INTRODUCTION

General

It is the desire of the School Board and all educational personnel to create a healthy, positive, and safe environment for our students and staff. The purpose of this *Code of Student Conduct* (legal authority: FS 1006.07) is to provide information relative to policies, rules, rights, responsibilities, and disciplinary actions that may affect students as they experience the educational process in Flagler County Public Schools. It is not intended that this booklet be totally comprehensive, but it will reflect the basic policies and procedures in effect for this school district.

School administration may implement policies and procedures within their school site to address issues within the school; this applies to setting requirements for students to attend school-sponsored events such as prom, graduation, after school activities, and others (including behavioral, attendance, and/or other guidelines). Individual schools may not implement rules or policies that conflict with district policy. Should this inadvertently occur, district policy will prevail. Alternative programs/settings may implement additional policies and rules that are more restrictive and/or may not apply to the other schools.

These guidelines have been developed in order to present the expectations that the School District has for its students. Please read this handbook carefully and retain for reference throughout the school year. Students are encouraged to make good decisions because there are serious consequences for making poor choices. Students are encouraged to promote responsibility among students and to assist in the reporting of criminal and/or inappropriate behavior(s) within the schools.

This Code applies to all District students 24 hours a day, 7 days a week:

- While on school grounds,
- While being transported by School District transportation or waiting at the bus stop,
- While crossing the street in the presence of a crossing guard and
- During school-sponsored events, such as field trips, athletic functions and similar activities, whether on or off school grounds.

All parents, students, and school employees should read and be familiar with the contents of this *Code*. If further information is needed, any school official will be able to supply information, identify an appropriate resource office, and help to find the answer to any concern.

Flagler County Schools recognizes the need for a collaborative approach between schools, families, and the community to help all of our students reach their maximum potential.

**** Note: For the purposes of this Code, the term “parent” also includes “legal guardian” and the term “principal” or “administrator” will also include “designee”.**

Positive Behavior Interventions and Support (PBIS)

All schools in Flagler County are expected to use a Positive Behavioral Intervention and Supports (PBIS) management system, which acknowledges and rewards appropriate behavior. Each school has its own system of rewards for students who meet positive behavioral criteria.

As part of this system, students may participate in a universal behavior screening. Questions regarding this should be directed to the administration at the individual schools. PBIS is a system of school-based strategies, which provides positive and effective alternatives to traditional methods of discipline. PBIS methods are evidence-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate and increased academic performance. PBIS is consistent with the Individuals with Disabilities Education Act, which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options. As part of the classroom management system, teachers will use a classroom behavior intervention form to document attempts at intervention prior to students receiving a referral for a behavior that falls under classroom management. For more information on PBIS, please use this link to visit Florida's Positive Behavior Support Project website: fcsb.link/pbis

Multi-Tiered System of Supports (MTSS)

When students are experiencing difficulties in school, they may be referred for additional services and supports. MTSS is built upon three “tiers” of intervention. Tier 1 refers to supports and interventions available and/or provided to all students. Tier 2 interventions/supports are more student-specific, often provided in a small group setting. Tier 3 interventions/supports are student specific and are targeted to the specific needs of an individual student. The goal of MTSS as applied to student behavior is to determine why a student is having behavioral concerns and address that concern to help prevent it from reoccurring. Students will be referred to the MTSS process for behavior based on certain infractions and/or the total number of disciplinary infractions accumulated. For more information visit: fcsb.link/mtss

Progressive Discipline

Student disciplinary infractions and the responses to them are divided into four levels. Each level represents progressively more serious infractions, and responses to them become progressively more severe. When deciding what disciplinary action should be taken, the principal or designee shall consider the student's age, exceptionality, previous conduct, probability of a recurring violation, intent, attitude, severity of the offense and, whenever possible, shall impose disciplinary action in a progressive manner. Some infractions require specific disciplinary actions and are not appropriate for the progressive discipline plan.

Student Rights

Students have a right to an education, regardless of race, color, creed, religion, gender, marital status, heritage, age, disability, or sexual orientation. Some basic rights include the right to learn, disagree, petition, freedom of expression, publish, assembly, and privacy.

Exercise of these rights must conform to the *Code of Student Conduct*. Things a student cannot do include violate the rights of others; disrupt the classroom; disrupt the operation of the school; or bring drugs, weapons, or contraband to school.

Driving a vehicle on school property is a privilege and not a right. A student's driving privilege may be removed for violation of the *Code of Conduct* or Flagler Schools' attendance policy. Skipping class may result in the loss of a student's driving/parking privilege.

Parent Rights Under Section 504

If it is determined that a student has a physical or mental condition that substantially limits a major life activity and, as a result, requires instructional or other accommodations within the school environment, they are is disabled under Section 504 of the Rehabilitation Act of 1973. In addition, if a student does not have a disability but has a record of a disability or is disabled or the parent believes that they are disabled or has been discriminated against, the parents are entitled to certain rights. These rights may be viewed at [fcsb.link/504](https://www.fcsb.link/504) hard copies may be requested from the Student Services Department.

The Section 504 coordinator for the School District is Director of Exceptional Student Education. Any questions or concerns can contact information is as follows:

Parent and Student Rights Under FERPA, HIPAA, PBR, PRE and PPRA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student's education records. For detailed information see [fcsb.link/ferpa](https://www.fcsb.link/ferpa).

The Health Information Privacy Act (HIPAA) creates standards to protect student's personal health information. It sets limits on the use and release of health records. For detailed information see [fcsb.link/hipaa](https://www.fcsb.link/hipaa).

The Parents Bill of Rights (PBR) finds it is a fundamental right of parents to direct the upbringing, education, and care of their minor children. Important information relating to a minor child should not be withheld, either inadvertently or purposefully, from the parent, including information relating to the minor child's health, well-being, and education, while the minor child is in the custody of the school district. Parents have the right to access and review all school records related to the minor child including but not limited to the right to access school safety and discipline incidents as reported pursuant to section 1006.07(9).

