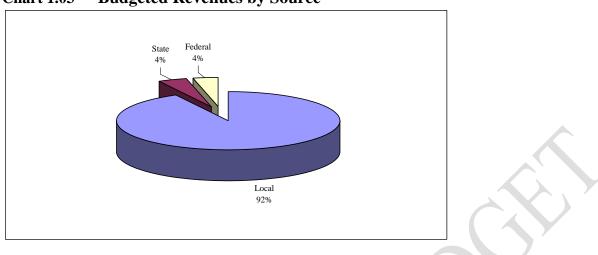

Chart 1.03 Budgeted Revenues by Source

Property Taxes

State law and the School Code of Illinois govern the policies and procedures of school finance.

Property taxes are a major revenue source, representing 90.6% of the District's total revenue, including TIF distributions. The property tax cycle extends over two years. The tax year is the year of assessment and reflects the value of property as of January 1st. The tax bills are distributed and the taxes are paid in the year following the tax year.

Oak Park and River Forest High School is a municipal corporation governed by a Board of Education, which has the exclusive responsibility and accountability for certifying an annual levy to the respective county clerks. School districts in Illinois levy for each Governmental Fund.

The county clerk is responsible for the extension of taxes levied by the school district within the Property Tax Extension Limitation Law (PTELL), better known as the "Tax Cap". The County Treasurer has the responsibility of mailing the tax bills, collecting the property taxes and remitting the revenues back to the taxing districts.

Cook County distributes their tax receipt collections in primarily two installments the first in March and the second in the fall. Usually this is around October; however it has been as late as December.

Currently, there are 4 Tax Increment Financing (TIF) districts within the District's boundaries:

- Downtown Oak Park (Lake Street from Harlem to Euclid)
- Madison Street (Madison from Harlem to Austin)
- Garfield (south of I290)
- River Forest Town Center (Lake Street West of Harlem)

TIF is a program designed to create economic growth in areas of a community where redevelopment likely would not occur without public investment. When a TIF is created, the Equalized Assessed Value (EAV) of the TIF district is frozen, and the school district does not receive additional tax dollars produced within the TIF district during the duration of the TIF. Therefore, incremental EAV accumulates within the TIF district and tax revenue generated is redirected to the respective village for economic development purposes.

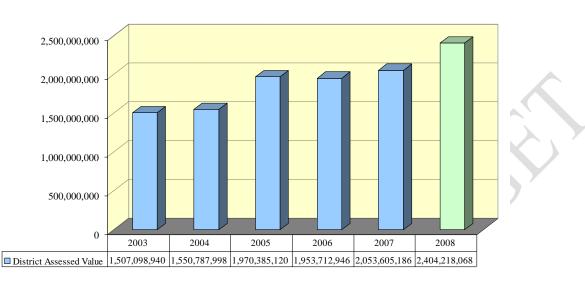

The Downtown Oak Park TIF was due to expire in 2006; however, the Village of Oak Park had an option to extend the TIF district until 2018, an additional twelve years, if it chose to do so. The extension of the TIF beyond 2006 would have seriously affected the financial stability of District 200 and Oak Park Elementary District 97 without a revenue sharing agreement. Consequently, District 200, District 97 and the Village of Oak Park have jointly entered into an Intergovernmental Agreement (IGA) to mitigate the negative impact of an extension of the Downtown TIF. This agreement provides for a "carve out" of redeveloped property from the TIF area at various intervals over the length of the extended TIF. In addition, it provided an EAV "carve out" of \$26,000,000 in advance of the original 2006 expiration. This agreement provides the two school districts with additional tax revenue in advance of the original 2006 expiration date and a sharing of revenue throughout the twelve-year extension. For District 200, this agreement was originally estimated to be worth \$40,000,000 in additional tax revenue than would have been received if the TIF had been extended with no revenue sharing. The agreement also guarantees \$2,900,000 more than would have been received if the TIF had expired in 2006 without the agreement. The Village of Oak Park is presently in default on this agreement and has missed the last two stipulated "carve outs". Discussions concerning the default are in progress.

In addition to the 2003, IGA, there are surplus distribution agreements for the Downtown Oak Park TIF, the Madison Street TIF in Oak Park and the River Forest Town Center TIF. The Village of Oak Park is also in default on the Downtown and the Madison Street agreements. Discussions concerning the defaults are in progress.

The River Forest Town Center TIF is due to expire on December 31, 2009 and the incremental EAV will be released with the 2010 levy process. The incremental EAV is estimated to be approximately \$52,000,000. The Village of River Forest has been cooperatively discussing the TIF expiration date and its impact on the school districts.

Cook County reassesses property every three years. The District's total Equalized Assessed Valuation by tax year is as follows:

Chart 1.04 Assessed Value

Assessed Value

Tax Caps

Beginning in the 1995 levy year, the tax rates have been reduced by the Property Tax Extension Limitation Law (PTELL) or the Tax Cap. This cap limits the growth of a taxing body's previous year's tax extension to the lesser of the Consumer Price Index (CPI) or 5%. Revenue from newly assessed tax parcels are excluded from the cap. A fundamental structural imbalance exists in this funding formula because most of the costs related to the delivery of public education exceed CPI. The PTELL coupled with the lack of new EAV generated by new construction will eventually cause the need for the District to request a referendum property tax increase. During the fall of 2005, the Board of Education carefully reviewed and considered the PTELL Rate Increase Factor law (35 ILCS 200/18-230). The Rate Increase Factor is a calculation added to the annual levy calculation after a district successfully passes a referendum. For district that are "capped", the factor remains a part of the annual calculation for 4 levy years after the year of the referendum. This enables tax capped districts to eventually levy the full authorized rate by using a phase-in method over a 4-year period. The 2005 levy, authorized by the Board of Education in December 2005, was the 4th and final year for the phase in-option. The maximum 2005 levy with the rate increase factor was estimated to be approximately \$56,332,000. Due to the costs related to mandated increases in graduation requirements, special education requirements, and costs related to minority student achievement and AYP, the Board of Education voted to partially phase-in the total referendum rate allowable and approved the 2005 levy amount at \$50,200,000, approximately $\frac{1}{2}$ of the legal increase permitted by the rate increase factor law.

Tax extension increases are governed by the increase in the (EAV) and the PTELL. The total tax extended by the County Clerk may increase by a limited amount each year. Within that aggregate increase, the District has authority to distribute the tax to the prescribed individual funds as long as the distribution stays below the fund rate ceiling that is prescribed by law. The method this District follows is to find the new aggregate limit by multiplying the previous year's tax extension by the new PTELL limit, then adjusting individual levies so as not to exceed its

rate ceiling. In previous years, this has allowed the District to adjust down certain levies and give the Education Fund the highest priority. Since the communities of Oak Park and River Forest approved an Education Fund rate increase in the spring of 2002, the District has adjusted the levy distribution in order to allow for an improvement of fund balances in the Education Fund and other funds.

| Levy Purpose | Statutory Rate |
|-------------------------------------|----------------|
| Educational | 3.50 |
| Special Education | .40 |
| Operations & Maintenance | .55 |
| Transportation | As needed |
| Working Cash | .05 |
| Fire Prevention & Safety | .10 |
| Tort | As needed |
| IMRF/SS | As needed |

The tax cap has had an effect of eroding the taxing body's tax rate because the equalized assessed valuation has historically increased at rates greater than the consumer price index. The result has lowered the tax rates annually. Tax rates are per \$100 of Equalized Assessed Valuation.

The following chart shows the yearly property taxes extended on behalf of the school District. District 200 was successful in the spring of 2002 in passing and Educational Fund Tax increase of \$.65.

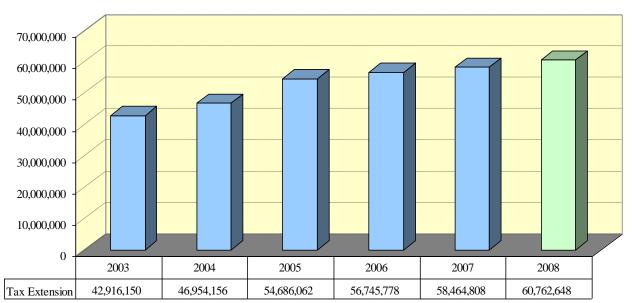

Chart 1.05 Property Taxes Extended (Calendar Year Basis)

The jump in the tax extension for the 2005 levy is due to the phase-in of the 2002 referendum for the Educational Fund Tax Rate.

The CPI for Tax Levy 2008 is 4.1%. The CPI that will be used for the 2009 Tax Levy will be .1%.

Below is the District's property tax rate per \$100 equalized assessed valuation.

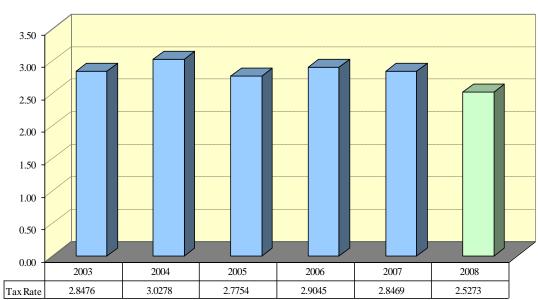

Chart 1.06 Property Tax Rates Per \$100

Other Local Revenue

Represent 10% of the total revenues; they are comprised of student fees, other local tax collections, cafeteria receipts, textbook sales, earnings on investments and miscellaneous revenues.

Other local sources of revenue will increase due to an anticipated settlement with the Village of Oak Park. The District expected certain properties to be released from the Oak Park Downtown TIF District and for a settlement distribution from the Downtown TIF and the Madison Street TIF. The District is presently discussing these delinquent payments with the Village of Oak Park and anticipates that the Village of Oak Park will make cash settlement rather than carve out additional property during FY 2010. This cash settlement will be recorded as other local sources of revenue.

State Revenue Sources

Comprise two separate funding sources- Restricted and Unrestricted Aid

Unrestricted Aid

The unrestricted state aid (General State Aid) is distributed to school districts throughout the state through one of three separate funding formulas depending upon the local resources of the District. District 200 has available local resources per pupil greater than 93% of the State foundation level (\$5,959) per pupil. Therefore, it does not qualify for the Foundation Formula and instead receives a reduced amount calculated by the Alternate Formula which approximates \$363.49 per student.

Additionally, the District receives a supplemental poverty grant paid at \$355 per eligible student. There are approximately 381 students that qualify as low income pupils.

The District's General State Aid budget is \$1,097,970 representing 1.5% of the total funds. State Sources of revenue will be reduced this fiscal year. This is primarily due to the Federal stimulus package; proceeds from the Federal Government will be used by the State of Illinois to pay the General State Aid for a total of approximately \$290,000. This amount is reflected as Federal funds rather than State funds.

The State of Illinois has not yet determined the GSA Foundation level for FY 2010 or the funding level for the categorical aid. The District is not significantly impacted by the GSA Foundation level because it receives funding according to the Alternate Formula. The District has estimated all State revenue based on the prior year calculations less the amount of State aid that will be paid by the federal government.

Restricted Aid

The restricted state aid is distributed to school districts throughout the state through categorical grants. Categorical funding is designed to support mandated programs targeted towards specific groups.

The District's state categorical grant budget is \$1,976,520 representing 2.7% of the total funds.

Categorical grants are generally received from the State as a reimbursement of expenditures incurred in the previous fiscal year. Major categorical State funding grants are:

| Grant | Funding |
|-------------------|-------------|
| Special Education | \$1,167,000 |
| Transportation | \$650,354 |
| Other | \$159,166 |
| Total | \$1,976,520 |
| Total | \$1,976,52 |

Federal Aid

Federal Sources of revenue will increase in Fiscal Year 2010. The District has received an estimated amount of \$600,000 for the IDEA grant. Additionally, the District is expecting IDEA and Title I funds related to the American Recovery and Reinvestment Act (ARRA). The IDEA ARRA funds total \$875,000 and the Title I ARRA funds are estimated to be approximately \$85,000. Additionally, \$260,000 of Federal stimulus funds will be received in lieu of General State Aid. Other Federal grants have not been recorded yet, while we await formal approval of grant applications and confirmation of the amount. The revenue and planned expenditures for these grants will be updated in the Final Budget. The total Federal Aid is \$2,716,427 representing 3.7% of the total funds.

The following schedule summarizes the expenditures for the Educational, Operations and Maintenance, Transportation, Municipal Retirement/Social Security, Bond and Interest, Tort, Life Safety and Working Cash funds. The prior year revised budget and the proposed budget year are both shown, along with the percent change.

| | FY2009 | FY2010 | % Change Over |
|-----------------------------------|--------------|--------------|-------------------|
| | Actual | Budget | Prior Year |
| Educational | \$47,559,179 | \$47,698,956 | 0.29% |
| Operations and Maintenance | \$6,312,173 | \$6,198,860 | -1.80% |
| Transportation | \$1,415,785 | \$1,488,837 | 5.16% |
| Municipal Retirement | \$1,864,893 | \$2,006,852 | 7.61% |
| Fire Prevention and life Safety | \$441,590 | \$963,537 | 118.20% |
| Bond and Interest | \$3,484,715 | \$3,482,174 | -0.07% |
| Tort | \$873,368 | \$1,013,645 | 16.06% |

| Total | \$61,951,703 | \$62,852,861 | 1.45% |
| | | | |

Chart 1.07 Governmental Funds - Expenditures

The majority of District annual expenditures relate to salary and benefits.

Major Salary Agreements

- IEA is the teachers' union and the District has a five year contract with increases, including step, totally 4.2%-4.5% annually. The contract is through 2012.
- SEIU is the custodial union and there is a contract through 2010 with 1.5% increases annually.
- SEIU is the Classified Personnel union. The contract expired effective June 30, 2009.
- SEIU is the Safety and Support Team union and the contract expired June 30, 2009.

The District's PPO, pharmacy and dental plans are self-funded through BCBS of Illinois, Delta Dental and Drug Card. The Insurance Committee, comprised of union representatives, District administrators, non-affiliated personnel and the District insurance broker, have cooperatively reduced costs by increasing deductibles, co-pays and employee participation rates. In addition,

faculty retirees now take advantage of the State TRIP health plan rather than the District health plan.

| | FY 2007 | FY 2008 | FY 2009 | FY 2010 | FY 2011 | FY 2012 |

Chart 1.08 Annual Net Change by Fund

(Excludes Other Financing Sources and Uses)

Debt

The District issued G.O. Capital Appreciation Bonds in 1998 in the amount of \$18,117,077 for certain building renovation projects. The District issued an additional \$8.4 million of G.O. Debt Certificates in 2004, for a building roof project. Funds for the payment of debt service related to the roofing project are transferred from the Life Safety Fund to the Debt Service Fund. The District issued additional G.O. Limited Tax School Bonds of \$1.7 million in 2005 for a food service serving and preparation area renovation. The legal maximum amount of allowable debt without voter approval was established with the PTELL law of 1995, which limits the District to an annual debt service amount of \$2,267,401. The District currently has debt service commitments at or near the annual maximum level until the year 2018.

The District still has significant voter approved debt capacity available:

Chart 1.09 Calculation of Statutory Debt Limitation and Debt Margin

| | | | | | |

Chart 1.11 Projected Fund Balances (All Funds)

The District utilizes a long term projection model which estimates revenues and expenditures overtime, presently to the year 2018. The year of 2018 is significant for the District because of two key events; the District will be virtually debt free and the Oak Park Downtown TIF will end and a large portion of new EAV will be released onto the tax base. Due to the structural imbalance of public school financing in Illinois and PTELL tax caps, it is necessary for the District to accumulate fund balances immediately following a successful referendum and then spend down those reserves in advance of the next referendum. The District will begin to experience deficit spending in FY 2014.

Fiscal and Business Management Policy

- Budget shall be balanced to the extent possible.
- District shall maintain long term financial projections.
- District will find cost savings to delay a referendum past the current projection of 2018.
- District maintains an investment policy consistent with statute.
- District maintains a debt policy consistent with statute.
- District maintains a long term capital facilities plan.
- District maintains a long term life safety plan.
- District maintains a technology implementation plan.

Accomplishments 2008-09

Curriculum and Instruction

- Expanded the summer school 8 to 9 transitional program and added a 9 to10 program.
- Developed 60 faculty learning teams.
- Expanded the test prep initiative to double the previous level, providing additional support for 40 students.
- Developed the Student Achievement Domains and Components for Measuring Institutional Excellence document.
- Developed the School Improvement Plan and grant.
- Completed a District Restructure Plan.
- Applied for the POET Grant and was awarded \$115,000 for FY 2010.
- Developed and implemented the Motivational Mentorship Program offering counseling and tutoring to approximately 80 underachieving students. Also submitted a grant proposal.
- Planned and hosted a bi-district institute day with D97.
- Planned a tri-district institute day for the fall of 2009 with D97 and D90.
- Provided an advanced math program for 8th graders, hosted at the District and provided transportation. This program will transition to an elementary program in the fall of 2009.
- Restructured divisional clerical support reducing the staffing by 25%.
- Planned and hosted the Minority Student Achievement Network Mini-conference.
- Planned and hosted the courageous Conversations about Race Mini-conference and continued a District working committee for continued discussions.

Parent and Community Engagement

- African American Leadership Roundtable was developed to advise the Superintendent on student achievement and educational equity.
- Several grants have been awarded in cooperation with the Rotary Club and with the Oak Park and River Forest Community Foundation.
- The District 200 Citizen Council Committee continues to be a strong and viable aspect of our community engagement.
- The District 200 APPLE Parent Group continues to be a strong and viable aspect of our community engagement.
- The PTO, Booster Club and Concert Tour Association parent groups continue to be strong supporters of the school community.
- The District hosts and facilitates monthly meetings with Oak Park and River Forest taxing bodies.
- Developed the Job One student summer job program for 20 students in cooperation with the OPRF Rotary Club.

Human Resources

- Redesign of the Technology Department, and the District Leadership Team. Position of CIO added and position of Asst. Superintendent for Operations was eliminated.
- Restructuring of clerical support and reduction in force.
- Increase in Human Resources staff of .5 FTE.
- Selection process and hiring of key building personnel including, School Principal, Assistant Principal for Safety and Support, Assistant Principal for Student Services, PE Division Head and Science Division Head.

Fiscal Services

- Installed the Kronos electronic/paperless timekeeping system and have integrated the Food Service, Custodial and Maintenance, Technology, student and bookstore personnel. The second phase of implementation is planned for the fall of 2009.
- Reduction in Business Office staffing of .5 FTE.
- Expanded the pre-approval electronic/paperless purchase order process.
- Converted the long range projection model to the PMA model and redesigned the publication.
- Converted the Budget document to the PMA model and redesigned the publication.
- Reduced the budget process by 30 days.
- Expanded the bid process.
- Expanded the electronic/paperless on-line payment plan.
- Implemented the electronic/paperless payment of registration fees through Parent Access, eliminating the need for duplicate processing.
- Implemented the electronic/paperless receiving process.
- Completed the development and consolidation of the 403b/457 new vendor agreements with Gatekeepers and reissued the plan document for the district
- Worked with local taxing bodies to develop a health care consortium and collected data to analyze possible savings.

