~ Edmund Rice Prayer ~

O God, we thank you for the life of Edmund Rice.
 He opened his heart to Christ present in those oppressed by poverty and injustice.
 May we follow his example of faith and generosity. Grant us the courage and compassion of
 Edmund as we seek to live lives of love and service.
 We ask this through Christ our Lord.
 Amen.

Welcome to Vancouver College!

Blessed Edmund Rice received a unique gift from God: a Gospel message that revealed Jesus Christ as present in all of us, even the poor and disadvantaged. Young men were among the marginalized of Ireland in the nineteenth century, many of whom had no access to basic education and religious instruction. Edmund Rice responded to this need by establishing schools as well as founding the Congregation of Christian Brothers in 1802. Schools conducted by the Christian Brothers have now been established throughout the world, including Vancouver College in 1922. It is my belief in Blessed Edmund Rice's vision for Catholic education that brought me to Vancouver College, as I'm sure it played a role in your family's decision to accept an offer of admission to join this faith and learning community, one steeped in excellence and tradition.

Every September, as summer begins to turn into fall, it brings with it a feeling of excitement and anticipation for all members of our community. For our students, this enthusiasm is most focused on the endless possibilities that lay before them. These possibilities include making new friends, becoming a master of a new co-curricular activity or developing into a more refined student. Along your child's journey this year, he will be walking shoulder to shoulder with our faculty towards achieving their goals. It is a privilege to be charged with caring for and teaching your son. This is something that our school would never take for granted.

Vancouver College is committed to caring for each individual student and this begins with believing in the "soul" potential of all of our boys. We understand that at the heart of educating young men is the relationship each student has with his teacher. Michael Reichert and Richard Hawley, two renowned researchers in the field of education, argue that having an engaging and supportive relationship with a teacher is a requirement for all boys. They see it as, "if I don't believe in you, why should I believe in (or care about) what you say about biology or French class?" One message that I will continually emphasize with our faculty is that relationships are the cornerstone of our community and these connections allow for meaningful student learning to take place.

I truly believe that every child who walks through the doors of this school deserves to have a trusted adult who cares deeply for him, and who really knows them and wants to know them. It is my goal that Vancouver College will offer a safe space for our students to feel valued, heard, and ultimately inspired. It is in this type of relationship that each and every one of the boys in our care will learn to thrive socially-emotionally, spiritually, and academically. This was Blessed Edmund Rice's vision.

Please know my door is always open if you should ever have concerns about your son or questions about Vancouver College.

*Semper Fidelis,
Mr. Paul Legge*

Vancouver College Code Of Conduct

A code of conduct espouses the values and vision of a school in which relationships are conducted in a respectful and dignified manner. Vancouver College shares the responsibilities with parents to develop students' personal and social skills to inculcate these values and achieve this vision.

As part of the Catholic Community at Vancouver College, we, the students, staff, and parents, are expected to conduct all our relationships so that our actions will reflect the following Catholic Christian centred values and beliefs:

Hope and Confidence
Individuality and Community
Understanding and Forgiveness
Achievement and Celebration
Honesty and Integrity
Humility and Gratitude
Responsibility and Cooperation
Caring and Compassion
Enthusiasm and Dedication
Respect and Harmony
Faithfulness and Reverence

As a consequence of this, each person in the Vancouver College Community:

Has the responsibility to participate in creating and maintaining a safe, positive faith and learning environment.

Has a right to be emotionally and physically safe while at school, while going to and from school, and while attending any school function.

Has a right to know that his personal belongings are safe and will not be interfered with.

Is expected to proclaim gospel values which affirm the dignity of all persons and promotes the achievement of peace in our community.

Has a right to expect that all in the community will participate in creating a safe, positive faith and learning community.