The Parental Rights in Education Bill requires districts to notify parents at the beginning of each school year about what healthcare services are offered and give parents the option to withhold consent or decline any specific service. A school may not administer a student well-being questionnaire or health screening form to a student in grades K-3 without first providing it to the parent and obtaining permission from the parent.

The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These rights may be viewed at [fcsb.link/ppra](https://www.fcsb.link/ppra). Hard copies of these documents are available from the Department of Student Services.

Discipline for Exceptional Students (ESE)

Students with disabilities are expected to comply with the *Code of Student Conduct* and school rules and are subject to the same disciplinary action as their non-disabled peers. There are, however, some special rules that pertain to suspensions and expulsions for those students protected under the Individuals with Disabilities Education Act 2004 (IDEA – 2004) or Section 504 of the Rehabilitation Act of 1973. The Flagler County School District has a specific procedure for guaranteeing a student’s protection under IDEA and Section 504. The IDEA 2014 Procedural Safeguards may be reviewed at the student’s school or by contacting the Director of Exceptional Student Education.

If a student with a disability receives an in-school suspension, the student's Individual Education Plan (IEP) will continue to be in effect. The student must be provided a free, appropriate public education (FAPE) as outlined in their Individualized Education Plan (IEP). The student shall be provided education and related services under the supervision of an Exceptional Student Education (ESE) teacher, in accordance with their specific IEP provisions. Suspensions totaling more than 10 days, without special education services being provided in accordance with the IEP, are a violation of FAPE under IDEA.

A student with a disability may be suspended from school just like any other student. If there are 10 days of out-of-school suspension during the school year, the IEP team will convene to review services and complete a “Manifestation Determination.” In addition, a Functional Behavioral Assessment and a Behavior Intervention Plan shall be considered.

For students with disabilities, when disciplinary actions and short-term suspensions (less than 10 days) occur, they will be subject to the same disciplinary procedures as their non-disabled peers. These disciplinary actions may include detentions, in-school suspension, or Saturday School.

A student with a disability may be reassigned to an Interim Alternative Educational Setting (IAES) under certain circumstances. School personnel may remove a student to an IAES for no more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability in cases where a student:

- A. carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a State or local educational agency;
- B. knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency; or
- C. has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency.

Students with disabilities are subject to the same behavioral expectations as their non-disabled peers when utilizing school bus transportation and may be suspended from the bus. During the bus suspension, it is the student's responsibility to obtain transportation to school, unless specialized transportation is being utilized. The need for specialized transportation must be identified in the student’s Individual Education Plan (IEP).

Students in the Evaluation Process

If a student commits an infraction and the school/parent has already requested an evaluation to consider eligibility for services under Individuals with Disability Education Act (IDEA) or under a 504 plan, the student may be suspended for up to 10 days and the following must occur:

- The evaluation must be conducted in an expedited manner.
- The results of the evaluation must be considered in determining eligibility for services as a student with a disability and services provided as soon as possible.
- Pending the results of the evaluation, the student shall remain in the educational placement as determined by the school authorities.

Investigations at School

Criminal

School-based student discipline is the responsibility of school administration. After an initial investigation where it has been determined by school administration that a crime may have been committed or if there is a threat of injury to a person or property, Law Enforcement will be consulted to assist with properly addressing the concern. When consultation with law enforcement results in possible charges, the Coordinator of Student Supports and Behavior will be notified of the incident as soon as possible. If appropriate, the principal/designee must be present during the questioning of students by Law Enforcement concerning crimes committed on campus. For any students who are witnesses to an alleged crime, a legal guardian must be notified prior to any law enforcement officer meeting with the student. If a student is arrested and/or taken into custody due to a crime being committed on campus, law enforcement and school personnel shall utilize best efforts to immediately notify the parent/guardian. A student committing a misdemeanor offense (as defined by the Circuit 7 Department of Juvenile Justice) will be allowed to participate in a civil citation or similar pre-arrest diversion program as an alternative to expulsion or arrest. The criterion for recommending the student for participation in the civil citation program is based on the circumstances of the offense determined on a case-by-case basis when it is deemed to be in the best interest of the youth and the public.

Administrative

If a student is suspected of violating the *Code of Student Conduct*, school officials can question him/her without first contacting the parent. The student does not have the right to have a parent present or a right to an attorney when questioned.

Victim or Witness

If a student is a victim or witness, law enforcement or administrative investigators are allowed to question the student without first contacting the parent. If the investigation involves child abuse, the official conducting the investigation will decide who can be present during the interview.

Removal of Student from School Property

If a student is a witness, the police cannot remove him/her from school property without a subpoena or first obtaining the consent of the parent. If a student is subject to arrest, with or without a warrant, the officer can remove him/her without the parent's consent or the consent of school officials. The administrator/designee will attempt to notify the parent before the student is removed or as soon as possible after the removal.

Prohibited Items and Contraband

Students should not bring items to school, which are not required to participate in school

activities or lessons. All weapons (including toys and replicas) are prohibited. A weapon is defined as any item, which could be used to cause injury, induce fear of injury, or common items used in a harmful or threatening way. Examples include air soft guns, knives of any kind, fireworks, box cutters, ice picks, pepper spray, etc.

For purposes of this *Code*, “contraband” is any item or substance that is prohibited by federal and/or state law, School Board rule, or this *Code* from being used or possessed on School Board property, a school bus or school-approved transportation, or at any school-related function or activity. Contraband includes, but is not limited to, drugs, drug paraphernalia, alcohol, unauthorized non-prescription medications, tobacco, electronic nicotine dispensing systems, vapes, weapons, ammunition, matches, lighters, laser beam devices, firecrackers and fireworks, pornography, and gang- related signs or symbols. Students are not permitted to sell any personal items at school.

