## S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

#### A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. \_\_\_\_\_  
Retain supporting documentation.

#### B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

#### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

<b>A. Indirect costs incurred in the current year (Part III, Line A8)</b>	4,235,447.35
<b>B. Carry-forward adjustment from prior year(s)</b>	
1. Carry-forward adjustment from the second prior year	133,986.44
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
<b>C. Carry-forward adjustment for under- or over-recovery in the current year</b>	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.78%) times Part III, Line B18); zero if negative	306.11
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.78%) times Part III, Line B18) or (the highest rate used to recover costs from any program (6.78%) times Part III, Line B18); zero if positive	0.00
<b>D. Preliminary carry-forward adjustment (Line C1 or C2)</b>	306.11
<b>E. Optional allocation of negative carry-forward adjustment over more than one year</b>	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1

**SELPA:** Monterey County (AS)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-I worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2018-19 projected expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods.

**SECTION 1**      **Exempt Reduction Under 34 CFR Section 300.204**

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
  - a. Has left the jurisdiction of the agency;
  - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
  - c. No longer needs the program of special education.

**SECTION 2**

**Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)**

**IMPORTANT NOTE:** Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].
