

AVID Community Service

AVID students are expected to be positive members of the Beattie family and of the communities in which they live. This is an important part of being college- and career-ready. Therefore, **all AVID students at Beattie Middle School are required to complete two hours of community service each of the first three quarters** (for a total of six hours for the year). Students cannot bank hours; hours completed during one quarter cannot be used to meet the requirement for another quarter. These community service hours must be completed by **the following dates**:

- October 3, 2018 – 2 hours of community service completed
- December 7, 2018 – 2 hours of community service completed
- March 13, 2019 – 2 hours of community completed

What do I need to do?

1. Talk to your parents and decide what you will do.
2. Talk to your teacher to make sure your community service is approved, if it's not on the list below.
3. Schedule your community service with a person or organization.
4. Keep track of your hours by filling out the community service form.

Some Ideas for Community Service

You can complete your community service at Beattie by

- Scheduling service time with teachers to grade papers, file student work, straighten up classrooms, etc.
- Scheduling time with campus supervisors to help clean up the campus.

You can also complete your community service in your city by doing volunteer work with

- Highland District Council
- Loma Linda University Academic Partners in Service
- Boy Scouts/Girl Scouts
- Church activities
- Animal shelters
- Hospitals (if you are 14 years old)
- Elderly Homes
- Your sibling's sports team
- Other organizations that do charitable work/community service

These are just some ideas for community service. You can work with groups that aren't on this list, as long as you are VOLUNTEERING and SERVING people.

If you have any questions, ask your teacher.
