### **2014/2015 Budget - General Information**

#### **Budget Management**

The budget is managed through a centralized accounting system where over 2,000 accounts are distributed between ten administrators having budget responsibility. These administrators receive printouts from the business office monthly to update them on the financial position of each of their accounts. It is their decision as to items which merit purchase and inclusion in budget requests. Budget reductions, when necessary, are prioritized by the administrative team and then adjusted in the budget if warranted. The administrative team and School Board have maintained effective control over the district's assets as evidenced by the healthy fund balance maintained for the district.

#### **Legal Requirements**

The State of Pennsylvania requires all school districts to prepare budgets for their general fund which account for the day-to-day operations of the school district. The budgets are prepared in accordance with generally accepted accounting principles, and accounting during the year must also meet these standards. Budgets must be approved by June 30 for the fiscal year beginning July 1, and ending June 30 the subsequent year. Expenditures cannot exceed the budget by major function and object during the fiscal year without board approval, and actual total expenditures may not exceed the total budgeted expenditures for the year. Budgetary transfers are presented for the board's consideration no sooner than 90 days after the start of the fiscal year.

An annual audit by a CPA is required at year end and single audit requirement must be met if applicable. State compliance audits are also performed every two years.

#### **Capital Projects Fund**

In the past, unexpended funds from the general fund and healthcare settlements have been transferred into this fund to pay for major projects throughout the district. The projected amount of the fund at June, 2014 is approximately \$1,000,000 and some of the major projects that need to be funded are listed below. The board authorizes the uses of this fund to maintain proper controls. The **abbreviated** list of capital projects is as follows:

1. Sprinkler System – Pine Road Elementary School \$750,000

NOTE: - Salary costs represent 44.6% of the total 2014/15 budget.  
- Salary costs represent 45.5% of the total 2013/14 budget.

**Further Facts:**

- Salaries amounts include proposed new hires, projected retirements as well as contracted obligations for salaries as well as items such as performance incentives, class changes, and severance pay. Also included are salaries in Federal programs and IDEA programs which are offset by revenue received for those programs.
- Note: Beginning in 2013/14, substitute and some aide costs have been shifted to a contracted services budget line to reflect the change of using a contracted carrier for substitute services and aides.

          Benefit costs represent 21.2% of the total 2013/14 budget.

Further Facts:

- The medical insurance part of the budget had a net decrease due to a shift from employees to contracted services.
- The medical insurance budget also includes \$33,361 for retiree benefits for the 2014/15 school year.
- Life Insurance costs and Disability Insurance costs have fluctuated due to a total changes in salaries.
- The retirement rate is budgeted at 21.40%. The actual PSERS rate for 13/14 was 16.93%. The percentage change in the rate is 26.40%.
- Tuition costs are budgeted the same due to history and Act 48 implications.
- Worker's Compensation increased slightly due in most part to the District's participation in the School Districts Insurance Consortium (SDIC) whose rates are favorable overall due to the consortium relationship of all of it's members.

		2013/14 <u>Budget</u>	2014/15 <u>Budget</u>
6111	Current Real Estate Taxes-	31,273,744	31,857,495
	The 2014/15 budgeted amount is based on an assessment total received from the County of Montgomery in the amount of \$1,094,498,740 (as of 12/6/13). The assessed valuation is multiplied by the millage rate to show the gross yield of real estate tax. Historically, the district receives about 96% of that amount as current real estate taxes. Receipt of 96% of the gross yield is the result of several things - those who pay in the discount period vs. the net or penalty periods and the percent that will be lienied January 15, 2015 (if not paid by that date). For 2014/15 there is a reduction equal to the amount of gambling/Sterling Act funds the District is due to receive.

### Budget Explanations

#### 8000 - Federal Revenue

#### Highlights of Changes

- All All projected federal project grants have been budgeted for on both the revenue and expenditure sides of the budget. If there are shortfalls in any revenue categories, they will be offset by a reduction in federal expenditures. The figures are based on actual program budgets from 2013/14. Project ACCESS has been budgeted for the first time in 2010/11.
- 8732 QSCB Revenue-  
The revenue is received from the federal government to offset debt service payments on the 2011 QSCB borrowing.

## **Lower Moreland Township School District**

**2014/2015**

### **Summary of Significant Accounting Policies**

#### **Reporting Entity**

Lower Moreland Township School District is governed by an elected nine member Board of Directors. As required by generally accepted accounting principles, financial statements present the School District (the primary government). Certain potential component units were assessed to determine if the financial relationship with the School District would require inclusion in the reporting entity.

The School District lies completely within the Township of Lower Moreland. The one municipality is a primary government and therefore not a component unit of the School District.

#### **Basis of Presentation**

The accounting system of the School District is organized and operated on the basis of fund accounting with each fund or account group being a separate accounting entity with a set of self-balancing accounts which comprise of assets, liabilities, and fund balance/retained earnings, revenues and expenditures as appropriate. School District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped into six fund types within three broad categories as follows:

##### **a) Governmental Funds:**

General Fund is the general operating fund of the School District. It is utilized to account for all revenues and expenditures except those required to be accounted for in another fund.

