Mr. Arkin appreciated the administration’s effort to hire people within the financial forecasts.

Board of Education Budget
Ms. Cassell moved to approve the Board of Education Budget for the 2018-19 school year, as presented; seconded by Mr. Cofsky. A roll call vote resulted in all ayes. Motion carried.
Mr. Cofsky moved to approve the position of Chief Operations Officer, as presented; seconded by Ms. Cassell. A roll call vote resulted in all ayes. Motion carried.

The Board of Education goals direct the Superintendent to: improve leadership capacity of the District through accountability, create succession plans for the administrative teams to ensure smooth transition and sustainability, and update the organizational structure to include job descriptions and areas of responsibility. Additionally, strategic plan Goal 5, Strategy 3 directs the administration to develop a system of accountability for all levels of leadership.

A key strategy to deliver on the goal of improved leadership capacity and greater accountability was to examine the existing organizational structure of the district and to realign functions, roles, and responsibilities to improve administrative efficiency and effectiveness.

The Chief Operations Officer position has been identified as a need that has the overall focus on the key operational functions of the District. This position will allow coordinated delivery of District policies and procedures and implementation of a culture of continuous improvement. The creation of this position is in anticipation of the realignment of District administrative roles and responsibilities as well as bringing in line with similar organizational structures at other school districts and organizations in the private sector.

The Chief Operations Officer is responsible for all aspects of administration, planning, directing, and supervising the operational activities of the District. The operations under the direct supervision of this position are Human Resources, Educational Technology, Buildings and Grounds, and Safety and Support.

This position must also provide leadership assistance to the Superintendent in all facets of the District’s development, promotion, and implementation of the District’s priorities, objectives and improvement efforts. This position assists in the recruitment and conducts an annual evaluation of the Director of Educational Technology, Director of Human Resources, Director of Buildings and Grounds, and the Director of Campus Safety and Support. This position will not replace the CSBO/CFO position.

Adding this position will be cost neutral. The organizational realignment which will be taking place for the 2018-19 school year will allow a redistribution of roles and responsibilities to allow an existing employee on the retirement track to fill this position.

At 9:59 p.m., on Tuesday, May 15, 2018, Mr. Baron moved to adjourn the Special Board Meeting; seconded by Ms. Dixon Spivy. A voice vote resulted in all ayes. Motion carried.
