stop
hunger.
NOW!

BPHS hosted a STOP Hunger Now meal packaging party. Each meal costs 29 cents and contains a vitamin packet, soy, dehydrated vegetables, and rice. Hundreds of participants, from the very young to the not so very young, gathered to package over 25,000 meals!

Blood Drive

Sponsored by the
National Honor Society

One car accident victim may need up to 100 pints of blood.

Each year, in the U.S. alone, 6.8 million people donate blood.

Type O is the most requested blood type.

The National Honor Society's blood drive collected 60 units of blood. Similar size schools generally collect between 35-40 units of blood. This speaks volumes about the BP community!

Someone in the U.S. needs blood every two seconds.

Senate Debate

Connor Brooks

Seniors in Mrs. Kotraba's Participation in Government class learned about the election process first-hand as they took part in the annual senate debate. Ten students chose their campaign teams and then were off and running. Teams consisted of six members in the areas of campaign manager, research, and media. After many weeks on the campaign trail, the candidates met up at the much-awaited Town Hall debate. Having heard what all of the candidates had to say, a run-off election was held. And then there were five...

Madison Bollart, Connor Brooks, Noah Scott, Dylan Sweet, and Robert Waldbillig faced off in front of a packed BP crowd on January 27. Questions on topics such as increasing tourism in New York State, renewal and revitalization projects across the state, tax dollar allocation for ski resorts, sanctuary cities, and physician certification for the purpose of prescribing medical marijuana were asked by moderator Mr. Mucilli.

The five candidates conducted themselves with the utmost poise and diplomacy, answering the questions asked rather than veering off topic as we had seen a few months earlier during the presidential debates. It left many of us wondering why teenagers were able to remain on task and not resort to name-calling when many adults in the political arena did not possess the same skills. This great learning experience culminated in a vote for New York State Senator. Congratulations to Noah Scott, New York's newest senator!

2002 - 2016

Coach Henry,

You have a subtle uniqueness that brings players together by showing us that a unified team has a focus and a common goal that together we can dominate if we believe in ourselves and our teammates. Your leadership and dedication to the BP soccer program, on and off the field, and in the community has impacted an entire generation of young men. Through Pink Out and BYC Soccer Camps, your reach has gone so much further than the boys you coach. We are grateful for the lifelong lessons you have taught. Respect, integrity, dedication, and teamwork are character traits that we as players will exhibit always. Refuse to Lose is more than just a tag line. It is a message that we will carry with us through our adult lives.

Thank You for your commitment and dedication to the BP Soccer Program!

Yours truly,

BP Soccer Family

Jillian Gorzycki

My Blanket
By Jillian

Tattered and faded, the once soft pink, now seventeen years faded from the constant washing and tumbling of the numerous washers and dryers, their harsh settings weakening each strand of cotton within the blanket, leaving worn down holes in its wake. The familiar scent of Tide detergent and downy clean breeze fabric softener is entwined in its fibers, it has a calming aura that was rumored to take away pain if you wrapped it around your aching limbs, and of course, it always did. It is always folded in quarters to preserve its state, refusing to open all the way for the fear that the fabric softener did its job to well, weakening the now white fabric to a state where it now slowly separates from itself horizontally through the middle. Though the blankets twin seems to be doing much better, only the silken borders separating from its body numerous strings of loosened thread from successful attempts of stitching, yet the original fibers cannot withstand the hold of stronger thread, loosening around it slowly separating more. The blankets were never torn through their times, age is the only thing that took its course whilst they still live to their fully safety potential. With their worn down softness and the tattered silken borders, the blankets tell a seventeen year old legacy, from the tears and snot wiped upon them and washed away the day after, to the constant cuddles during colds and flus and the curation of aches and pains when wrapped around ankles, knees and elbows. The scent keeps the holder sane, reminding them that their anxieties will dissipate while having wrapped the blankets around their head, nose and mouth, keeping the scent of the white blankets the only thing they can smell and the softness of the constant rubbing between two fingers along the folded creases of the blanket, adding more memories with the small touches and strokes. The security blankets keep away the bad, letting all evil take their wrath out on them, instead of the holder, which they oh so dearly protect until the day they've officially retired to the safety of the keepsafe chest.

Mikey,

We couldn't be more proud of the person you have become. You have the world at your fingertips. Have fun!
