(Mod) We're going to be filling Ad-hoc committees today. They are optional, but are another large part of Council. Also, Mr. Seibel is looking for a grant to hold seminars for parents on bullying. He is looking for input.

(Attendance) Senior, junior, and staff alternates may vote.

(Exec) The executive committee met with Mr. Smith this morning and talked about the dance policy review which will be coming up today.

(Admin) Staff of the Month and Skip Bean nomination forms are in resource centers so please feel free to fill one out.

(Curric) We discussed our goals for the year and made a plan. We also changed our meeting time to Tuesday, 7:30 A.M.

(OEC) New and tuition student elections will be held next Thursday during Common Ground.

(SAC) We talked about goals for this year.

(SL) Mr. Brush thinks the locker signs are a good idea but may take some time to put up. It seems like Council's assistance in this is not needed. Our committee is talking about possibly improving Common Ground.

(COI) We started the meeting with a review of where the directors of the Core Competency Portfolio initiatives, which would be Ms. Johnstone and Ms. Patton. They talked about some of their visions and progress that we've made, as well as goals for HHS staff. We picked 5 or 6 goals that the School Board created out of about 20.
