

ONGOING HEALTH CONDITION 2023-2024

Student's Name: _____

Student's Date of Birth: _____ Grade in 2023-2024: _____ School _____

You have checked on school records that this student has an **ongoing health problem**. It is important to have at least annual health information when s/he needs help at school. Include any health issues that might impact the school such as **shunt, kidney/heart disease, and chronic health conditions**. Please complete this form and return it to the school so a plan to help your child can be shared with identified school personnel. It is the responsibility of parents to provide necessary special food and medicine and test equipment needed at school. If you have questions, you may call the district nurse at 503-769-4930.

Your child's health care provider has diagnosed the health problem(s) as: (Please describe conditions/concerns)

Has hospitalization or treatment for this condition been required in the past year? No _____ Yes _____ When? _____

	Medication	Amount Taken	Time of Day
1.			
2.			
3.			

Circle the number of any of these medications to be taken at school.

Please advise the school immediately of changes in dose and/or type of medication.

If you want additional help given, or have other concerns, describe here².

Parent Signature _____

Date _____

In the event of a situation that is deemed as an emergency by school staff, **911** will be called and students transported to Santiam Memorial Hospital if deemed appropriate by emergency personnel.

Remember to advise the school immediately of changes in your child's health condition. It is also critical that all emergency contact information is updated.

¹The district has a policy regarding taking medication at school. Please check with your child's school for direction.

²Tests and activity restrictions require written direction from the student's doctor.
