

EAS Summer Reading Log

Student Name _____ Clan (if known) _____

DUE DATE _____ The Friday of the first week of school in September!

Expectations

- All 6th, 7th, and 8th grade EAS students will read a minimum of 800 pages at an appropriate level of challenge.
 - Graphic novels are ok to count toward your reading log, but will do so at half the page count of a regular novel (e.g. a 300 page graphic novel would count as 150 pages on the reading log).
 - Audiobooks do not count on your reading log.
 - If you are reading a book on an e-reader (Kindle, Nook, etc.), please look up the actual number of physical pages that that book contains and record that number in the page count (a simple internet search will yield results).
- Before** you start a new book, record the title, author, and genre in the table below.
- When a book is completed, write the date you finished reading the book.
- Have your parents sign in the space provided after you complete the book
 - If you do not complete the book, enter **DNF** (Did Not Finish) on the reading log. Parents must still sign.
 - If you DNF, include the number of pages you read out of the number total in the book (e.g. 189/323)
- Reading logs submitted more than one week after the due date above will not be accepted and the student will earn a 0 for the assignment.**
