Introduction
The Comprehensive School Safety Plan shall be used to provide details regarding each school’s strategies, programs and procedures to support a safe school environment. The California Education Code sections 32280-32289 outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. Requirements are:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The information contained in a school’s safety plan may be supplemented by information not specified in the California Education Code sections 32280-32289.

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District’s Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

**School Climate**

**Current Status of School Crime**

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment.

### Assessment of the Current Status of School Crime EC 32282(a)(1)

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. Conclusions from Parent, Teacher and Student Input:

The data indicates that overall our truancy rates have decreased this school year. This decrease may be due to closer monitoring of absences and tardies and increased incentives for students with good attendance. The provision of nursing services supports the health of our students and therefore attendance. Rewards programs also encourage regular school attendance. Students are rewarded for perfect attendance on a monthly basis. Students receive a special pencil and their name is published in the Coyote News a special incentive and recognition.

Our school has increased access to support for students with emotional or life challenges. We have a full-time counselor to assist our students and staff. The counselor coordinates our CARE Team Meetings on a biweekly basis. Our CARE Team proactively addresses student needs using data and focuses on interventions to ensure that students are learning at high levels every day. The team indicates that early interventions through the CARE Team process and family support are having a positive effect on family challenges. Suspension and other discipline data demonstrate the need to continue to focus on strategies that build communication, problem solving and decision-making skills. Positive student behavior is supported by ongoing training for staff, parents and students. Efforts to include the entire school community in skill-building and communication are well-received by all stakeholders.

For the current school year, Positive Behavior Intervention Systems (PBIS) provides the opportunity to develop the Response to Intervention (RTI) systems necessary to build upon the programs that we currently utilize school-wide. We continue to include strategies to build student and staff skills in these necessary areas, such as conflict resolution and following school rules with a focus on conflict vs. bullying. Cambridge uses a tiered approach to providing positive behavior supports. This tiered approach includes establishment of school-wide and classroom rules and expectations. Teachers complete Behavior Rating Scale assessments on students with chronic behavioral concerns. The data is analyzed within the PBIS team and used to create behavior skills groups focused on strategies for success. Currently, 7% of students participate in pull-out behavior skills groups with the counselor as part of the Tier 2 support system. Approximately 3% of students participate in individual counseling sessions with the school counselor as part of the Tier 3 support system. Recess continues to be an area of growth for positive behavior. Additional recess equipment is purchased and set out for games and activities to engage students during playtime. Suspension rates have decreased this year as a result of PBIS. Teachers regularly conduct Community Circles to address class climate and school climate issues.
Comprehensive School Safety Plan

ASP/CARES continues to be an important service for our students and families. It has undergone significant staffing changes and parents acknowledge an improvement in the quality of that program. Students now may also eat dinner at school prior to leaving ASP.

Our school community is a busy place with various organizations using the facilities throughout the day, evening and weekends. With the support of district, neighborhood, and community partnerships, together we can continue to improve the physical plant. Parents and staff are enthusiastic about the recent clearing behind the school buildings creating a cleaner and safer environment for students.

Our continued plan for the 2018-2019 school year is to enhance the school's play area, possibly creating a soccer field (which will require taking over the Park). These are suggestions from the students and parent community. Fundraising is currently taking place to make this happen.

Provide and Maintain a High Level of School Safety EC 32282(a)(2)
Identify appropriate strategies and programs that provide and maintain a high level of school safety.
Cambridge is in its sixth year of Implementation of PBIS. There is a PBIS team consisting of teachers, a counselor and site administrators. The PBIS team worked together to develop our three expectations: Be safe- Be responsible- Be respectful. These provide a framework for expected behavior throughout the school and throughout the day. Each day during morning announcements, students help us lead the staff and student body in reciting the Coyote Pledge school wide. The Coyote Pledge outlines the three expectations. The PBIS team developed a "matrix of expected student behaviors" a guidebook, and a Behavior Expectations Chart that is displayed in yellow in each classroom and throughout school to teach the expectations for all areas of the school. All teachers are provided the matrix annually and use it to teach and review expectations in each location or situation. Grade levels collaborate to teach playground expectations. Noon supervisors and CARES staff have also been introduced to PBIS tools. A systematic office referral system has been put in place to provide consistent implementation of behavior response procedures. Restorative Practice training will continue to occur for new staff annually to provide the foundation for creating a safe social-emotional environment.

There is increased staffing during the morning arrival and afternoon release times to support student and traffic safety. Staff supervise students on the blacktop, including administrators who supervise the gate nearest the fire lane. Noon supervisors support traffic before and after school. In addition, the school gates are monitored by administrators throughout the day in order to prevent unauthorized adults and foot traffic to and from campus. Although traffic flow and parking continue to be an issue, the parent community and staff are working closely with the City of Concord to develop strategies for eliminating school traffic concerns.

The school rules of "Be safe! Be respectful! Be responsible!" are displayed on large colored posters in each classroom and are bilingual as well. They are also posted throughout campus.

School Interventions and Support Systems BP 5144; AR 5149
MDUSD BP 5144
Discipline

List and describe interventions and support systems that are in place as a deterrent to suspension and expulsion. Cambridge has a well developed system for supporting positive behaviors as well as providing tiered interventions for student behavior. The following are list of positive incentives for students:

*Coyote of the Month (Student of the Month) - Students are recognized each month with a special celebration and a certificate.
*Coyote Howls - individual positive reinforcement strategy used throughout the year.
*Spirit weeks participation (Red Ribbon Week, Holiday Week, etc.) - special coyote howls.
*Coyote Class Howls - positive class reinforcement strategy used throughout the year.
*Class Howls menu - this is a the new incentive process for students to redeem their coyote howls. Students select items from the menu, such as a lanyard or water bottle, and pay with the appropriate amount of howls. PTA funds the Coyote Howl Home for the incentive prizes and PBIS Team Members redeem prizes every week.
*Classroom management systems and incentives such as tickets, marble jars, class or table points, and cards used throughout the year.
*Classroom teachers select two students of the month for demonstrating safe, respectful and responsible behavior. Students receive a certificate, their names are published in the Monthly Coyote Newsletter and have a popcorn party in the Coyote Center.
*Noon supervisors included in use of Coyote Howls and Class Howls.
*Perfect attendance is celebrated monthly in the Coyote News.

The following 6 step system was developed and is used by staff to redirect student behavior:
1. Redirection.
2. Redirection/ Relocation.
4. Loss of Privilege.
5. Parent Contact.
6. Office Visit.

Support Systems:
Class meetings and community circles are held school-wide at least once per week. Tiered Interventions include small group socio-emotional lessons, also known as "Behavior Skills Groups" are facilitated by the counselor. Students are identified based upon behaviors exhibited in class and on the school yard. Behavior Skills groups are a Tier 2 intervention support. Teachers use a research based behavior rating scale to measure specific Tier 2 behaviors. Sessions take place once per week with the counselor. Tier 2 and 3 support is provided by the school counselor. These session may take the form of individual counseling or Wellness group counseling. Sessions take place multiple times a week.

Office referral forms are used throughout the year and are documented within the student information system Aeries. Data is used to determine if additional socio-emotional support for students.

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.
Mental health professionals, including school and district counselors and psychologists, social workers, child welfare attendance liaisons, and foster youth outreach workers work in collaboration with the site CARE team to identify and provide services to students and families in need of support.

Dress and Grooming

School Dress Code
STUDENT DRESS
Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. We are concerned with the safety of our students. Therefore, our Dress Code Policy will be strictly enforced. We will call the parents of a student whose attire does not meet Dress Code Policy or presents a potential hazard to himself/herself or others. He/she may be sent home to change or a parent may bring an appropriate change of clothes. Dress code was created with safety in mind so that students would not wear colors or attire resembling street gang attire. Red and bright blues are restricted from campus.

SCHOOL UNIFORM:
1. Uniform shirts/blouses in white, gray, navy, light blue or teal.
2. Pants, shorts, skorts, skirts or jumpers (not higher than 3 inches above the knee) in navy blue or khaki.
3. Athletic shoes must be worn during P.E.

Students are NOT allowed to wear:
1. High heel shoes or flip-flops.
2. Midriff top, tank tops, or shirts and/or tops with inappropriate writing or logos.
3. Baggy or ripped clothing of any kind.
4. Shorts, skorts, dresses or skirts higher than 3 inches above the knee.
5. Hats and hoods may not be worn in the classroom or in the cafeteria.
6. Makeup and fake nails are not considered appropriate for elementary students.
7. Large hoop earrings.

Conduct

School, Discipline, Program, Rules and Consequences.

Expectations: Be safe. Be respectful. Be responsible.

The expectations are communicated via the "Cambridge Expectations Matrix" displayed in all classrooms, throughout campus and bilingual. During daily morning announcements, students also cite the Coyote Pledge which highlights the three expectations of "Be Safe, Be Respectful and Be Responsible". Behaviors are delineated for locations and activities throughout the campus. Students review the expectations by viewing the Cambridge Expectations Matrix and through lessons that are taught by their teachers. Expectations are reinforced on an ongoing basis throughout the day.

Students are expected to behave in a manner that demonstrates the three expectations. Positive reinforcement is provided throughout the day and year through "Coyote Howls" and "Class Howls". Students earn "howls" individually and as a class for demonstrating safe, respectful and/or responsible behavior. Cambridge PTA and the PBIS team help facilitate a weekly Coyote Howl Menu in which students can "redeem" rewards with their "howls". The PBIS team determines the rewards for "Class Howls". The bilingual menu is set for the year.