- Developed a TIF financial model to calculate amounts due from the Village of Oak Park concerning the default of the 2003, IGA and the surplus distribution agreements.
- Documented and improved internal controls for SAS 112 implementation. Received excellent comments from the District external auditors.
- Request for Proposals for audit services and awarded the contract to new audit firm.
- Negotiated a contract agreement with SEIU custodial and maintenance personnel.
- Implemented a Safety Committee to decrease Workers' Compensation accidents and student accidents.

Food Services

- Expanded the food service program with District 97 to include all sites.
- Developed and partially implemented a nutritional wellness plan.
- Staff training on inter-relationships resulting in reduced staff turnover and personnel issues.

Construction Projects

- Worked with the new internal District Facility Committee to develop a long range construction plan.
- Improved the construction financial tracking model.
- Successfully transitioned the overall responsibility for construction to the CFO.
- Developed long range facility maintenance and life safety plans.

Buildings & Grounds

- Considered the possibility of contract services for custodial services. Negotiated a favorable contract with the existing staff.
- Standardized purchasing of custodial equipment and supplies, and trained staff on proper usage.
- Began custodial training in conjunction with CLIC (Property and Liability Insurance Carrier) and Workers' Compensation.
- Expanded the supervisory duties of the day and evening supervisors.
- Expanded the role of skilled maintenance employees in the bidding and construction process, reducing costs.
- Expanded the in-house construction projects that staff is qualified to perform and reduced costs related to outside contract services.
- Developed District CAD drawings of the facilities in order to decrease contract services and to increase in-house construction projects.
- Upgraded fire and smoke alarm system.
- Upgraded the electronic key access system.
- Review and development of a refurbish plan to upgrade elevators for compliance with State law.

HVAC/Energy Management

- Review of entire HVAC system and long range plan was developed.
- Summer construction includes repairs and maintenance to malfunctioning air-handlers and pumps.

Technology

• Organizational Restructure plan was designed and implementation will take place in the 2009 – 2010 school year. The design includes a new position of CIO, Supervisor of Information Systems and contract services for network maintenance.

Certificate of Excellence Award in Financial Reporting

The District received the Certificate of Excellence Award in Financial Reporting for fiscal year ending June 30, 2008 from the Association of School Business Officials (ASBO) International. This award represents a very significant achievement and reflects the District's commitment to the highest standards of school system financial reporting. The Certificate of Excellence is the highest recognition for school district financial operations offered by ASBO International and confirms that the District's Comprehensive Annual Financial Report (CAFR) have met or exceeded the standards set by ASBO International.

CERTIFICATE WILL BE INSERTED HERE WHEN RECEIVED FROM ASBO

Certificate of Financial Recognition

The District received the Certificate of Financial Recognition for fiscal year ending June 30, 2008 from the Illinois State Board of Education. This award recognizes the strong financial position of the District in its management of annual resources and fund balances.

| | Illinois State Board of Education |

| | Oak Park – River Forest SD 200 |
| According to the 2 | 2009 Illinois State Board of Education School District Financial Profile, Based on the 2008 School Year Financial Data. |

Budget Additions/Changes 2009-10

The District continues its commitment to narrow the achievement gap and to meet the needs of special education students. The financial resources required to address these issues are significant. In the fall of 2005, the Board of Education carefully considered school *Achievement Initiatives* and mandated requirements. The cost of implementing these additional initiatives and mandates approximated \$1,500,000 in FY 2006 dollars. These *Initiatives* have been carefully reviewed and revised accordingly. The estimated cost for continued implementation of the *Achievement Initiatives* will be approximately \$1,648,000 in FY 2010.

The District Leadership Team also reviewed the budget for FY 2010 and implemented cost savings. These savings include:

- Reduction in Tuition costs compared to the *Five Year Financial Projections*
- Reduction in furniture and equipment purchases
- Reduction in general administration budgets
- Reduction in clerical staffing
- Reduction in public communication budget
- Reduction in Curriculum and Instruction Department budget
- Reduction in technology budget related to hardware purchases
- Restructuring of the Information Technology and Data Processing Departments.

Effective for FY 2009, the Illinois State Board of Education changed several components of the Illinois Program Accounting Manual (IPAM). These changes impact the categories in which certain revenue and expenditures are recognized. The FY 2009 budget format and presentation reflect these changes. The changes that significantly alter the District financial statements include:

- The Tort fund is no longer a part of the Combined Education Fund.
- All Tort expenditures are now required to be classified as Central Administration.
- The Drivers Education program is transferred from the Regular Education program to the Other Instructional program.
- Tuition for student off-campus placements has been transferred from the Special Education program to the Other Instructional and Other Governmental-Tuition programs.

The District Background

The villages of Oak Park and River Forest encompass 6.9 square miles bordering Chicago's west side. The student body is diverse economically, racially and culturally. The District is composed of a single high school with approximately 3079 students on campus. The District school, field house, administrative offices and stadium approximate one million square feet of space, some parts for which are over 100 years old.

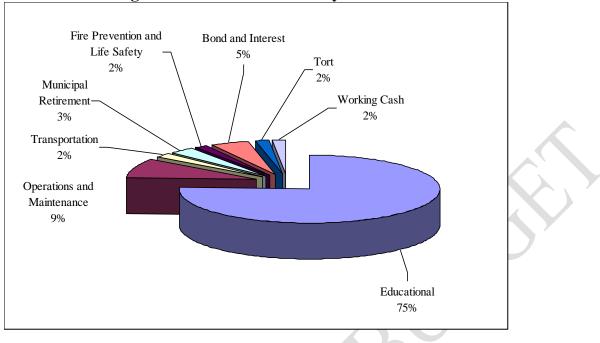

Chart 1.12 Budgeted Revenue Allocation by Fund

The District receives the majority of its revenue and also expends the majority of the budget from the Educational Fund (75%) and in the Operations and Maintenance Fund (9%).

Brief summaries of selected individual fund budgets follow.

Combined Education Fund

The Combined Education Fund in its entirety is a compilation of the Education, Bookstore, and Cafeteria Funds.

The increase in the Combined Education Fund expenditures for FY 2010 is estimated to be \$106 thousand dollars or a 0.2% increase.

Recent enrollment trends have remained between 3,000 to 3,100 students since FY 2003. The District student population peaked in FY 2007 at 3,139 on campus students. The student population is projected to remain between 3,000 and 3,100 on campus students through FY 2016, with a lowest enrollment of 3065 in FY 2015 and a highest enrollment of 3102 in FY 2012. For FY 2010, certified faculty will increase by 2.0 FTE. This increase is due to the specific course selections made by students. A decrease of 7.1 FTE in non-certified support staff is reflective of cost containment efforts and reflects an effort to re-evaluate every position in the District when positions become open. In addition, the District has re-evaluated the Information Technology and the Data Processing departments and has completely reorganized the structure. The position of Chief Information Officer (CIO) has been created. The CIO will join the District Leadership Team. The position of Assistant Superintendent for Operations has been eliminated and the duties redistributed to other District and Building administrators.

Effective July 1, 2007, the Faculty retirement benefit will reflect the State limitation of end of career salary increases to 6%. In addition, retiring faculty members will take advantage of the State medical plan rather than the district medical plan. The effects of these decreases will not be fully realized until the current District retirement annuity obligations and faculty retiree medical obligations sunset in FY 2011 and 2014 respectively. Due to the significant change in the Faculty retirement benefit and length of service a large number of certified staff will retire at the end of FY 2010. This group of retirees consists of 5 administrators and 12 certified faculty members. All of these individuals are presently receiving end of career salary increases of 6% for administrators and 20% for faculty members.

State Sources of revenue will be reduced this fiscal year. This is primarily due to the Federal stimulus package; proceeds from the Federal Government will be used by the State of Illinois to pay the General State Aid for a total of approximately \$290,000. This amount is reflected as Federal funds rather than State funds.

Federal Sources of revenue will increase in Fiscal Year 2010. The District has received an estimated amount of \$600,000 for the IDEA grant. Additionally, the District is expecting IDEA and Title I funds related to the American Recovery and Reinvestment Act (ARRA). The IDEA ARRA funds total \$875,000 and the Title I ARRA funds are estimated to be approximately \$85,000. Additionally, \$290,000 of Federal stimulus funds will be received in lieu of General State Aid. Other Federal grants have not been recorded yet, while we await formal approval of grant applications and confirmation of the amount. The revenue and planned expenditures for these grants will be updated in the Final Budget.

Other local sources of revenue will increase due to an anticipated settlement with the Village of Oak Park. The District expected certain properties to be released from the Oak Park Downtown Tax Increment Finance (TIF) District and for a settlement distribution from the Downtown TIF and the Madison Street TIF. The District is presently discussing these delinquent payments with the Village of Oak Park and anticipates that the Village of Oak Park will make cash settlement rather than carve out additional property during FY 2010. This cash settlement will be recorded as other local sources of revenue.

The Bookstore and the Food Service departments continue to operate at or near breakeven with slight annual surpluses, which will be used in the future for equipment replacement needs.

Operations and Maintenance Fund (O&M)

Expenditures in the O&M Fund will decrease by approximately \$114 thousand dollars in FY 2009. The District recently completed negotiating a four year contract with the Buildings and Grounds Custodial and Maintenance, Service Employees International Union, Local 73. The contract agreement includes salary increases of 0% in FY 2009 and 1.5% increases for the next three years. The agreement provides for a new electronic timekeeping system to be implemented effective July 1, 2009, and for a two week payment of salary as a bridge payment to implement the system.

The FY 2010 surplus is anticipated to be approximately \$656 thousand dollars with an accumulated fund balance at the end of 2010 anticipated to be approximately \$9 million. The accumulation of a fund balance is necessary for the District as the Restricted Building Fund is fully expended. Continued upkeep and renovations to the vintage building will be provided for in the O&M Fund. The District is presently compiling a long term facility plan and will partially expend the fund balance to meet rising deferred maintenance needs.

Construction projects this summer include two science lab upgrades, air handling upgrades, fire damper upgrades, stadium waterproofing, tennis court renovation, elevator upgrades, tuck pointing and glass block replacement for one gym and a new sound system for the stadium. In addition, the Booster club will be donating funds to install lighting for the stadium.

Fire Prevention and Safety Fund

During summer 2009, the District will commence projects that were approved in the Life Safety Master plan. These projects include asbestos removal in the science labs, HVAC repair and replacement, and stadium waterproofing, a transfer of \$618,263 will be made to the Bond and Interest Fund in order to pay the debt for the previous roof replacement project.

Transportation Fund

The District presently owns two activity buses, one special education wheel chair equipped minibus and two vans for transporting small groups of students for activities and special education programs. These vehicles have greatly reduced the cost of transportation for small groups of students. The District also owns four vehicles utilized for the Drivers' Education program. The District plans to replace the two activity buses, and two vans. The District also plans to purchase an additional handicapped equipped mini-bus for the special education program with the IDEA funds.

The District is presently under contract for Special Education and activity transportation needs. Grand Prairie has been awarded the Special Education transportation contract, and R & D has been awarded the Athletics and Activity transportation contract. The District has a three-year contract with each company. The increase in planned expenditures is due entirely to the purchase of the above mentioned vehicles. There is a slight decrease in expenditures for special education transportation.

The District is reimbursed for Special Education transportation by the State at the rate of 80%. The State funding is paid in the year following the expenditure.

IMRF (Illinois Municipal Retirement) Fund

The IMRF fund is utilized for the State-required payments to IMRF for classified staff as well as payments to the federal government for Social Security and Medicare. The fund balance is expected to increase by approximately \$298,000. The fund balance had been reduced prior to the 2002 referendum by under-levying in this fund in order to support the Education Fund. The District plans to maintain a fund balance adequate to fund expected increases in the IMRF rate.

The IMRF rate, imposed by the State of Illinois, continued to escalate through Calendar Year (CY) 2007 and then declined slightly in CY2008 and CY2009. Unfortunately the assets held by the IMRF were impaired during the recent economic downturn. In order to re-coop losses incurred in the IMRF investment portfolio, IMRF will be increasing the rate significantly over the next several years. The IMRF rate has become a complicating factor in maintaining a positive fund balance.

| Calendar Year | Rate |
|---------------|-------|
| 2004 | .0737 |
| 2005 | .0859 |
| 2006 | .0939 |
| 2007 | .0961 |
| 2008 | .0890 |
| 2009 | .0866 |
| 2010 | .1179 |

Historical IMRF rates:

Tort Immunity Fund

Expenditures for the Tort Fund include property, liability and workers' compensation insurance. The increase in premium is 6% for property and casualty and a decrease of 17% for workers' compensation. There are planned expenditures to enhance the security camera system and locks for \$61,250, to improve the safety of athletic weight room equipment for \$48,000, for code compliance in the swim program for \$12,600, and \$45,000 to increase bleacher safety.

Performance Results

The District's mission reads: "Oak Park and River Forest High School District 200 exists to provide all students a superior education so that they may achieve their full human potential." In the past, the District has been recognized by *Newsweek, Redbook,* and *Money* magazines for the extraordinary education our students receive. U.S. News & World Report ranked the District in the top 3% of the nation's top 505 public high schools-among only 30 Illinois high schools to receive this distinction. During FY 2009, the School had 18 National Merit Scholarship Finalists, and 4 National Achievement Finalists. District students consistently perform well above State averages and meet or exceed State standards on standardized tests.

The "School Report Card," published annually by the State of Illinois, provides comparative data that can be used as indices of academic effectiveness and resource management. The School Report Card documents District 200's excellent record in the key areas of performance and accountability. The current School Report Card shows that the District's graduation rates continue to exceed state averages.

Chart 1.13 ACT Composite, Graduation Rate Chart

| | District | State |
|--|----------|--------|
| ACT Composite | 23.5 | 20.5 |
| Graduation Rate | 94.30% | 86.50% |
| Source: 2008 Illinois School District Report | t Card | |

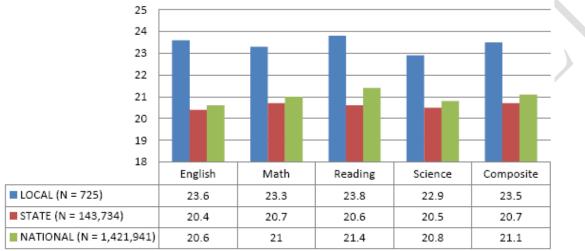

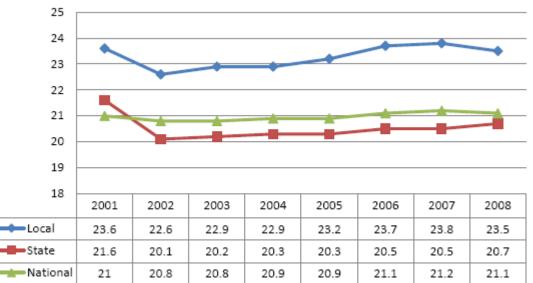

Chart 1.14 ACT Local, State, and National Average Scores Class of 2008

The District students continue to outperform State and National test scores averages by 2-3 scale points. This pattern is true when disaggregated by race and gender, as well, although the point differences are more varied among the sub groups. Disaggregating average scores by race and ethnicity reveals scale score gaps of up to 8 points between White and African American students and smaller gaps between White students and other students of color.

Chart 1.15 ACT Composite Scores 2004-2008

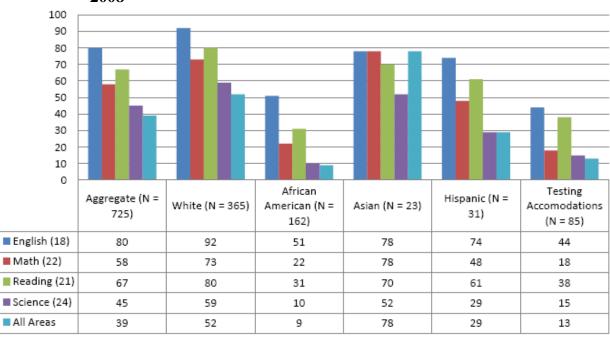

Chart 1.16 College Readiness: Percent of Students Meeting ACT Benchmarks 2008

Oak Park and River Forest High School Students are more likely than their peers on the State and National level to reach college readiness benchmarks.

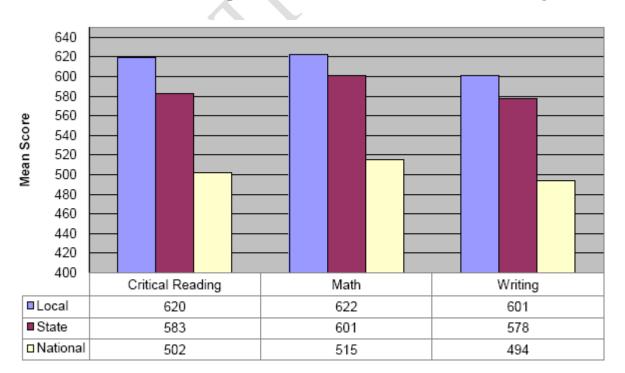

Chart 1.17 SAT Score Comparisons" Local, State and National Averages, 2008

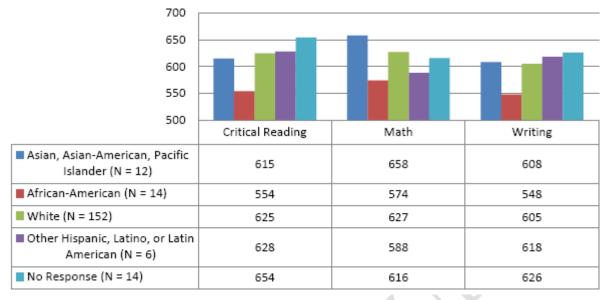

Chart 1.18 Average SAT Scores, Disaggregated by Race/Ethnicity

Average SAT scores among OPRF students exceed State and National averages and appear to be on an upward trend.

The final report for Adequate yearly Progress for 2008 indicated that the District did not make AYP in Reading for African American students and our low-income students; we did not make AYP in Math for African American or Special Education students.

Very active Booster Club, Concert Tour Association, Alumni Association and Parent Teacher Organization at provide the school with both financial and volunteer support. The Oak Park and River Forest Scholarship Foundation also provides scholarships for students. Partnerships with local park districts, Youth Interventionist, Townships and civic and service organizations increase opportunities for students at many levels.

The District offers an extensive and comprehensive program for students who have special needs. As this program continues to expand and the services become enhanced, the District anticipates enrollment to continue to increase in this area.

District 200 is fully accredited by the Illinois State Board of Education.

Mission Statement

Oak Park and River Forest High School District 200 exists to provide all students a superior education so that they may achieve their full human potential.

Strategic Goals

TO BE INSERTED WHEN APPROVED

Budget Development Process

Budget Presentation

The development of the FY 2010 budget was completed with a detailed review of revenue and expenditure items within the context of the District's Goals and Objectives and the *OPRF Five Year Plan*. The budget includes the Educational Fund, Operations and Maintenance Fund (O&M), Tort Fund, Transportation, Municipal Retirement/Social Security Fund (IMRF), Debt Service, Fire Prevention and Safety Fund (life Safety), Self Funded Insurance (Dental Plan, Medical Plan and Workers' Compensation Plan), and Working Cash Fund. For management purposes, the District further segregates the Educational Fund by separating the Education, Bookstore and Food Service Funds. Information on each of the funds' budgets is provided in this budget document.

