

Importing Students into Google Classroom from Aeries

You can create your Google Classrooms by opening <http://classroom.google.com>. Title your classrooms so they are easy to identify. After your classrooms are set up, open and log into Aeries.

Linking Google Classroom to Aeries

- Student rosters will import into your Google Classroom automatically.
- Student rosters in Aeries will be updated (added and dropped) from your Google Classroom nightly.

Create your Google Classroom with a title that easily identifies with the course.

Sign into Aeries and view the **Class Summary** on the Home screen.

Once the classroom is created, an alert will let you know that the process is complete. The alert will also indicate the number of students imported.

Alert

Classroom was successfully linked. Any students to add will be processed and you will receive an email with the results.

New students will be added to your Google Classroom nightly, after they are added to your section in Aeries.