Search and Seizure

Students, their lockers, vehicles, and other possessions are subject to search upon reasonable suspicion that they may possess drugs, other prohibited substances, objects or contraband, while on school property or wherever students are under school supervision, such as on field trips, at extracurricular activities, or while being transported by school bus or school-approved transportation. Any locked items must be able to be opened upon request.

The routine checks by sniff-screening dogs are not considered a search by law. They are a safety measure to help ensure a safe and healthy learning environment (FS 1006.09 (9)).

Title IX of the Education Amendments of 1972 and 2020

In accordance with Title IX of the Education Amendments of 1972 and 2020, Flagler County Public Schools is committed to protecting its students, employees, and applicants for admission from sex discrimination. FCPS believes that all students and employees are entitled to a safe, equitable, and harassment-free school experience. Substantiated allegations of discrimination will not be tolerated and shall be just cause for disciplinary action. Any student who alleges discrimination by another student may use the school’s student grievance procedure or may complain directly to the Title IX Coordinator.

Video Surveillance/Smart Sensors

All Flagler schools and school buses use video surveillance in an effort to maintain safety. Video records are considered private student records unless subpoenaed. Smart sensors may be used on campus to notify school officials when they detect vape, smoke, THC, abnormal sounds and other safety related issues.

Zero Tolerance Policy

The Florida Board of Education has established a Zero Tolerance Policy on school violence, crime, and the use of weapons as a part of a comprehensive approach to reducing school violence. It is an effort to provide an environment that is drug-free and protects students’ health, safety, and civil rights. The goal emphasizes the personal responsibility of students and the necessity of involving all stakeholders, including parents, in achieving this goal.

This policy requires school districts to consider the most severe consequences provided for in the *Code of Student Conduct* in dealing with students who engage in violent criminal acts, such as;

homicide (murder, manslaughter), sexual battery, armed robbery, aggravated battery, battery or aggravated battery on a teacher or other personnel, kidnapping or abduction; arson, possession, use, or sale of any firearm, possession of a concealed weapon, possession with intent to sell a controlled substance, or possession, use, or sale of any explosive device on school property, on school-sponsored transportation, or during school-sponsored activities.

Zero tolerance policies are NOT intended to be rigorously applied to petty acts of misconduct. Zero-tolerance policies do not require the reporting of petty acts of misconduct to a law enforcement agency. Petty acts of misconduct are those that an administrator reasonably believes do not pose a threat to the safety of students, staff, volunteers, or other persons, or a threat of harm to School Board property including, but not limited to, disorderly conduct, disrupting a school function, simple assault or battery, minor fights, disturbances or scuffles, theft of less than \$750, trespassing, and vandalism of less than \$1,000. However, if a student commits more than one misdemeanor, the school threat assessment team must consult with law enforcement to determine if the act should be reported to law enforcement.

Flagler School Board Policy 404 places certain restrictions on affected students' participation in interscholastic extracurricular activities. This states that "...a student must maintain satisfactory conduct, and if a student is convicted of or is found to have committed a felony or a delinquent act which would have been a felony if committed by an adult, regardless of whether adjudication is withheld, the student's participation in interscholastic extracurricular activities is contingent upon established and published District School Board Policy."

Reporting Concerns

Flagler Schools strongly encourages parents, students and community members to report any type of suspicious activity or other concerns (i.e. bullying) involving a student(s) as soon as possible to school-based personnel. Reports can be made in person, over the phone, or electronically using our "SEE SOMETHING? SAY SOMETHING." link on our district web page [fcsb.link/report-incident](https://www.fcpsb.org/report-incident). The information provided through this link will be submitted to both school and district administration. Please note in cases where somebody may be in immediate danger, we suggest calling 9-1-1.

Fortify Florida

The FortifyFL app is available for download in the Apple App Store and Google Play. Tips can also be submitted online at [GetFortifyFL.com](https://www.getfortifyfl.com)

SECTION TWO: STUDENT DISCIPLINE

Discipline Overview

A violation of any school rule will result in disciplinary action. Students are expected to behave appropriately and follow behavior expectations at all times while at school, during school activities, on the school bus, and while waiting at the school bus stop. Certain law violations or activities off campus may have consequences at the school.

Student disciplinary infractions and the responses to them are divided into four levels. Each level represents progressively more serious infractions, and responses to them become progressively more severe.

School District staff should intervene in an effort to prevent or curtail misconduct. If further action is necessary, staff should refer the student to the school administration for disciplinary action. After hearing the student's explanation, consulting with staff members and doing any other investigation necessary, the administration will decide if disciplinary action is necessary. When discipline action is necessary, all school administrators will follow Flagler County Schools Discipline Matrix, which can be accessed at [fcsb.link/secondary-matrix](https://www.fcsb.link/secondary-matrix)

In-Lieu of Suspension Options

A student committing a petty act of misconduct as defined under the zero-tolerance policy may participate in a school-based diversion program (In-Lieu). Students may be afforded a one time, per school year, in lieu of option to reduce or remove an Out of School Suspension.

Reduction schedule:

- 1 day suspension reduced to 0 days
- 2 day suspension reduced to 1 day
- 3 day suspension reduced to 2 days

In-Lieu of Out of School Suspension options include:

- Parent/Student Seminar Night
- Fire Prevention Seminar
- Tobacco Seminar

Alternative On-line Assignment
Restorative Practices
Other School Based Alternative Options

Appeals Procedure for Discipline Concerns

Concerns should be addressed first to the staff member who was involved with the student and then taken to a higher level if necessary. If a concern has not been solved after talking with the teacher, dean, or assistant principal/designee, the parent should describe the issue in writing and give it to the principal/designee within three (3) school days of when the problem occurred.

The principal/designee will investigate the concern and give an explanation of findings. That decision will be provided within 48 hours from the time the written description of the problem was given to the principal/designee.