Administration

Mr. Daryl Weaver Principal	About
	<p>Mr. Weaver has been at VC for six years and took on the role of Principal in September 2020. During his time here, he has earned recognition as an innovative educational leader with a proven track record in program development. In addition, he has been instrumental in creating new educational initiatives, connecting VC with worldwide partner schools and encouraging student leadership through service opportunities. His relationships with faculty and students are rooted in the charism of Blessed Edmund Rice and his belief that “our boys need to find Christ in the person next to them.” After graduating from St. Thomas More, Mr. Weaver earned his BSc and BEd at UBC, his MEd at Deakin University in Australia and sought out additional educational opportunities at York and Queen’s Universities. His educational experience has taken him from Central Africa to Hong Kong and of course, Canada. He is a proud father of a son studying Computer Engineering at UBC and a daughter at LFA. He and his family are active members of St. Mary’s Parish in Vancouver.</p>
Helpful Hint	Focus on helping others if you really want to help yourself.

Paul Legge Assistant Principal, Middle School	About
	<p>Mr. Legge has been at Vancouver College for 11 years as a Middle School Religion, English, Art, and PE teacher, CLE 10, CLC 11, CLC 12 teacher, Retreat Coordinator, and coach for a variety of sports. This will be his second year as Assistant Principal in Middle School. His years of experience in building relationships and community within the school and outside of the walls of Vancouver College are instrumental in his approach to education and learning. It is all about the ‘relationships between the students, the staff, and the parent community and how they are nurtured that will lead to higher levels of learning’. He is the proud father of Matthew VC’ 2015, Jack VC’ 2017 and Alexandra LFA’ 2019 and an active member of St. Joseph the Worker Parish in Richmond.</p>

Name	Mrs. C. Accili - Math Department Chair
Subject	<i>Math 9</i>
	Mrs. Accili has been at Vancouver College for 24 years. She is the Department of Mathematics Chair and also teaches Mathematics 9 and 10. She has a Bachelor of Science from UBC with a major in Mathematics and a Master of Education from SFU with a focus in Mathematics Education. Besides teaching, she contributes her time to coordinating the annual VC Walkathon. She currently lives in beautiful Ladner with her family of four children (a boy, a girl and a set of twins), who keep her very busy. Her favourite things are watching VC football and basketball, afternoon coffee, Autumn and going on long walks.
Helpful Hint	Think before you speak!
Contact	caccili@vancouvercollege.ca

Name	Mr. M. Addison - Grade 8 Homeroom and Head of Rowing Program
Subjects	<i>Religion 8 and English 8</i>
	Mr. Addison (VC 2010) is one of our Middle School Humanities teachers. He did his undergraduate and graduate education at Western University while also competing on the Varsity Rowing and Baseball teams. After working in marketing for two years, he continued with his schooling and received his Bachelor of Education from UBC. Mr. Addison is the Head Coach of the rowing team and also enjoys coaching and playing hockey in the community. He loves being able to contribute to VC's faith and learning community.
Helpful Hint	Get involved in something at the school! Part of what makes this school so special is the community that it creates. I guarantee that you will get so much more out of your time at VC if you make yourself a part of the community here.
Contact	marcaddison@vancouvercollege.ca

Name	Ms. E. Ashcroft - Music Department Chair
Subjects	<i>Band 8, Band 9 and MS Jazz Ensemble</i>
	Ms. Ashcroft began teaching in 2010 and is amazed at how quickly the years go by. She grew up in Manitoba and taught in Alberta before moving to the Okanagan and now to Vancouver. She feels very fortunate to have had several extremely talented band directors who continue to inspire her and the students she teaches. She received the Alberta Band Association's <i>Keith Mann Young Band Director</i> Provincial Award in 2015. She loves to travel and enjoys water sports. As a child, her parents first introduced her to the 1963 album "Surfer Girl" by the Beach Boys. Attending Band festivals with her students throughout the year is a favourite activity, and she is hoping to get back to that in the fall.
Helpful Hint	"To play a wrong note is insignificant; to play without passion is inexcusable." Ludwig van Beethoven

Name	Ms. K. Ayotte - Grade 8 Homeroom
Subjects	<i>Grade Level Coordinator - 8 Mathematics, 8 Science 8, Finnegan Media</i>
	This will be Ms. Ayotte's third year at Vancouver College teaches Math and Science. Before VC, Ms. Ayotte was teaching at Crofton House School, working with students in Learning Strategies and teaching Senior Mathematics. She is the manager of the Football Program and coaches basketball and track and field as well. When not teaching, she can be found on the ski hill, the many running trails around Vancouver and the yoga studio.
Helpful Hint	Advice for new students would be to get involved in the Vancouver College Community as much as possible. Don't be afraid to take risks and make mistakes, as they are a part of life and how we learn.