At the classroom level, rewards and consequences are determined by grade level teams. Except in severe or extreme situations, students must move through classroom consequences before entering into an office referral. Teachers employ positive behavior strategies, as well as consequences.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

Purpose of the Plan

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session.

Regulatory Authority

State laws and regulations require school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires schools plan for earthquakes and other emergencies. It also requires training in earthquake preparedness procedures for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS are incorporated in District plans; that the Incident Command System (ICS) are used at school sites; that all school personnel are trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of state law as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires each employer facility have an
Emergency Action Plan which focuses on specific emergency contingencies, response personnel roles, and evacuation plans of each employer’s site where employees work. Schools and school districts are included in this mandate.

School Site Emergency Preparedness and Response Coordination

Each principal shall supervise the planning, operating and testing of their respective school’s Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District’s Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster. The principal must ensure that the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies.

Campus and Facility Site Preparedness Duties

This school and the District have designated specific persons to assume emergency position responsibilities in the event of a site emergency or District-wide disaster. The following information provides a breakdown of these responsibilities:

All School Staff:
- Become familiar with the school's emergency and evacuation procedures.
- Participate in First Aid and CPR training, as appropriate.

Annually each principal shall:
- Designate Staff Incident Command Structure Assignments.
- Update this site Emergency Preparedness and Crisis Response Plan.
- Ensure personnel are properly trained in their respective assignments.
- Conduct survey of personnel to determine CPR/First Aid/Disaster Preparedness/Medical Training.
- Survey parents to determine who may wish to volunteer during an extended emergency or disaster.
- Ensure needs of students and staff with disabilities are provided for in the event of an emergency.
- Designate primary and alternate locations for command post, evacuation, first aid, student release, and morgue.
- See that parents are informed of the plan and its effect upon students.
- Compile/maintain list of local emergency agencies including telephone numbers and addresses.
- Practice building evacuation plans including testing of warning systems, alarm signals, and communications methods.
- With Maintenance and Operations, complete a site and building hazard survey.
- Ensure all emergency equipment and supplies are in usable condition at all times.

Teachers:
- Teachers are responsible for the supervision of students in their charge.
- Understand emergency response procedures.
- Have planned activities for use during disasters to lessen possible tension.

School Office Managers or Designee:
- Organize and maintain the emergency first aid supplies and distribute back-up supplies.
- Assist principal in developing procedures to protect essential records.
- Ensure battery-operated AM/FM radio is available in working condition; know the call number and frequency of disaster information station.
- Maintain an up-to-date list of students and staff who require life sustaining medication.

School Custodians or designee:
- Assist principal in planning control procedures for different types of building damage.
- Routinely check that battery-operated equipment is in working condition.

Crisis Response

The primary goals of crisis response are to:
• Prevent a potentially chaotic situation from escalating into a catastrophic event.
• Help those affected to return, as quickly as possible, to a normal level of functioning.
• Decrease the potential long-term effects of the crisis.

Incident Command System (ICS)
The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level.

The organization of the Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:
• Command (Management) Team - Provides overall direction of response at the school site
• Operations Team- Supports on-scene response at school site
• Planning Team- Collects, evaluates and documents information about the incident
• Logistics Team - Provides services, personnel and supplies in support of incident response
• Finance Team - Provides financial tracking, procurement and cost accounting of incident response

COMMAND AND ORGANIZATION DURING A CRISIS

Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C’s at all times.

These three C’s are:
• **Control** – Control is the cornerstone of every crisis/emergency response. In emergency response this is initiated and maintained through the effective use of the Incident Command System.
• **Communication** - Communication is essential to maintaining effective coordination of all response actions. Ongoing communication must be maintained between response persons, school staff, and the command team.
• **Coordination** - Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

CHAIN OF COMMAND

An appropriate Incident Command System will be utilized during all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the ICS Team members and other school staff in the implementation of the response actions through the assignment of appropriate duties. If the principal/site administrator is not present, or cannot assume control for any other reason, the Chain of Command is as follows:

<table>

<tr>
<th>Incident Commander (Principal/Site Administrator)</th>
<th>Lourdes Beleche/Principal</th>
</tr>
</thead>

<tr>
<td>IC Alternate #1</td>
<td>Vice Principal - Theodora Pappas</td>

<td>Room 3 Intervention Teacher - Elizabeth Platt</td>

</tr>
</tbody>

INCIDENT COMMAND SYSTEM (ICS)
During campus emergencies, designated school staff function within the Incident Command System until the arrival of outside response personnel. Upon arrival of outside response agencies, the Incident Commander will turn over command of the incident to the ranking response person. The school Incident Commander will document the time of the relinquishing of command and will remain at the Incident Command Post as part of a unified command structure.

The school will coordinate activities with the District Office during a major emergency or disaster. As deemed necessary by the principal or other person acting as the Incident Commander, resource requests will be made by the campus Logistics Team Leader directly to the District Office. All requests for initial emergency assistance will be made to the local emergency response agencies.

Note: Not all members of the ICS will be activated at every emergency. Decisions as to the extent of the response and staff activation will be made by the Incident Commander at the initiation of the response. School staff designated as the primary person for each position is shown following each position title.

**EMERGENCY RESPONSE COMMUNICATIONS**

During an emergency:

Comprehensive School Safety Plan  
24 of 161  
4/25/19
• Manage your environment to reduce confusion.
• Communicate with students to reduce anxiety and confusion.
• Call 911 if the emergency is in your area (e.g. your classroom) and inform office of the call.
• When evacuating your area communicate all clear by Link to Cliff Notes Evacuation #3 and lock the door. Keep room unlocked if a victim is still inside the room.
• During evacuation do not call the office unless you witnessed the emergency incident or suspects.
• Students should be allowed to text that they are safe but should not talk on the phone.
• Communication may be achieved by the use of intercom, walkie-talkies, telephones, messengers, bullhorns.
• School site direct dial telephones lines will continue to operate. This is usually the line that serves the fax machine. Each site should have one direct-dial telephone unit that can be plugged into this line.
• District school buses have a radio that can call the district. If on campus, the bus radio can be used to communicate with the district.

**LOCATIONS**

**Command Post:** The Command Post will be located such that the full emergency assembly area is in view, while maintaining adequate separation from students, evacuation assembly areas, the medical treatment area and student release areas. School personnel designated to contact outside emergency response agencies will notify the responding agency of the location of the Command Post at the school.

**Evacuation Area:** Whenever an evacuation is called ensure that the area is not a potential danger to the evacuees and/or is not in the path of the event. This includes danger from natural disasters, chemical/hazardous materials, explosive devices and potential violence threats. Notify the Incident Commander immediately if evacuation is deemed unsafe.

**First Aid/Emergency Medical Response Center:** In the event of a major disaster the First Aid area will act as both triage and treatment units. Two assumptions must be made regarding medical services:

- During a major event, local emergency medical service services may not be available and transportation of the injured may be delayed.
- District employees and visitors will be dependent on first aid rendered by trained district employees.

### SCHOOL STAFF EMERGENCY RESPONSIBILITIES

#### General Staff Responsibilities

All staff members are directly responsible for the protection of students, members of the public and school assets. School administrators and teachers must ensure that appropriate steps are taken during emergencies. General responsibilities for ALL school staff in case of emergency include, but are not necessarily limited to, the following:

- Ensure that students are properly notified of the emergency.
- Take appropriate action with students as conditions require.
- Initiate first aid, rescue, equipment shutdown or damage control as needed.
- Account for all students.
- Notify the Assembly/Shelter and Care Officer of missing persons, or of any employees or students who require medical assistance.
- Contact parents or guardians as appropriate.

#### District Staff as Disaster Workers

The California Government Code [§3100 et. seq.], declares that all public government employees are disaster workers subject to such disaster service activities as may be assigned to them by their superiors or by law. In accordance with these legal responsibilities of public employees, all district personnel are subject to be called upon and must be prepared if at home or elsewhere, to report for duty in the event of an extreme emergency. Arrangements for care of one's family should be prearranged in order to permit discharge of this emergency responsibility. This law applies to District employees in the following cases:

- When a local emergency has been proclaimed
- When a state emergency has been proclaimed by the governor
- When a federal disaster declaration has been made by the president

All staff members should have a personal plan for themselves and their families that can be implemented during an emergency. Staff members should be prepared to remain on site for as long as 72 hours or longer following an emergency, possibly without contacting their home and families. Staff members with special home considerations should discuss these with the principal prior to any emergency.

#### Release of Teachers/Staff from Duties as Disaster Workers

Government Code §3100 declares that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term public employee includes all persons employed by the state or any county, city, state agency or public district, excluding aliens legally employed.

This means all school staff are considered disaster workers during a major emergency. School personnel assigned to school level Incident Command System positions and responsibilities will assume their posts as assigned by the site Incident Commander. Others will remain at a central staging location to await assignment as needed. No staff person will be released from their normal or emergency response duties without the expressed permission of the principal or designee as directed by the superintendent or a designee. School principals will not allow such releases of their staff without first obtaining authorization from the superintendent or a designee.
Priority Release of Employees:

Staff members with special home conditions, such as infant children or invalid relatives, are invited to submit a written petition for “first opportunity” release after the crisis stages of an emergency. The administrator in charge will exercise this release at the earliest opportunity as follows:

- Those with dependents
- Those with no dependents
- Administrators
Potential Emergency Types and Responses Part One

School Administrators, teachers, and other staff will, at some time, be forced to deal with different types of potential or actual crises or emergency situations. The following sections describe the most probable situations, with specific response action directions included for each emergency type. The response actions are determined in coordination with the MDUSD Emergency Response Plan, the Incident Command System, and other district policies and guidelines.

