All absences and time & attendance records should be updated in Frontline by Tuesday of the following week the work was performed.

The pay date on this schedule will be used to pay substitute employee time worked and additional time worked.

All payroll is distributed via direct deposit according to a schedule approved annually by the Board. Paystubs will be provided electronically.

Permanent employees will be paid on the 15th and 30th of the month following these rules:

- 195 day contracts or less receive paychecks starting August 15th - June 30th, with 2 additional paychecks in June.
- 196-205 day contracts receive paychecks starting July 30th - June 30th, with 1 additional paycheck in June.
- 206 day contracts and higher receive paychecks starting July 15th - June 30th.

If the 15th or 30th falls on a holiday or weekend, pay will be direct deposited the business day prior.

CALCULATING PAY

Employees who are paid an hourly rate and are also contracted for a specific number of days and a specific number of hours per day, will have their salary divided evenly over 24 paychecks even though the number of days worked during a pay period may differ.

HOURLY RATE X HOURS PER DAY X DAYS PER YEAR / 24

Hourly Rate	\$15.00
Hours Per Day	7.5
Days Per Year	180
Total Gross Annual Salary	\$20,250
Gross Salary Per Paycheck	\$843.75

- If the total number of hours worked in a week is more than the contracted hours, additional salary owed will be paid according to the payroll schedule.
- Employees who fail to work their total number of contracted hours in a week will be docked according to the payroll schedule or sooner due to overpayment.

The salaried pay scale is based on 185 days. Employees who work a different number of days per year or partial days will be paid on a prorated basis. To calculate the base pay (if the employee works an alternate number of days or fte), use the following formula.

ANNUAL RATE / 185 X CONTRACTED DAYS / 24

Annual Rate	\$39,500
Contracted Days	200
Total Gross Annual Salary	\$42,702.70
Gross Salary Per Paycheck	\$1,779.28

This formula should be used if the employee works more or less than 185 days per year.

(ANNUAL RATE / 185 x FTE) X CONTRACTED DAYS / 24

Annual Rate	\$39,500
Contracted Days	185
Contracted Fte	.50
Total Gross Annual Salary	\$19,750
Gross Salary Per Paycheck	\$822.92

This formula should be used if the employee works less than 1.0 fte.
