# Common Application Essay Prompts for 2023-2024

**Juniors**, take advantage of this summer and begin to work ahead on college essays. This one requirement seems to hold up a lot of students in actually completing their college applications. The Common Application which can be used to apply to over 900 colleges/universities has announced Essay Prompts for the 2023-2024 school year. Students will be instructed to select and respond to one prompt with a 650 word limit. Use this summer to begin preparing for these essay prompts and you will be ahead of the game when you enter the school year as a Senior. The Essay Prompts include the following options:

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
4. Reflect on something that someone has done for you that has made you happy or thankful in a surprising way. How has this gratitude affected or motivated you?
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.

For more information on the Common Application, visit [www.commonapp.org](http://www.commonapp.org)

# BCS Senior High Scheduling

The time is quickly approaching for students to schedule for next year. An informational packet will go home with students prior to their scheduling time. It will contain a copy of the master schedule along with a course selection worksheet and an explanation of the scheduling process.

## Prior to Scheduling

- Parents are required to sign the course selection worksheet.
- Students must be registered for the 2023-2024 school year.
- Students who are currently taking a Florida Virtual School (FLVS) course must have completed 80% of the semester in a semester long course or must complete the entire first semester (100%) and 80% of the second semester in a year long course in order to schedule.

## Scheduling Process

High school scheduling appointments will be based on when your re-enrollment process was completed. Appointment times will be set according to your enrollment time, as we can see down to the minute when re-enrollment was completed. The order for scheduling will be the same (all Seniors first, then all Juniors, Sophomores, Freshman). Appointment times will be posted outside of Mrs. Heintz' office.

## Honors & AP Courses

Students must have a teacher recommendation for any Honors or Advanced Placement courses. The grade requirements for recommendations are set up by each department. Students are encouraged to meet with their current teachers before coming in to make their schedules, so they will know what classes they have been recommended to take. In addition, all graduation requirements will be included in the scheduling packets which will be handed out to the students in mid-April.

I always enjoy this time of year, because it allows me the opportunity to meet with each student individually. I know this can be an overwhelming process, but please know I am just a phone call or email away should you have any questions. I would love to help make this process go as smoothly as possible. Feel free to contact me at 792-5454, ext. 118 or [jcunard@bcspanthers.org](mailto:jcunard@bcspanthers.org).