ACTIVE SHOOTER SITUATIONS: RESPONDING TO AN ACTIVE SHOOTER SITUATION

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action.

There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

RESPOND IMMEDIATELY

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors. Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency. These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., “Gun! Get out!”) to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.
As part of its preparedness mission, Ready Houston produces “Run, Hide, Fight” videos, handouts, and trainings to promote preparedness among residents of the Houston region. These materials are not specific to a school setting but may still be helpful. These videos are not recommended for viewing by minors. All of these items are available free of charge, and many are available at http://www.readyhoustontx.gov/videos.html

Occupants of both towers delayed initiating their evacuation after World Trade Center 1 was hit. In World Trade Center 1, the median time to initiate evacuation was 3 minutes for occupants from the ground floor to floor 76, and 5 minutes for occupants near the impact region (floors 77 to 91). See National Institute of Standards and Technology, 2005. Federal Building and Fire Safety Investigation of the World Trade Center Disaster Occupant Behavior, Egress, and Emergency Communications. Available at http://www.mingerfoundation.org/downloads/mobility/nist world trade center.pdf

RUN

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location.

Students and staff should be trained to

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as persons with access and functional needs;
- Avoid escalators and elevators;
- Take others with them, but not to stay behind because others will not go;
- Call 911 when safe to do so; and
- Let a responsible adult know where they are.

HIDE

If running is not a safe option, hide in as safe a place as possible.

Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:

- Lock the doors;
- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room’s occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

FIGHT
If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker. While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee’s job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

### BOMB THREAT/SUSPICIOUS PACKAGE

#### BOMB THREAT

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

#### SUSPICIOUS PACKAGE

Anyone discovering a suspicious package, box or strange device will do the following:
- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

The superintendent is to be kept informed of all actions.

### EARTHQUAKE

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:
If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher’s command, students should take the DROP position.

If a “shelter” (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

**EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:**

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

**SETTLING DOWN AFTER THE FIRST SHOCK:**

After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.

When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.

Announce that no student is to return to the room unless directed to do so.

Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person.

Do not light any fires after the earthquake because of possible gas leaks.
If possible, notify utility companies of any break or suspected breaks in service.

The **Incident Commander** should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The **Incident Commander** should keep the superintendent informed of conditions at the school.

Whenever possible disaster supplies should be kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area.

**STUDENT RELEASE**

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

**THE GREAT SHAKEOUT EARTHQUAKE DRILLS**

All Mt. Diablo USD schools are encouraged to participate in the annual Great ShakeOut Earthquake Drills. See [https://www.shakeout.org/index.html](https://www.shakeout.org/index.html) for more information.

---

**FIRE**

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

Upon receiving the order to evacuate, staff will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Proceed to the primary evacuation location.
3. Upon exit post green sign to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Proceed to the primary evacuation location.
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice: N/A
10. Stay with class unless you are released to assume other duties.

Potential Emergency Types and Responses Part Two

CHEMICAL SPILLS WITHIN THE SCHOOL

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.
- The office will alert classes to, “Shelter-in-Place.”
- Notify the Superintendent’s office.

CHEMICAL ACCIDENT NEAR THE SCHOOL

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

CRISIS INVOLVING INDIVIDUAL STUDENTS AND/OR STAFF

The sudden death, serious injury to a student or staff member either through natural causes, accidents or as the result of an act of violence, such as school shooting, missing students (known or suspected abduction), physical assault, sexual assault, non-natural or non-accidental causes or other unexpected events are, without question, a crisis. Responding to these kinds of crisis situations in a timely and effective manner is as critical as dealing with an earthquake or a fire.

1. Contact Student Services to request the District Crisis Intervention Team immediately following a serious injury, accident or death of a student or staff member.
2. Work with your school psychologist to determine identification of short- and long-term interventions for students or staff traumatized by the event.
3. Work with the Superintendent’s office to formulate a public statement.
4. Discuss the crisis in a factual manner in follow up meetings and/or communications.
5. Be sensitive to latent behavior problems that are trauma-related.

A general message will be prepared and whenever possible parents will be contacted first in order to be the first adults to provide the information and support their children. All staff will be debriefed and supported. Activities to best meet the needs of the community will be provided aimed at providing counseling, a way for all to process (writing, drawing, and sharing). Activities such as games, music and reading may be planned over a short period of time to reduce anxiety and work demands. Follow and close monitoring for students and staff to insure latent reactions and responses.

DISCARDED WEAPON OR DRUG LAB/PARAPHERNALIA

DISCARDED WEAPON: GUN OR RELATED ITEM

A staff person may discover a discarded gun or related item or a student may also bring this to a staff person’s attention.
• Staff will remain at the location and notify the office of the situation.
• The office will immediately notify the local authorities.
• Staff will not take any active response role in these situations.
• Keep the area clear of students and faculty until local authorities have arrived.
• As appropriate, conduct a Shelter in Place.

**DISCARDED WEAPON: KNIFE OR RELATED ITEM**

A staff person may discover a discarded knife or related item or a student may also bring this to a staff person’s attention.

In these circumstances:
• Staff will remain at the location and notify the office of the situation.
• Trained staff as designated by principal or designee will recover the item and notify the authorities as appropriate.

**DISCARDED DRUG LAB OR DRUG USE PARAPHERNALIA**

A staff person may discover a discarded drug lab or drug use paraphernalia or a student may also bring this to a staff person’s attention.

In these circumstances:
• Staff will remain at the location and notify the office of the situation.
• The office will immediately notify the local authorities.
• Staff will not take any active response role in these situations.
• Keep the area clear of students and faculty until local authorities have arrived.
• As appropriate, conduct a Shelter in Place.

**EXPLOSION**

The DROP command is to be given immediately in the event of an explosion at the school or within a school building.

If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the superintendent’s office.

**FALLEN AIRCRAFT**

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:
• The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
• Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to avoid fumes.
• Call 911

Notify the Superintendent's office.

**NATURAL GAS LEAK OR RUPTURED GAS LINE**

The site administrator will evaluate the situation and determine the need for a building evacuation.
Offsite emergency respondents will be called if a leak is suspected.

In general, an evacuation of the building(s) will be conducted whenever there is a strong smell of natural gas within the school. Evacuations under other circumstances will be decided upon based on discussions with offsite emergency respondents. The site administrator will then initiate whatever emergency action is required.

Notify the superintendent's office.

**RABID OR VICIOUS ANIMAL**

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Superintendent’s Office.

**SEVERE WINDSTORM**

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete a Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don’t permit any staff to leave the building until the winds have subsided and it is safe to do so.

In the event of an extended outage, consult with the cafeteria manager. The cafeteria manager will consult with Food and Nutritional Services x4124.

If an extended outage is likely, provide a School Messenger update to keep parents/guardians informed.
EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

EVACUATION PROCEDURES

EVACUATION ALARM SYSTEM

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the Incident Commander, will carry out the initial response actions delineated in the Emergency Preparedness and Crisis Response Plan. In consultation with members of the Incident Command Team, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

Incident Command Team members will immediately assume their designated response duties as activated by the Incident Commander. The Disaster Response Officer will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned.

When a decision is made to evacuate, the Assembly/Shelter and Care Team leader will immediately report to the assembly area and inspect the area for hazards. The Assembly/Shelter and Care Team leader will notify the Disaster Response Officer immediately if the area is safe. If not, the Assembly/Shelter and Care Team will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified according to the site’s Preparedness and Crisis Response Cliff Notes.

If deemed appropriate and safe, the school’s fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

COORDINATING THE EVACUATION

Upon receiving the order to evacuate, staff will assume their designated positions in the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Proceed to the primary evacuation location.
3. Upon exit post green sign to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed. 5. If on prep or don’t have a class: Proceed to the primary evacuation location.
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice: N/A
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be All Clear
12. Communicate with your students and maintain control.

EVACUATION ASSEMBLY AREAS
When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the Incident Command Team, via the Assembly /Shelter and Care Team, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school’s Student Release Procedures as outlined in the site’s Preparedness and Crisis Response Cliff Notes. This will not be done unless it is authorized by the Incident Command Team.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the Assembly /Shelter and Care Team as outlined in the site’s Preparedness and Crisis Response Cliff Notes. If someone is deemed missing, the teacher is to immediately report this fact to the Assembly /Shelter and Care Team as outlined in the site’s Preparedness and Crisis Response Cliff Notes.

ACCESS CONTROL PERSONNEL

Whenever an evacuation is called, the designated Security/Traffic response team (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in the Emergency Preparedness and Crisis Response Plan.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

STUDENT EARLY DISMISSAL AND EMERGENCY SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District’s Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

RELEASE OF STUDENTS FROM SCHOOL

MDUSD and this school want to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school. Parents are encouraged to print out and complete the ABC’s – Three Steps to Protect Your Child during Emergencies in the School Day (Appendix B)

In the event students are held at a school, they may be released only to the student’s own parent(s) or a person authorized beforehand by the parent. As a part of annual registration, sites collect emergency contact information in AERIES. From AERIES, Emergency Cards shall be printed and used for this purpose. It is recommended sites print copies for teachers to have on hand in their emergency packs along with roll information. Office shall also print out the Emergency Student List or Emergency Cards and maintain that in the office emergency evacuation kits.
Parents or others must check with this school’s Student Release team at the emergency Student Release Location prior to pick up of their children. Teachers will release students according to the procedure outlined under the Emergency Student Release Procedures described below.