A fund is described as a fiscal and accounting entity with a self-balancing set of accounts. Each fund is established under state law to report specific activities or to attain certain objectives in accordance with special regulations, restrictions or limitations. It is important to note that transfers between funds can only be made when authorized by state law. Certain taxes and state aid are provided for specific purposes and must be accounted for within the specific fund established for that purpose.

The most important concern in the presentation of the budget data is to convey information to our communities about the FY 2010 educational programs and services, which have been translated into a financial budget plan. The material in the budget document incorporates decisions made by the Board and administration throughout the planning process.

This budget document and the year-end Comprehensive Annual Financial Report (CAFR) are the primary vehicles to present the financial plan and results of operations. The District has received the Certificate of Excellence in Financial Reporting from the Association of School Business Officials International (ASBO) each year since the fiscal year ending June 30, 1995. A similar recognition is available for the budget report. To receive this award, a school entity must publish a budget report as a policy document, as an operations guide, as a financial plan, and as a communications medium. The information included in this budget document is the first step in the process to structure the budget report to meet the stringent requirements of the ASBO Meritorious Budget Award.

Budget Process

The budget process is comprised of three distinct phases – long-term financial projections (*OPRF Five Year Plan*), collection of data and compilation for presentation to the Board, and a public hearing and Board adoption.

Long-term Financial Projections

The most complex and also most critical area of the *OPRF Five Year Plan* is the projection of property tax revenue. Property taxes are the District's largest revenue source (81.5%) and the calculation process is quite cumbersome. Variables that must be analyzed include equalized assessed valuation (EAV), new property additions, and the Consumer Price Index (CPI). Additionally, due to the fact that the District's fiscal year ends on June 30, each fiscal year represents the collection of one installment from each of two tax levy years. In 1995, the

passage of the Property Tax Extension Limitation Law (PTELL or "tax cap"), limited the growth in revenue from property taxes for school districts to the lesser of 5% or the CPI-U.

The District's State revenues (4.2% of total revenue) are made up of both restricted and unrestricted grants. The largest component (31%) of State aid is General State Aid. General State Aid is a function of the State's total education appropriation (Foundation Level) and the District's Average Daily Attendance (ADA) and EAV. Enrollment projections are used to estimate general state aid based on projected per pupil Foundation Level less "available local resources." The remaining state aid is primarily special education categorical reimbursements.

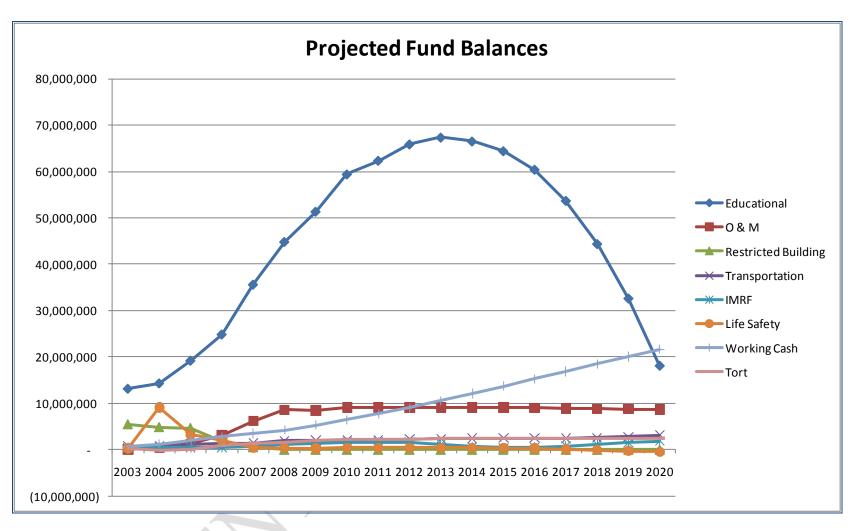

The District receives minimal federal aid (3.7% of total revenue in FY 2010), the majority of which is special education reimbursement through Medicaid and IDEA. Because of its political nature, it is difficult to project state and federal aid beyond the current year due to the uncertainty of funding in Washington and Springfield. The District assumes the status quo in funding unless there is information to the contrary.

The *OPRF Five Year Plan* includes enrollment projections and the staffing levels required to meet those enrollments while maintaining appropriate class sizes. The District utilizes projection software to analyze historical survival data, parochial school matriculation and current elementary district class sizes. In February of 2008, the District and Oak Park Elementary District 97 utilized the services of a consulting demographer to review and analyze the demographic trends of Oak Park and River Forest. The demographer, John D. Kasarda, Ph.D., provided a comprehensive report of historical and projected enrollment data. Assuming that future fertility rates remain constant through 2012 and turnover of existing housing units and family migration remain the same, the District enrollment will remain between 3,000 and 3,100 students through FY 2016. The study projects an increase in student population thereafter with student population increasing to between 3,100 and 3,200 students through FY 2023. A chart of historical and projected student enrollment is presented in the Informational Section.

Estimated salaries and benefits are based on anticipated staffing requirements using the enrollment trends and negotiated salary increases. The Faculty Senate contract expires June 30, 2012. The contract with Buildings and Grounds is a four year contract ending June 30, 2011. The Safety and Support Teams and Classified Personnel Association bargaining units' contract expired June 30, 2009. Contract negotiations will begin in the fall of 2009. The *OPRF Five Year Plan* includes an estimate of future negotiation increases linked to CPI. Health and medical benefits are estimated to increase at 10% annually. Other types of expenditures are estimated to increase at various rates based on the type of expenditure.

In April 2002, the voters of Oak Park and River Forest approved a referendum increase of \$.65 per \$100 of EAV in the Education Fund tax rate. With that tax rate increase incorporated into the *OPRF Five Year Plan* in 2002, The District projected an improvement in fund balances and surplus for several years. With the help of the Intergovernmental TIF agreement and cost containment efforts, the District's financial results since the passage of the referendum continued to meet that original plan.

In December 2005, the Board of Education elected to partially implement the phase-in option of the 2002 referendum. The 2005 levy was the 4th and final year of the phase-in option. The increased revenue generated by the phase-in option will fully support the increased cost of the *Initiatives*, and other educational programs until approximately 2018. In order to achieve this goal, the Education Fund reserves will accumulate until approximately 2014. In FY 2014, expenditures will begin to exceed revenue, thereby causing deficit spending. The fund balance will diminish over time until the eventual need for another referendum in FY 2018. The Board of Education has passed a resolution requiring the District to find cost containment measures that will delay a referendum for the foreseeable future. A Finance Advisory Committee will be convened in the fall of 2009 to explore options regarding revenue, expenditures and fund balances.

July 2009, OPRFHS Five Year Financial Projections

The District will have approximately 64% of total expenditures in the Educational Fund reserves in 2018 or 7 month reserves. Property taxes are paid twice per year, once in March and then again in the fall sometime between October and December, a span of approximately7 months. The reserves are projected to decrease to 5 months at the end of 2019 and 2 months at the end of 2020.

Budget Preparation

Budgeting for the District can be fairly exact because of its size and the fact that many of the expenses are known due to contractual agreements. Salaries drive a major portion of the Education Fund, so it is possible to budget those expenses and their related costs very closely. For the 2010 budget process, the District continued to utilize a "zero-based" budgeting approach. In the zero-based budgeting model, each program administrator is required to submit a detailed budget request including program review. The budget requests are reviewed for completeness and accuracy. If necessary, the Chief Financial Officer meets with individual program administrators to discuss their budget requests in detail. The District Leadership Team then reviews the budget requests and suggests changes. Budget requests are modified as appropriate and then compiled. The zero-based budget requests for FY 2010 exceeded the planned expenditures reflected in the *OPRF Five Year Plan;* therefore, a process of cost containment was initiated and completed. Cost savings were found in the areas of furniture and equipment replacement, staffing, tuition, and technology, without curtailing the current programming.

Budget Adoption

In June, the Preliminary Budget is presented to the Board for its first review. At that time, the Board reviews a summary of the budget. In July, the complete Tentative Budget document is presented to the Board for further review before adoption. The budget document is then put on public display for 30 days. In August, a public hearing is held to discuss the budget, and the Board votes on final adoption of the budget.

Budgetary Control

Budgetary control is maintained at the department/division level within the high school. These budget makers control their budget by the encumbrance of estimated purchase amounts prior to release of purchase orders. Purchase orders, which exceed the available account balances, are not approved until the budget maker reapportions his/her budget. Those responsible for budgetary compliance may view their budgets online via the District's financial computer network system. Monthly fund expenditure and revenue reports are provided to the Board of Education along with a monthly Treasurer's Report.

Personnel Resources

The 2009-2010 budget includes salaries and benefits based on the various collective bargaining contracts ratified by the Board of Education. Education is a people-intensive business. Sixty-nine percent (69%) of the District total 2009-2010 Governmental Fund expenditures are budgeted for salaries and benefits. The following chart shows the allocation between certified and classified staff.

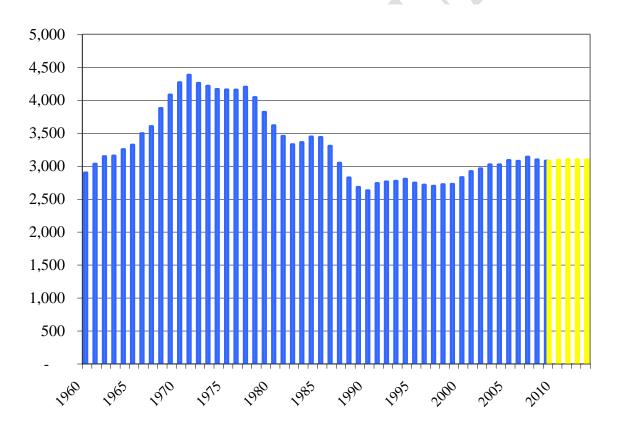

| | | | | | | F.T.E. Change FY 2009 |
|-------------------------------|---------|---------|---------|---------|---------|--------------------------|
| | F.T.E | F.T.E | F.T.E | F.T.E | F.T.E | VS |

Chart 1.19 Allocation of Certified And Classified Staff

Student Enrollment Trends

The enrollment projection shown below indicates that the District is expecting minimal changes in enrollment over the next several years. The study was conducted in February of 2008.

Capital Development Budget Process

The District has developed a five-year facility plan to address the maintenance needs of the buildings. The facility plan is a proactive approach to facilitate the highest priority maintenance needs over a five-year period. A Facility Advisory Committee composed of a District administrator, the Director of Buildings and Grounds, building representatives, and community

members meets periodically and reports to the Board Finance Committee. The group reviews recommendations from the divisions regarding instructional renovations and/or enhancements along with recommendations from the Buildings and Grounds staff concerning building maintenance and repair. The Facility Advisory Committee estimates potential costs, prioritizes the list and sends the list to the Superintendent for further review. The Superintendent meets with the CFO, the building Principal and the Director of Buildings and Grounds to review the recommendations and the available resources, the Superintendent than makes a recommendation to the Board of Education.

Budget Closing

The FY 2009-2010 Annual Budget has been prepared to provide a comprehensive financial presentation to our Board of Education, local citizens and interested outside parties. We extend our appreciation to the members of the Board of Education for their interest and support in planning and conducting the financial operations of District 200 in a responsible and progressive manner.

Respectfully,

Dr. Attila J. Weninger Superintendent Ms. Cheryl L. Witham MBA CPA Chief Financial Officer

District Legal and Accounting Structure

The Legal Structure of the District

The District is a municipal corporation governed by a Board of Education, which is elected by the public and has the exclusive responsibility and accountability for the decisions it makes. The District has the statutory authority to adopt its own budget, levy taxes, and issue bonded debt without the approval of another government. It has the right to sue and be sued, and has the right to buy, sell, lease, or mortgage property in its own name. Based on these criteria, the District is considered a primary government and there are no other organizations or agencies whose budgets should be combined and presented with this budget.

The Community

The villages of Oak Park and River Forest encompass approximately 6.9 square miles bordering Chicago's west side. The Village of Oak Park has been the home of several noted Americans. It is the birthplace and childhood home of novelist Ernest Hemingway, the Nobel and Pulitzer Prize winner for literature. Oak Park is home to 25 homes and buildings designed by renowned architect Frank Lloyd Wright, including his original home and studio. Other notable residents have included astronaut Joseph Kerwin and chemist Percy Julian, whose research led to the development of the birth control pill and cortisone. River Forest is home to Concordia and Dominican Universities.

The villages are accessed by the Eisenhower Expressway (Interstate 290), which passes through the southern portion of Oak Park. The area is also served by the Chicago and Northwestern Railway, which provides commuter rail service for Metra, the regional transportation authority; the Chicago Transit Authority, which has two elevated train lines linking to downtown Chicago; and the PACE suburban bus system of Metra. Also, O'Hare International Airport is only 13 miles northwest of the community.

While the census information on the previous page may give the appearance of well-to-do suburban communities, they are uniquely diverse economically, racially and culturally.

The District

Oak Park and River Forest High School District 200 exists to provide all students a superior education so that they may achieve their full human potential.

In pursuit of this mission, we value:

- educational excellence for its own worth.
- a broad range of educational opportunities.
- the potential in all students to learn.
- a commitment to instill within our students the responsibility for their own learning.
- an awareness of students as individuals with different learning styles.

- respect for the rights of all members of the school community in a secure, safe and caring environment.
- a sense of community and good citizenship.
- equity across groups and fairness toward individuals
- The High School as a communicator of common values to students.
- an appreciation of diversity.
- a sense of self-worth.
- a partnership between the student, family, school and community.

Oak Park and River Forest High School District 200 is a comprehensive, single-building high school with a rich depth of curriculum for students in grades nine through twelve. The District is a legally separate taxing body with a seven-member Board of Education elected by the eligible voters residing within the District's boundaries. The total assessed property valuation of the District is sufficient to provide a per pupil valuation of \$666,972.¹ The total appraised value of the high school building is \$157,417,740.

The District is a residential community located eleven miles west of Chicago's downtown "Loop." It has been a relatively affluent community and has the stability of Chicago's older suburbs. Oak Park and River Forest High School celebrated its 136th year in 2009. The school and the community have changed over the years, but current on campus enrollment has stabilized at approximately 3,079 students (from a maximum of over 4,300 as the Baby Boomers entered high school in the early 1970s). Enrollment is projected to remain relatively stable at approximately 3,100 students for the next several years. Therefore, the size of the School (approx. 1,000,000 square feet) will be sufficient to meet future needs. Maintenance and upkeep are a continuing issue in the vintage facility, parts of which are over 100 years old.

The school offers a variety of classes in nine divisions of study which include the traditional academic programs as well as fine and performing arts, technology, business education, family and consumer science, and special education. Students thus have opportunities to prepare themselves for diverse post-high school paths.

Oak Park and River Forest High School serves a diverse student body. The racial/ethnic background of its student body with the State of Illinois for comparison is as follows:

| | | | | Asian/Pacific | Native | Multi- |
|----------|-------|-------|----------|---------------|----------|--------|
| | White | Black | Hispanic | Islander | American | Racial |
| District | 59.7% | 26.4% | 5.0% | 3.0% | .3% | 5.6% |
| State | 54.0% | 19.2% | 19.9% | 3.9% | .2% | 2.7% |

(Source: State of Illinois School Report Card 2008)

Nearly 91 percent of graduates of the Class of 2008 enrolled in more than 241 different colleges, universities, community colleges, and trade or technical schools. In the 2007-2008 Senior Class of 779 students, there were 18 National Merit finalists, 4 National Achievement Finalists, 2 National Hispanic Recognition Program scholars, 197 Illinois State Scholars.

Goals

For the school year 2009-2010 the Board of Education has not yet adopted goals. The Goals will be added after adoption.

DISTRICT BUDGET POLICIES/PROCESS

State Budget Requirements

[Section 105 Illinois Compiled Statutes 5/17-1]

Annual Budget. The board of education of each school district under 500,000 inhabitants shall, within or before the first quarter of each fiscal year, adopt an annual budget which it deems necessary to defray all necessary expenses and liabilities of the district, and in such annual budget shall specify the objects and purposes of each item and amount needed for each object and purpose.

The budget shall be entered upon a School District Budget form prepared and provided by the State Board of Education and therein shall contain a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such fiscal year. The estimate of taxes to be received may be based upon the amount of actual cash receipts that may reasonably be expected by the district during such fiscal year, estimated from the experience of the district in prior years and with due regard for other circumstances that may substantially affect such receipts. Nothing in this section shall be construed as requiring any district to change or preventing any district from changing from a cash basis of financing to a surplus or deficit basis of financing; or as requiring any district to change or preventing any district from changing its system of accounting.

The board of education of each district shall fix a fiscal year, therefore, if the beginning of the fiscal year of a district is subsequent to the time that the tax levy for such fiscal year shall be made, then such annual budget shall be adopted prior to the time such tax levy shall be made.

Such budget shall be prepared in tentative form by some person or persons designated by the board, and in such tentative form shall be made conveniently available to public inspection for at least 30 days before final action thereon. At least 1 public hearing shall be held as to such budget prior to final action thereon. Notice of availability for public inspection and of such public hearing shall be given by publication in a newspaper published in such district, at least 30 days prior to the time of such hearing. If there is no newspaper published in such district, notice of such public hearing shall be given by posting notices thereof in 5 of the most public places in such district. It shall be the duty of the secretary of such board to make such tentative budget available to public inspection, and to arrange for such public hearing. The board may from time to time make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget. The board may from time to time amend such budget by the same procedure as is herein provided for its original adoption.

The District begins the budgeting process in January with the academic Division Heads and other supervisors acting as budget administrators. The budget reflects the financial support of the goals and objectives of the District. Budget administrators provide information and budget requests in order to continue programs and, in some cases, expand programs. Budget administrators are also responsible for providing information about various grants that the District receives.

A "zero budgeting" process is used for departmental budgets. In other areas, expenses such as salaries are known due to contractual agreements and are estimated as such. Budget administrators submit their requests to the Chief Financial Officer who then compiles the budget. During this time the Chief Financial Officer discusses the general financial condition with the Superintendent and the Board of Education who give a general indication of their desires.

The District has developed and continues to update the *OPRF Five Year Plan*, which has been in place for a number of years. The Board, Superintendent and Chief Financial Officer constantly review the budget preparation to see that the budget is in accordance with the *OPRF Five Year Plan*.

In June the Preliminary Budget is presented to the Board for its first review. At that time the Board obtains a broad picture of the budget. In July, the Tentative Budget is presented in near final form. The Board approves the Tentative Budget for public review. The Final Budget is approved at the August Board meeting.

Budget Management Process

Throughout the year, budget administrators are given monthly transaction reports. These reports include all of their expenditures for the month as well as any encumbered funds. The District's financial software provides online real time access to budgeting information for Department and Division Heads. A paperless purchase order system is utilized. Purchase orders are approved if budget resources are available. A paperless receiving process is utilized to ensure receipt of all goods ordered. The Director of Food Services, The Director of Buildings and Grounds, and the Director of the Bookstore meet with the Chief Financial Officer to discuss the month's financial activities. The Human Resources and Payroll systems are integrated, and a position control system is used for the monitoring of compensation and benefits and an electronic timekeeping system is utilized to track hourly employee time and attendance.