If the parent is not satisfied with the way that the principal/designee has resolved the problem, she/he may request in writing that the Superintendent's designee review the decision of the principal/designee and make a final decision in the matter. The Superintendent's designee will give the final decision within 48 hours (two school days) from the time that the office received the written request to review the matter.

If the problem originally was with the principal/designee and the parent does not believe the problem was solved after talking with the principal/designee, she/he should describe the problem in writing and give it to the Superintendent's designee within three (3) school days of when the problem occurred. The matter will be reviewed by the Superintendent's designee, and the final written decision will be provided within 48 hours (two school days) from the time the written description of the problem was received.

During the review process, any decision originally made will remain in effect until the final decision has been made by either the principal or superintendent/designee. There is no appeal from the final decision of the Superintendent's designee's office. The Superintendent's designee in matters of discipline is the Coordinator of Student Supports and Behavior.

Multidisciplinary Team

Students who are having discipline issues that show concerns related to violent or disruptive behaviors (and/or legal charges) may be brought before the District Multidisciplinary Team (MDT) for review. The MDT will determine supports, interventions and placements for the student. Interventions may include, but are not limited to, extended suspension, alternative placement, alternative plans for education, or recommendation of expulsion. The team may consist of the following members:

8. ~~Curriculum Specialist~~ Teaching and Learning Representative
9. School Psychologist
10. Behavior and Discipline Representative
11. Alternative Program Representative
12. District Safety Specialist Representative

The team will determine short-term (6-20 days) and long-term (more than 20 days) removals as well as developing a re-entry plan. The team should take into consideration breaks in grading periods to aid in the transitioning of students. **Students who are removed for 45 days or longer MUST be reviewed every 45 days.** The recommendations of the committee must be followed to maintain placement. Consequences requiring School Board approval must be submitted by the District's Multidisciplinary Team.

Inappropriate use includes, but is not limited to: (1) texting, phoning or web browsing during prohibited times; (2) taping conversations, music or other audio at any time; (3) photography or videography of any kind at any time; (4) “sexting;” and (5) any activity that could in any manner infringe upon the rights of other individuals, including but not limited to students, teachers and other staff members.

When there is reasonable suspicion that a student has used a cell phone or wireless communication device in violation of the *Code of Student Conduct* or other school rules, or for an unlawful purpose, the school administration may review the phone’s call log, voice messages, text messages, photographs and any other applications in furtherance of its investigation of the suspected violation.

Staff is not required to investigate theft of any personal electronic devices; students are encouraged not to carry electronic items not issued by the school district.

Cheating/Plagiarism:

Cheating/Plagiarism: Willful or deliberate unauthorized use of the work of another person for an academic assignment or test. The discipline action for cheating/plagiarism will be as follows:

1st Offense: Referral, contact, zero on the assignment; and teacher/administrator providing a learning intervention with student.

2nd Offense +: Referral, Parent Contact, OSS and Zero on the assignment

iFlagler grade 6-12 is a franchise of Florida Virtual School and therefore follows the Florida Virtual School Academic Integrity Matrix. Please refer fcsb.link/flvs-integrity and fcsb.link/flvs-integrity-matrix for further information regarding Florida Virtual School’s cheating/plagiarism policy.

Chemical and Biological Attack or Threats

If you are involved in the making of a chemical or biological attack or threat against the school, a school function, or any student or school personnel at school or a school function, you may be suspended for 10 days, recommended for expulsion or possible alternate placement, and must obtain counseling services. You will also be reported to law enforcement for prosecution to the fullest extent of the law. This applies whether or not the attack or threat is real or fake.

Dating Violence and Abuse

It is the policy of the Flagler County School District that all of its students have an educational setting that is safe, secure, and free from dating violence and abuse. The complete text of the Districts Dating Violence and Abuse Policy can be viewed at: fcsb.link/544.

Flag Display, Pledge and Moment of Silence

The United States flag and the official flag of Florida shall be displayed daily on a suitable flagstaff on the grounds of each school when weather permits. Each classroom, auditorium, and other such rooms and School Board facility appropriately designated by the Superintendent, shall display the United States flag.

The pledge of allegiance to the flag shall be recited at the beginning of each school day in middle and secondary schools. A notice shall be conspicuously posted on each school campus informing students that they have a right not to participate in reciting the pledge.

Students who do not participate in the salute and pledge of allegiance to the flag will stand or sit in silence.

- A. Parents of middle school and high school students who choose not to participate must provide a written request to excuse the student from reciting the pledge.
- B. Students who do not participate in the pledge and salute, who stand or sit quietly, shall not be disciplined if their parent note is on file.
- C. Students not participating in the pledge and salute to the flag who interfere with others doing so will be considered disruptive. In those instances where interference or disruption occurs, the school staff will take appropriate disciplinary action.

School principals for all grade levels shall require first-period classroom teachers to set aside at least 1 minute, but not more than 2 minutes, daily for a moment of silence, during which students may not interfere with other students' participation.

Felony Charges and Convictions for Off-Campus Conduct

Notice of Felony Charges and Hearing

Upon probable cause that a felony crime or certain misdemeanors that involve moral turpitude or violence has been committed, a student may be suspended for up to 10 days and/or assigned to an alternative education placement by the principal/designee. Arrest by a sworn law enforcement officer will serve as probable cause for suspension or alternative placement. Upon conviction, the student may be recommended for expulsion.

Before suspending a student or assigning them to an alternative education placement, the principal/designee will contact the parent to discuss the charges against the student. Notification may occur via letter, telephone, or in person prior to the meeting. That notification will tell the parent of the specific charges and advise that the student has a right to a "hearing."

Adjudication of innocence or occurrence in court may not have bearing on the School Board's decision. The principal/designee will determine if the student's presence at school will have an adverse impact on the school environment or other persons. If it is determined that the student's presence may have an adverse effect, the student will be referred for alternative placement or expulsion.