**EMERGENCY RELEASE PLAN PROCEDURES**

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

1. At time of emergency, students remain with their current classes. Teacher takes roll on an Accountability Form and await direction from Incident Commander via Student Release team.
2. Incident Command will communicate with district office for dismissal directive. Students will report to (first period or other) classes, upon Student Release team directive.
3. This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
4. Students will be released only to authorized adults listed on the Emergency Card or Emergency Student List. Adults picking up students must sign Student Release Log and indicate destination. Unless otherwise directed by Incident Commander via Student Release officer, a runner takes message to teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student and releases.
5. Students may go home with people listed on Emergency Card or Emergency Student List if parent can’t be reached.
6. Periodically, as students are released, remaining students will be consolidated.
7. Teacher takes attendance after each consolidation, informs Assembly/Shelter and Care team as well as the Student Release team, and keeps all documentation.

**EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN**

**TRAINING**

The key to effective and coordinated emergency response efforts is the proper training of school response personnel as to their duties in an emergency or disaster. Proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District.

**ALL DISTRICT RESPONSE STAFF AND STUDENTS**

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District Emergency Operations Center (EOC) plan and its coordination with School Crisis Response plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

**SCHOOL CRISIS RESPONSE TEAM PERSONNEL**

All school staff will receive training and detailed information on the Incident Command System and its use at a school crisis or disaster response. This will include but is not limited to:

- Initiation and functioning of the ICS Command Post.
- ICS response positions, their responsibilities, and the use of position checklists.
- Development of site Incident Action Plans and the utilization of, and coordination with, EOC actions at the District level.
- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.
**DRILLS AND EXERCISES**

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

**EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN**

Campus Disturbances

Campus Disturbance Plan.
Cambridge Elementary follows district procedures for removing or controlling a campus disturbance followed by incident reporting. The campus perimeter is kept secure after school arrival. All Gates are locked at 8 AM and reopened at 1 PM. Disturbances are managed through a shelter in place protocol. If a person or persons are not successfully removed for the campus through requests made by the administrator, then law enforcement is contacted for support and the district is notified of the situation.

See Appendix A
Access to School Campus by Visitors BP/AR 1250
MDUSD BP 1250
Visitors/Outsiders

Visitor Registration Procedure:
All school visitors must report to the office before moving around the school campus. Visitors will sign in and be provided with a brightly colored, easily-recognizable "visitor" pass that will be worn in a visible location. Persons without a "visitor" pass or staff ID will be directed to report to the office. An administrator or a noon/campus supervisor will be called if assistance is needed by another staff member to respond to an unidentified person on campus. All gates except for the parking lot will be locked during school hours. Classroom doors will remain locked during school hours to prevent unwanted entry of guests. In the event of an unknown or threatening intruder who is behaving in a dangerous or unacceptable manner, the office personnel will be notified immediately. Police assistance will be requested if needed.

In the event of an emergency, any guests or parents on campus will follow the instructions of staff and follow the safety procedures.

See Appendix A
Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450

Describe the procedures for safe passage when students and adults are entering and leaving school grounds. Identify your site’s access points. Describe the utilization of campus supervisors, security personnel, and security equipment.

Students enter and exit the school in a variety of locations. Students living on the east side of campus enter the school from Lacey Lane. The use of sidewalks and a crosswalk is enforced by a crossing guard. Parking lot safety staff assist parents who drop off/pick up their students in a vehicle. Lanes are marked by painted arrows and safety cones. Drivers are directed to pull forward in the parking lot, to an area where students can be dropped off/picked up safely. Lacey Lane has been coned off for parents to only be able to turn right back onto Lacey Lane after dropping off and picking up their student. This helps ease the flow of traffic since parents are no longer blocking the street to make a left turn. Students living on the west side of campus, and who walk to and from school, enter through the gate between Cambridge Elementary School and Cambridge Park or along the emergency vehicle alley. A paved path is available for students who use this entrance.

Parents dropping students off in the morning and wait in the hallways. Only students and staff are allowed on the blacktop. Administrators are stationed in the front and the back of school. Staff also provides supervision during before school hours. After school, parents wait in the waiting zone areas to await students’ release from school.

Many parents meet their students at school and walk with them to their homes. Noon supervisors and certificated staff are stationed in front of the school and on the playground in the morning to ensure the safety of students and families. Orange safety vests are worn for easy identification. All back and side gates are locked ten minutes after the start of instruction. During the time when gates are locked, all visitors use the east entry, the front of the school.

Key Safety Elements:
- use of crosswalk and crossing guard
- drop off for breakfast 7:20 am
- drop off on the playground 7:30 am
- vehicle drop off -counter-clockwise traffic flow, one lane, three drop off stops in the center of the circle, use seat belts, no cell phone use, follow directions of campus supervisors
- Lacey Lane: coned off for parents to only be able to turn right back onto Lacy lane after dropping off and picking up their student.
- use sidewalks and crosswalks
- wear helmets, walk bicycles and scooters and lock them in appropriate locations
- walk in all hallways, crosswalks and sidewalks
- tardy students check in at the office
- leave the school promptly unless enrolled in an after school program or under supervision of an adult
- students leaving campus early will be signed out by an authorized adult
- campus supervisors will utilize walkie talkies for communication

Communication with parents regarding safe drop off and pick up procedures is shared in multiple ways (i.e. School Site Council, English Learner Advisory Committee, Safety Committee, PTA, Coffee Chats with the Principal, Platicas, parent newsletters, school messenger, etc.)

See Appendix A

Students with Disabilities
If you have not described them elsewhere in your safety plan, include adaptations for students with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. SEC §. 12101 et seq.) for disaster procedures, routine and emergency.
Students with medical concerns (i.e. cystic fibrosis, diabetes, asthma, food allergies, etc.) will have medical supplies in the classroom and in the nurse's office. The school nurse or office staff will monitor the needs of these students in the event of an emergency.

Appendix A: Active Shooter Event Quick Reference Guide

When law enforcement arrives:
- Remain calm and follow instructions
- Drop items in your hands (e.g., bags, jackets)
- Raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers, such as holding on to them for safety
- Avoid pointing, screaming or yelling
- Do not ask questions when evacuating

Information to provide to 911 operations:
- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons shooter has
- Number of potential victims at location

For questions or additional assistance contact:
Your local law enforcement authorities or FBI Field office:

Department of Homeland Security
3801 Nebraska Ave, NW
Washington, DC 20528

An “active shooter” is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

- Victims are selected at random
- Event is unpredictable and evolves quickly
- Knowing what to do can save lives
ACTIVE SHOOTER EVENTS
When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation.

You have three options:

- Have an escape route and plan in mind
- Leave your belongings behind
- Evacuate regardless of whether others agree to follow
- Help others escape, if possible
- Do not attempt to move the wounded
- Prevent others from entering an area where the active shooter may be
- Keep your hands visible
- Call 911 when you are safe

- Hide in an area out of the shooter’s view
- Lock door or block entry to your hiding place
- Silence your cell phone (including vibrate mode) and remain quiet

- Fight as a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with as much physical aggression as possible
- Improvise weapons or throw items at the active shooter
- Commit to your actions . . . your life depends on it

The first officers to arrive on scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove injured.

Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.
Appendix B: ABC’s – Three Steps to Protect Your Child During Emergencies in The School Day.

**EASY AS ABC**

THREE STEPS TO PROTECT YOUR CHILD DURING EMERGENCIES IN THE SCHOOL DAY

**ASK** how you would be reunited with your child in an emergency or evacuation

**BRING** extra medications, special food, or supplies your child would need if you were separated overnight

**COMPLETE** a backpack card and tuck one in your child’s backpack and your wallet
ASK how you would be reunited with your child in an emergency or evacuation

How would you find your child if an emergency happened during the school day?

If students had to evacuate, where should parents/guardians go for pick up?

How would the school notify you in the event of emergency?
BRING extra medications, special food, or supplies your child would need if you were separated overnight

An emergency might require a sudden sleepover. Tell school administrators about any extra supplies your child may need to safely make it through a night away from home.

What essential supplies would your child need if separated from you overnight? (Medications? Inhaler? Milk? Diapers? Battery pack for special equipment?)

Does the school have an emergency stockpile of these items? **Yes No**

If your child has special medications, can extras be kept at the school? **Yes No**

What is the school policy for how and when medicine can be administered to your child?
COMPLETE a backpack card and tuck one in your child’s backpack and your wallet

Emergencies are chaotic! Make sure your child or their school knows how to reach you, and who should be called if your phone isn’t working.

Complete an emergency contact card to make sure you and your child know how to get in touch quickly.

Regulation MT. DIABLO UNIFIED SCHOOL DISTRICT
approved: November 12, 2002 Concord, California
BP 1112 Community Relations

Media Relations
The Governing Board respects the publics' right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request in accordance with Board policy.
(cf. 9322 - Agenda/Meeting Materials)

Media representatives, like all other visitors, shall register immediately upon entering any school building or grounds when school is in session.
(cf. 1250 - Visitors/Outsiders)
(cf. 3515.2 - Disruptions)

Staff may provide the media with student information, including, but not limited to, the name of a student, school of attendance, grade level, honors, and activities, unless the student's parent/guardian has submitted a written request that such information not be disclosed. The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.
(cf. 1340 - Access to District Records)
(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)
(cf. 5125.1 - Release of Directory Information)
(cf. 9010 - Public Statements)
(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school are strongly encouraged to make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.
(cf. 5145.2 - Freedom of Speech/Expression)

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Crisis Communications Plan
During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.
(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergency and Disaster Preparedness Plan)

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Superintendent or designee shall include local law enforcement and media representatives in the crisis planning process.