Throughout the year, the Board of Education discusses the *OPRF Five Year Plan* and is given information regarding its comparison to the budget. The Board of Education reviews financial results compared to budget on a monthly basis. The Board is very cognizant of the Budget's sensitivity to salaries, CPI, and increased cost of supplies. The District also provides detailed budget and projection information to the Faculty Senate Executive Committee.

Budget Format

This budget document is divided into three main sections. The first section is the Organizational Section containing this narrative and other general District information. The second section is the Financial Section. This is the summary and detailed budget and analysis. The final section is the Informational Section. The District's Comprehensive Annual Financial Report (audit) has been submitted for and received ASBO's Certificate of Excellence in Financial Reporting each of the last nine years. The District's Comprehensive Annual Financial Reports for fiscal years

ending June 30, 2007 and 2008 have been delayed due to the situation with the Township Treasurer's office. Therefore, the ASBO Certificate of Excellence Awards for these two fiscal years has not yet been received. The District expects to receive both certificates during the summer of 2009.

Mission Statement

Oak Park and River Forest High School exists to provide all students with a superior education so that they may achieve their full human potential.

Goals

TO BE INSERTED WHEN COMPLETED BY THE BOARD OF EDUCATION *Board Policies*

Budget Adoption and Publication

The District will prepare a budget in tentative form and present to the Board of Education. The Tentative Budget will be placed on display for a period of 30 days. The Board of Education will approve the budget no later than the end of the first quarter of the fiscal year, as provided for in the Illinois School Code.

Investment Policy

The District maintains a set of procedures for the investment of School District funds that includes the following elements in Section 3450 of the Board of Education Policy Manual. The policy is in compliance with the Public Funds Investment Act.

- A listing of authorized investments.
- The standard of care that must be maintained by the persons investing the public funds.
- Investment and diversification guidelines that is appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the investment portfolio.
- Guidelines regarding collateral requirements, if any, for the deposit of public funds in a financial institution made pursuant to the Act, and, if applicable, guidelines for contractual arrangements for the custody and safekeeping of that collateral.
- A system of internal controls and written operational procedures designed to prevent losses of funds that might arise from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees of the district.
- Performance measures that is appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the School District's investment portfolio.

- Appropriate periodic review of the investment portfolio, its effectiveness in meeting the School District's need for safety, liquidity, rate of return, and diversification, and its general performance.
- Monthly written reports of investment activities by the Treasurer for submission to the Board of Education and the Superintendent, including information regarding securities in the portfolio by class or type, book value, income earned, and market value as of the report date.
- A procedure for the selection of investment advisors, money managers, and financial institutions.
- A policy regarding ethics and conflicts of interest.

District Property

The District maintains a set of procedures and an approval process for the disposal, removal, loan or hire of district property in Section 3551 of the Board of Education Policy Manual. The policy is in compliance with ILCS 5/10-22.8.

Contracts and Purchasing

The District maintains a set of procedures and approval process for contract approval, bid requirements and awards and for purchasing in accordance with 105 ILCS 5/10-20.21 in section 3310 of the Board of Education Policy Manual. The policy includes:

- Guidelines and dollar amounts for bids and quotes.
- Guidelines and dollar amounts for contract approvals.
- Pre-approval of purchase orders before purchasing.
- Purchasing within budgetary limitations.
- Board approval of lease agreements.
- Cooperative purchasing
- Conflict of interest and ethical guidelines.

Fund Structure and Measurement Basis

The accounts of the District are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund balances, revenues and expenditures or expenses as appropriate. Fund accounting segregates funds according to their intended purpose and is used to aid administration in demonstrating compliance with finance-related legal and contractual provisions.

The District has the following fund types.

Governmental Funds are used to account for the District's general governmental activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available."

"Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for un-matured principal and interest on general long-term debt which is recognized when due, and certain compensated absences, claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Governmental funds include the following fund types.

<u>General Funds</u> – The General Funds are the general operating funds of the District. They are used to account for all financial resources except those required to be accounted for in another fund. The General Funds consist of the following:

Educational Fund – This fund is used for most of the instructional and administrative aspects of the District's operations. The revenues consist primarily of local property taxes and state government aid.

Food Service Fund – The Food Service Fund accounts for all aspects of the District's food service program including sales to pupils and staff, concessions, catering for other districts and groups, and state and federal free and reduced lunch programs.

Bookstore Fund – The Bookstore Fund accounts for the operations of the District's bookstore. The District's bookstore operates similar to college bookstores, selling new and used books and buying books back from students at the end of the school year.

Operations and Maintenance Fund – This fund is used for expenditures made for repair and maintenance of District property. Revenues consist primarily of local property taxes and Corporate Personal Property Replacement Tax.

Restricted Building Fund – This fund is used for facility improvement projects financed through bonds issued and transferred from the Working Cash (Expendable Trust) Fund. The Restricted Building Fund is now combined with the Operations and Maintenance Fund.

<u>Special Revenue Funds</u> – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than those accounted for in the Debt Service Fund, Capital Projects Funds or Fiduciary Funds) that are legally restricted to expenditures for specified purposes.

Each of the District's Special Revenue Funds has been established as a separate fund in accordance with the fund structure required by the State of Illinois for local educational agencies. These funds account for local property taxes that are restricted to specific purposes. A brief description of the District's Special Revenue Funds follows:

Transportation Fund – This fund accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local property taxes and state reimbursement grants.

Municipal Retirement/Social Security (IMRF) Fund – This fund accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare for certified employees, and payments to the Social Security System for non-certified employees. Revenue to finance the contributions is derived from local property taxes.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs. A brief description of the District's Debt Service Fund is as follows:

Bond and Interest Fund – This fund accounts for the periodic principal and interest payments on the bond issues of the District. The primary revenue source is local property taxes levied specifically for debt service.

<u>Capital Projects Funds</u> – Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of and/or additions to, major capital facilities. The District's Capital Projects Funds is:

Fire Prevention and Safety Fund – This fund is used to account for state approved Life Safety projects financed through serial bond issues or local property taxes.

Fiduciary Fund Types (Trust and Agency Funds) – Fiduciary Funds (Trust and Agency Funds) are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

Expendable Trust Fund (Working Cash Fund) – The Working Cash Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. The fund accounts for assets where both the principal and interest may be spent. A portion of the fund may be abated to other funds, or the entire fund may be permanently abolished to the General Fund in accordance with state statutes.

Agency Funds – The Agency Funds are custodial in nature and do not involve the measurement of results of operations. These funds are used to account for assets that the District holds for others in an agency capacity. The District's agency funds are made up of student activity accounts, faculty/staff convenience accounts and the employee flexible spending account.

<u>*Tort Immunity Fund*</u>—This fund is used for revenue and expenditures related to legal and insurance needs of the District.

<u>Internal Service Funds</u> – Proprietary Funds are used to account for business-type activities. Proprietary funds utilize the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Self Insured Dental Fund – The Self-Insured Dental Fund is used to account for the financing of the District's dental insurance program, which is self funded by the District. Any excess of premiums over actual losses must represent a reasonable provision for anticipated catastrophic losses or be the result of a systematic funding method designed to match revenues and expenses over a reasonable period of time.

Self Insured Medical Fund - The Self-Insured Medical Fund is used to account for the financing of the District's medical and prescription drug insurance program, which is self funded by the District. Any excess of premiums over actual losses must represent a reasonable provision for anticipated catastrophic losses or be the result of a systematic funding method designed to match revenues and expenses over a reasonable period of time.

Departure from GAAP – The District's budget departs from Generally Accepted Accounting Principles (GAAP) in that the District does not budget for contributions made to the Teachers' Retirement System by the State of Illinois. These "on-behalf" payments are reported as offsetting revenue and expenditure items in the District's Comprehensive Annual Financial Report in accordance with GASB Statement No. 24, but due to the inability to predict the amount of state funding during the budget process, the District believes that inclusion of the on-behalf payments would make the budget less meaningful.

Account Structure

Revenues of the District are classified by fund and source. The three primary categories are Local Sources, State Sources and Federal Sources. Major revenues within each category include: Local Sources – Property Taxes, Corporate Personal Property Replacement Taxes, Student Fees, Interest Earnings; State Sources – General State Aid, Special Education Aid; Federal Sources – Title I – Low Income; IDEA Special Education.

The budgeted expenditures of the District are classified by fund, department, function, and object. The State budget and financial reporting requirements are at the fund-function-object level. The primary working budget of the District is at the departmental level. Examples of department classifications include: Mathematics, Technology, and Learning Disabled. Examples of function classifications include: Instruction, Support Services and Community Services. Examples of object classifications include Salaries, Employee Benefits, and Capital Outlay.

The following charts and narrative begins with a discussion of the total Governmental Funds and then progresses to individual funds.

Governmental Funds

The Governmental Funds analysis is a compilation of all District funds combined together. The compilation of the total funds is for discussion purposes only due to restrictions that exist limiting the uses of some funds and the ability to transfer dollars between funds. Total revenue for all funds will increase by 5.04% in FY 2010 while expenditures will increase by only 1.45%. The Federal ARRA funding will significantly increase the total Federal funding that the District will receive in FY 2010 compared to previous years. This is one time funding that will all be used in FY 2010.

The majority of revenue, 90.6% of the total District revenue is derived from local property taxes, including TIF distributions. Most of this amount is paid by local homeowners due to the existing TIF districts which encompass the majority of commercial property in Oak Park and River Forest.

EDUCATIONAL FUND

The Educational Fund is utilized to account for most of the instructional, co-curricular, special education, pupil support and administrative aspects of the District's educational operations on a day to day basis. The Educational Fund consists of three separate funds, which are combined together for purposes of reporting to the Illinois State Board of Education, but are viewed separately for District presentation and management purposes. The three separate funds are the Education Fund, the Bookstore Fund and the Food Service Fund. The following table delineates the balances of the separate funds.

| | Actual | Actual | Actual | Amended Budget | Budget |
|----------------------------|-----------------|-----------------|-----------------|-------------------|-----------------|
| | FY 2006 | FY 2007 | FY 2008 | FY 2009 | FY 2010 |

Commentary related to each individual fund follows.

EDUCATION FUND

The District continues its commitment to narrow the achievement gap and to meet the needs of special education students. In addition, the State of Illinois recently increased graduation requirements. The financial resources required to address these three issues are significant. In the fall of 2005, the Board of Education carefully considered school achievement initiatives (*Initiatives*) designed to address these concerns. The cost of these new *Initiatives* was approximately \$1,500,000 per year in FY 2006 dollars. Accessing the final phase-in option of the 2002 referendum has provided resources to fund the cost of these *Initiatives*. In December of 2005, the Board of Education of \$50,200,101, excluding bond and interest. The *OPRF Five Year Plan* details the plan to implement the new Initiatives and to extend the need for another referendum until approximately 2018.

The Board of Education has adopted two resolutions to guide its consideration of achievement proposals:

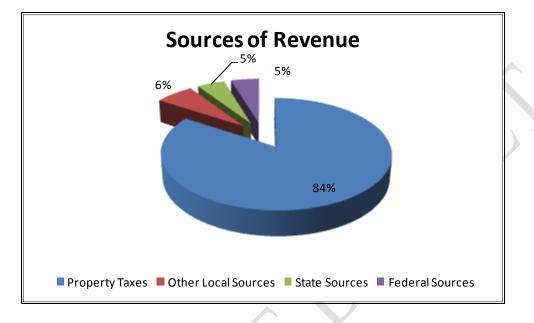

Resolution 1: Be it resolved, that this Board of Education considers the continuous narrowing of the academic achievement gap between minority and non-minority students in this District to be its top priority.

Resolution 2: Be it resolved, that this Board of Education considers the improvement of the reading skills of those students whose levels of academic achievement are lowest, to be a primary and one of the more intense focuses of those approaches to be considered in raising student achievement.

The Board will continue to put student achievement as its top priority when establishing annual goals.

REVENUE

Revenue for the Education Fund is provided from many sources. Local property taxes will comprise approximately 84.2% of revenue for the Education Fund in fiscal year ending June 30, 2010, 87% in fiscal year 2009, 86% in fiscal years 2008 and 2007 and 84% of total revenue for the year ending June 30, 2006. State sources, which are comprised of unrestricted General State Aid, and restricted categorical aid, are estimated to be 4.6% of total revenue compared to 5.2% in fiscal year 2009, 7% for fiscal 2008, 8% for fiscal 2007 and 9% for fiscal 2006. Other local sources of revenue include interest income, TIF distributions, summer school tuition, registration and athletic fees. Other local sources of revenue are 6.5% of revenue. Federal sources of revenue include Title I (Low Income), Title II (Eisenhower Prof. Dev., Title IV (Drug Free), Title V (Excel in Ed.) and Special Education IDEA reimbursement. Federal revenue is 4.7% of total revenue. The following chart illustrates the types of revenue received by percentage amounts.

Other Local Sources of revenue will increase due primarily to a large TIF distribution from the Oak Park Downtown TIF District in lieu of the TIF agreement carve out, which would have been recorded as property taxes. The District expected certain properties to be released from the Oak Park Downtown Tax Increment Finance (TIF) District and for a settlement distribution from the Downtown TIF and the Madison Street TIF. The District is presently discussing these delinquent payments with the Village of Oak Park and anticipates that the Village of Oak Park will make cash settlement rather than carve out additional property during FY 2010. This cash settlement will be recorded as other local sources of revenue.

In the fall of 2007, the District received the majority of funds held by the Cicero Township Treasurer and the Treasurer's office closed effective December 31, 2007. The remaining balance of funds held by the Cicero Township Trustee of Funds relates to the agreed upon escrow balance for possible litigation defense costs. The funds held in escrow will be distributed in October of 2011. The District has successfully transitioned to independent cash management and investment handling. The discontinuation of the Cicero Treasurer's office will save the District \$100,000 in fees annually and increase interest income. The District now anticipates receiving interest income at market rates rather than the below market results realized by the Cicero Township Treasurer accounts the past several years.

The Education Fund is a part of the "tax cap" extension limitation and is, therefore, limited in the amount of annual increases along with several other funds. In April of 2002, local voters approved a tax rate increase for the Education Fund of \$.65 per \$100 of EAV. The maximum tax rate was, consequently, increased from \$2.30 to \$2.95. During the fall of 2005, the Board of Education carefully reviewed and considered the PTELL Rate Increase Factor law (35 ILCS 200/18-230). The Rate Increase Factor is a calculation added to the annual levy calculation after a district successfully passes a referendum. For Districts that are "capped", the factor remains a

part of the annual calculation for 4 levy years after the year of the referendum. This enables capped districts to eventually levy the full-authorized rate by using a phase in method over a 4-year period. The 2005 levy, authorized by the BOE in December 2005, was the 4th and final year for the phase in option. The maximum 2005 levy with the increase factor was estimated to be approximately \$56,332,000 using an EAV estimate of 7% higher than 2004 EAV times the referendum rate of \$2.95. Due to the costs related to a mandated increase in graduation requirements, the Initiatives and special education requirements the BOE voted to partially phase-in the total referendum rate allowable and approved the 2005 levy amount at \$50,200,000, approximately ¹/₂ of the legal increase available.

State aid is projected to decrease in FY 2010. In simple terms, the General State Aid formula is based on a combination of average daily attendance (ADA), the amount of Corporate Personnel Property Taxes received and the District's equalized asset value (EAV). The calculation of available local resources per pupil triggers an alternate formula calculation, which reduces the amount of funds received by the State. The anticipated revenue per ADA, using the alternate formula is anticipated to be \$363.49, for a total of \$1,106,927. The District will also receive a State Aid Poverty grant in the amount of \$135,424 and a Hold Harmless amount of \$35,764. Additionally, for the Federal stimulus package, the State of Illinois will use proceeds from the Federal Government to pay the General State Aid of approximately \$290,000. This amount is reflected as Federal funds rather than State funds.

Federal Sources of revenue will increase in Fiscal Year 2010. The District has received an estimated amount of \$600,000 for the IDEA grant. The District is expecting IDEA and Title I funds related to the American Recovery and Reinvestment Act (ARRA). The IDEA ARRA funds total \$875,000 and the Title I ARRA funds are estimated to be approximately \$85,000. Additionally, \$260,000 of Federal stimulus funds will be received in lieu of General State Aid. Another form of Federal Funding that the District will receive this year as one-time funding includes a grant of \$115,000 for the Workforce Investment Act.

Other Federal grants have not been recorded yet, while we await formal approval of grant applications and confirmation of the amount. The revenue and planned expenditures for these grants will be updated in the Final Budget.

EXPENDITURES

Total expenditures for FY 2010 will be slightly lower than the FY 2009 Amended budget. This is significant considering that the ARRA funds for the IDEA and Title I have increased expenditures by over \$500,000. Subtracting the ARRA one time expenditures from the total budget would reveal a reduction in expenditures of approximately \$533,000. This reduction is related to a reduction in staffing, retirement benefits and for costs related to the Cicero Township Treasurer's office. Cost containment efforts in the past year include:

- Reduction in Tuition costs compared to the *Five Year Financial Projections* (reduction in number of students in off-campus sites)
- Reduction in furniture and equipment purchases

- Reduction in general administration budgets
- Reduction in clerical staffing
- Reduction in public communication budget
- Reduction in Curriculum and Instruction Department budget
- Reduction in technology budget related to hardware purchases
- Restructuring of the Information Technology and Data Processing Departments.

The majority of the increases in expenditures relate to salary increases. The salaries and benefits reflect the results of contract negotiations with all bargaining units. The District will be in the third year of a five year agreement with the Faculty Senate. Faculty salary increases are indicated in the table below. Included in the agreement are several features including an adjustment to the retirement compensation in order to meet the 6% limitation in the final years of service, a transfer of retirees to the state medical plan rather than the District medical plan beginning with retirements at the end of FY 2007, and an increase in the employee participation rate for medical insurance. Additionally, the parties have agreed to phase-out the end of career retirement "bumps" in salary in exchange for a 403 (b) match over the employee's career, after reaching tenure. This change reduces the cost for the District and increases the amount available at the time of retirement for the employee.

The District has experienced a reduction in the cost of benefits. This is due to the sunset of previous retirement plans, i.e., the five year annuities and the three year 20% bumps, and the ERO penalties diminishing along with fewer individuals on the District's health plan and a greater employee participation rate for medical benefits. Due to the impact of recent legislative action capping end-of-career salary bumps at 6% without a penalty, several faculty and administrative members have formally requested retirement at the end of the FY 2010. This budget reflects the cost of the related end-of-career salary bumps, 6% penalty and estimated ERO payments. The change in legislation and in the contract with Faculty members is a long-term savings for the District. The benefit of these savings is beginning to be realized as the current annuity system begins to sunset and as the 403 (b) match begins to be phased-in. The total budget related to retirement annuities and ERO penalties was \$1.1 million for FY 2009 and will be approximately \$290,000 in FY 2010; a reduction of \$800,000.

The District is presently negotiating contract agreements with the Service Employees International Union Local 73 for the Classified Personnel and for the Safety and Support personnel. The contracts for both groups expires effective June 30, 2009.

| | FY 2007 | FY 2008 | FY 2009 | FY 2010 | FY 2011 | FY 2012 |

| Administration | | | 5.0% | 1.5% | | |

Chart 3.15 Contract Salary Increases & Length of Contract

** Union members will receive a bridge payment to move from the pre-pay manual system of payroll to the post pay electronic system. Each member will receive two weeks pay (40 hours) at straight time.