The Wellness Centre provides a research and study area with computers for students to pursue their post-secondary research or study. The centre also houses a large library of post- secondary and self-help materials.

Name	Mr. A. Huang
Subjects	Director of Wellness
	Mr. Huang is a Registered Clinical Counsellor currently finishing his Ph.D. in Counselling Psychology. Some interesting facts about Mr. Huang: Firstly, a lot of people mispronounce his last name, so if you're able to say it correctly (or find out how), you'll definitely get a fist bump (when it is safe to do so, of course). Second, he'd like to say that he is an avid tennis and hockey fan, but unfortunately doesn't have enough time these days to catch up on the sports because of his studies. Third, he would've previously described himself as a gamer, but once again, there just does not seem to be enough time (he does own products by Microsoft and Sony, if that counts for anything). And lastly, he is an alumnus of VC, so feel free to look up his photo when spikey hair was the "in" thing.

What Does My Schedule Look Like?

Middle and Senior School 2023-2024

Middle & Senior School Daily Timetable

The daily timetable consists of four academic blocks per day with built-in transition times and a lunch period. The day starts at 8:30 am (Wednesday "late start" at 9:30 am). Students are dismissed at 2:30 pm (Tuesday and Wednesday at 2:40 pm) to give them an opportunity to experience the full breadth of our co-curricular program. An Advising block (Better Man Block) is scheduled weekly on Tuesdays.

Dress Code

The purpose of a Dress Code is to encourage students to be neat and clean at all times, to foster in them a sense of community and to create an atmosphere of gentlemanly behaviour and serious study.

For students in Grades 7-12 the Dress Code is as follows:

- White long sleeved dress shirts
- School tie (purple/black)
- Regular black, dress shoes, with leather uppers, cut beneath the ankle
- Socks extending beyond the ankle (dark dress socks recommended)
- Slacks: Grades 7 to 11 – Grey Dress Pants
- Only white undershirts can be worn
- Dress quality, black or brown belt

It is not only important what students wear, but how they wear it. In all instances slacks must be worn at the waist with shirts tucked in and buttoned to the top with the school tie drawn to the neck.

In instances of cool or inclement weather, students may elect to wear a garment over their shirt and tie. If students elect to do this, only the following garments will be considered to be in Dress Code:

- Black, monogrammed Vancouver College sleeveless vest
- Black, monogrammed Vancouver College v-neck sweater

NO hoodies or sweatshirts allowed even if they are from Vancouver College.

The Dress Code will be in effect everywhere on campus, throughout the school day and at out of school activities when requested. This applies to unscheduled blocks and lunchtime. On specific occasions the Dress Code may be relaxed for suitable reasons such as Mayfair casual days, as announced by Administration.

Optional Summer Dress Code for Grades 7 – 12

Summer Dress Code is in effect from the beginning of the school year until the first day back following Thanksgiving and then again on the day following the Mother's Day Masses. The Summer Dress Code consists of the following:

- A Vancouver College golf shirt with collar turned down or a white dress shirt and school tie
- Dress pants or Vancouver College shorts
- Dress shoes
- Socks
- Black or brown, dress quality belt

Grooming

Hair should be clean, well groomed and of moderate length, no longer than the top of the shirt collar, nor radically styled, nor unnaturally coloured.

Jewellery must be in good taste and subdued in nature. No body piercing rings are permitted. Earrings, while permitted, must be either a stud or a single small ring.

Decisions regarding the suitability of grooming are left to the discretion of the Vancouver College Staff and Administration.

Violations of Dress Code and Grooming Policy

If a student appears in class or in the hallways and common areas out of Dress Code, teachers will make every effort to ensure the student is compliant with the Code (i.e.: remove outer garments, tuck in shirt, draw tie to the neck). If a student remains non-compliant (i.e.: no tie, running shoes) he will be referred immediately to an Administrator. A student may not be in class out of Dress Code without a note from an Administrator or his or her designate.

