Part II - Adjustments for Employment Separation Costs

Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6)

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A.	Indirect costs incurred in the current year (Part III, Line A8)	2,239,708.42
В.	Carry-forward adjustment from prior year(s)	
	Carry-forward adjustment from the second prior year	41,513.13
	2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C.	Carry-forward adjustment for under- or over-recovery in the current year	
	 Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.67%) times Part III, Line B18); zero if negative 	0.00
	 Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.67%) times Part III, Line B18) or (the highest rate used to recover costs from any program (6.01%) times Part III, Line B18); zero if positive 	(29,854.95)
D.	Preliminary carry-forward adjustment (Line C1 or C2)	(29,854.95)
E.	Optional allocation of negative carry-forward adjustment over more than one year	
	Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce to the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA me the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish	nay request that justment over more
	Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	5.42%
	Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-14,927.48) is applied to the current year calculation and the remainder (\$-14,927.47) is deferred to one or more future years:	5.46%
	Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-9,951.65) is applied to the current year calculation and the remainder (\$-19,903.30) is deferred to one or more future years:	5.47%
	LEA request for Option 1, Option 2, or Option 3

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

If both lines A3 and A5, Column C, are negative, the MOE is not met based on combined state and local expenditures, and Part B must be completed.

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

If both lines A3 and A5, Column C, are negative, the MOE is not met based on combined state and local expenditures, and Part B must be completed.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