Notification to Certificated Staff of Student Who Has Been Found by a Court to Have Committed any Felony and Other Misdemeanors (Welfare and Institutions Code 827)

The Welfare and Institution Code states written notice shall be provided by the court, within seven days, to the Superintendent of the school district of attendance that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, assault or battery, larceny, vandalism, or graffiti. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. Whenever the court notifies the district, the notice shall be expeditiously transmitted by the district Superintendent or designee to the principal at the school of attendance. The information shall be given to any teacher, counselor or administrator who has supervisory or disciplinary responsibility over the student who the Superintendent or his designee believes needs this information to work with the student in an appropriate fashion to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability.

The teacher, counselor or administrator shall be notified in writing on a district form. Any information received from the court shall be kept in a separate confidential file at the office of student services and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed.

Any information received by a teacher, counselor or administrator shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents/guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff. Any intentional violation of confidentiality is a misdemeanor punishable by a fine not to exceed $500.

If a minor is removed from public school as a result of the court's finding for offenses described above, the Superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the Superintendent of the last district of attendance, who shall transmit the notice received from the court of the Superintendent of the new district of attendance.

Except as provided in paragraph (2) of subdivision (b) of Welfare and Institutions Code 827, no liability shall attach to any person who transmits or fails to transmit any notice or information required under Welfare and Institutions Code 827.

Bullying

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel. The school district has in place policies, procedures, and practices that are designed to reduce and eliminate discrimination, intimidation, harassment, and bullying as well as processes and procedures to address incidents of discrimination, intimidation, harassment, and bullying when they occur.

These policies and procedures must be disseminated annually to staff, students, and parents/guardians. These policies shall be publicized to students, parents, employees, agents of the governing board, and the general public. The district will not tolerate discrimination, intimidation, harassment, bullying or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. This includes but is not limited to discrimination, intimidation, harassment, and bullying based on actual or perceived characteristics and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. (Education Code 234.1)

The Board recognizes that some acts of discrimination, intimidation, harassment, and bullying may be isolated and/or unintentional incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may indicate a larger pattern of discrimination, intimidation, harassment, or bullying that require a response either at the classroom, school site, or district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of discrimination, intimidation, harassment, or bullying may range from behavioral intervention and education up to and including suspension or expulsion. This policy applies to all acts related to school activity or attendance occurring within a school under the jurisdiction of the superintendent of the school district.

In addition to the grounds specified in Education Code sections 48900, sections 48900.2, 48900.3, and 48900.4 provide additional authority to discipline a pupil for conduct that amounts to bullying. (Education Code 48900, 48900.2, 48900.3 and 48900.4)

(cf. 5131 - Conduct)
(cf. 5136 - Gangs)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)
(cf. 5145.9 - Hate-Motivated Behavior)

Penal Code 653.2 makes it a crime for a person to distribute personal identity information electronically with the intent to cause harassment by a third party and to threaten a person's safety or that of his/her family (e.g., placing a person's picture or address online so that he/she receives harassing messages). Penal Code 288.2 makes it a crime to send a message to a minor if the message contains matter that is sexual in nature with the intent of seducing the minor (i.e., sexting). Cyberbullying shall not be tolerated and includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

(cf. 0420 - School Plans/Site Councils)
(cf. 0450 - Comprehensive Safety Plan)
(cf. 1220 - Citizen Advisory Committees)
(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 6020 - Parent Involvement)

Bullying Prevention

To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

(cf. 5137 - Positive School Climate)
(cf. 6164.2 - Guidance/Counseling Services)
The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior. (cf. 6163.4 - Student Use of Technology) (cf. 6142.8 - Comprehensive Health Education) (cf. 6142.94 - History-Social Science Instruction)

School staff may receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. (cf. 4131 - Staff Development) (cf. 4231 - Staff Development) (cf. 4331 - Staff Development)

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

As appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation

The principal or principal's designee at each school shall be responsible for receiving complaints alleging violations of this policy. All staff is expected to provide appropriate supervision to enforce standards of conduct. The Board requires that staff follow district and school procedures for reporting alleged acts of bullying.

All other members of the school community, including students, parents/guardians, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. While submission of the report form is not required, the reporting party is encouraged to use the report form available from the principal of each school or at the district office. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on an anonymous report. Prompt and reasonable investigation of alleged acts of discrimination, intimidation, harassment, or bullying is expected.

Students are expected to report all incidents of discrimination, intimidation, harassment, bullying, teasing, or other verbal or physical abuse. Any student who feels she/he is a victim of such behavior should immediately contact a teacher, counselor, administrator, or staff person. If the student who was bullied believes the situation has not been remedied, she/he may file a complaint in accordance with district procedures.

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

Retaliation against a student because the student has filed a complaint or assisted or participated in a discrimination, intimidation, harassment, or bullying investigation or proceeding is also prohibited. Students who knowingly file false discrimination, intimidation, harassment, or bullying complaints or give false statements in an investigation shall be subject to discipline by measures up to and including suspension and expulsion, as shall any student who is found to have retaliated against another in violation of this policy. Policy MT. DIABLO UNIFIED SCHOOL DISTRICT
adopted: June 25, 2012 Concord, California
BP 5132 Students

**Dress And Grooming**

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Therefore, students are to dress appropriately on all school campuses and at all school activities in the district. Students have the right to make individual choices from a wide range of clothing and grooming styles, but they must not present a health or safety hazard or a distraction which would interfere with the educational process. Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. Students should present an appearance that is conducive to a safe learning environment. Dress which is disruptive and contrary to school rules regarding drugs/alcohol/violence, and gangs is not permitted. Student clothing, emblem, badge, jewelry, symbol, or other insignia which creates a clear and present danger on school premises or the disruption of the orderly operation of the school is prohibited. Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. A student who violates the dress code shall be subject to appropriate disciplinary action.

(cf. 4119.22 - Dress and Grooming)
(cf. 5136 - Gangs)
(cf. 5144 - Discipline)
(cf. 5145.2 - Freedom of Speech/Expression)

**School Dress Code**

The principal may establish a dress code that prohibits students from wearing apparel that it presents a distraction or threatens to disrupt the school's activities. Inappropriate dress is attire that causes a distraction or a safety concern on a school campus. The outdoor use of sun-protective clothing, including but not limited to hats, is permitted. However, specific clothing and hats determined to be gang-related or otherwise inappropriate under the policy are prohibited. Principals may determine that hats are prohibited in certain locations or areas where sun-protection is not necessary. A dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the staff, students, parents/guardians and educational community.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 4119.22 - Dress and Grooming)
(cf. 5136 - Gangs)
(cf. 5145.2 - Freedom of Speech/Expression)

**Uniforms**

The Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board recognizes that in order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal may wish to establish a dress code requiring students to wear uniforms. The principal may recommend to the Board that a voluntary school uniform dress code would be beneficial. Such a dress code shall be included as part of the school safety plan. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students and maintain a positive school climate.

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policies. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183) The school shall establish guidelines identified in the school dress code and school safety plans provisions whereby parents/guardians may choose not to have their children comply with an adopted school uniform policy which is contrary to their beliefs or exceptions deemed appropriate by the principal. The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

**COURT DECISIONS**

827 F.Supp. 1459
Policy MT. DIABLO UNIFIED SCHOOL DISTRICT
Adopted: June 7, 2005 Concord, California
AR 5132 Students

**Dress And Grooming**

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5) The principal may determine that hats are prohibited in certain locations or areas where sun-protection is not necessary.

Shoes must be worn at all times. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, obscene, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice. Dress which is disruptive and contrary to school rules regarding drugs/alcohol/violence, and gang affiliated or related clothing is not permitted. Clothes shall be sufficient to conceal undergarments for males and females at all times. Student clothing such as but not limited to see-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, exposed mid-drifts and skirts or shorts shorter than mid-thigh may be prohibited. Dress that presents a health or safety hazard or a distraction which would interfere with the education process is prohibited.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

The principal may establish dress, grooming, and hygiene guidelines for times when students are engaged in extracurricular, physical education or other special school activities.

(cf. 5121 - Grades/Evaluation of Student Achievement)

At individual schools that have a dress code prohibiting apparel that interferes with the educational process or threatens to disrupt the school's activities, the principal may develop a dress code identified in the school safety plan that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus (Education Code 35294.1)

Because student dress is constantly changing, clothing and grooming styles that present a health or safety hazard or a distraction which would interfere with the educational process/school activities shall be reviewed at least annually and updated whenever related information is received.

**Uniforms**

Prior to the Board approving a voluntary uniform dress code, the school shall actively solicit parental involvement. Seventy-five percent of the responding parents/guardians must be in favor of adopting a voluntary dress code before Board approval.

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. In schools where a schoolwide uniform is required and Board approved, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted. The school shall establish guidelines identified in the school dress code and school safety plan provisions whereby parents/guardians may choose not to have their children comply with an adopted school uniform policy which is contrary to their beliefs or exceptions deemed appropriate by the principal.

The principal or designee shall also repeat this notification at the end of the school year so that parents/guardians are reminded before school clothes are likely to be purchased.

The principal or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

The principal or designee shall establish a method for recycling or exchanging uniforms as students grow out of them.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

Child Abuse Reporting Procedures

The Governing Board recognizes that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse and neglect. The Superintendent or designee shall establish regulations for use by district employees in identifying and reporting such incidents.

(cf. 5141.41 - Child Abuse Prevention)

District employees are obligated to report all known or suspected incidents of child abuse and neglect in accordance with law, Board policy, and administrative regulation. Employees shall not investigate any suspected incidents but rather shall fully cooperate with agencies responsible for reporting, investigating and prosecuting cases of child abuse and neglect. Parents/guardians may file a complaint against a district employee or other person whom they suspect has engaged in abuse of a child at a school site. The Superintendent or designee shall provide parents/guardians information about reporting procedures in accordance with law.

