*Expanding Horizons...
Individualizing Excellence*

Dear Lower Moreland Families:

As part of our continued efforts to maintain a welcoming and inclusive environment, this year we are excited to introduce the *No Place for Hate*® program to our district. We believe that students thrive academically, socially and personally when they feel safe and respected, no matter their background or beliefs. We are committed to fostering a culture free from bias, bullying and name-calling, where students feel empowered to embrace diversity in themselves and in others. Lower Moreland High School, the Murray Avenue School and Pine Road Elementary School will all be participating in activities to promote and celebrate diversity throughout the school year.

No Place for Hate is an initiative developed by the Anti-Defamation League, a leading civil rights organization that has worked for over a century to "secure justice and fair treatment to all." The program creates inclusive school environments that celebrate diversity, promote respect for differences and challenge bias and bullying. *No Place for Hate* connects our district to more than 220 other institutions in the region and 1700 schools across the country.

We look forward to working with you and your child to make our district a supportive and inclusive environment for all students.

Sincerely,