Debt Service Fund is utilized to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest, and appropriate costs arising from general obligation bonds.

Capital Projects Fund is utilized to account for the financial resources to be used for the acquisition or construction of major capital facilities.

Special Revenue Fund is utilized to account for the proceeds of specific revenue sources that are restricted for specific purposes.

b) Proprietary Funds:

Enterprise Fund (Food Service Fund) is authorized under Section 504 of the Public School Code of 1949 to account for all revenues and expenses pertaining to cafeteria operations. The Food Service Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs (i.e. expenses, including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

c) Fiduciary Funds:

Trust and Agency Funds are utilized to account for assets held by the School District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Activity funds are reflected as agency funds but are segregated from other agency funds because of legal requirements. They are utilized to account for monies authorized by Section 511 of the Public School Code of 1949 for school athletics, publications and organizations.

Account Groups – In addition to the funds listed above, the School District maintains two account groups – General Fixed Assets and General Long-Term Debt. The account groups are not “funds”; they are only concerned with the measurement of financial position, not the results of operations.

General Fixed Assets – All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group rather than in governmental funds. Fixed assets related to food services are accounted for in that fund and are considered fund fixed assets.

General Long-Term Debts – General long-term debt represents all long-term debt obligations and other long-term liabilities of the School District that are expected to be financed from governmental funds. General long-term debt is not limited to liabilities evidenced by formal debt instruments (bonds, warrants, notes, etc). It may also include, but is not necessarily limited to, long-term liabilities arising from judgments and claims, and accumulated unpaid vacation, sick pay and other employee benefit amounts. Any long-term liabilities of the proprietary fund are accounted for through that fund and are considered fund long-term liabilities.

## **Basis of Accounting**

Basis of accounting refers to the timing of recognition of revenues and expenditures or expenses in the accounts and in the financial statements, regardless of the measurement focus.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in net current assets.

The proprietary fund is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Proprietary fund type operating statements present increases (i.e. revenues) and decreases (i.e. expenses) in fund equity (i.e. net total assets).

## **Modified Accrual Basis**

The modified accrual basis of accounting is followed for all governmental type funds of the School District. Under the modified accrual basis of accounting, expenditures, other than interest, discount accretion and principal payments on long-term debt which are recorded on their payment dates and the liability for compensated absences which is included in the General Fund to the extent that it will be liquidated with expendable available financial resources, are recorded when the fund liability is incurred. Revenues are recognized when they become susceptible to accrual, i.e. measurable and available to finance the School District's operations. Available means collectible within 60 days after fiscal year-end. The modified accrual basis of accounting is used for the General Fund, Debt Service Fund, Capital Projects Fund, Special Revenue Fund, Expendable Trust Fund and Agency Funds as follows:

### **(i) Property Taxes:**

**Current Revenue** – These are taxes levied as of a specific date with a legal, enforceable claim against the taxpayer and/or property. These taxes are recognizable as current revenue when received by the School District during the fiscal year and also estimated to be received by the School District within 60 days after the close of the fiscal year.

**Deferred Revenue** – Those currently levied property taxes which are not estimated to be received by the School District within 60 days after the close of the current fiscal year are recorded as deferred revenue.

(ii) Revenue from State Sources: State subsidies due the School District as current fiscal year entitlement are recognized as revenue in the current fiscal year even though such funds will be received in a subsequent fiscal year.

(iii) Revenue from Federal Sources: Federal program funds applicable to expenditures for the same program in the current fiscal year but expected to be received in the next fiscal year are accrued as current revenue at the end of the current fiscal year along with the recognition of the federal funds receivable.

(iv) Tuition Revenue: Tuition is due from other school districts and non-residents utilizing the School District's instruction services. Revenue is recognized for services rendered to the extent they are considered collectible.

(v) Expenditures:

Inventory Items – Inventory type items (e.g. materials and supplies) are considered as expenditures when purchased (purchase method).

Other – Expenditures for insurance and similar services extending over more than one accounting period are accounted for as expenditures during the period of usage. Interest and discount accretion on long-term debt are recognized as an expenditure on the due date of the payment.

### **Accrual Basis of Accounting**

Under the accrual basis of accounting, revenues are recognized in the accounting period they are earned and become measurable; expenses are recognized in the period incurred. The accrual basis of accounting is used for proprietary funds. Also, with the advent of Government Accounting Standards Board Statement #34 (GASB 34), the accrual basis of accounting needs to be applied to all government funds. However, the modified accrual basis is also to be maintained. Therefore, there are conversions done at the end of the year to convert the financial statements from modified accrual basis to full accrual basis and both sets of statements are presented.

### **Budgets**

The School Board approves, prior to the beginning of each year, an annual budget on the modified accrual basis for the General Fund. This is the only fund for which a budget is required and for which taxes may be levied. The Public School Code allows the School Board to authorize budget transfer amendments beginning 90 days after the start of each fiscal year. The School District's management does not have the authority to approve the budget or any budget transfer amendments. The School District expenditures may not legally exceed the revised budget amounts by major function and object. Function is defined as a program area

such as instructional services, and object is defined as the nature of the expenditures such as salaries or supplies.

### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund.

### GLOSSARY OF TERMS

This Glossary contains definitions of terms used in this guide and such additional terms as seem necessary to common understandings concerning financial accounting procedures for schools. Several terms that are not primarily financial accounting terms have been included because of their significance for school financial accounting.

#### ACCOUNTING SYSTEM

The total structure of records and procedures which discover, record, classify and report information on the financial position and operations of a school district or any of its funds, balanced account groups and organizational components.

#### ACCOUNT CLASSIFICATION

The numerical coding structure as developed by the Pennsylvania Department of Education for identifying, classifying and posting financial records. Two of the major components to the account structure are the function codes and the object codes. The major function and object codes are described in the pages following the glossary as Appendix A.

#### ACCRUAL BASIS

The basis of accounting under which revenues are recorded when levies are made, and the expenditures are recorded as soon as they result in liabilities regardless of when the revenue is actually received or the payment is actually made. **See also ESTIMATED REVENUE AND EXPENDITURES.**

#### ACCRUE

To record revenues when earned or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds. **See also ACCRUAL BASIS.**

#### APPROPRIATION

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in amount and as to the time when it may be expended.

#### ASSESSED VALUATION

A valuation set upon real estate or other property by a government as a basis for levying taxes.

### BOARD OF SCHOOL DIRECTORS

The elected or appointed body, which has been created according to State, law and vested with responsibilities for educational activities in a given geographical area. In Pennsylvania, school districts have Boards comprised of nine members elected at large by the voters for four-year terms.

### BOND

Most often, a written promise to pay a specified sum of money (called the face value or principal amount), on a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

### BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them.

### CAPITAL RESERVE

Funds appropriated for building maintenance and capital projects. A plan is set forth for each project or maintenance item so that appropriate funds may be designated.

### COST PER PUPIL

**See CURRENT EXPENDITURES PER PUPIL.**

### CURRENT EXPENDITURES PER PUPIL

Current expenditures for a given period of time divided by a pupil unit of measure (average daily membership, average daily attendance, etc.)

### DEBT

An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

### DEBT SERVICE

Expenditures for the retirement of debt and expenditures for interest on debt.

### ESTIMATED REVENUE

When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

### EXPENDITURES

This includes total charges incurred, whether paid or unpaid, for current expense, capital outlay, and debt service. (Transfers between funds, encumbrances, exchanges of cash for other current assets such as the purchase and investment of cash in U.S. bonds, payments of cash in settlement of liabilities already accounted as expenditures, and the repayment of the principal of current loans are not considered as expenditures.)

### FISCAL YEAR

A twelve-month period of time to which the annual budget applies and at the end of which a local education agency determines its financial position and the results of its operations. Pennsylvania school districts' fiscal year is from July 1 to June 30.

### FUNCTION

The part of the account code classification which describes the activity for which a service or material is acquired. **Refer to the GLOSSARY - APPENDIX A for a description of the MAJOR FUNCTIONS as defined by the Pennsylvania Department of Education.**

### FUND

A sum of money or other resources set aside for specific activities of a school district. The fund accounts constitute a complete entity and all of the financial transactions for the particular fund are recorded in them.

### FUND BALANCE

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

### FUND, GENERAL

The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

### FUND, SPECIAL REVENUE

The fund used to finance special operations of the school district. These operations are legally restricted to expenditures for the special purposes.

### LEA

Abbreviation for Local Education Agency; Lower Moreland Township School District is an LEA.

### LEVY

(Verb) To impose taxes or special assessments. (Noun) The total of taxes or special assessments imposed by a governmental unit.

### MILL

A term used to "measure" the tax rate – one mill of tax generates one dollar for every \$1,000 of assessed value.

### OBJECT

The part of the account code classification which describes the service or commodity bought. **Refer to the GLOSSARY - APPENDIX A for a description of the MAJOR OBJECTS as defined by the Pennsylvania Department of Education.**

### SCHOOL

A division of the school system consisting of a group of pupils composed of one or more teachers to give instruction of a defined type, and housed in a school plant of one or more buildings. More than one school may be housed in one school plant, as is the case when the elementary and secondary programs are housed in the same school plant.

### SCHOOL, ELEMENTARY

A school classified as elementary by State and local practice and composed of any span of grades not above grade six. Lower Moreland Township School District's grade structure currently includes students in grades K thru 6. This is split between Pine Road Elementary (K-3) and Murray Avenue School (4-8).

### SCHOOL, MIDDLE

A school offering the transition years between elementary and high school grades. Lower Moreland's grade structure currently includes students in grades 7 and 8 housed in Murray Avenue School (4-8).

### SCHOOL, HIGH

A school offering the final years of high school work necessary for graduation; invariably preceded by a junior high school in the same system. Lower Moreland's grade structure currently includes students in grades 9, 10, 11, and 12.

### SCHOOL, VOCATION

A secondary school which is separately organized under a principal for the purpose of offering training in one or more skilled or semi-skilled trades or occupations. It includes such schools whether federally aided or not.

### TAXES

Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit. The term includes licenses and permits. It does not include special assessments.