Gangs and Gang Activity

The Florida Legislature addresses the criminal street gang issue:

1. To maintain public order and safety,
2. To respond to the ever-increasing crime caused by street gangs that threatens and terrorizes peaceful citizens,
3. To stop this mounting criminal activity, and
4. To provide for increased penalties for those found guilty of criminal gang involvement and eliminate the patterns, profits, and property helping criminal street gang activity, including street gang recruitment.

A criminal gang is a formal or informal ongoing organization, association, or group that has as one of its primary activities the committing of criminal or delinquent acts. A criminal gang member is a person who meets two or more of these criteria:

1. Admits to criminal street gang membership;
2. Is identified as a gang member by a parent/guardian;
3. Is identified as a gang member by a documented reliable informant;
4. Reside in/frequents a gang's area, adopts their style of dress, hand signs, or tattoos, and associates with known gang members;
5. Is identified as a gang member by an informant of previously untested reliability and such identification is corroborated by independent information;
6. Was arrested more than once in the company of identified gang member for offenses which are consistent with usual criminal street gang activity; or
7. Is identified as a criminal street gang member by physical gang members four or more times.

Flagler County Schools will not tolerate any gang-related activity, to include dress, graffiti, hand signals, or verbal slang. Violation that disrupts the educational process will lead to disciplinary action. Any student identified as a gang member may be photographed and entered into the Florida Department of Law Enforcement's Gang Net.

Instructional Technology

The District recognizes the value of instructional technology as a tool that assists student achievement within the classroom. Students may possess an instructional technology device and utilize it as an instructional tool in the classroom with the consent and under the direction of the school administration/staff, as it pertains to the current curricular unit, lesson, etc., and only within the scope and sequence of the District's Acceptable Use Policy. However, this device must be turned off and put away when not being used. Failure to comply may result in the item being confiscated and disciplinary consequences. This policy may be viewed at [fcsb.link/technology](https://www.fcsb.link/technology) ; hard copies may be requested from the Department of Student Services.

When there is reasonable suspicion that a student has used an instructional technology device in violation of the *Code of Student Conduct* or other school rules, or if used for an unlawful purpose the school administration may review the device's applications in its investigation of the suspected violation.

Judicial Orders of Protection

The Department of Juvenile Justice will report to the school district all court orders in which a Flagler County School student is mandated to have "no contact" with his/her victim or victim's siblings. A "no contact" order may be issued by a circuit judge and upon notification of such order, the school administration may remove the student named in the order, require him/her to attend another school, or implement other measures to ensure the "no contact" order is enforced. Students will not be required to move schools or removed from school without having a signed order from the courts, with the exception of recommendations from the district's discipline review committee. Students will be given an opportunity to remain on campus following the school-based no contact agreement on campus as deemed appropriate by the school-based discipline team. If the school-based no contact order is violated, the student will be subject to removal from school.

Prescription and Non-Prescription Medicine

All prescriptions administered by school staff must be prescribed by a physician who has determined that a student's health and well-being requires medication during school hours. The prescription must be documented by a note from the physician on file with the school nurse prior to use. The parent/guardian must deliver the medication to the nurse.

Students are prohibited from possessing prescription and non-prescription (over-the-counter) medication on school property, on a school bus or school-approved transportation, or at any school-related function or activity. Violation of this policy will result in disciplinary action.

Weapon Possession on School Property or at Any School Function

No student shall carry or possess or have under his or her control while at a school building, school function, on school property (including any personal vehicle), or on a bus or other transportation furnished by the school any weapon or explosive compound. "Weapons" means and includes any gun, knife, or other instrument that may cause bodily harm to another individual. No replicas are allowed on school property.

Zero Tolerance Relating to Firearms/Weapons in Vehicles on School Property

It is the policy of the School District of Flagler County Florida, that any student SHALL NOT bring any firearm or weapon, including replicas, onto school property.

Weapons-Guns

Any student who brings guns or explosives onto a school campus, bus, or school function shall be considered for expulsion for no less than one calendar year. Other students who handle, use, or possess guns or explosives shall be recommended for expulsion by the principal for not less than one calendar year. The Superintendent, his/her designee, and/or the School Board may consider extenuating circumstances in determining the length and type of expulsion. Criminal prosecution will be pursued in these instances. (FS 1006.13(2), as defined in 18 U.S.C.s. 921).

The student is to be suspended for ten (10) days, immediately removed from school, and is recommended for expulsion or alternative placement. This violation shall be reported to the proper law enforcement agency.

Amnesty Clause

When a student discovers they have inadvertently brought a weapon on campus, on the bus, or in their vehicle, they must immediately notify an administrator/designee, teacher, or bus driver. The weapon will be turned over to school personnel and or the school resource deputy. The student may not be disciplined if he/she follows this procedure.

Extracurricular Activities

Every school provides a wide variety of opportunities for students and parents to become involved in extracurricular activities and parents are encouraged to communicate directly with their student's school. The school's staff is always ready and willing to answer questions concerning extracurricular activities.

Students are encouraged to explore their interests in sports. They must meet established academic requirements, have insurance coverage, and pass a physical examination in order to

participate in a sport. There are three sports seasons: fall, winter, and spring. Multiple intramural sports are available for participation for both boys and girls in grades 6-8. In grades 9-12, Florida High School Athletic Association (FHSAA) sanctioned sports are available. Students are given the opportunity to develop their athletic skills under the direction of certified coaches in every sport.

Our schools offer a variety of opportunities for students to get involved in their school and community through clubs, community service projects, special school sponsored activities such as school dances, band concerts, drama presentations, JROTC activities and student government sponsored activities, just to name a few.