Faculty staffing will increase 2.0 Full Time Equivalents (FTE) over last year's total. In addition, two faculty members will be on sabbatical leave. The increase in staffing is due to several factors. There will be a slight increase in enrollment of approximately 14 students, the average number of courses each student has registered for will increase and the number of courses will increase. The estimated additional cost is \$147,000. The sabbatical leaves are not included in the faculty FTE total reflected in the summary report.

Classified staffing will decrease by 5.68 FTE. This decrease includes the elimination of two Division Head Secretarial positions, two Support Services secretarial positions, and the position of Attendance Coordinator. The total annual savings will be approximately \$319,000.

Non-affiliated staffing will decrease by 1.22 FTE. In the non-affiliated management group, there are some uncertainties that remain. There are several positions open in the Technology Department. A new position of Chief Information Officer has been created and the new CIO will join the District Leadership Team. The position of Assistant Superintendent of Operations has been eliminated and the department personnel will be transferred to the Data Processing Department as a part of the reorganization of the Technology Department. The Chief Financial Officer and the Director of Buildings and Grounds will assume responsibilities for the Operations and Maintenance Department and for construction projects. An administrative position in the Special Education Department was eliminated and combined with a clerical position, reducing the total FTE by 1.0 in that department.

A *Fiscal Year 2010 Certified/Non-Certified Staffing FTE Report for Budgeting* table summarizes the total staffing and is located in the Information Section of this document.

| Staff FTE | Description | |
|------------|---|--|
| 2.6 | English, including Learning Seminar and Reading Support | |
| 1.0 | Guidance | |
| 3.0 | Math | |

Other Expenditures

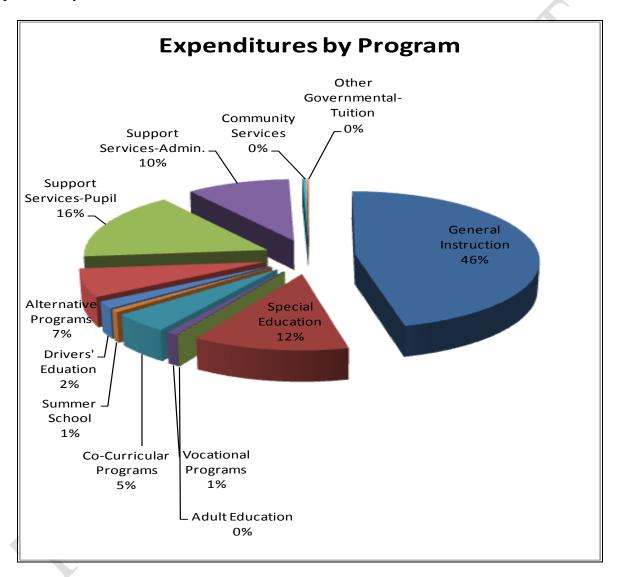

General Instructional expenditures will decrease by \$483,753. Although salaries will increase in General Instruction by over \$457,000, costs for benefits will decrease by approximately \$983,000 creating the net decrease in expenditures in this category. Contract services have increased by \$132,000. This increase is related to the reorganization of the technology department and the utilization of contract services for network maintenance, rather than using District personnel. Capital expenditures for furniture and equipment will decrease by \$80,000.

The reduction in Support Services-Administration is due to a one time expenditure of \$600,000 in FY 2009 for the closing of the Cicero Township Treasurer's Office. This expenditure will not be repeated in FY 2010 and the District will have an annual savings of \$100,000 due to the elimination of the annual charges related to mandatory membership in the office.

| Expenditures: | FY 2009 | FY 2010 | % |
|----------------------------|---------------|---------------|---------|
| General Instruction | \$ 21,065,266 | \$ 20,572,513 | -2.34% |
| Special Education | 5,177,469 | 5,592,252 | 8.01% |
| Adult Education | 19,910 | 20,282 | 1.87% |

| Total Expenditures | \$ 44,525,606 | \$ 44,493,010 | -0.07% |
| | | | |

Chart 3.17 EDUCATION FUND COMPARATIVE ANALYSIS BY PROGRAM

Increases in the Vocational Programs relates to the Federal Stimulus Funding for the Workforce Investment Act. This special onetime grant of \$115,000 will provide community based summer jobs for District students. The District anticipates the employment and transportation of approximately 50 students.

The combined categories of general instruction, drivers' education, special education, vocational programs, alternative programs and tuition represent 68.33 % of the Education Fund budget compared to 68.17 % in FY 2009 and 66% in FY 2008.

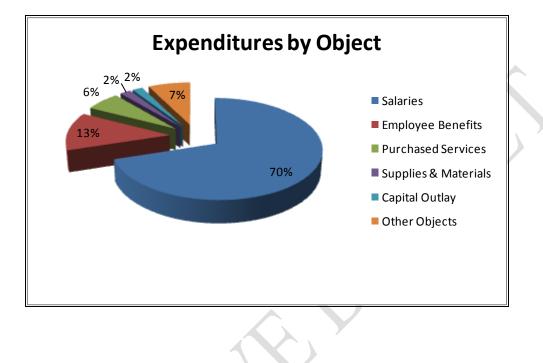

| Expenditures: | res: FY 2009 FY 2010 | | % Increase |
|----------------------|----------------------|---------------|------------|
| Salaries | \$ 30,018,283 | \$ 31,189,270 | 3.90% |
| Employee Benefits | 6,658,438 | 5,553,667 | -16.59% |
| Purchased Services | 2,881,311 | 2,755,379 | -4.37% |
| Supplies & Materials | 865,173 | 852,945 | -1.41% |
| Capital Outlay | 762,905 | 833,803 | 9.29% |
| Other Objects | 3,339,496 | 3,307,946 | -0.94% |
| Total Expenditures | \$ 44,525,606 | \$ 44,493,010 | -0.07% |

Chart 3.18 EDUCATION FUND COMPARATIVE ANALYSIS BY OBJECT

The large decrease in employee benefit costs is reflective of the collective bargaining agreement with faculty, which has reduced retirement and medical benefit costs. The District is beginning to realize the long term benefit of this cooperative effort as the previous retirement plans sunset. Total contract services will decrease by 4.37% due to the FY 2009 onetime payment of costs related to the abolishment of the Cicero Township Treasurer's office.

Due to Illinois Program Accounting Manual (IPAM) changes in the account code structure, tuition costs for students placed out of the District are allocated in the program areas of Alternative Programs and Other Support Services-Students and are reflected as Other Objects. Total Tuition for FY 2010 is expected to be \$2,983,000, which is a slight decrease from FY 2009.

Total salaries and benefits are estimated to be 82.6% of the Education Fund budget, which is consistent with FY 2009 and .4% lower than FY 2008.

FUND BALANCE

The *OPRF Five Year Plan* provides for an improvement in the fund balance over the next several years in order to reestablish a reserve for cash flow purposes, to fund the new *Initiatives* for the foreseeable future and to extend the anticipated date of another referendum increase until approximately 2018. The Board of Education has adopted a new Financial Planning Resolution. This resolution provides specific direction for future funding and expenditures for the District.

WHEREAS, the current Illinois school funding structure, including the Property Tax Extension Limitation Law (PTELL), along with significant unfunded federal and state mandates, place an undue burden on the residential property taxpayers of Oak Park and River Forest, and

WHEREAS, it is the primary duty of the Board of Education of Oak Park and River Forest High School District 200 (the "District") to sustain, protect, and improve the quality of public secondary education in this district, and

WHEREAS, the current long-range financial plan of this district, through the year 2018, involves taxing at the current rate (plus increments not to exceed the lesser of the Urban Consumer Price Index or 5%), and spending at a rate that is likely to exhaust general fund balances and cash reserves, and if so, would require the Board to request another tax increase in order to continue that established rate of spending, and

WHEREAS, we believe that a future referendum for a higher taxing level would not be supported by our taxpayers,

BE IT RESOLVED that the Oak Park and River Forest District 200 Board of Education will embark of a course of action which will result in

- 1. the development of a long range financial model which is based on the premise that, for the foreseeable future, this district will manage its income and its expenditures such that there will be no need to ask for further tax rate increases that extend beyond the limits of the Urban Consumer Price Index;
- 2. a method for setting educational priorities in such a way that necessary changes in educational strategies can be managed by changing spending priorities, rather than by seeking higher tax revenues;
- 3. the District taking an active role in seeking to change the public school funding mechanism in the State of Illinois, along with forming the ability to adapt quickly to any such changes, and
- 4. a practical showing of its determination to take every available opportunity over the next ten years to contain costs in ways that balance both the District's ability to sustain its financial health and deliver the highest quality of educational services.

BOOKSTORE FUND

The Bookstore Fund is for the recording of revenue and expenditures related to the District Bookstore.

REVENUE

Revenue in the Bookstore Fund is generated by the sale of books and supplies to students. The Bookstore is a self-supporting fund, which is intended to operate at or near the break-even point plus an allowance for surplus to provide for planned future equipment replacement needs. The District Bookstore is operated similar to a college bookstore. Students purchase the books that they need for the year and are able to sell back books that can be sold as "used" at a future time. The District provides books for loan to students in financial need. If students qualify for free lunch, the District waives books fees and loans books to students. The loaned books must be returned at the end of the semester.

EXPENDITURES

The Bookstore staff is comprised of .8 FTE support staff, 1.0 FTE clerical staff and a 1.0 FTE bookstore manager. The Bookstore also employs students in the summer months to prepare, sort and distribute books to students.

A slight increase in revenue and expenditures of this fund relates to the increased number of sections and the cost of the materials.

FUND BALANCE

The Bookstore must maintain an adequate fund balance at June 30 of each year in order to advance purchase books for the following school year.

FOOD SERVICE FUND

The Food Service Fund is for revenue and expenditures related to the Food Service preparation and serving for Districts 200 and 97.

REVENUE

Revenue for the Food Service Fund is generated by breakfast and lunch sales to students and staff. In addition, the OPRFHS food service department provides catering for special events. Additional revenue is received from state and federal sources for the early morning breakfast program and reimbursement for free and reduced lunches that are provided to students.

The Food Service Fund is a self-supporting fund, which is intended to operate at or near break even including an allowance of surplus to provide for planned future equipment replacement needs.

The budget reflects an increase in revenue and expenditures. The District has completed a successful second year providing food service to District 97. This cooperative agreement benefits both Districts and the community overall by lowering the cost of food services using economies of scale utilizing District 200 staffing and equipment.

EXPENDITURES

The Food Service staff is comprised of 17 FTE cooks and servers, 1.0 FTE clerical staff, 1.0 FTE Director and 1 FTE Asst. Director. The District has one kitchen and three cafeterias: the South Café for upper classman (open campus), the North Café for freshman (closed campus) and the Staff Café for District events and meetings and for community groups using the District facilities. Breakfast service, lunch service and after-school snack service is provided.

In FY 2008, District 200 purchased a new oven, one new van and hired one additional food preparation person in order to implement the new IGA with District 97. These costs were advanced by District 200 and will be paid back through lunch prices. The cost of the new equipment was approximately \$113,000. The purchase of the new oven has eliminated fried foods from the menu of both school districts. The second year of the IGA with District 97 was highly successful and the District expects to recoup the initial start up costs earlier than originally expected.

The District Wellness Committee has recommended the Alliance for a Healthier Generation food guideline to the Board of Education. The students presently enjoy an open campus at lunch time and are free to eat at many local restaurants within walking distance of the school building. The Director of Food Service estimates that revenues may be reduced by as much as \$100,000 and approximately 5 staff member would need to be released if the guidelines limiting food served are implemented.

FUND BALANCE

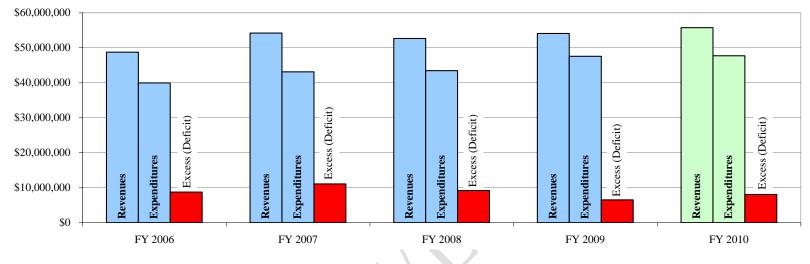

The Food Service Fund balance has been partially depleted over the past several years due to equipment and furniture replacement needs. The positive change in fund balance this fiscal year is reflective of the purchases mentioned above and indicates the reimbursement of the cost for equipment purchases through lunch prices.

District 200 will continue its program of increasing the fund balance over time in order to replace equipment in a timely fashion.

OPERATIONS & MAINTENANCE FUND

The Operations and Maintenance Fund is for revenue and expenditures related to the operations and maintenance of the grounds and facilities including utilities.

REVENUE

Revenue for the O & M Fund is primarily provided from local property taxes. The O & M Fund is a fund limited by the "tax caps". Other local sources of revenue are interest income, Corporate Personal Property Replacement Taxes (CPPRT) and facility rental income. The District began recognizing CPPRT in the O & M Fund in FY 2003 along with other appropriate expenditures that were previously paid for in the Education Fund.

Other Sources of Revenue are budgeted to decrease. Corporate Personal Property Taxes is an exceptionally volatile source of revenue and has declined significantly due to the economic downturn

EXPENDITURES

Expenditures in the O & M Fund are for purposes of maintenance, cleaning and upkeep, and refurbishing of the district facilities. These expenditures include salaries, supplies, contracted services, equipment needed to provide these services and construction costs.

Beginning in FY 2008, utility expenses of approximately \$1,275,000 were transferred from the Education fund and are now recognized annually in the O & M Fund.

By the end of FY 2008, the Restricted Building Fund balances were depleted. The O & M Fund will now shoulder the burden of costs related to the continued maintenance of the vintage building. The *OPRF Five Year Plan* reflects annual budgets of approximately \$1,200,000 for this purpose. It will be important to sustain cost containment in the O & M Fund in order to ensure that facility maintenance is not deferred, thereby significantly depreciating the value of the District's and communities' valuable asset. It is important to maintain this objective due to the limited borrowing capacity of the District imposed by law. The District has no excess capacity for borrowing until after FY 2018.

Expenditures in the O & M Fund relate to facility improvements, which will now be reflected in the O & M Fund rather than the Restricted Building Fund. The Restricted Building Fund has been combined with the O & M Fund and the remaining fund balance will be used for facility improvements. Planned capital expenditures in the O & M Fund include improvement to two science labs, HVAC improvements, window repair in the 3 east gym, resurfacing the tennis courts, and a stadium sound system.

The District recently completed negotiating a four year contract with the Buildings and Grounds Custodial and Maintenance, Service Employees International Union, Local 73. The contract agreement includes salary increases of 0% in FY 2009 and 1.5% increases for

the next three years. The agreement provides for a new electronic timekeeping system to be implemented effective July 1, 2009, and for a two week payment of salary as a bridge payment to implement the system.

The transfer category is the interest income earned in the Bond and Interest Fund. This amount is transferred to the O & M Fund at the end of each year.

FUND BALANCE

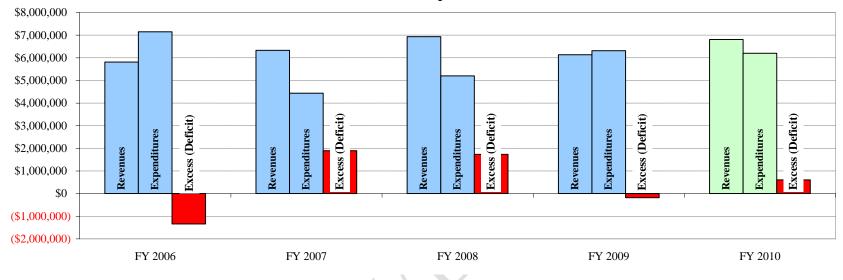

The District continues to improve the fund balance in the O & M Fund in order to fund future building projects. It will be important to sustain cost containment in the O & M Fund in order to ensure that facility maintenance is not deferred, thereby significantly depreciating the value of the district's and communities' valuable asset. It is important to maintain this objective due to the limited borrowing capacity of the District, imposed by law.

DEBT SERVICE (BOND AND INTEREST) FUND

The Debt Service Fund is to account for the accumulation of resources for, and the payment of, principal and interest on general long-term debt, and related costs.

REVENUE

Revenue for the Debt Service Fund is provided from local property taxes. The Debt Service Fund is a not limited by "tax caps". However, it is limited by the amount of debt service that can be paid by the District on an annual basis. The legal maximum allowable amount was established with the PTELL law of 1995 and restricts future bond issuances to the aggregate debt service extension base arising from the 1994 tax levy. This, in effect, limits the District to \$2,267,401 in annual debt service payments. The District currently has debt service commitments at or near the maximum level until the year 2016. The category titled Other Local Sources of revenue is interest income.

EXPENDITURES

Expenditures are for debt service commitments only. As allowed in state statue, the excess interest income is transferred to the Operations and Maintenance Fund on an annual basis. In addition, the amount equal to the annual debt payment for the 2004 issue of \$8.4 million dollars for the roofing project is transferred from the Life Safety Fund to the Bond & Interest Fund in order to make that debt payment.

During fiscal year 2005, the District issued an additional \$1,675,000 G.O. Limited Tax School Bonds in order to complete renovation projects in the Food Service areas. The debt payments will be made from the Bond & Interest Fund and fall within the maximum level. This debt will expire in 2017.

FUND BALANCE

The fund balance is intended for cash flow purposes for future debt payments.

TRANSPORTATION FUND

The Transportation Fund is for revenue and expenditures relating to the transportation of special education students to and from school, for off campus students for field trips and for athletic and activity events.

REVENUE

Revenue for the Transportation Fund is provided from local property taxes. The Transportation Fund is a fund limited by "tax caps". The District also receives a state reimbursement for special education transportation. The category titled Other Local Sources of revenue is interest income.

EXPENDITURES

Oak Park and River Forest High School is located in an urban, residential community with excellent public transportation and encompasses 6.9 square miles. Most students walk to school, provide their own transportation or use public transportation. The District contracts with a bus service to provide to-and-from school bus service to special education students with special needs. The District also contracts bus service for curriculum purposes for special education, athletic events, activities and field trips.

In fiscal year 2004, the District replaced three of its aging passenger vans, which are used for special education and other activity uses for small groups of students, with two newer eight-passenger vans and with two new fifteen-passenger activity buses. The District purchased one additional mini bus during FY 2007. This mini bus accommodates up to four students in wheelchairs and three additional students in seats. The purpose of the vehicle is intended for community trips as a part of the special education program. These new vans and buses have reduced the district's reliance on contracted services and provide safe transportation for students. The District has experienced a savings in the amount of contract services that have more than offset the purchase of the vans and buses. During FY 2010, the District plans to replace the two activity buses, and two vans. The District also plans to purchase an additional handicapped equipped mini-bus for the special education program with Federal IDEA funds.

The District is presently under contract for Special Education and activity transportation needs. Grand Prairie has been awarded the Special Education transportation contract, and R & D has been awarded the Athletics and Activity transportation contract. The District has a three-year contract with each company. The increase in planned expenditures is due entirely to the purchase of the above mentioned vehicles. There is a slight decrease in expenditures for special education transportation.

