

SCAMP

Scamp days are packed with activities! Whether it's games or sports, outside or indoors, every child has an opportunity to participate in their favorite activities, as well as explore new ones. Weekly themes and field trips are scheduled throughout the summer. (NEW in 2023! All-Scamp beach day field trip!)

This program gives children special opportunities to express themselves, connect with their peers, go on adventures together, and most importantly have fun! Scampers and Senior Scampers will be exposed to music, tennis, fitness, STEAM activities, and swimming, as well as participate in age-appropriate activities that promote basic skill fundamentals.

Junior Counselors will learn quality leadership skills by shadowing the counselor and observing the way they lead, talk to, and play with the kids. They will be a positive role model for their group. JC's will learn responsibility by having small tasks throughout the day and organizing small activities for the groups. Admittance to the JC program is contingent on a completed application and interview with the SCAMP Director.