The Superintendent or designee shall provide training regarding the reporting duties of district employees mandated by law to report suspected child abuse and neglect.

(cf. 4131 - Staff Development)

In the event that training is not provided to the employees mandated to report child abuse and neglect, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

BP 5141.41 Students

Child Abuse Prevention

Every child has the right to live free of physical and emotional abuse, including neglect and sexual assault. The Governing Board recognizes that such abuse has severe consequences for the child, sometimes resulting in the child’s own violent behavior or in drug addiction. Schools are in a position to promote the prevention of child abuse and its reoccurrence, and to reduce the general vulnerability of children.

Age-appropriate and culturally-appropriate child abuse prevention curriculum shall be a component of the district's health and safety instruction. This curriculum shall explain students’ rights to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

The Superintendent or designee shall provide coordinated training for teachers who will use the child abuse prevention curriculum, including instruction in the physical and behavioral indicators of abuse, crisis counseling techniques, community resources, rights and responsibilities to report abuse or neglect, and care for a child’s needs after a report is made.

(cf. 5141.4 - Child Abuse Reporting Procedures)

The Superintendent or designee shall seek to incorporate community resources into the schools' child abuse prevention programs. To the extent feasible, the Superintendent or designee shall also use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Parents/guardians shall receive prior notice of child abuse prevention instruction whenever such instruction will include family life or sex education for which notification is required by law.

Discipline

The Governing Board desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, effective classroom management, and parent involvement can minimize the need for discipline. Staff shall use preventative measures, positive conflict resolution techniques, and positive behavioral support strategies whenever possible.

(cf. 5131 - Conduct)
(cf. 5131.1 - Bus Conduct)

When misconduct occurs, staff shall implement appropriate discipline and attempt to identify and address the causes of the student’s behavior. At all times, staff will follow state and federal laws regarding procedural safeguards of students with disabilities under IDEA and Section 504. Continually disruptive students may be assigned to alternative programs or removed from school. At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline.

adopted: June 21, 2005 Concord, California
BP 5144.1 Students

Suspension And Expulsion/Due Process

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Cocurricular Activities)

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion shall be used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to self or others.

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent or designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and/or law. (Education Code 48911, 48915, 48915.5)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Individuals with Disabilities))

Supervised Suspension Classroom

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall establish a supervised classroom suspension program which meets the requirements of law for students suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, who pose no imminent danger or threat at school, and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is suspended from class by a teacher because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities, or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in the class from which the student was suspended. (Education Code 48900.1)

Before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.
A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The principal or designee shall contact a parent/guardian who does not respond to the request to attend school. The Board recognizes that parent/guardian compliance with this policy may be delayed, modified, or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work. District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

**Decision Not to Enforce Expulsion Order**

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Removal from Class by a Teacher/Parental Attendance
A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)
A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)
When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.
As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.
A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)
A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)
The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)
Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)
This notice shall also:
1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1
Suspension by Superintendent, Principal or Principal's Designee
The Superintendent, principal or principal's designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)
The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be:
(Education Code 48915)
1. Possessing, as verified by a district employee, selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife, as defined in Education Code 48915(g), at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possession of an explosive as defined in 18 USC 921
Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines that the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)
A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912). Please refer to BP and AR 5144.2
The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)
Suspensions shall be initiated according to the following procedures:
1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and, whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))
This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911(c))
2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.
3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. This does not apply to students who are eligible under IDEA. Please refer to BP and AR 5144.2. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on either or both of the following finding(s): (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others
Mandatory Recommendation for Expulsion
Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))
1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee
Mandatory Recommendation and Mandatory Expulsion
The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))
1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife as defined in Education Code 48915(g) at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possessing an explosive as defined in 18 USC 921
Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915) Student's Right to Expulsion Hearing
The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))
The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a)) If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))
If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a)) Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))
Rights of Complaining Witness
An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5) Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)
1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies
Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)
Written Notice of the Expulsion Hearing
Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))
1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c). (cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor. Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California. Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.

7. The opportunity to confront and question all witnesses who testify at the hearing.

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c)) Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20 (Education Code 48918(i)) Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i)) If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing. While no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f) and (h)) In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)
   a. Any complaining witness shall be given five days' notice before being called to testify.
   b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
   c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
   d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nontaxing environment.
(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
(3) The person conducting the hearing may:
(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
(c) Permit one of the support persons to accompany the complaining witness to the witness stand
6. Decision within 10 School Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))
7. Decision within 40 School Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel
Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))
A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing."
The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))
If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))
In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year.
The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Final Action by the Board
Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))
(cf. 9321.1 - Closed Session Actions and Reports)
If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during the summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for
readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)
At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)
1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs
With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)
Written Notice to Expel
The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:
1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(q), Education Code 48900.2-48900.4, 48900.8, and 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)
Decision Not to Enforce Expulsion Order
In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:
1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program
The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)
1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(j)).
Right to Appeal
The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)
The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board of Education. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)
Post-Expulsion Placements
The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)
1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension
   (cf. 6185 - Community Day School)
   When the placement described above is not available, and when the County Superintendent of Schools so certifies,
   students expelled for acts described in items #6-13 and #18-21 under “Grounds for Suspension and Expulsion” above
   may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high
   school, or at an elementary school. (Education Code 48915)
   The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to
   students in any of grades 7-12. (Education Code 48916.1)
Readmission After Expulsion
Readmission procedures shall be as follows:
1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student.
   (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference
   the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions
   of this plan have been met.
   School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their
   willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board
   shall consider this recommendation in closed session if information would be disclosed in violation of Education Code
   49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be
   honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered
   mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation
   plan or that the student continues to pose a danger to campus safety or to other district students or employees.
   (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement
   in the alternative educational program initially selected or to place the student in another program that serves expelled
   students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying
   readmittance into the regular program. This notice shall indicate the Board's determination of the educational program
   which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the
   student in another school district. (Education Code48916)
Maintenance of Records
The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record
shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently
enrolls upon receipt of a written request by the admitting school. (Education Code 48900.8, 48918(k))
The Superintendent or designee shall, within five working days, honor any other district's request for information about an
expulsion from this district. (Education Code 48915.1)
   (cf. 5119 - Students Expelled from Other Districts)
   (cf. 5125 - Student Records)
Notifications to Law Enforcement Authorities
Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law
enforcement authorities of any student acts of assault which may have violated Penal Code245. (Education Code 48902)
The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which
may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in
violation of Penal Code 626.9 and 626.10. (Education Code 48902)
Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or
county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate
Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or
intoxicants of any kind. (Education Code 48902)
Outcome Data
The Superintendent or designee shall maintain the following data and report such data annually to the California
Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8,
48916.1)
1. The number of students recommended for expulsion
2. The specific grounds for each recommended expulsion
3. Whether the student was subsequently expelled
4. Whether the expulsion order was suspended
5. The type of referral made after the expulsion
6. The disposition of the student after the end of the expulsion period
Regulation MT. DIABLO UNIFIED SCHOOL DISTRICT
approved: March 24, 2009 Concord, California
A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA) is subject to the same grounds for suspension and expulsion which apply to students without disabilities. (cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)
Procedures for Students Not Yet Eligible for Special Education Services
A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the district's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the district had knowledge that the student was disabled before the behavior occurred. (20 USC 1415(k)(8))
The district shall be deemed to have knowledge that the student had a disability if one of the following conditions exists: (20 USC 1415(k)(5); 34 CFR 300.534)
1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, that the student is in need of special education or related services.
2. The behavior or performance of the student demonstrates the need for such services, in accordance with 34 CFR 300.7.
3. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300-300.311 (cf. 6164.4 - Identification and Evaluation of Individuals for Special Education.
4. The teacher of the student or other district personnel has expressed concern about the behavior or performance of the student to the district's Special Education Administrator or to other personnel in accordance with the district's established child find or special education referral system.
A district would not be deemed to "have knowledge" as specified in items #1-4 above, if, as a result of receiving such information, the district either (1) conducted an evaluation and determined that the student was not a student with a disability, or (2) determined that an evaluation was not necessary and provided notice to the parent/guardian of its determination. (34 CFR 300.527)
If it is determined that the district did not have knowledge that the student was disabled, then the student shall be disciplined in accordance with procedures established for students without disabilities. (20 USC1415(k); CFR 300.534)
If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415K(5); 34 CFR 300.534)
Suspension
The Superintendent or designee may suspend a student with a disability for up to five consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year. If the student is transferred to another school or alternative educational program, the student may be suspended for up to 30 school days in a school year, but still no more than five days for a single incident of misconduct, unless the student is suspended by the Governing Board pursuant to Education Code 48912. (Education Code 48903,48911)
The principal or designee shall monitor the number of days, including portions of days, students with a valid individualized education program (IEP) have been suspended during the school year.
(cf. 6159- Individual Education Program)
If the student poses an immediate threat to the safety of himself/herself or others, the Superintendent or designee may suspend the student for up to, but not more than, 10 consecutive school days if the student's parent/guardian agrees or a court order so provides. (Education Code 48911)
Services During Suspension
Students suspended for more than 10 school days in a school year shall continue to receive a free and appropriate public education during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed as provided in 34 CFR 300.101(a), so as to enable the student to continue to participate in the general education curriculum in another setting and to progress toward meeting the goals as set out in his/her IEP. (20 USC1412(a)(1)(A); 34 CFR 300.520, 300.530)
Interim Alternative Placement Due to Dangerous Behavior
A student with a disability may be placed in an appropriate interim alternative educational setting when he/she commits one of the following acts: (20 USC 1415(k)(1))
1. Carries a weapon, as defined in 18 USC 930, to school or to a school function
2. Knowingly possesses or uses illegal drugs while at school or a school function
3. Sells or solicits the sale of a controlled substance while at school or a school function
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365.
A hearing officer may order a change in placement of a student with a disability to an appropriate interim educational setting if the hearing officer: (20 USC 1415(k)(2))
1. Determines that the district has established by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or others
2. Considers the appropriateness of the student's current placement
3. Considers whether the district has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services
4. Determines that the interim alternative educational setting allows the student to participate in general curriculum, to continue to receive IEP services and to receive services designed to ensure that the behavior does not recur