FUND BALANCE

The Fund balance is intended for vehicle replacement and for cash flow purposes.

MUNICIPAL RETIREMENT/SOCIAL SECURITY FUND

The IMRF Fund is to account for the District's portion of pension contributions to the Illinois Municipal Retirement Fund and for Social Security benefits for non-certified employees.

REVENUE

Revenue for the IMRF Fund is provided from local property taxes. Although there is no tax rate limit, the IMRF Fund is a part of the "tax cap" extension limitation and is therefore limited much the same as the other funds under the "tax cap". The category titled Other Local Sources of revenue is revenue from CPPRT and interest income.

EXPENDITURES

Annual expenditures in the IMRF Fund are for payments to the Illinois Municipal Retirement Fund and for Social Security payments to the IRS on behalf of non-certified personnel. The IMRF rate imposed by the State continued to escalate through FY 2007 and has become a complicating factor in maintaining a positive fund balance. The increase in expenditures for this fund relate to an increase in the IMRF rate. The rate will increase to .1179 on January 1, 2010. This increase is due to significant impairment of IMRF assets due to the economic downturn. IMRF has advised school districts to expect continued increases in the IMRF rate over the next several years until the fund is able to recover necessary fund balances.

| Fiscal Year | Rate |
|--------------------|-------|
| 2004 | .0737 |
| 2005 | .0859 |
| 2006 | .0939 |
| 2007 | .0961 |
| 2008 | .0890 |
| 2009 | .0866 |
| 2010 | .1179 |
| | |

Several categories of expenditures appear as though they have increased or decreased at rather large percentages although the overall increase is 7/61%. The unusual changes are due to the reclassification of division secretaries from administration to instructional and building administration from general administration to school administration.

FUND BALANCE

The fund balance is expected to increase approximately \$298,000. The fund balance had been reduced prior to the 2002 referendum by under-levying in this fund in order to support the Education Fund. The District plans to maintain a fund balance adequate to fund increases in the IMRF rate.

FIRE PREVENTION & LIFE SAFETY FUND

The Fire Prevention and Life Safety Fund (Life Safety) is to account for state approved fire prevention and safety construction projects through the issuance of general obligation bonded debt.

REVENUE

Revenue for the Fire Prevention and Safety Fund is provided from Local Property Taxes. The Fire Prevention and Safety Fund is a fund limited by "tax caps." The new legal maximum allowable rate is .10 cents per \$100 of EAV. The category titled "Other Local Sources" is interest earnings. The District must have Life Safety amendments approved and on file at the State to collect the Life Safety levy.

The District previously had several approved amendments that were in the process of being completed. Those amendments included roof replacement for a value of approximately \$8.4 million dollars, pool restoration for a value of approximately \$1.0 million dollars and various amendments for asbestos removal, and indoor air quality. During fiscal year 2004, the District borrowed \$8.4 million dollars to complete a roofing project. The District will continue to levy an amount equal to the annual debt payment in order to repay the debt. An annual transfer for the amount equal to the debt payment will be made to the Bond & Interest Fund in order to make the debt payment.

The District maintains a Five Year Life Safety Plan and will continue to Levy funds to meet the requirements of the plan.

EXPENDITURES

During summer 2009, the District will commence projects that were approved in the life safety master plan. These projects include asbestos removal in the science labs, HVAC repair and replacement, and stadium waterproofing, A transfer of \$618,263 will be made to the Bond and Interest Fund in order to pay the debt for the previous roof replacement project

FUND BALANCE

The fund balance in this fund is depleted as Life Safety Amendments are completed.

WORKING CASH FUND

The Working Cash Fund is to account for financial resources held by the District which may be temporarily loaned to other funds.

REVENUE

Revenue for the Working Cash Fund is provided from local property taxes. The Working Cash Fund is a fund limited by "tax caps". The legal maximum allowable rate is \$.05 per \$100 of EAV. The category titled Other Local Sources of revenue is interest income.

EXPENDITURES

There are no planned transfers from this fund. In previous years, transfers have been made to the Education Fund.

FUND BALANCE

Due to the heavy reliance on property taxes, the District receives its primary revenue in two installments, one installment in the spring and one installment in the fall. This creates a need for fund balances in order to meet the operating demands of the District between property tax payments. The Working Cash fund balance was depleted in advance of the 2002 referendum and used to sustain the Education Fund, which is restricted by "tax caps". The 2002 referendum increased the allowable tax rate in the Education Fund and allowed the District to increase the levy amount. This has eliminated the need for a transfer from the Working Cash Fund to the Education Fund. The District will now re-establish an adequate Working Cash fund balance for cash flow purposes.

TORT IMMUNITY FUND

The Tort Immunity Fund is for revenue and expenditures related to legal and insurance needs of the District.

REVENUE

Revenue for the Tort Immunity Fund is provided from local property taxes. Although there is no tax rate limit, the Tort Immunity Fund is a part of the "tax cap" extension limitation and is therefore limited much the same as the other funds under the "tax cap."

EXPENDITURES

Expenditures in the Tort Fund relate primarily to the cost of the District's property and liability insurance and for pending or potential litigation purposes. Other expenditures relate to the purchase of supplies, equipment or repairs that protect the safety of students. There are planned expenditures of approximately \$61,250 to enhance the security camera system and lock systems, \$48,000 to improve the safety of the weight room equipment, \$45,000 for bleacher safety and \$12,600 for safety of swim equipment.

The premium costs for the District property and casualty insurance will increase 6% in FY 2009. Workers' Compensation insurance premiums will decrease by 17%.

FUND BALANCE

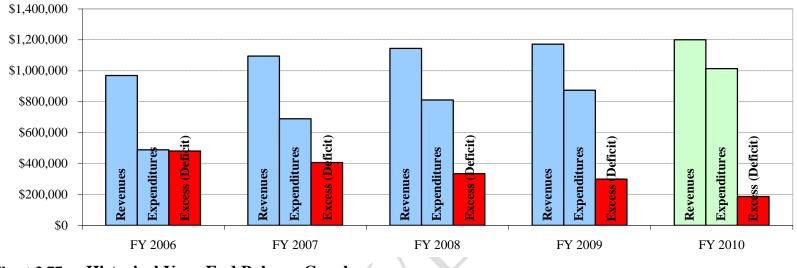

The *OPRF Five Year Plan* provides for an improvement in the fund balance over the next several years in order to maintain a sufficient reserve for unexpected litigation or safety needs.

SELF-INSURANCE FUNDS—INTERNAL SERVICE FUNDS

The Internal Service Funds are intended to account for business-type activities, and include the Self Insurance Medical, Dental and Workers' Compensation Funds. The Illinois State Board of Education does not recognize self insurance funds and therefore, the balances are eliminated in consolidation and the net surplus/deficit is added to the Educational Fund Instructional program in the benefits object for the ISBE AFR. However, for purposes of GAAP reporting, the Self Insurance Funds are separate and distinct from the Governmental Funds and are presented as supplemental in the CAFR. This presentation is consistent with the GAAP presentation in the CAFR.

REVENUE

The Self Insured Dental and Pharmacy Funds were established in FY 2003 in order to provide better accountability and tracking of self-funded insurance programs and to conform to Generally Accepted Accounting Principles. The District annually establishes a premium amount sufficient to meet expected claims during the policy period, and then charges the staff for its portion of the premium and records the District's portion of premiums. These premiums are recorded as revenue in the internal service funds and expenditures in the other funds.

Effective January 1, 2007, the District implemented a self-insured medical plan for the PPO low deductible and PPO VEBA high deductible medical plans. These plans have been added to the previous fund titled Pharmacy Self Insurance Fund. The slight increase of 1.76% in revenue and expenditures are directly related to the BCBS and Drug Card renewal effective January 1, 2009, and to the migration to lower cost plans by employees and fewer retirees on the plan. Faculty retirees now access the State TRIP insurance plan rather than the District insurance plan. A positive change in fund balance in the Medical Insurance Fund reflects a planned increase in the reserve for future claims.

EXPENDITURES

Expenditures for the funds are paid claims and administrative fees during the policy period. There is typically a lag in time between when a claim is incurred by the insured and when it is reported and paid by the District. For pharmacy claims, this is typically two weeks to one month, for dental and medical claims this is typically one to three months.

FUND BALANCE

The District will be accumulating a reserve in each fund that approximates three months of claims.

In July 2006, the District renewed the Workers' Compensation Insurance with the SELF cooperative pool, taking advantage of the high deductible partially self-insured option. In December of 2006, it became apparent that the SELF cooperative pool was experiencing significant structural instability due to districts with excessive losses. An attempt by the pool's executive board to help these districts migrate to a high risk insurance alternative was unsuccessful. In January of 2007, the Board of Education approved a

resolution to withdraw from the pool and seek outside bids for insurance. As a part of that process, the District received and accepted an insurance bid from CLIC. The District can now consider transferring the remaining Workers' Compensation fund balance to the Tort fund for future premiums.

Debt Margin

Chart 3.86 Calculation of Statutory Debt Limitation and Debt Margin

| 2007 Equalized Assessed Valuation | \$ 2,053,605,186 |
|-----------------------------------|---------------------|
| Percentage Limitation | 6.9% |
| Statutory Debt Limitation | \$ 141,698,758 |
| Less: Outstanding Bonds | \$ 24,819,501 |
| Debt Margin | \$ 116,879,257 |

According to the Illinois School Code, school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate not exceeding 6.9% on the value of the taxable property. Unit districts shall not become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property.

Additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

There is an increase in enrollment by not less than 35% or by not less than 200 students.

The Regional Superintendent of Schools and the State Superintendent of Education concur in enrollment projections and the estimated costs of the new buildings.

The voters in the school district approve a proposition for the issuance of the bonds.²

In summary, the District has a large debt margin available for future bond issues.

Major Capital Improvement Projects

The District is not embarking on any major construction projects and does not intend to do so in the foreseeable future. The building capacity is adequate and student enrollment is not increasing.

Construction Improvements

The District continues remodeling and maintenance projects for the vintage building. The costs for these projects are reflected in the O & M Fund. The District also continues construction projects related to the Life Safety Plan. These costs are reflected in the Life Safety Fund.

Five Year Capital Plan

WE ARE PRESENTLY UPDATING THE PLAN. TO BE ADDED LATER.

Local Property Tax Rates

The primary source of revenue for the District is local property taxes. It represents 82.5% of all governmental fund revenues. Illinois real property values and related taxes are established on a calendar-year basis. Property assessments for the 2008 calendar year provide the basis for property tax revenues distributed in calendar year 2009. Due to the distribution method of property taxes in Cook County, which distributes taxes in March at one half of the prior year's amount and then a catch-up payment in the fall, the District will receive the entire catch-up of the 2008 levy in the fall of 2009. The CPI used for the 2008 levy was 4.1%. The CPI that will be used for the 2009 levy will be .1%. Each levy also includes an increase in revenue generated by new property is generally a very small amount due to the location of four Tax Increment Financing (TIF) districts within the District boundaries.

Currently, there are 4 TIFs within the District's boundaries:

- Downtown, Oak Park (Lake Street from Harlem to Euclid)
- Madison Street, Oak Park (Madison Street from Harlem to Austin)
- Garfield, Oak Park (South of I290)
- > Town Center, River Forest (Lake Street west of Harlem)

The River Forest Town Center TIF is due to expire on December 31, 2009. The incremental EAV will be released for the 2010 Levy. Presently, the TIF has a surplus of approximately \$10 million. The Village of River Forest is considering possible projects to use the funds before the TIF ends. If the funds are not used for economic development, the Village of River Forest will declare a surplus and distribute the funds to the taxing bodies.

The Madison Street TIF in Oak Park is due to expire in 2018. However, a settlement agreement provides for 100% distributions of funds after 2010.

In February of 2003, Districts 200 and Oak Park Elementary District 97 entered into an intergovernmental agreement with the Village of Oak Park (the Village) which is designed to share with the schools tax revenue generated by the Oak Park Downtown TIF. This agreement specifies predetermined intervals in which the Village will "carve-out" new property value from the TIF, thereby shifting the tax proceeds from the TIF District to all other taxing bodies. This agreement allows the District to collect taxes in excess of the PTELL limitation without increasing taxes to local taxpayers. The downtown TIF district is due to expire in 2018. The Village "carved out" a value of \$19,439,935 in EAV for the 2003 levy and an additional \$6,527,606 of EAV for the 2005 levy. The next "carve out" of \$20,345,170 in EAV was scheduled for release with the 2007 levy. The Village is required to pay the cash value of the "carve out" of \$20,345,170 in EAV to the school districts. District 200 expects the Village to honor the agreement and has therefore included the expected revenue as Other Local Sources of Revenue, as required by the new IPAM changes. The entire amount is budgeted as revenue in the Education Fund.

Equalized Assessed Valuations (EAV) is designed to assure equal valuation treatment across Illinois. EAV represents the taxable property base for schools as certified by the Illinois Department of Revenue. Each board of education makes an annual levy in terms of dollar amounts and certifies this levy to the county clerk. The county clerk is responsible for making extensions of taxes levied within the constraints of the school district limitations. Tax rates for school districts are related to specific purposes. School districts in Illinois are subject to various limitations in property tax rates for each purpose (see table below). These rates can be increased through voter referendum, but not exceeding a maximum statutory tax rate. A tax rate in Illinois reflects the dollars levied per \$100 of EAV of real property. Dividing the dollar amount of the tax levy by total EAV of the taxing district and multiplying the product by 100 calculates the tax rate.³

| | Maximum | Extended | |

Chart 4.05 2007 Maximum and Extended Tax Rates

The property tax is a fairly consistent tax, but with the passage of the Property Tax Extension Limitation Law (PTELL or "tax cap") in 1995, the growth of revenue is now limited to the lesser of 5% or the Consumer Price Index (CPI). A fundamental structural imbalance exists in this funding formula because most of the costs related to the delivery of public education exceed CPI. The PTELL coupled with the lack of new Equalized Assessed Value (EAV) revenue generated by new construction, will eventually cause the need for the District to request a referendum property tax increase.

The "tax cap" law was designed to reduce the rate of growth of property taxes for the individual taxpayer. The law allows the District to seek referendum approval to increase the total tax rate. This reliance on taxes makes the District vulnerable to political pressures to limit property taxes.

³ Source: Illinois School "Law Survey; Sixth Edition

Tax extension increases are governed by the increase in the (EAV) and the PTELL. The total tax extended by the County Clerk may increase by a limited amount each year. Within that aggregate increase, the District has authority to distribute the tax to the prescribed individual funds as long as the distribution stays below the fund rate ceiling that is prescribed by law. The method this District follows is to find the new aggregate limit by multiplying the previous year's tax extension by the new PTELL limit, then adjusting individual levies so as not to exceed its rate ceiling. In previous years, this has allowed the District to adjust down certain levies and give the Education Fund the highest priority. Since the communities of Oak Park and River Forest approved an Education Fund rate increase in the spring of 2002, the District has adjusted the levy distribution in order to allow for an improvement of fund balances in the Education Fund s.

During the fall of 2005, the Board of Education carefully reviewed and considered the PTELL Rate Increase Factor law (35 ILCS 200/18-230). The Rate Increase Factor is a calculation added to the annual levy calculation after a district successfully passes a referendum. For districts that are "capped", the factor remains a part of the annual calculation for 4 levy years after the year of the referendum. This enables tax capped districts to eventually levy the full-authorized rate by using a phase-in method over a 4-year period. The 2005 levy, authorized by the Board of Education (BOE) in December 2005, was the 4th and final year for the phase-in option. The maximum 2005 levy with the rate increase factor was estimated to be approximately \$56,332,000 using an EAV estimate of 7% higher than 2004 EAV times the referendum rate of \$2.95. Due to the costs related to a mandated increase in graduation requirements, the *Initiatives* and special education requirements, the BOE voted to partially phase-in the total referendum rate allowable and approved the 2005 levy amount at \$50,200,000, approximately ½ of the legal increase permitted by law.

The "Tax Cap," slows the growth of revenues to school districts and reduces the tax rates when property values and assessments increase faster than the rate of inflation. Below are the annual increases in the tax extension from 2005 through 2012.

Major Revenue Assumptions

The Property Tax Cap limits year-over-year revenue growth to the Consumer Price Index (CPI) plus dollars from New Growth. The following table and graph show what the increases have been and are projected to be.

Chart 4.06 Annual Increases in Tax Extension Table

| Tax Year | 2005 | 2006 | 2007 | 2008 | 2009 | 2010 | 2011 | 2012 |

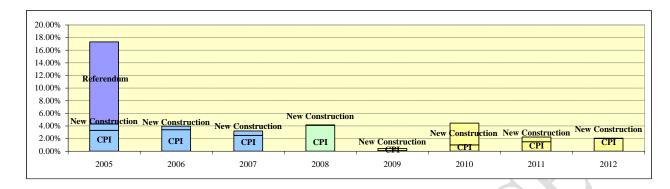

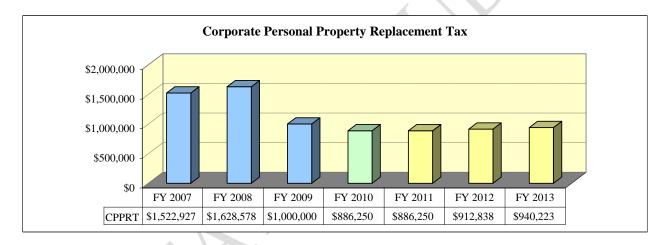

Chart 4.07 Annual Increases in Tax Extension Graph

Corporate Personal Property Replacement Tax

Chart 4.08 Corporate Personal Property Replacement Tax

The other major source of locally related revenue is Corporate Personal Property Replacement Tax (CPPRT) revenues. Until 1979, Illinois Law allowed the taxation of the personal property of businesses. This revenue source was eliminated in 1979 and replaced with an alternative tax on Illinois businesses. The CPPRT imposes a state collected tax on the net income of the business (corporations, partnerships, and trusts) and an invested capital tax on utilities. The proceeds of this tax are distributed to local taxing bodies in proportion to the relative share of personal property taxes received by these local taxing bodies prior to 1979.⁴ The CPPRT is directly influenced by the State's economy. The District records the CPPRT revenue in the O & M fund and a portion in the IMRF Fund as required.

⁴ Source: Illinois State Board of Education; State, Local and Federal Financing for the Illinois Public Schools, 1998-1999.

General State Aid

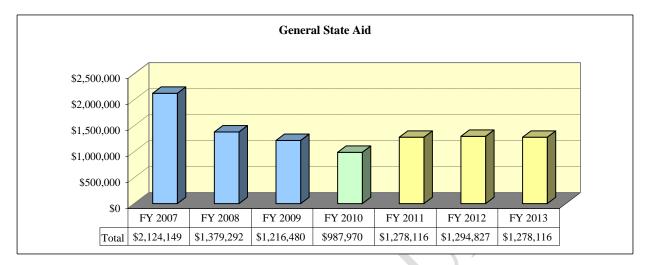

Chart 4.09 General State Aid

Another major source of revenue is General State Aid. The General State Aid formula is a foundation approach with three separate calculations depending on the amount of property wealth of the local school district. The first formula is referred to as the "Foundation" formula. Most districts receive General State Aid under this formula. Districts qualifying for this formula have available local resources per pupil less than 93% of the foundation level. The second formula is the "Alternate" formula. Districts qualifying for this formula have available local resources per pupil at least 93% but less than 175% of the foundation level. The third formula is the "Flat Grant" formula. Districts qualifying for this formula have available local resources per pupil at least 175% of the foundation level. The District receives revenue based on the Alternate Method, which is approximately \$364 per Average Daily Attendance (ADA)

A significant portion of the General State Aid formula is the setting of the foundation levels in statute and the guaranteed funding of those levels of support. Foundation level set for 2008-2009 was \$5,959. The General State Aid calculation is based on average daily attendance figures, using the best three months of the preceding year. The State of Illinois has not yet determined the Foundation level for the 2009-2010 school year. In addition, the first five payments of State aid will be paid from Federal Stimulus funds and are therefore recorded as Federal funds. The decrease in General State Aid in the 2008-2009 year is due to the payment of State aid with Federal Stimulus funds.

