Instructional priorities

Reading, writing, and discussion in all content areas to provide cohesive instruction and opportunities for productive struggle.

Provide effective feedback to students that affirms what they have done well and guides them toward academic improvement and achievement of learning goals.

Study and leverage student-level data on a regular and consistent basis to identify learning opportunities and create plans to address them.

Use rubrics as tools to provide a shared language with clear guidelines and expectations to provide a measure, adjust, and evaluate learning.

Happy Monday Families!

The school year is moving at rapid speed as we are down to 18 instructional days. We are preparing for the district NWEA reading test this week. Students should be in school daily to test so their growth can be measured from the beginning of the school year. Please use the links below to complete the parent survey and enroll your child in summer school. A team of staff members will have Ipads ready curbside on Tuesday, Wednesday, and Thursday for you to complete the parent survey as well. Your student will receive a treat bag after you complete the survey along with a free dress pass.

If you have any questions or concerns, please reach out to me at aringo@npfeschools.org or send a message to (313) 751-8533.