The following includes a list of eligibility standards taken into consideration to participate in extracurricular, interscholastic or interscholastic activities:

- School attendance policy that may prevent a student from participating
- Alcohol/drug related behavior
- 2.0 GPA Required for Academic Eligibility. A middle/junior high student must have 2.0 GPA, or the equivalent of a 2.0 GPA based on a 4.0 scale, at the conclusion of each semester. A high school student must have a cumulative 2.0 grade point average on a 4.0 unweighted scale, or its equivalent, at the conclusion of each semester to be academically eligible during the next semester (s. 1006.15(3)(a)1, Florida Statutes). Final grades previously earned by the student from another school shall not be converted.
- School/classroom discipline issues
- Social Media issues
- Bullying
- Sportsmanship
- Dress Code Policy
- Four Year Limit of Eligibility
- Age Limit – 19 years 9 months (seniors) or 19 years on or after September 1 (all others)
- Physical Evaluation and Consent and Release from Liability Certificate
- Any other district policy, which would remove or prevent a student from participating in extracurricular activities.

Athletics Eligibility

In addition to the provisions of Section 1006.15, Florida Statutes, and student standards for participation in interscholastic and intrascholastic extracurricular student activities, the following provisions of Florida Law must also be adhered to:

- A student not currently suspended from extracurricular activities or suspended or expelled from school, is eligible to participate in interscholastic and intrascholastic activities.
- A student may not participate in a sport if he or she participated in the same sport in the same school year at another school, unless one of the following exceptions apply:
 - Children of active duty military whose move resulted from military orders;
 - Children relocated due to a court order changing custody due to divorce or separation, or serious illness or death of a parent;
 - Other good cause established by School Board policy.
- A student's eligibility will not be affected by alleged recruiting violations until final disposition of the allegations.

- The District's *Code of Conduct* applies to private and charter school students participating in extracurricular activities at District Schools for the purpose of their eligibility.
- (Section 1006.195, Florida Statutes)

School Transportation Expectations

General

Students must wait for the bus to come to a stop and wait for driver's hand signal that it is safe to walk in front of the bus to get on the bus. *Riding the bus is a privilege. Do not abuse it.*

1. Buses should be considered "mobile school sites" where students are expected to be on their best behavior. Bus drivers should be treated and respected just as teachers and administrators are.
2. Students are audio/video recorded at all times while on a school bus. School bus surveillance videos are considered "student records." Student records are confidential and are not subject to disclosure and release under the Sunshine Law. The rights of a student and his or her parent protect both the student's access to those records and the student's privacy interests in the content of those records. School video recordings, which include multiple students, cannot be released to an individual parent as the tape contains "records" of all recorded students.
3. A student must ride their assigned bus. Switching buses is not permitted. Transportation is provided only to the documented address on file. Any change in address should be updated immediately at the student's assigned school. Only students who live one mile or more from an elementary school and two miles or more from middle and high schools are authorized to ride the school bus. Distance from home to school is calculated by transportation routing software and is based on walking distance, not road mileage. Students must attend their zoned school and use the assigned bus stop based on their home address to receive transportation, or qualify under Exceptional Student Education (ESE).
4. Students are to be on time 10 minutes prior to bus arrival and stand off the roadway. Parents are responsible for their child's behavior at the bus stop and should be present to ensure appropriate behavior prior to the arrival of the bus in the morning and after the departure of the bus at the end of the day. School officials have jurisdiction at bus stops. Bus drivers may issue bus referrals based on behavior observed at bus stops, and administrators may investigate and discipline accordingly. In addition, behavior not directly observed at bus stops, but reported and confirmed by witnesses, may be acted upon.
5. If a student causes any damage (vandalism) to the bus or another vehicle, the parent shall be responsible to pay for the damage. Restitution or arrangements must be made with transportation within 30 days of notification. Failure to make full restitution for vandalism cost can result in loss of bus riding privileges for the remainder of the current school year. Students can be disciplined for doing anything at the bus stop, which violates the Code of Student Conduct.

Florida State Statute 1006.10 (3) Authority of school bus drivers and district school boards relating to student discipline and student safety on school buses.

The school bus driver shall control students during the time students are on the school bus, but shall not have such authority when students are waiting at the school bus stop or when students are en route to or from the school bus stop except when the bus is present at the bus stop.

Items Students Cannot Bring on a Bus

Students may not possess any of the following items while on a school bus: glass containers, any type of sharp or cutting object, roller skates, skate boards, scooters, toys, any bulky item that interferes with proper seating of students (large musical instruments that a student is not able to hold on his/her lap and/or impedes the driver, walkway, or adjacent seat), athletic equipment (athletic equipment that is not stored in a bag that fits on the students lap and/or impedes the driver, walkway, or adjacent seat), weapons, stink bombs, tobacco products, e-cigarettes, lighters, matches, fireworks, illegal drugs, cologne, nail polish, hair spray, spray paint, chemicals, food, candy, gum, drinks or other items prohibited elsewhere in the *Code of Student Conduct*.

Rules While on the Bus

Students must obey the driver at all times. Students must tell the bus driver his/her correct name when asked. The bus driver and school will keep a seating chart. Students will be disciplined if they do not follow all district and school rules and the following special rules:

- Sit in the assigned seat and use the seat belt if available.
- Stay seated at all times while the bus is in motion.
- Do not put any part of the body outside the bus windows.
- Do not distract the driver with loud conversation or noises.
- Do not eat or drink on the bus.
- Maintain absolute silence at all times when the overhead dome lights are on for railroad crossings.
- Do not throw any items on the bus or out of the bus windows.
- Do not mark, cut, or damage bus seats or the bus itself.
- Do not display signs from the bus.
- Do not use obscene language or gestures.
- **Do not audio/video record or take photos while on the bus.**

The following infractions will result in a bus suspension and/or suspension from school up to 10 days, and/or removal of bus riding privileges: possession of weapons, illegal drugs, tobacco products, laser pens, fighting, vandalism, profanity towards driver, use of matches, lighters or fireworks, sexual harassment, throwing of objects in or out of bus, any Level 4 **SESIR** infraction and use of any object or situation causing a safety problem.