If there are repeated breaches of the Dress Code Policy, consequences will become more serious consistent with our practice of Progressive Discipline. Consequences include contact with parents, counselling, in-school suspension, suspension, withholding of re-registration, or expulsion.

The success of the Dress Code and Grooming Policy depends upon the cooperation of the entire Vancouver College Community – staff, students, parents and administration.

Appendix i: Other F.A.Q.'s

What is a homeroom? What homeroom am I in?

- Grade 7 is divided into 2 homerooms: 7-1 and 7-2.
- Grade 8 is divided into 6 homerooms: 8-1; 8-2; 8-3; 8-4; 8-5 and 8-6.
- Most of your classes (except for your elective and language) will be with your homeroom class. You'll find out your homeroom placement in August.

How do I figure out where I am going?

- The first two days of school will focus on orientation. You will learn the locations of your classes, who the teachers are, where the washrooms are, and you'll be able to ask as many questions as you would like in order to help you get acquainted with Vancouver College. You will receive a copy of your schedule in the spring and also at the end of August.

What is the binder system?

- The binder system is an organizational tool which will be fully explained during orientation. In addition, a Grade 9 student will help you set it up during orientation week in September.

How do I get my supplies and textbooks?

- You will receive a list of supplies that are needed and your parents can help you purchase what is necessary. You will also be told what day you are to pick up your textbooks from the book room located in Manrell Hall.

How do I find out where my locker is?

- On the first day of school, your homeroom teacher will let you know where your locker is located and it will be on your schedule.

What do I do if I forget my lock combination?

- If you forget your combination lock please see Ms. Deutsch or Mr. Legge.

How much homework should I expect?

- Every class will be different but expect a maximum of an hour of homework per night.

What is Confirmation?

- Confirmation is the final rite of initiation into the Catholic Church. Every student undergoing this rite must register through his parish and receive the Sacrament of Confirmation in Grade 7.

Where do I get changed for gym?

- In the downstairs locker rooms of the Rice/Holler Building. Your gym teacher will show you where these are during orientation. You will need a second lock for PE that can be purchased in the office for \$10.00.

What do I do if I am late for school?

- If you are late for school and have a note from your parents go to the Main Office in Lannon Hall to drop off your note and then go straight to class.

Appendix ii: How to Tie a Tie

The Four-In-Hand Knot Your Mirror Image

1

Start with wide end of tie on your right and extending a foot below narrow end.

2

Cross wide end over narrow, and back underneath.

3

Continue around passing wide end across front of narrow once more.

4

Pass wide end up through loop.

5

Holding front of knot loose with finger, pass wide end through loop in front.

6

Remove finger and tighten knot carefully. Draw up tight to collar by holding narrow end and sliding knot up snug.

Appendix iii:

One of the most effective ways to get students organized is to use a 3-ring binder for all subjects.

Materials needed

1. 2 x 2.5" Binders - a good strong one, with rings that close solidly
2. 3 sets of plastic tabbed dividers
3. Loose-leaf (individual teachers might wish to specify clear or graph paper)
4. Plastic 3 hole "pouch"
5. Packet of hole-strengtheners to go in pouch
6. 2 duo-tang project folders

Organization

1. The first section in the binder is labelled Homework.
2. Each day's homework is dated and neatly written out.
3. Subject teachers should always allow time for homework to be noted – and demand that it is.
4. Homeroom teachers should frequently check to ensure that all students have noted and completed all their work.
5. This organization allows homework checks to be done easily.
6. The back page(s) are reserved for "long-term" assignments.
7. Each other section is reserved for separate subjects or areas within subjects. For example, English may be divided into novels, short stories, vocabulary, etc. Because of individual teacher preferences regarding 'breakdowns', this really can't be a mandated organization in terms of all students.
8. The plastic pouch holds hole-strengtheners, and any material to be sent home – such as letters or report cards – should be placed in the pouch.
9. At the back of the binder, just after the pouch, the 2 duo-tang folders are kept, ready to be used if any teacher wishes to review a student's notes or work.
10. On return, the notes are replaced in the binder and the duo-tang returned to the back.
11. Extra section dividers are kept at the back to be used if a teacher wishes to begin another area of study.

