

## **Chalk your Walk**

For this activity, you will need sidewalk chalk, an adult who can accompany you outside, and an outside space where you can walk, while staying six feet away from any person who is not living in your home with you. This activity cannot be done with ten or more people.

Go on a walk and pick three random houses to write a kind message to in sidewalk chalk. Write the message on the sidewalk near their house, do not go onto their driveway or any other part of their property.