Bus Discipline

Violation of District School Board transportation policies, including disruptive behavior on a school bus or that is a witnessed act at the school bus stop with the bus present (FS 1006.10 (3)) by a student, is grounds for suspension of the student's privilege of riding on a school bus and may be grounds for disciplinary action by the school and may also result in criminal penalties being imposed.

The School Board believes that all students, as well as the bus driver, should be able to ride safely on school buses. Therefore, if students misbehave, they will be removed from the bus. If a student commits minor infractions, the school bus driver has the authority to address the

behavior appropriately. If a student causes repeated problems on the bus by doing something the bus driver considers a more serious rule violation, the bus driver will report it to the school Principal/designee. The bus driver will give the school a written referral about what the student did. School administrator/designees can take any of the following disciplinary steps against a student for misbehaving at a bus stop or on a bus, and will notify the parent/guardian, on an approved form when they take any of these steps:

1. Warn the student that the behavior is not allowed and if repeated, will result in further discipline as well as suspension of bus riding privilege.
2. Discipline the student the same as if she/he had misbehaved at school (detention, in-school suspension, Saturday school, out-of-school suspension, expulsion, etc.).
3. Suspend the student from riding the bus if prior warning and other discipline have not improved the behavior. The student can be suspended for up to ten (10) days at a time.
4. Expel the student from riding a school bus if previous discipline has not worked or if a student commits a serious offense. The process by which a student is expelled from riding the bus is the same as the process for being expelled from school. The principal/designee makes a recommendation to the Superintendent, who then recommends it to the School Board. Even if a student transfers to a new school, he/she will be held responsible for any previous incidents of bus misconduct from the previous school.

Flagler County School District Bus Incident Procedures

Step 1 – Verbal Warning Parent/ Guardian Contacted

1. Students who misbehave or who demonstrate potentially unsafe behavior shall receive a verbal warning on a bus incident report form.
2. The driver shall telephone the student's parent/guardian to seek help in correcting the student's behavior. The student's behavior will be described in the comments section, and the driver shall write the date, time, student's name, name of the person spoken to, and a brief description of the conversation.
3. After two attempts, if a driver is unable to make contact with the parent/guardian by telephone, the driver must document the attempt and result on the referral and request assistance from the appropriate school administrator/designee for his/her assistance.
4. After any step, a student's behavior must become acceptable immediately and remain acceptable for the remainder of the school year.
5. If an additional incident occurs, the next step will be taken.

Step 2 – Written Notice to Parent/Guardian

1. Written notice shall be sent home if a student's behavior has not become acceptable immediately.
2. Student will go to Step 3 if the written notice is not signed and returned to the driver or school within 48 hours after contact is made.

Step 3 – Administrative Referral

1. Students who continue to violate bus rules, possess contraband, or jeopardize the safety of others will receive an immediate referral to the school administrator/designee.
2. After presentation of documentation by the driver to the administrator/designee, it is the authority of the school administrator/designee to determine if there is cause for suspension or recommendation of expulsion. Based on the infraction, suspension time is determined by the administration.

NOTE: Riding the bus or attempting to ride the bus while on suspension could result in another referral, loss of bus riding privileges, and referral to the School Resource Deputy for a trespass warrant. No Trespass signs are clearly posted in every school bus vehicle and will be strictly enforced.

Due to safety concerns, penalties for not wearing a seat belt, when it is part of the available equipment or unbuckling a seat belt prior to the arrival at school will result in:

Step #1 – Verbal warning and phone contact to the parent

Step #2 (next offense) – Bus Suspension.

Appeal of Bus Suspension

A parent may appeal a bus suspension by calling the school principal/designee. The parent must come to the school and have a conference with a school administrator/designee and a representative from the transportation department/district office as part of the appeal.

If expulsion has been recommended, the student cannot ride a bus until the School Board rules on the expulsion. If a student engages in violent or very unsafe behavior while riding the bus, the school administration shall additionally suspend the bus riding privileges until they can hold a conference with the parent. The school will then determine whether to take additional disciplinary steps, including bus expulsion, and whether to impose further rules for the student's return to bus riding

SECTION THREE: STUDENT ATTENDANCE

All students, regardless of age, will attend school on a regular basis. All enrolled students are subject to the requirements of the Flagler County Schools' attendance policy. Parents should notify the school of a student's absence and the reason for the absence within 5 days of the student's return to school. Some schools have a phone line, but all absences should be documented in writing for the absence to be excused. If a student accrues 5 consecutive absences without notification to the school's attendance office, a truancy check will be initiated with the Flagler County Sheriff's Office.

Parents may write up to 5 parent notes per ~~term semester~~ with a total of 10 per year. ~~until 15 days of total absence is attained.~~ Parents will be advised if their child is considered truant. A referral will be made for services if a student is chronically truant. In the case of chronic truant students, and their parents could be referred for specific actions that involve the Department of Children and Families (DCF), the Sheriff's Office, the Clerk of Court, and the School District.

School Attendance Procedures are as follows:

1. Student is absent: contact with parent is attempted via automated attendance call.
2. Student is absent 5 days unexcused in a calendar month, or 10 days in a 90 day period: a “warning letter” is sent to each parent.
3. If a student continues to be absent, intervention by school staff is initiated.
4. The school will conduct an Attendance Improvement Meeting (AIM) with the parent and student, where a contract or other intervention is established.
5. If no improvement is made, or if the student is absent for 15 days unexcused within 90 calendar days, a referral for services is completed and/or documentation is forwarded to the Clerk of Court for civil court action.
6. Students not required by law to attend school may be withdrawn following the guidelines set forth in Florida Statutes 1003.26 and 1003.27 due to failure to abide by attendance procedures.
7. Three tardies or early sign outs equals an absence. If parents have not exceeded the amount of notes they may write each semester, they can use one of these notes to excuse tardies or sign outs.
8. Out-of-school suspension (OSS) does not count as an absence for attendance monitoring purposes. Students are allowed to request and make up work within the timeline approved by the school and teacher. Any student who is placed on out-of-school suspension shall not be allowed to attend or participate in extracurricular activities while on suspension and furthermore is prohibited from being on any school campus for the duration of the suspension.
9. Students must be in attendance at least half of the school day in order to be considered present and to participate in interscholastic or extra-curricular activities. **Students sent home from school by the school nurse may not participate.**
10. Any student enrolled in an iFlagler course must submit assignments and communicate with the assigned virtual teacher weekly in order to be considered in attendance.