This organization works. The most unorganized students, once introduced to this plan, improve tremendously, simply because their own inabilities are compensated for, especially since teacher-supervision is much easier.

Some Advantages

1. Since all "books" go home and return to school each day, the students can't say, "I forgot my book(s)."
2. Since all students are required to note all homework – whether they complete it in class or not – supervision by homeroom teachers and parents is made much easier, since a quick check can be made to verify completion and/or quality. Since everyone has a homework section, and all other subjects are in the same binder, supervision is a snap.
3. Any part or all of a student's notes can be checked by pick-up without having to stop ongoing class-work.
4. Any part can be rewritten without disfiguring a notebook or leaving in place low-quality work. (I suggest that all class/work/assignments, etc. be dated in order to maintain the sense of the binder as a portable filing system).

5. Any teacher notes (photocopied) should be hole-punched and put in place appropriately in the binder.

Appendix iv: Tips on being a friend

You'll be meeting a lot of new people. How can you be a good friend? Here are the top 10 tips. Revised from [wikihow.com](http://www.wikihow.com)!

1	Spend more time around people and talk to them. If you want to make friends, put yourself out there somehow in order to meet people. Remember, friends seldom come knocking on your door while you sit at home playing computer games. You can talk to anybody, the person sitting next to you on the bus, or the person in front of you in the lunch line.
2	Join a team, club or organization with people who have a common interest. A common misconception about this is that you have to be really good at an activity in order to participate in a club or team. But not all teams are so competitive. As long as you enjoy the activity and support your teammates, joining a team club with a positive attitude could be a great way to make new friends. If you play an instrument, sing, or enjoy debating, try joining one of VC's many organizations.
3	Volunteer. Volunteering is also a great way for people of all ages to meet others. By working together you build bonds with people, and you might meet others who have a passion for changing things the way you do (a common cause). This can be done as part of your service hours for Religion class.
4	Make eye contact and smile. People are more likely to be receptive to your friendship if you smile. Try not squinting, looking bored, frowning or appearing blankly "deadpan", folding your arms (this practically screams "don't talk to me"); such habits may make you look troubled or disinterested.
5	Start a conversation. There are many ways to do this; a comment about your immediate environment (The weather is a classic: "At least it's not raining like last week!"), a request for help, or a compliment ("That's a nice Car") all work. Keep the conversation light and cheery. Many conversationalists say that it is good to follow a 30/70 rule (30% talking, 70% listening) pattern during small talk when possible.
6	Introduce yourself. It can be as simple as saying "Oh, by the way, my name is...". Once you introduce yourself, the other person will typically do the same. Remember his name! They will see that you were paying attention and are willing to be a true friend.
7	Initiate a get-together. Open up the opportunity for another conversation or meeting. If you have a club, band, church, etc. that you think they might enjoy, take the opportunity to give them your number or email address and invite them to join you. Take action.
8	Be loyal. Part of being a friend is being prepared to make sacrifices of your time and energy in order to help out your friends. Friends sometimes need help with an unpleasant chore or just need support. Be there for your friends when they need you.
9	Be a good friend. Remember to do your part (e.g. initiating some of the activities, remembering birthdays, asking how the other person is doing) or else the friendship will become unbalanced and an uneasiness or distance is likely to arise. Never ever make fun or laugh at your friend in front of others.

Appendix v: How do I Open a combination lock?

Students should use the following procedure when operating the combination lock:

1. Give the dial two or more turns to the **RIGHT**. 
2. On the third turn to the **RIGHT**, stop at the first number of the combination.
3. Next, turn **LEFT** one whole turn **past** the first number and stop at the second number in the combination. 
4. Now, turn **RIGHT** and stop at the last number in the combination. 

Pull down on the lock. It should open. If not, return to Step One and take your time.

5. Pull down on your lock again and open the door.

Appendix vi: Middle School Supplies

The following supplies are needed for English, French, Mathematics, Religion, Social Studies, and Science. Elective and Physical Education teachers will inform students of any additional supplies.