The student may be placed in the interim alternative educational setting for up to 45 days, or until the conclusion of any due process hearing proceedings requested by the parent/guardian. (20 USC 1415(k)(2))

The student's alternative educational setting shall be determined by the student's IEP team. (20 USC 1415(k)(2))

(cf. 6159 - Individualized Education Program)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a. Caused by or had a direct and substantial relationship to the student's disability
b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

As soon as practicable after developing the behavioral intervention plan and completing the required assessments, the IEP team shall meet to develop appropriate behavioral interventions to address the behavior and shall implement those interventions. (34 CFR 300.520)

If a student with disabilities who has a functional behavioral plan is subject to a removal for more than 10 school days in a school year that does not constitute a change in placement, the IEP team members shall review the behavioral intervention plan and its implementation to determine if modifications are necessary. (34 CFR 300.520)

The following procedural safeguards shall apply when a student is suspended for more than 10 school days, when disciplinary action is contemplated for a dangerous behavior as described above, or when a change of placement of more than 10 school days is contemplated: (20 USC 1415(k)(4); 34 CFR 300.523)

1. The parents/guardians of the student shall be immediately notified of the decision and provided all procedural safeguards on the day the decision to take action is made.

2. Immediately if possible, but in no case later than 10 school days after the date of the decision, a manifestation determination shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action by the IEP team and other qualified personnel.

At this hearing, the IEP team and other qualified personnel shall consider, in terms of the behavior subject to the disciplinary action, all relevant information, including: (20 USC 1415(k)(4); 34 CFR 300.523)
a. Evaluation and diagnostic results, including the results or other relevant information supplied by the student's parents/guardians
b. Observations of the student
c. The student's IEP and placement

In relationship to the behavior subject to the disciplinary action, the team shall then determine whether the IEP and placement were appropriate and whether supplementary aids, services, and behavioral interventions were provided. The team shall also determine that the student's disability did not impair the ability of the student to understand the impact and consequences of the behavior, nor did it impair his/her ability to control the behavior subject to the disciplinary action. (20 USC 1415(k)(4); 34 CFR 300.523)

If the team determines that the student's behavior was not a manifestation of his/her disability, then the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC1415(k)(4))

If the team determines that the student's behavior was a manifestation of his/her disability, then the student's placement may only be changed via the IEP team process. (20 USC 1415(k)(4))

Pre-Expulsion Assessment and Meeting
1. The parent/guardian shall receive written notice of the district's intent to conduct the pre-expulsion assessment and shall make the student available for the assessment without delay at a site designated by the district. The parent/guardian shall also have the right to an independent assessment as provided in Education Code 56329. (Education Code 48915.5)
2. The pre-expulsion assessment shall be conducted in accordance with the guidelines of 34 CFR 104.35, which shall include a review of the student's placement at the time of the alleged misconduct and a determination of the relationship, if any, between the student's behavior and his/her disability. (Education Code 48915.5)
3. The IEP team shall meet to determine if an expulsion hearing is appropriate. This meeting shall be held at a time and place mutually convenient to the parent/guardian and district within the period, if any, of the student's pre-expulsion suspension. The parent/guardian's participation may be made through actual participation, representation, or a telephone conference call. (Education Code 48915.5)
4. The parent/guardian shall be notified of his/her right to participate in the meeting at least 48 hours before the meeting. This notice shall specify: (Education Code 48915.5)
   a. That the meeting may be held without the parent/guardian's participation unless he/she requests a postponement for up to three additional school days
   b. That the suspension will be continued during the postponement if the student continues to pose an immediate threat to the safety of himself/herself or others

In order to make a record of its attempts to arrange the meeting at a mutually convenient time and place, the district shall keep documentation such as: (34 CFR 300.345)
   a. Detailed records of telephone calls made or attempted, and the results of those calls
   b. Copies of correspondence sent to parents/guardians and any responses received
   c. Detailed records of visits made to the parent/guardian's home or place of employment, and the results of those visits
5. The district shall grant a parent/guardian's request that the meeting be postponed for up to three additional school days and may extend a student's suspension for the period of postponement if he/she continues to pose an immediate threat to the safety of himself/herself or others. However, the suspension shall not be extended beyond 10 consecutive school days unless agreed to by the parent/guardian or required by court order. If the parent/guardian refuses to consent to an extension beyond 10 consecutive school days and chooses not to participate, the meeting may be conducted without the parent/guardian's participation. (Education Code 48915.5)
6. The IEP team shall consider the pre-expulsion assessment results and shall also review and consider the student's health records and school discipline records. (Education Code 48915.5)
7. If the IEP team determines that the alleged misconduct was caused by, or was a direct manifestation of, the student's disability or that the student was not appropriately placed, the expulsion shall not proceed. (Education Code 48915.5)
8. If the IEP team determines that the alleged misconduct was not caused by, or a direct manifestation of, the student's disability, and if it is determined that the student was appropriately placed, the student shall be subject to expulsion in accordance with procedures that apply to all students. (Education Code 48915.5)
9. When expulsion is ordered, the Board shall recommend a rehabilitation plan for the student. (Education Code 48916)

Notification to Law Enforcement Authorities
Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code245. (Education Code 48902)
The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)
Due Process Appeals
If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530(suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC1415(k)(3); 34 CFR 300.532)
The expulsion hearing shall not be conducted, and the 30-day expulsion proceedings time limit shall not commence, until after completion of the:
1. Pre-expulsion assessment and the manifestation determination (Education Code 48915.5; 20 USC1415(k))
2. IEP team meeting (Education Code 48915.5)
3. Due process hearings and appeals, if initiated (Education Code 48915.5)
The Board may expel a student with disability only if an IEP team has determined that the misconduct was not caused by, or a direct manifestation of, the student's identified disability, and the student was appropriately placed at the time the misconduct occurred. (Education Code 48915.5)

Services During Expulsion
During the term of the expulsion, a student with a disability shall continue to be offered a program of free and appropriate public education. Such services may include independent study, home instruction, or another appropriate alternative program.
(cf. 6158 - Independent Study)
(cf. 6185 - Community Day School)
The alternative program must provide services to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. (34 CFR 300.121)

Readmission
Readmission procedures for students with disabilities shall be the same as those used for all students. The Superintendent or designee may consider the input of the student's IEP team when developing recommendations to the Board regarding a request for readmission. Upon readmission, an IEP team meeting shall be convened to determine whether a new IEP needs to be established.

Suspension of Expulsion
The Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

AR 5145.3 Students

Nondiscrimination/Harassment And Transgender Policy

California Education Code 220 and district policy require that all programs, activities, and employment practices should be conducted without discrimination based on actual or perceived sex, sexual orientation, or gender identity and expression. Education Code 220 further provides that public schools have and affirmative obligation to combat sexism and other forms of bias, and responsibility to provide equal educational opportunity to all students. Both state and federal law as well as district policies protect transgender students from discrimination.

This regulation provides approaches to specific situations and/or circumstances when the protection and/or the safety of transgender students may arise and provides actions necessary to ensure the safe and respectful treatment of all students, with the aim of minimizing social stigmatization, and maximizing opportunities for social integration so that all students have an equal opportunity to attend school, be engaged, and achieve academic success, and of setting a tone that allows students to feel safe to report harassment.

The guidelines provided in this regulation do not anticipate every situation that might occur with respect to transgender students, and the needs of each transgender student must be assessed on a case-by-case basis.

The following position is designated Coordinator for Nondiscrimination to handle complaints regarding discrimination, harassment, intimidation, or bullying and to answer inquiries regarding the district's nondiscrimination policies: (Education Code 234.1; 5 CCR 4621)

Director, Student Services
1936 Carlotta Drive, Wing D
Concord, CA 94519
(925) 682-8000 ext. 4069
(cf. 1312.1 - Complaints Concerning District Employees)
(cf. 1312.3 - Uniform Complaint Procedures)

Any student who feels subjected to discrimination, harassment, intimidation, or bullying based on the student's actual race, color, ancestry, nationality, national origin, ethnicity, ethnic group, identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation of one or more such characteristics; or association with a person or group with one or more of these actual or perceived characteristics should immediately contact the Coordinator, the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the Coordinator or principal, whether or not the victim files a complaint.

Any school employee who observes an incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported shall immediately report the incident to the Coordinator or principal, whether or not the victim files a complaint.

Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the Coordinator shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures

To prevent discrimination, harassment, intimidation, and bullying of students at district schools or in school activities and to ensure equal access of all students to the district's academic and other educational programs, as well as district services, facilities, and activities, and to protect privacy and support enrollment and attendance the Superintendent or designee shall implement the following measures:

1. Provide students a handbook that contains age-appropriate information that clearly states that discrimination, harassment, intimidation, and bullying based on sexual orientation, gender identity, and gender expression are unacceptable conduct and will not be tolerated, and that describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)

2. Ensure that students receive age-appropriate information and education related to sexual orientation, gender identity, and gender expression. In addition, the Superintendent shall designate qualified individuals to provide appropriate training and educational programs on the issues of harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression.