The State of Illinois has not yet determined the GSA Foundation level for FY 2010 or the funding level for the categorical aid. The District is not significantly impacted by the GSA Foundation level because it receives funding according to the Alternate Formula. The District has estimated all State revenue based on the prior year calculations less the amount of State aid that will be paid by the federal government.

Other Categorical State Aid

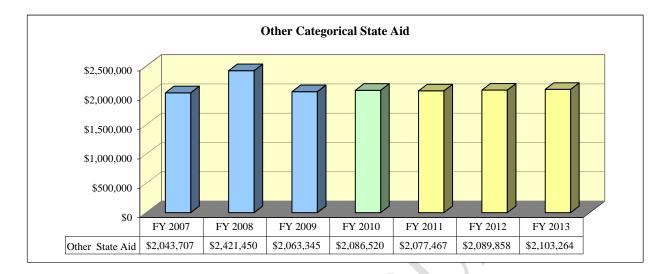

Chart 4.10 Other Categorical State Aid

Other major state financial support for schools is in the form of categorical and special program grants and grants for school reform and improvement initiatives. State categorical grants provide funds for special education, transportation, vocational education, school lunch and breakfast, textbooks, adult education, school construction, and gifted and remedial student programs.⁵

These state aid payments fluctuate each year depending on district costs, state funding levels for categorical grants and continuation of state grant funding for specific programs.

Significant Expenditures

Salaries and Benefits

The majority of District costs and annual increases relate to salaries and benefits. The majority of the increases in expenditures relate to salary increases. The salaries and benefits reflect the results of contract negotiations with all bargaining units. The District will be in the third year of a five year agreement with the Faculty Senate. Faculty salary increases are indicated in the table below. Included in the agreement are several features including an adjustment to the retirement compensation in order to meet the 6% limitation in the final years of service, a transfer of retirees to the state medical plan rather than the District medical plan beginning with retirements at the end of FY 2007, and an increase in the employee participation rate for medical insurance. Additionally, the parties have agreed to phase-out the end of career retirement "bumps" in salary in exchange for a 403 (b) match over the employee's career, after reaching tenure. This change reduces the cost for the District and increases the amount available at the time of retirement for the employee.

⁵ Source: IL State Board of Education; State, Local and Federal Financing for IL Public Schools, 1998-99.

The District has experienced a reduction in the cost of benefits. This is due to the sunset of previous retirement plans, i.e., the five year annuities and the three year 20% bumps, and the ERO penalties diminishing along with fewer individuals on the District's health plan and a greater employee participation rate for medical benefits. Due to the impact of recent legislative action capping end-of-career salary bumps at 6% without a penalty, several faculty and administrative members have formally requested retirement at the end of the FY 2010. This budget reflects the cost of the related end-of-career salary bumps, 6% penalty and estimated ERO payments. The change in legislation and in the contract with Faculty members is a long-term savings for the District. The benefit of these savings is beginning to be realized as the current annuity system begins to sunset and as the 403 (b) match begins to be phased-in. The total budget related to retirement annuities and ERO penalties was \$1.1 million for FY 2009 and will be approximately \$290,000 in FY 2010; a reduction of \$800,000.

The District is presently negotiating contract agreements with the Service Employees International Union Local 73 for the Classified Personnel and for the Safety and Support personnel. The contracts for both groups expires effective June 30, 2009.

| | FY 2007 | FY 2008 | FY 2009 | FY 2010 | FY 2011 | FY 2012 |

Contract Salary Increases & Length of Contract

** Union members will receive a bridge payment to move from the pre-pay manual system of payroll to the post pay electronic system. Each member will receive two weeks pay (40 hours) at straight time.

The District has worked diligently over the past several years to contain costs related to the employee medical and dental benefits. Medical insurance premium increases were 20% for FY 2002 and 10% for FY 2003. The FY 2003 increase was lower due to the decision to carve out and self-fund the pharmacy plan. For the FY 2004 renewal, the District interviewed and selected a new benefits broker. This new broker was able to secure a very favorable renewal increase of only 2.8%. Even though the health insurance renewal rates were favorable, the District's number of insured individuals increased by 27 due to the large number of retirements at the end of FY 2003. During FY 2005, the District worked cooperatively with the Insurance Committee and the bargaining units to initiate several plan design changes. These changes included adding a lower cost HMO plan and a Health Reimbursement Account PPO plan. During negotiations with the Faculty and Clerical and Buildings and Grounds unions, an agreement was reached to increase deductibles, co-pays and employee premium participation rates. The July 1, 2005 rate increase was 6.8%. During FY 2006 the utilization rate increased in the health insurance plans, particularly related to pharmacy costs. Therefore, the July 1, 2006 renewal for health insurance including self funded pharmacy was 10%. In January of 2007, the District moved from a fully insured medical plan with Blue Cross Blue Shield to a self funded plan utilizing the Blue Cross

Blue Shield network. The District also changed the health plan renewal date to coincide with the open enrollment period, the Section 125 calendar year renewal date and the high deductible calendar year renewal date. Effective July 1, 2007, co-pays were increased, employee participation rates were increased and certified faculty retirees now take advantage of the State health care plan rather than the District plan. The numbers of retirees on the District medical plan will continue to decline over the next several years as current eligible retirees reach age 65 and move to the State medical plan. The January 2009 premium increases were 3.2% for the HMO, 0% increase for the PPO, 4.11% increase for the PPO pharmacy and 0% increase for the HMO pharmacy.

During FY 2010, the District will continue to explore a possible Medical Insurance Consortium with other local taxing bodies in the hopes of reducing administrative, broker and access fee costs.

Bonded Debt Amortization Schedules

Bond and Interest Fund Impact Statement 2008-2024

The schedules below illustrate future debt payments from the Bond and Interest Fund. State law provides for a separate tax to be levied for payment on bonds approved through a voter referendum.

Enrollment Methodology

Enrollment projections were accomplished using a combination of statistical and analytic procedures. In updating this report, actual October 1 enrollment data was taken from the District's Fall Enrollment/Housing Report for the years 2002/03 through 2008/09. Enrollment projections for all future years were derived from data provided by Dr. John D. Kasarda, Consulting Demographer. Kasarda data incorporated recent birth trends, housing construction, housing turnover, and student migration into and from District 200.

The projections by Dr. John Kasarda were presented in three different scenarios based on the following assumptions:

| Series A: | Enrollment projection assuming future fertility rates remain fairly constant (through 2012) and both turnover of existing housing units and family in- migration <i>are less than currently anticipated</i> through the year 2018. |
|-----------|---|
| Series B: | Enrollment projection assuming future fertility rates remain fairly constant (through 2012) and both turnover of existing housing units and family in- migration <u>occur as anticipated</u> through the year 2018. |
| Series C: | Enrollment projection assuming future fertility rates remain constant (through 2012) and turnover of existing housing units and resulting family in-migration <i>are greater than currently anticipated</i> through the year 2018. |

The District has decided to follow the Series B enrollment projections but projecting enrollment inevitably introduces the possibility of error. Projecting enrollment beyond two or three years tends to increase the probability of error. To minimize the error influence and to maintain the usefulness of these projections, school districts are encouraged to frequently update these projections. This is especially important because of the changing nature of enrollment associated with accelerated residential construction. Frequent updating of the projections enables the district to identify variances that exist between the actual and projected enrollment. Doing so affords the district the opportunity to determine reasons for the variances if they exist and to make adjustments in the projections or in the process that leads to the projections.⁶

Staff Full-Time Equivalent Report **Chart 4.47**

¹ F.T.E. = Full-Time Equivalent of 1.0
 ² F.T.E. = Shown here is a summary of paid employees and excludes employees on Sabbaticals and unpaid Leaves of Absence.
 ³ F.T.E. = Spoken Word, Title I, Learning Sem./Reading Supp., FS Chair, Project Scholar, College Prep, Test Prep and Engage Learning Coordinators.
 ⁴ F.T.E. = For 2008 and beyond, FTE is reported as hours worked based on 2080 hours vs Number of Employees as in prior years.

Performance Measures

The "School Report Card," published annually by the State of Illinois, provides comparative data that can be used as indices of academic effectiveness and resource management. The School Report Card documents District 200's excellent record in the key areas of performance and accountability. The current School Report Card shows that the District's test scores and graduation rates continue to exceed state averages.

Standardized Test Scores

| Chart 4.48 | ACT Composite, Graduation Rate Chart | | | | | |
|---|--------------------------------------|----------|--------|--|--|--|
| | | District | State | | | |
| ACT | Composite | 23.5 | 20.5 | | | |
| Grad | uation Rate | 94.30% | 86.50% | | | |
| Source: 2008 Illinois School District Report Card | | | | | | |

The average ACT composite score for the OPRFHS Class of 2008 continues our long trend of beating national and state averages by 2-3 scale points. This pattern holds true when data are disaggregated by race and gender, as well, though the point differentials are more varied among the subgroups. Likewise, OPRF students are more likely than their peers across the state to achieve the College Readiness Benchmarks in each subject area. In the Class of 2008, 39% of our students scored at or above all four benchmarks, compared to 22% of students in Illinois. Compared to the Class of 2007, this year's average composite is down .3, from 23.8 to 23.5. Disaggregating average scores by race and ethnicity reveals scale score gaps of up to 8 points between White and African American students and smaller gaps between White students and other students of color.

Average SAT scores among OPRF students continue an apparent upward trend in both Critical Reading and Math, compared to relatively flat performance at the national level. Average SAT writing scores among OPRF students are lower this year than in the two previous years.

PSAE scores for the Class of 2009 represent slightly higher achievement in many disaggregated groups in both Reading and Math, compared to the Class of 2008. In Math, the largest gains were realized in the low-income subgroup, where the proportion of students meeting and exceeding standards is 9 percentage points higher this year compared to last. Results for the Class of 2009 indicate that 68% of our students met or exceeded standards in all areas, compared to 52% statewide. Among the 32% of OPRF students who did not meet standards, our African American, low-income, and special education students continue to be overrepresented.

Among OPRF special education students taking the Illinois Alternate Assessment (IAA), 90% met or exceeded standards, compared to 66.3% of IAA students statewide.

The final report for Adequate Yearly Progress for 2008 indicates that we did not make AYP in Reading for our African American students and our low-income students; we did not make AYP in Math for our African American students or for our special education students.⁷

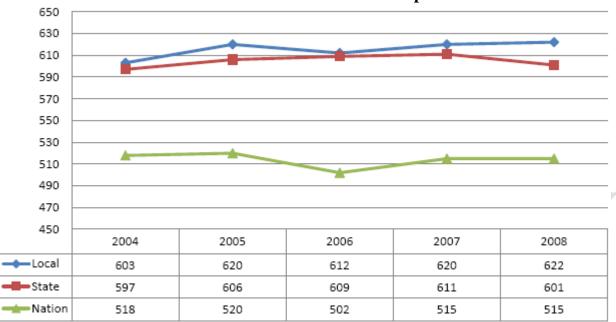

Chart 4.60 SAT I Scores: Mathematics Five Year Comparison 2004-2008

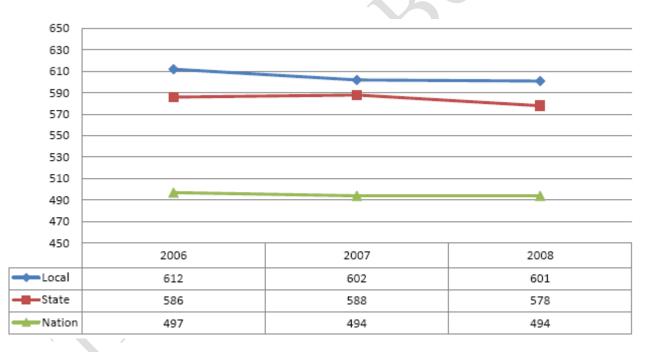

Chart 4.62 Prairie State Achievement Examination

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

| Level 1 Academic Warning - | Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively. |
|-----------------------------|--|
| Level 2 Below Standards - | Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways. |
| Level 3 Meets Standards - | Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems. |
| Level 4 Exceeds Standards - | Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results. |

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

 At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.

2. At least 62.5% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 62.5% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***

For schools not making AYP solely because the IEP group fails to have 62.5% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.

4. At least 90% attendance rate for non-high schools and at least 75% graduation rate for high schools.

* includes only students enrolled as of 05/01/2007.

** Safe Harbor Targets of 62.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

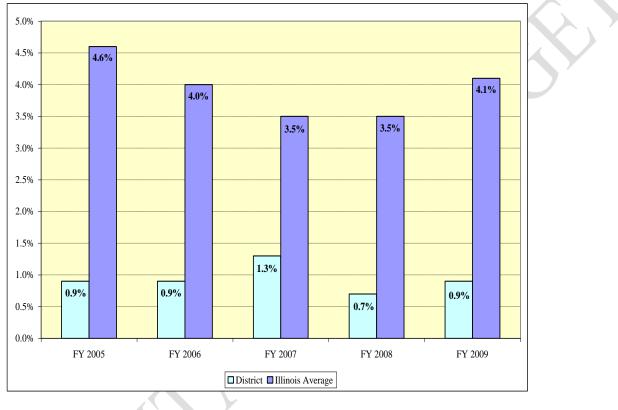

Drop Out Rates

The following chart shows the dropout rates for the District. As you can see, the District is well below the state average.

GLOSSARY

Accounting System - The total structure of records and procedures which discover, record, classify, and report information and the financial position and operations of a school district.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - A valuation set upon real or other property by a government as a basis for levying taxes.

Average Daily Attendance (ADA) – Average Daily Attendance is calculated in claiming General State Aid. The District's ADA for the entire school year is the basis for the calculation for the subsequent fiscal year's General State Aid.

Board of Education - The elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given geographical area.

Bond - A written promise to pay a specific sum of money (face value) at a fixed time in the future (maturity date) and carrying interest at a fixed rate.

Bond and Interest Fund - This fund accounts for the District's bond principal and interest payments.

Bond Refinancing - The payoff and re-issuance of bonds to obtain better interest rates and/or bond conditions.

Bonds Issued - The bonds that were sold.

Budget - The planning document for each school department providing management control over expenditures in general fund, special revenue fund, debt service fund, and the building fund.

Budget Calendar - The schedule of key dates used in the preparation and adoption of the Annual Budget.

Budgetary Control - the control or management of a governmental unit in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Capital Projects Fund - This fund accounts for the financial resources to be used for the acquisition or construction of major capital facilities.

Cash Management - The management of cash necessary to pay for government services while investing temporary cash excesses in order to earn interest revenue.

Cicero Township Treasurer's Office (CTTO) – The Treasurer's office provided pooled cash management and investment services for several member districts in Cicero, Berwyn and Oak Park. In addition, the office provided general ledger, payroll and accounts payable functions for several of the member elementary districts. The District was required to maintain membership in the office even though the services were duplicative and expensive. The office was abolished on December 31, 2007.

Corporate Personal Property Replacement Taxes (CPPRT) – CPPRT is a state tax on the net income of corporations, partnerships and trusts enacted in 1979 in conjunction with the repeal of the personal property tax. The District is allocated a portion of State CPPRT in relation to the amount of personal property taxes levied in 1978.

CPI – The national Consumer Price Index is a measure of inflation utilized by the Cook County Clerk in applying the PTELL.

Contingency - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contracted Services - Services rendered by private firms, individuals, or other agencies.

Debt - An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

Debt Limit - The maximum amount of general obligation debt which is legally permitted.

Deficit - the excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Delinquent Taxes - Taxes that remain unpaid on or after the date on which a penalty for non-payment is attached.

Department - A major administrative division of the school district which indicates overall management responsibility for an operation of a group of related operations within a functional area.

EAV – Equalized Assessed Valuation is the calculated value of property within the District that is utilized in calculating the tax extension. The township assessor reassesses properties every three years at approximately 16% of market value. An equalization factor (or multiplier) is then applied to the assessed valuation to reach an equalized assessed valuation. The multiplier for Cook County is usually between 2.00 and 2.25. This will achieve an EAV of approximately 1/3 of market value, which is the state-required level.

Education Fund - This fund accounts for the majority of the instructional and administrative aspects of the District's operations. Certain expenditures that must be charged to this fund include the direct costs of instructional, health and attendance services, lunch programs, all costs of administration and related insurance costs.

Employee Benefits - Expenditures may include health, dental, optical, life and long term disability as well as FICA, retirement payment to the Teachers Retirement Service, and workers' compensation insurance.

Encumbrance - The commitment of budgeted funds to purchase an item or service. To encumber funds means to set aside or commit funds for a future expenditure.

Expenditure - Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service, capital outlay, intergovernmental grants, and entitlements.

Fiscal Year (FY) – The fiscal year is July 1 - June 30.

Foundation Level – The amount of general state aid per student. The foundation level is reduced by "available local resources" in determining the aid actually received.

Full Time Equivalence (FTE) - The amount of employed time required in a part-time position expressed in proportion to that required in a full-time position, with 1.0 representing one full-time position.

Function - A group of related activities aimed at accomplishing a major service or program.

Fund - An accounting entity that has a set of self-balancing accounts that records all financial transactions for specific activities or government functions.

Fund Balance - The excess of assets of a fund over its liabilities and reserves.

Fund Balance Beginning - Money appropriated from previous years fund balance.

General Obligation Bonds - Bonds issued to finance major projects with resources from tax collection to repay the debt. This debt is backed by the full faith, credit and taxing power of the government.

General State Aid – The District receives a certain amount of unrestricted aid from the State of Illinois. The amount of general state aid received is a factor of the total State appropriation for education, the District's ADA and the District's EAV. Based upon the total appropriation and total state enrollment the State establishes a foundation level per student. The amount received is the foundation level reduced by "available local resources" which is a function of EAV.

Grants - Contributions or gifts of cash or other assets from another government to be used or expended for a specific purpose, activity, or facility.

Illinois Municipal Retirement Fund (IMRF) – The State of Illinois-managed pension plan for municipal and noncertified school district employees. The District contributes at an actuarially determined rate (currently 7.9%) and employees contribute 4.5%. The IMRF Fund is also used for the employer share of Social Security and Medicare contributions.

Illinois Program Accounting Manual for Local Education Agencies (IPAM) – The program accounting manual provides the basis for complete accounting of all district receipts and disbursements, systematic development of program budgeting, and the accumulation and dissemination of program-oriented costs. It is established by the Illinois State Board of Education and is an adaptation of the United States Office of Education publication, Handbook II, <u>Financial Accounting</u>, <u>Classifications and Standard Terminology for Local and State School System</u>.

