

ParentVUE and StudentVUE

ParentVUE and StudentVUE are the APS student information systems that give parents and students secure, private access to school and student information.

ParentVUE isn't just for student registration. As many of our families already know, it's a great tool to check grades, assignments, attendance, calendars, teacher contact information, and more!

EXISTING PARENTS must have a ParentVue Account:
<https://my student.aps.edu>

NEW PARENTS : Create a ParentVue Account without Activation Key(s) and student ID number.
<https://enroll.aps.edu>.
