## TO THE SENIORS:

Ever since you entered Broadalbin Central School your Alma Mater has tried to teach you to differentiate between the good and the best, - to show you techniques of study which may enable you to reach greater heights, - to teach you techniques of living that will enable you to build happier homes, to hold better positions, and to take active leadership in your communities. The expressed ideals of some you have known here will never be forgotten. These represent standards you have learned to value. You will teach them to others, partly by precept, partly by example.

To graduate from Broadalbin Central School was your goal, not only in an academic sense, but in the broader cultural sense of being able to think for yourselves and to live successfully with other people. Some of you will continue your education, and the rest of you will set forth on the threshold of new experiences. Whatever endeavor you may undertake in the ensuing years, may the influence of Broadalbin Central school guide you successfully toward your desired goal and to a richer and fuller life.

Gathered in the board room at the Broadalbin Central School for a regular monthly meeting of the board are: First row: Mrs. G. Shattuck, Clerk; T.R. Townley, Supervising Principal; Bessie D. Wallin, Superintendent of Schools. Second row: Daniel Thompson, Harry Minkler, Paul Kissinger, Sr., John Ginter, Leland Reed, President.
