School or child-related Groups or Other Government Agencies include those organizations whose main purpose is to promote the welfare of boys and girls or to provide members of the community access to government programs or opportunities for civic participation. Examples are: Scouts, Campfire, PTA, 4-H; city or county sponsored recreation groups, garden clubs; polling places, presidential political caucuses and governmental groups. No fee shall be charged provided that additional staff are not employed to supervise or clean the facilities. A rental charge shall be established to recover additional utility costs which are incurred or, in the event there are no school staff on duty, to reimburse the district for the costs of providing custodial services.

Noncommunity and/or Nonprofit Groups include those organizations which might wish to use school facilities for lectures, promotional activities, political rallies, entertainment, college courses, or other activities for which public halls or commercial facilities generally are rented or owned. The district shall charge a rental rate in excess of costs incurred, except that such excess charges may be waived when a service club or other nonprofit group is raising funds for charitable purposes. To be granted this exception, the charitable organization must be recognized by the Philanthropic Division of the Better Business Bureau. Professional fund raisers representing charities must provide evidence that they are registered and bonded by the state of Washington. Such fund-raisers must provide evidence that the charity will receive at least sixty (60) percent of the gross revenues received from the public prior to approval to use the facilities. Similar treatment may be granted public universities and colleges when offering college courses within the community or when a university/college is offering a course for staff at the request of the district. Nonprofit groups of the kind that in most communities have their own facilities (churches, lodges, veterans groups, granges, etc.) who wish to use district facilities on a regular, but temporary, basis may do so under this rental rate, but for no more than two years and may not average more than twelve hours of use per week.

Commercial Enterprises include profit-making organizations and business-related enterprises. While the district would prefer organizations to use commercial or private facilities, facilities may be rented for nonregular use at the prevailing rate charged by commercial facilities in the area.
