February 9, 1954

Class of 1954 - Greetings

September 1941 to 1954 seems like a long time, but it has passed quickly. From the elementary grades at Broadalbin, Galway, Berkshire, Hales Mills, Northampton, Benedict, Mills Corners, Frank School, you converged on the seventh grade of your Alma Mater. Some of your classmates have left, but your ranks have been augmented by newcomers from other sections of New York and nearby states.

According to the picture record in the lower east hall the largest class had 39 members. With success your class should exceed this number.

May your final school months be happy and successful. Your diligent attention to attendance and scholarship will greatly enhance your success in your chosen vocation.

Sincerely,

*J.R. Townley*

# Class History

In September, 1950, we entered a new world (high school) awkward, terrified and green. We always seem to be in the way, and the upper classmen did not help matters any.

Our first attempt at earning money was sponsoring a Penny Carnival which went over big with everyone. On the side, we sold blue and white beanies and pennants.

In our Sophomore year we devoted most of our time to food sales. Our biggest event was our Valentine Dance which turned out to be more of a hindrance than a help.

We really got down to business in our Junior year, since we realized that at the rate we were going we would not even reach Vail Mills. Someone got the big idea of putting on a Spaghetti Supper. Everyone worked hard to make it a success. To give the salesmen in our class a chance to put their best foot forward, we started a stocking club. During the basketball season we, according to custom, had charge of the check room.

Toward the end of our Junior year, we began to feel very grown up (this may not have been noticeable to the faculty.) We sponsored movies and held our memorable Junior Prom. But naturally we thought choosing our Senior rings was our biggest moment, and we floated into our Senior year on a pink cloud.

What! Was this a dream, or were we really Seniors? It did not seem possible that our four years of work in high school were almost completed.

Our first disagreement came when we chose our Senior sweaters. To solve the problem we held a contest between the boys and girls to see what group could sell the most tickets to our Senior Play. Finally we chose white sweaters with black letters, much to the disappointment of the boys.

Then came our big moment! Early in November we presented our Senior Play, SEVENTEENTH SUMMER. It was a real success!

Some minor projects were selling pencils, paper and memory books. Last but not least, we sold refreshments at our home basketball games.

At this time we are looking forward to our trip to Washington with great anticipation.
