1. A number of parents/guardians equivalent to at least one-half of the number of students that the charter school estimates will enroll in the charter school for its first year of operation

(cf. 4116 - Permanent/Probationary Status)

The proposed charter shall be attached to the petition. (Education Code 47605)

At his/her discretion, the Superintendent or designee may establish a staff advisory committee to evaluate the completeness of a petition or the merits of a proposed educational program and to identify any concerns that should be addressed by the petitioners. The Superintendent or designee shall also consult with legal counsel, as appropriate, regarding compliance of the charter proposals with legal requirements.

(cf. 2230 - Representative and Deliberative Groups)

Components of Charter Petition

The charter petition shall include affirmations of the conditions described in Education Code 47605(d) as well as reasonably comprehensive descriptions of (Education Code 47605, 47611.5)

1. The educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century and how learning best occurs. The goals identified in that program shall include the objective of enabling students to become self-motivated, competent and lifelong learners.

The petition shall include a description of annual goals for all students and for each numerically significant subgroup of students identified pursuant to Education Code 52052, including ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, and foster youth. These goals shall be aligned with the state priorities listed in Education Code 52060 that apply to the grade levels served or the nature of the program operated by the charter school. The petition also shall describe specific annual actions to achieve those goals. The petition may identify additional priorities established by the charter school, goals aligned with those priorities, and specific annual actions to achieve those goals.

(cf. 0420.41 - Charter School Oversight)
(cf. 0460 - Local Control and Accountability Plan)

If the proposed school will serve high school students, the petition shall describe the manner in which the charter school will inform parents/guardians about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "a-g" admissions criteria may be considered to meet college entrance requirements.

2. The measurable student outcomes identified for use by the charter school. Student outcomes means the extent to which all students of the school demonstrate that they have attained the skills, knowledge and attitudes specified as goals in the school's educational program, including outcomes that address increases in student academic achievement both schoolwide and for each numerically significant subgroup of students served by the charter school. The student outcomes shall align with the state priorities identified in Education Code 52060 that apply for the grade levels served or the nature of the program operated by the charter school.

3. The method by which student progress in meeting those student outcomes is to be measured. To the extent practicable, the method for measuring student outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(cf. 0510 - School Accountability Report Card)

4. The governance structure of the school, including but not limited to, the process to be followed by the school to ensure parent/guardian involvement.

7. The means by which the school will achieve a racial and ethnic balance among its students that is reflective of the general population residing within the district's territorial jurisdiction.

8. Admission requirements, if applicable.

9. The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the Governing Board's satisfaction.

10. The procedures by which students can be suspended or expelled.

11. The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System or federal social security.

12. The public school attendance alternatives for students residing within the district who choose not to attend charter schools.

14. The procedures to be followed by the charter school and the Board to resolve disputes relating to charter provisions.

15. A declaration as to whether or not the charter school shall be deemed the exclusive public school employer of the school's employees for purposes of collective bargaining under Government Code 3540-3549.3.

16. The procedures to be used if the charter school closes, including but not limited to: (5 CCR 11962)