3. Annually notify all students and parents/guardians of the district's nondiscrimination policy and of the opportunity of a transgender or a cisgender student to inform the Coordinator of concerns regarding privacy issues, facility use, or participation in district programs and services.

4. Publicize the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, employees, volunteers, and the general public and post them in all schools and offices, including staff lounges and student government meeting rooms, and on the district web site and other locations that are easily accessible to students. (Education Code 234.1)

(cf. 1113 - District and School Web Sites)
(cf. 1114 - District-Sponsored Social Media)
Comprehensive School Safety Plan

5. When 15 percent or more of a school's students speak a single primary language other than English, translate the nondiscrimination policy, related complaint procedures, and all forms for use in the complaint process into that other language. (Education Code 234.1, 48985)

6. At the beginning of each school year, inform school employees that any employee who witnesses any act of discrimination, harassment, intimidation, or bullying is required to take immediate steps to intervene when it is safe to do so. (Education Code 234.1)

7. At the beginning of each school year, provide staff with information and staff development as needed to ensure they understand the right of all students to a safe environment, the law and district expectations regarding accommodations for transgender students.

Definitions

The following definitions are not meant to label a student, but are intended as functional descriptors. Students might or might not use the terms to describe themselves.

Gender identity means a person's understanding, interests, outlook, and feelings about whether one is female or male, or both, or neither, regardless of the person's physiology or assigned sex at birth. Therefore, gender identity is established regardless of gender-related identity, appearance, or behavior even when it is different from that traditionally associated with a person's physiology or assigned sex at birth.

Gender expression means a person's characteristic and behaviors such as appearance, dress, hairstyle, mannerisms, speech patterns, activities, and social interactions that are perceived as masculine, feminine, both, neither, or androgyous. Therefore, a person's gender expression means gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth. (Education Code 210.7) (Education Code 210.7)

Transgender student means a student whose gender identity is different from that traditionally associated with the assigned sex at birth.

Cisgender student means a student whose gender identity is the same as that traditionally associated with the assigned sex at birth.

To ensure that transgender students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: Transgender status is the private information of the student and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or is necessary to preserve the student's physical or mental well-being. Any district employee to whom a student discloses transgender status shall seek the student's permission to notify the Coordinator for Nondiscrimination. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to law or district policy, and shall inform the student that it may be possible to accommodate the student's needs related to the student's his/her status as a transgender student. If the student permits the employee to notify the Coordinator, the employee shall do so within three school days.

School personnel should not disclose a student's actual or perceived sexual orientation, gender identity, or gender expression to others, including but limited to, other students, parents/guardians, and/or other school personnel, unless the employee is required to disclose or reports the student's information pursuant to law or district policy.

School personnel must be mindful of the confidentiality and privacy rights of students when contacting parents/guardians so as to not reveal, imply, or refer to a student's actual or perceived sexual orientation, gender identity, or gender expression.

To ensure confidentiality, whenever discussing particular issue such as conduct, discipline, grades, attendance, health, or any other school related matter, school personnel should focus on the conduct or particular issue, and not on any assumptions regarding the student's actual or perceived sexual orientation, gender identity, or gender expression.

All students, including transgender students, have the right to openly discuss and express their sexual orientation, gender identity, and gender expression and to decide when, with, whom, and how much to share private information.

As appropriate, the Coordinator shall discuss with the student any need to disclose the student's transgender status to the student's parents/guardians and/or others, including other adults on campus. Any decision to disclose the student's status to others shall be based on the student's best interest.

(cf. 1340 - Access to District Records)
(cf. 3580 - District Records)

2. Determining a Student's Gender Identity: The Coordinator shall accept the student's assertion unless district personnel present a credible basis for believing that the student's assertion is for an improper purpose. In such a case, the Coordinator shall document the purported improper purpose and, within seven school days of receiving notification of the student's assertion, shall provide a written response to the student and, if appropriate, to his/her parents/guardians.

3. Addressing Student's Needs: Upon notification of a student's transgender status the Coordinator shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify areas of concern to the student and potential issues, and to develop strategies for addressing them. The meeting shall discuss the student's rights and how those rights may affect and be affected by the rights of other students, and shall address specific subjects related to
the student's access to facilities and to academic or educational programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Coordinator shall identify specific school site employee(s) to whom the student may report any problem related to status as a transgender individual, so that prompt action can be taken to address it.

4. Accessibility to Sex-segregated Facilities, Programs, and Activities: The district may maintain sex-segregated facilities, such as restrooms and locker rooms, and sex-segregated programs and activities, such as physical education classes, intramural sports, and interscholastic athletic programs. A student shall be entitled to access facilities and participate in programs and activities consistent with the student's gender identity. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, (e.g., class discussions, field trips, etc.). However, the right to participate in a sex-segregated activity in accordance with a student's gender identity shall not render invalid or inapplicable, any other eligibility rule established for participation in the activity. Where available, a "gender-neutral" restroom or changing area may be offered to any student who desires increased privacy, regardless of the underlying issue. Students entitled to use facilities consistent with their gender identity shall not be required to use an alternative arrangement. Any alternate arrangement should be used only at the request of the student, and, if applicable, in a manner that keeps the student's gender identity confidential.

(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)
(cf. 6153 - School-Sponsored Trips)
(cf. 7110 - Facilities Master Plan)

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, the student's parents/guardians, the district shall use the student's preferred name and pronouns consistent with student's gender identity on all other district-related documents.

(cf. 5125 - Student Records)
(cf. 5125.1 - Release of Directory Information)

6. Names and Pronouns: A student is to be addressed by a name and pronoun that corresponds to the gender identity that the student attests at school.

Students may request to be addressed by their "preferred name" (and pronoun) that corresponds to their gender identity without obtaining a court order or without changing their official records.

The parent/guardian with legal custody of a child may also request that their child be addressed by the student's "preferred name" (and preferred pronoun) that corresponds to the student's gender identity without obtaining a court order or without changing the student's official records.

The requested name shall be included in the (SIS system) in addition to the student's legal name, in order to inform teachers of the name and pronoun to use when addressing the student.

It is strongly suggested that school personnel privately ask transgender student's how they want to be addressed in communications to the home or at conferences with the student's parents/guardians.

For initial communications with a student's parent/guardian, school personnel should use the student's legal name.

While inadvertent slips or honest mistake in the use of the "preferred" names or pronouns may occur, the intentional and persistent refusal to respect a student's gender identity is discriminatory and may lead to discipline.

7. Uniforms/Dress Code: Students have the right to dress in a manner consistent with their gender identity, subject to any dress code adopted on a school site.

(cf. 5132 - Dress Code)

This policy is intended to supplement, and not replace, state and federal laws prohibiting sexual harassment. Complaints under those laws shall be processed through the procedures established by appropriate state and/or federal agencies.

Student Conduct And Discipline

Anti-Bullying

The district believes that all students have a right to a safe and healthy school environment. To that end, the district, schools, and community have an obligation to promote mutual respect, tolerance and acceptance. The district will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate or harass another student through words or actions, including cyber activity that impacts the learning environment and/or student safety. Such behavior includes direct physical contact, such as hitting or shoving, verbal or written assaults, such as teasing or name-calling, social isolation or manipulation, and cyber activity that includes transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media or other technologies. This policy applies whenever a student is on school grounds, traveling to and from school or a school sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity. It also includes off campus bullying that has impact or potential impact on school activity, school attendance, or the educational performance of a targeted student/s. Student Conduct And Discipline

Anti-Bullying

The Governing Board prohibits bullying at any location or activity under the jurisdiction of the school system. Any student who engages in bullying may be subject to disciplinary action up to and including expulsion.

The Board expects students and/or staff to immediately report incidents of bullying to the principal or designee. Each complaint of bullying should be promptly investigated. If the complainant or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact the Principal or the Office of Student Services. The school system prohibits retaliatory behavior against any complainant or any participant in the complaint process.

Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying.

c. Engaging in implicit or explicit coercive behavior to control, influence or affect the health and well being of a student.

Confidentiality

Reasonable efforts will be made to keep a report of bullying and the results of the investigation confidential. Witnesses should be informed of the confidential nature of the investigation and should be asked to refrain from disclosing the nature of the investigation to others.

Retaliation Prohibited

The initiation of a report of bullying should not reflect on the reporting student or witnesses in any way. It should not affect the student's future relationship with the school system, grades, class section or other matters pertaining to his/her status as a student in any program. It is a violation of this policy to engage in such retaliation.

Disciplinary Action

Students who act in violation of this policy and/or the law may be subject to discipline up to and including expulsion. Such disciplinary action shall be in accordance with school system procedures and state and federal laws.

Students who feel aggrieved because of conduct that may constitute bullying are encouraged, but not required, to inform the person engaging in such conduct that the bullying is offensive and should stop.

2. Formal Reporting of Allegations of Bullying

If direct communication with the person whose conduct is offensive has been to no avail or would be inappropriate, the aggrieved student should communicate his/her concern to a teacher, counselor, principal or assistant principal. The student should also complete a formal, written report. If the student is unable to complete a written report, school staff may help him/her complete the report.

3. Responsibilities of Employees

Employees who receive reports of bullying or observe an act of bullying should immediately inform the principal or designee at the school the student attends.

4. Administrative Review and Procedure

a. Filing

While reports of bullying should be in writing, any report received, whether written or oral should be investigated.

Corrective action should be designed to prevent recurrence of the bullying.