- 5 HB pencils/mechanical pencils with lead
- 1 eraser
- 2 blue pens
(eraser mate pens recommended)
- 1 red pen
- Lined loose-leaf paper
- Blank loose-leaf paper
- 12 (16) dividers for binder sections
- 10 plastic sleeves
- 2 x 2.5 inch binders (heavy duty)
(may need several depending on your son)
- 1 x 30 cm ruler
- 1 calculator
- 1 mathematical instrument set
(must include a protractor, right angle triangle, 15 cm. ruler, compass)
- 1 French/English, English/French dictionary
(recommended – Robert and Collins Junior Dictionary)
- 1 pair of scissors 9 (optional)
- 1 glue stick (optional)
- 1 pack pencil crayons (optional)
(may have felts as well, but not instead of pencil crayons)

All Middle School students at Vancouver College are required to use only two binders for all subjects.

- Of the various types of binders available, one of the best is the type that has a nylon cloth zippered cover and built-in pencil case. These binders tend to last much longer than the standard vinyl covered binders.

Students must have 2 locks both purchased from Vancouver

College: 1 for PE and 1 to remain on their school locker.

NO

cell phone use is allowed during school hours. Students may occasionally be asked to use their cell phone in the classroom under the supervision and guidance of the educator.

Appendix vii: Why the Binder System?

The system provides a highly flexible but consistent structure. Mid-level students need a structured environment in about the same way they need food. The binder is simply one tool to help us provide structure: Ultimately though, it will be no more useful than our supervision of its use.

- It acts as a portable filing system
- Allows students and teachers to revise or add to materials in a coherent manner;
- Allows teacher-supplied materials to be stored immediately next to associated tasks;
- Allows collection, return, and ‘filing’ of products in a non-disruptive manner;
- Allows constructive supervision, including the appropriate replacement either of marked, revised, or re-done work or of lost or ruined material;
- It helps us to ensure that students who might become disorganized can be (re-) organized quickly and effectively;
- It provides a commonly held set of expectations, fostering a sense of structure and fairness critical for mid-level students: These expectations are listed under “Binder Organization and Use” found at the front of each student’s binder (to be signed by parents).

Mid-level students, especially boys, are going through a time of profound cognitive, physical, emotional, and social change unlike anything they will ever experience again. They are very vulnerable and need a stable, supportive environment with as few variables as possible. In the jargon, they are ‘field-dependent’. More than anything else, they need a supportive field, which provides them with the structure they need to meet the challenges they face. If the structure provides them with the opportunity to develop skills and to experience success, it fosters their notion of themselves as successful people. If it does not, if it treats them as though their characteristics and needs are irrelevant (needs which include challenge, high expectation, and supervision), the structure yields and breeds failure.

The binder system, if properly implemented (i.e. supervised), simply provides the boys with a flexible, systematic structure that helps them cope with demands, which are very different from elementary school. The binder itself is structured, and it provides more structure in that the boys will move from teacher to teacher without meeting as many as 7-8 different sets of expectations. Time spent supervising a boy’s use of the binder, which is as necessary and constructive as teaching subject matter, must be engaged in constantly by all, especially parents, particularly if a student is not achieving success.

It is fundamentally important to check the boys’ binders for things like organization, task completion, attention to detail, and compliance with direction. It is important that they treat their work, and by implication, themselves, with respect. Our close supervision indicates how important it is to us that they do.

What makes you most excited about attending Vancouver College?

What makes you nervous about attending Vancouver College?

What actions or strategies can we take to smooth your transition to Vancouver College?

Mr. Legge's Challenge

You may want to take me up on my incoming student challenge. I believe this will help all of you to become Better Men by the end of your summer vacations and ease your transition to VC. Our school utilizes a four-stranded approach to education, we emphasize with our students the importance of their academic, artistic, athletic and spiritual development.

As you turn off your computer tonight, I would like our new students to begin to develop four tangible goals within those strands that will help them to become better men. These goals should be specific, measurable and timely. Your academic goal could be as simple as committing to read three books this summer or write every day in a journal.. You might have an athletic goal of committing yourself to being active for 45 minutes per day. Maybe your artistic goal could be learning about the techniques of watercolour painting. Finally, your goal centred around faith could be trying to attend mass each Sunday.

When you arrive on campus in September, ask yourself, did I become a better man this summer? It is my sincere hope that our new boys take me up on this challenge as I know it will ease their transition to our school community come the fall.
