Career Corner

Cybersecurity

This is a field that has seen significant growth over the last 2 decades. In general, the role of a cybersecurity specialist is to prevent criminal or unauthorized access to computer systems and data. Per a recent report from Monster.com - the unemployment rate in this field is an astonishing 0%!

West Leyden Alumnus

(Class of 2011), Mitch Froehlich, is doing just this for Nike Corporation in Oregon. Having gained experience and training

through the Air Force and First Tech Credit Union, he describes his job in this way. "My job is a never ending game of tag, or cops & robbers. There is no shortage of people in the world who want to break into your computers for whatever reason. It keeps life interesting, and I'm always learning". While attending West Leyden, Mitch took Web Design, Networking 1 & 2, Computer Programming & Repair and Accounting.
