

Golden Delicious Apple

Also known as Golden or Yellow Apples or "Yellow Delicious"

- Golden Delicious Apples are firm, crisp and sweet, with notes of buttery honey.
- When grown in warmer areas it has a lighter taste since the acid content tends to be lower.
- Golden Delicious Apples are pale green to golden yellow on the outside, and white on the inside.
- There are several different varieties of Golden Apples, including: Crispin, Blondee, Ginger Gold, and Newton Pippin.
- Golden Delicious apples are in season from fall through summer.
- They are best when eaten fresh, and can also be used for salads, pies, applesauce, and apple butter.
- Also tasty on sandwiches!