Instruction - The activities dealing directly with the teaching of students or improving the quality of teaching.

Individuals with Disabilities Education Act (IDEA) – Provides supplemental Federal funding for special education and related to services for children with disabilities, ages 3 through 21.

Inter-Fund Transfers - Amounts transferred from one fund to another fund.

Levy - The total of taxes or special assessments imposed by a governmental unit.

Local Education Agencies (LEA) – Elementary and secondary local public school districts.

Loss and Cost – Represents an addition to the District's tax levy to account for uncollectible taxes. Currently the District's levy is increased by 5% for bond and interest and 3% for all other levies.

Object - This term has reference to an article or service received; for example, salaries, employee benefits or supplies.

Operating Cost per Pupil – The gross operating cost of the District (excepting summer school, adult education, bond principal and capital outlay) divided by the average daily attendance.

Operations and Maintenance Fund - This fund accounts for the repair and maintenance of district property. All costs of fuel, lights, gas, water, telephone services, custodial supplies, maintaining, improving, or repairing school buildings and property for school purposes are charged to this fund.

Program - The definition of an effort to accomplish a specific objective or objectives consistent with funds or resources available.

Property Tax - Tax levied on the assessed value of real property.

Property Tax Extension Limitation Law (PTELL) ("tax cap") – In 1995 "tax cap" legislation went into effect for taxing bodies within Cook County. The tax cap limits the increase in the total tax extension (excluding debt service) to the lesser of 5% or the increase in the national CPI for the calendar year preceding the levy.

Scholastic Aptitude Test (SAT) - This is a test of academic aptitude in the area of math and verbal skills that purports to measure a student's ability to learn. It is designed to provide information that is independent as possible from the high school curriculum.

Special Education - This is specially designed instruction and services, provided at no cost to the parents, to meet the unique needs of a child with a disability. This may include instruction conducted in the classroom, in the home, in hospitals, in institutions, and in other settings. This may also include instruction in physical education.

Strategic Planning - This is the process employed by the District to chart a course for the future including preparation of a mission statement, district beliefs, goad setting, learner outcomes, and student profile.

Tax Extension – The tax extension is the total dollar amount of taxes applied to the District's EAV. It represents the District's tax levy plus loss and cost, less any reductions for rate ceilings or the PTELL.

Tax Increment Financing (TIF) – A financing tool used by municipalities to redevelop blighted areas and encourage economic recovery. Both Oak Park and River Forest have created TIF districts within the District's boundaries. The result is an EAV freeze for 23 years from creation. The Oak Park TIF was one of the first in the state, and will expire in 2006. To help offset the lost EAV, the Villages have been sharing a portion of the sales tax generated by the TIFs with the school districts.

Tax Levy – The District's annual request to Cook County for property tax revenue. This is approved by the Board of Education in December and the County Clerk applies loss and cost rates, rate ceilings and the tax cap to compute a tax extension in dollars. This is then converted into a rate per \$100 of Equalized Assessed Valuation and applied to each property within the District in the following year.

Tax Rate – The amount of taxes due as a percentage of the tax base or EAV. A tax rate of 2.95 represents a tax extension of 2.95 percent of the District's total EAV. Also it represents the amount of taxes payable by a single taxpayer. A taxpayer would pay \$2.95 per \$100 of EAV of their property.

Teachers' Retirement System (TRS) – The State of Illinois pension fund for all Non-Chicago certified employees. Employees contribute at 8% (the District pays employees' share for certain administrators) while the State contributes the remainder.

Transportation Fund - This fund accounts for all the activity relating to student transportation to and from schools and for extracurricular and co-curricular activities.

Triennial Reassessment – Every three years the Township Assessor revalues all of the property within the township resulting in significant increases in the District's Equalized Assessed Valuation

Draft Proposed Goals for the 2009-2010 School Year

Goal 1: Racial Equity

By the end of the 2009-2010 school term, develop and implement a professional development program for the Board of Education, and administration, faculty and staff, which addresses racial predictability and disproportionality in student achievement through courageous conversations about race in an effort to develop critical race consciousness that will address how institutionalized racism and micro aggressions are obstacles to the academic achievement of students of color and the success of staff of color.

Activities and Strategies

- 1. Write a vision of equity for the school that encompasses leadership, learning and teaching, and community.
- Implement CARE (Collaborative Action Research for Equity) teams. Expand the current courageous conversations about race professional development and training among faculty and select administrators (approximately 20) to a larger, District-wide professional development program of 58-60 people including 20 additional faculty, the District Leadership Team (DLT) (4), the Building Leadership Team (BLT) (4), non-retiring Instructional Council members (4), and Supervisors (6).
 - a. Utilize a "train the trainer" model to develop a cadre of facilitators.
 - b. Increase the amount of professional development time for Conversations About Race during the 2009-2010 school year.
- 3. Convene 4 quarterly workshops for the Board of Education during the school term, utilizing internal or external facilitators.
- 4. The goals of these courageous conversations about race professional development programs will include, but not be limited to, the following:
 - a. provide the faculty, staff, and administration with culture and race survey material to address the significance of race in education;
 - b. explore why an examination of race, racism, and institutionalized racism is critical to closing racial achievement gaps;
 - c. provide awareness of systemic inhibitors to success for students and staff of color;
 - d. equip participants with the concepts, knowledge, and language to address racial barriers of and communicate effectively with others; and
 - e. prepare participants to lead small groups of faculty, staff, and administrators in courageous conversations about race during the 2010-2011 school term so that all staff develop awareness of how race impacts student and staff success, and to bring about changes in instructional practices and professional behaviors.

Goal 2: Student Academic Achievement

Raise student academic achievement through the development of definitions of and measurements for student achievement and the racial achievement gap, one new program affecting underachieving students, a data-driven model of school improvement, and academic support for students assigned to In School (ISS) and Out of School (OSS) suspensions.

Activities and Strategies

A survey of the second

- 1. Define in specific and measurable terms "student academic achievement" and "racial achievement gap."
 - a. Develop specific separate benchmarks or indices of "student academic achievement" and "the racial achievement gap" that are readily understood and able to be used by the community and professional educators.
- Develop one new academic program for a broad segment of underachieving students for implementation in fall 2010. The program will be evaluated such that the academic progress and achievement of targeted students will be conducted using quantitative measures.
- 3. Develop a 3-5 year plan for a data-driven model of systemic and systematic improvement in student academic achievement and that will provide the Board with information necessary to evaluate progress made in raising student achievement and closing the racial achievement gap.
 - a. Begin implementation of Domain I. of the Student Achievement Domains and Components document in fall 2010 per the June 2009 report and plan as presented by the Administration.
 - i. Include a process to review and make modifications to Domain I. on an annual basis.
 - b. Develop a student academic achievement "growth model" to track the achievement of cohorts of students over time, i.e., high school years.
 - i. Using data for the years 2004-05, 2005-06, 2006-07, 2007-08, and 2008-09, establish baselines or benchmarks for student achievement as reported in the EXPLORE, PLAN, I-ACT, and ACT standardized tests.
 - ii. Establish the baseline for reading, mathematics, science, English, and composite scores.
 - iii. Disaggregate the data by cohort or year in school, gender, race, socioeconomic status, and Special Education.
 - iv. Use the growth model to track and evaluate student grades and GPA, disciplinary behaviors, and participation in the co-curricular programs (athletics, activities, and intramurals).
 - v. Report all student academic achievement "growth model" data to the Board of education in disaggregated and aggregated form, and make a catalog of reports available to faculty/staff and community.
 - vi. At the December Instruction Committee meeting, present to the Board a report on the current state of the student information system as it relates to student achievement data and its projected capacity by June 2010.

Goal 3: Recruitment, Employment, and Retention of Professional Staff

Recruit, employ, develop, and retain the highest quality staff, in ways that are fair to applicants and clear to employees.

Activities and Strategies

- 1. Conduct a detailed review and evaluation of recruitment and employment procedures for all employees.
 - A. Information on best practice in hiring will be incorporated in developing a check list of procedures to review and evaluate District recruitment and employment practices. These will include but not be limited to position description, postings, interviewing, notification, decision making sequence, variations in hiring sequence by employee classification, and links to organizational goals.
 - B. Union and non-union employment hiring procedures will be reviewed and documented utilizing a check list.
 - C. Upon completion of the evaluation, the Board will adopt personnel recruitment and employment policies.
 - D. Upon completion of the evaluation, the revised recruitment and employment practices will be incorporated in an employee handbook (existing or new) for employees.
- 2. Intensify the recruitment program for minority candidates by developing an overall minority recruitment plan/program.
 - A. Develop relationships with key personnel at Historically Black Colleges/Universities (HBCU).
 - B. Explore non-traditional approaches to contacting candidates (non-educational conferences, minority sororities and fraternities, social networking groups, etc.).
 - C. Seek the assistance of and encourage current faculty and administrative minority staff to assist in the plan/program development, and to identify for and refer minority candidates to Division Heads, Administrators, and Human Resources.
 - D. Monitor and evaluate the number of applications received by outreach.
- 3. Develop a faculty and administrative mentoring program.
 - A. Review and evaluate current practices for faculty and administrative mentoring.
 - B. Gather staff input by quartile group on non-tenured faculty needs, and by administrative quartile group on administrative needs.
 - C. Revise and establish performance measures to evaluate the mentoring program.
 - D. Review performance criteria for achieving faculty tenure.
- 4. Develop a faculty and administrative retention program.
 - A. Develop a faculty and administrator retention program, focusing primarily though not exclusively on retaining minority employees.
 - 1. Gather staff input by quartile group, and from minority staff (i.e., the African American Faculty Staff Council) on issues and suggestions.

8

- 2. Establish quantitative and qualitative measures by which to evaluate the retention program.
- B. Implement the program in Fall 2010.

Goal 4: Finance

an da martina da anti-

Develop a new budgeting process that includes program priority procedures, identification of additional revenue sources, expenditure priority procedures, and cost containment measures.

Activities and Strategies

- 1. The Board will adopt a model for setting financial priorities in institutional settings by January 2010, with implementation in March 2010 for the FY 2010-2011 Budget cycle.
 - a. A Financial Advisory Committee will be convened. It will include staff and community members with financial expertise.
 - b. The Financial Advisory Committee will offer recommendations to the Superintendent, who will invite and solicit information about models for setting financial priorities in an institutional setting.
 - i. The models will include specific procedures for setting spending priorities.
 - ii. The procedures will produce an easily understood method for the District to determine the priority level of any proposed new or existing program.
 - iii. The procedures will include a method for shifting money from lower priority expenditures to higher priority expenditures.
 - iv. The procedures will include a method for indentifying options and prioritizing items for cost containment.
 - c. Multiple models will be presented to the Board for review and adoption in January 2010.
- 2. The Board will adopt a model for setting financial priorities that aligns the long term projection model with the Board Financial Planning Resolution of January 2009.
 - a. The Financial Advisory Committee will review current finances and the PMA projection model assumptions.
 - b. The Financial Advisory Committee will recommend targeted expenditure goals to the Board by September 2010.
 - c. The District will use the adopted evaluation model to identify cost containment areas.
 - d. The District will incorporate approved cost containment measures into the FY 2010-2011 budget.

e Marine Constantes

- 3. The Board will adopt a revenue/resource identification and development model.
 - a. The Board will review present policies that impeded revenue/resource implementation and amend accordingly, by January 2010.
 - b. The Finance Advisory Committee will investigate and recommend to the Board additional revenue/resource opportunities by March 2010.
 - c. The District Administration will work cooperatively with other taxing bodies to identify and implement revenue/resource allocation sharing. The District administration will host bi-monthly meetings for FY 2009 – 2010. The CFO will give an end of year report in June 2010.
 - d. The District Administration will identify and apply for State, Federal and private funding (including grants) in the areas of student achievement, facility management, green initiatives, wellness, and co-curricular activities.
- 4. Develop a communication plan to introduce the new budget process to the school community.

Goal 5: Learning Environment

Improve the learning environment for students and staff considering aspects of respect, safety, academic promise, and social-emotional well being.

- 1. Discipline: a. for the 2009-10 school year, decrease number of Class II infractions in these areas by 15% each semester for African American, Latino, and Mixed-Race students; and b. each student in ISS and OSS will receive academic support.
- 2. Academic: increase enrollment in honors and AP courses for the 2010-2011 school year by 10% for African American, Latino, and Mixed-Race students.
- 3. Substance Use/Abuse: develop and provide a targeted alcohol/substance use and abuse awareness, education, prevention, detection, and intervention program to 100 % of OPRF students; 100% of faculty and staff; and X% of parents and guardians.

Activities and Strategies

Discipline

- 1. Compile student discipline data on referrals for Class II Infractions for aggressive physical behavior, defiance of authority, disruptive behavior, and verbal abuse, disaggregated by race and gender for school year 2008-09.
- 2. Establish a baseline for Class II Infractions for aggressive physical behavior, defiance of authority, disruptive behavior, and verbal abuse with a goal of identifying those areas that have a significant impact on the student and staff learning environment.
- Complete the initial report by October 1, 2009 and present to the Board at an October Board Committee Meeting. Present the 1st semester report at a March 2010 Board Committee meeting. Present the 2nd semester report (and school year) at an August 2010 Board Committee meeting.
- 4. Develop and implement a tutoring and/or online access program for students assigned to ISS and OSS.
- 5. Develop an alternative to suspension program for students assigned to 3 or more days of ISS or OSS.

Academic

- 1. Compile enrollment data in honors and AP courses, disaggregated by race and gender for the school years 2005-2006, 2006-2007, 2007-2008, 2008-2009, and 2009-2010.
- 2. Establish a baseline for enrollment, and a plan for providing more access to the honors and AP courses for minority students.
- Complete the initial report by November 1, 2009 and report to the Board at the November Instruction Committee meeting. Present a progress report regarding the "access plan" at the February 2010 Board Instruction Committee meeting. Present a final report and implementation steps at the June 2010 Board Instruction Committee meeting.

Substance Use/Abuse

- 1. Establish a baseline of student alcohol/drug use for 9th, 10th, and 11th grade students utilizing the Illinois Youth Survey (IYS) results from spring 2008 as a starting point.
- 2. Collaborate with Associate School Districts 97 and 90 to track and report longitudinal information regarding middle and high school student drug/alcohol use, including referrals made, and services provided in-school and within the community.
- 3. Expand administration of IYS 2010 survey to all freshmen, sophomores, and juniors to compare 2008 freshmen to 2010 juniors (same cohort) on comparable use and attitude questions.
- 4. Establish a baseline for parent/guardian and faculty/staff attitudes about student alcohol/substance use with a goal toward increasing detection, intervention, and referrals.
 - a. Work with Associate School Districts 90 and 97 to develop and administer a local survey of middle school and high school families to obtain data on parent/guardian awareness and attitudes, school/community resources used, and supports believed lacking or needed.
 - b. Revise reporting and data sharing formats for in-house drug/alcohol related discipline/counseling referrals.

- Annalasta -

- c. Track private/community referrals and student response to referral interventions.d. Complete initial baseline surveys and referral reports by June 30, 2010, and present report at an August Board Committee meeting.
- 5. Develop and implement the awareness, education, prevention, detection, and intervention program in the 2010-2011 school year.

1.9 C

Oak Park and River Forest High School District 200

201 North Scoville Avenue
Oak Park, IL 60302-2296

| TO: | Board of Education |
|-------|---|
| FROM: | Dr. Deidre D. Millard, President Dr. Ralph H. Lee, Vice President Attila J. Weninger, Ph.D., Superintendent |
| DATE: | July 14, 2009 |
| RE: | 2009-2010 District, Board, and Superintendent Goals |

The President and Vice-President of the Board, and the Superintendent, have structured the recommended goal areas into goals such that they conform to what we believe can be accomplished in one year, and that conform to the resources available for the 2009-2010 school term. As a result of these constraints we believe should be imposed, we recommend that the following goals/objectives be deferred for consideration until after the Baldrige organizational assessment is completed and report issued. It is our recommendation that the Board then consider these items.

Goal Area 1: Racial Equity

Supporting Objectives

- 2. The Board of Education will appoint an Equity Leadership Team by September 2009.
 - **Action Steps**
 - A. The BOE will meet with members of the school study team on race, to develop a leadership team structure and membership.
 - B. A BOE liaison will be appointed to the leadership team.
 - C. The Equity Team will design protocols for examining school policies, practices, structures and data for potential bias for board approval by Jan.2010.
 - D. The BOE liaison will report monthly to the Board on Team work.
 - E. The Equity Team will use the Jan. approved protocols to examine ______ areas of the learning environment at OPRFHS.
 - F. By May 2010, initial findings will be reported to the BOE for possible action.
 - G. A student equity team will be convened by Oct.2009. The student equity team will advise the leadership team.
 - H. The student team will experiment with multiple ways to hear student concerns and ideas on race and the learning environment. The student team will document their work and report to the equity team.
 - I. The student team will choose a book for the whole school community to read concerning race. The student team will create a format for book discussion.

Goal Area 2: Student Achievement

Supporting Objectives

4. Develop a model for improving student academic achievement which is centered around the concept of producing individual IEP's for all students with GPA's less than 2.0, or who have ACT benchmark scores that are lower than our standard.

Oak Park and River Forest High School District 200

201 North Scoville Avenue
 Oak Park, IL 60302-2296

Action Steps

- A. Produce a general description of the model.
- B. Produce a realistic cost assessment for the model in its on-going mode.
- C. Produce a realistic estimate of the start-up costs of such a model.
- 5. Develop a model for improving student academic achievement which is centered around the use of student and community adult mentors and community volunteers.

Goal Area 5: Learning Environment Supporting Objectives

1. Data will be collected on school instructional indices.

Action steps

- A. Student instructional time in core academic areas will be disaggregated by student cohorts in regular, basic, honors and special education classes. And further disaggregated by race/ethnic, gender and graduation year.
- B. Student instructional time in non-core academic areas will be disaggregated by student cohorts in regular, basic, honors and special education classes. And further disaggregated by race/ethnic, gender and graduation year.
- C. Student instructional time in reading instruction will be disaggregated by student cohorts in regular, basic, honors and special education. And further disaggregated by race/ethnic, gender and graduation year.
- D. Student instruction time lost to absences, tardies, discipline referrals, ISS, OSS, assemblies, hallway disturbances, substitutes, substance and/or drug abuse, child care, personal technology use, late arrivals, early dismissals, final exams, registration, field trips and others will be documented.
 - E. Collected data will be reported to the BOE.
- 3. The number of students sent to the dean and/or counselor for an inappropriate behavior, from the classroom, will be reduced by 50% by June 2010.

Action Steps

- A. Positive Behavior Intervention system (PBIS) will be implemented with all students and employees in the district.
- B. Increased presence of faculty, staff and administrators throughout the school grounds and in the halls during passing periods.
- C. Security guards in the locker rooms throughout the day.

4. The impact of substance abuse on instructional time will be researched.

Action Steps

- A. Past student surveys will be reviewed to create a time graph for when substance abuse occurred.
- B. Counselors and social workers will be surveyed on student substance abuse behaviors during the school day.
- C. Teachers will be surveyed on student substance abuse behaviors noted during the school day.
