- Communicating to parents regarding home activities, strategies, and materials that can be used to assist and enhance the learning of children both at home and at school.
- Providing support to assist parents in understanding the development needs of their children and in understanding how to provide positive discipline for and build healthy relationships with their children.
- Developing multiple ways to consistently and effectively communicate between the school and the parents concerning the progress of the children in school and concerning school programs.
- Developing an annual school plan identifying specific objectives of the school program.