The following are acceptable reasons for student absences:

1. Personal illness of the student.
2. Death in the family.
3. Religious holiday of the student’s faith (including: Yom Kippur, Rosh Hashanah, Epiphany, and others), with documentation, approved in advance by the school designee.
4. Special events, including, but not limited to, important public functions, student conferences, state/national competitions, administrative approved post-secondary educational institution visitation, as well as, exceptional cases of family need, as judged appropriate for the student by the principal, provided that the requests are approved in advance and do not go beyond a total of 15 absences per year for the student. Note: Vacation trips during the school year are not considered excused absences.
5. Subpoena or forced absence by any law enforcement agency, provided that the student is not under immediate suspension from school. A copy of the subpoena or court summons must be presented to the principal/designee.
6. Students having or suspected of having a communicable disease or infestation that can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (Florida Statute 1003.22). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of three (3) days

excused absence per infestation of head lice.

Note: ~~All absences above~~ Absences exceeding 15 per year will MUST be excused by doctor and/or court note only.

For purposes of attendance, approved school-related activities are not counted as absences from class. The principal and/or his/her designee may address extenuating circumstances brought forth by a parent/guardian. The principal's decision is final.

Schools shall require written explanations or personal communication from parents when students are absent. This should occur upon the student's return to school. All notes submitted to excuse absences must be received at the school within 5 school days after the absence. After 5 days, absences will not be excused. All other absences from school shall be considered unexcused and shall be dealt with according to the district's attendance policy. Failure to provide requested documentation will result in unexcused absences. In the case of excessive absences, upon request of the principal, a parent will provide documentation (doctor's statement) of a student's illness.

How to Report an Absence

1. It shall be the responsibility of each student's parent or guardian to explain his/her child's absence to the school office by telephone call, written notice, or by personal visitation by the first day of the student's return to school.
2. The school will make an effort to contact the parent or guardian whenever a student's absence has not been explained.
3. Documentation of the absentee notes and related information will be maintained by the school.
4. When a student is absent from school due to having a medical related appointment for Autism Spectrum Disorder, that student's absence will be excused.

Make Up Work

Per F.S. 1003.26 (1)(a) Upon each unexcused absence, or absence for which the reason is unknown, the school principal or his or his/her designee shall contact the student's parent to determine the reason for the absence. If the absence is an excused absence, as defined by district school board policy, the school shall provide opportunities for the student to make up assigned work and not receive an academic penalty unless the work is not made up within a reasonable time.

Loss of Driver's License Due to Non-Attendance

The school is required to submit to the Department of Highway Safety and Motor Vehicles (DHSMV) the name of the student along with date of birth, sex, and social security number, for any student who accumulates excessive unexcused absences in a period of 90 calendar days. For the purposes of maintaining the right to drive, days of suspension from school will not be forwarded to DHSMV as unexcused.

If a student's name is sent to the DHSMV for lack of attendance, the student is in danger of having his/her current privilege to drive suspended, or for students who are under age 16, having their application for licensure denied. The driving privilege may be reinstated if the student

submits written verification to the DHSMV that the student has completed 30 days of attendance in school without an unexcused absence or unexcused tardy. A hardship waiver hearing may be available with the school principal/designee in cases where the driver has been notified by the DHSMV of loss of driving privilege.

Monitoring of Attendance and Tardies

Each school is required to record a student's daily attendance. Students reporting to school/class after the official start time or ringing of the late bell, will be marked tardy. Students who are excessively absent, tardy, or leave school early may be referred to the Attendance Improvement Team for intervention assistance. Students who continue to be excessively absent will be monitored by the District Office and may be referred for additional services or to the Clerk of Court for civil court action.

Declaration of Intent to Terminate School Enrollment

A student, who is 16 years of age or older and choosing not to attend school, must sign a "Declaration of Intent to Terminate School Enrollment" form. Students may obtain the form by speaking with their school counselor or a member of the school administration staff.

As per Florida Statute 1003.21 (2) (C), The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the student and the student's parent. The school district shall notify the student's parent of receipt of the student's declaration of intent to terminate school enrollment. The student's certified school counselor or other school personnel shall conduct an exit interview with the student to determine the reasons for the student's decision to terminate school enrollment and actions that could be taken to keep the student in school. The student's certified school counselor or other school personnel shall inform the student of opportunities to continue his or her education in a different environment, including, but not limited to, adult education and high school equivalency examination preparation. Additionally, the student shall complete a survey in a format prescribed by the Department of Education to provide data on student reasons for terminating enrollment and actions taken by schools to keep students enrolled.

Home Education and Attendance

Further details may be obtained from the Department of Student Services at 386-437-7526. Students who enter the home education program after entering the attendance monitoring process will be reviewed after 30 days to determine if the requirements for home education are being met.

Flagler Schools Code of Student Conduct 20223-234

The *Code of Student Conduct* has been written so students and family members know what behavior is expected and prohibited at school or at school activities. It is helpful if parents are aware of school rules so they can help support them from home. Failure to return this acknowledgement will not relieve a student or the parent(s) from the responsibility for knowledge of the contents of the Flagler County Public Schools *Code of Student Conduct*.

In an effort to conserve resources, Flagler Schools is providing printed copies of the *Code* by request only. The full document is available online. Please check the statement below, which applies to you.
