Presentation to the Board of Education by Dr. Shari Camhi: "Hello Neighbor" Based upon the Portland Oregon Project, an example of social/emotional learning. **<u>Superintendent's Report:</u>** **Dr. Aronstein** reported: • Enrollment in Deasy School's Kindergarten has reached 136 students, warranting an additional class and teacher in order to maintain a class size that is conducive to learning. Filling the new class will involve a three prong approach to provide incentive for parents to accept the option of moving their children into the new class. An experienced Kindergarten teacher will be recruited. The class will be kept to a smaller size than the existing classes. Friends will be allowed to move to the new class together. If there are still insufficient students to fill the class, a lottery system will be used to fill the class. The class will be held in the Music classroom in the basement. Connect Ed messages will be sent out regarding the Wednesday Open House at Deasy School, including a special Kindergarten meeting. • Homecoming will be held Friday night beginning with a parade from Gribbin School to the High School beginning at 6PM. The football game will begin at 7PM under the lights. Soccer game will be held Saturday night under the lights. • The track is now open to the public. • The Naming of the Mini-Center at Finley Middle School has been suggested in honor of prior Principal Dr. Carl LaPointe, Comments are being elicited from the public. • The Naming of the Finley Middle School Library has been suggested in honor of Past Board of Education member Carol Sucharski. Comments are being elicited from the public. **Vice-President Gail Nedbor-Gross** reported that the tennis courts have been repaired and four courts are available for public use. **<u>Open Session:</u>** During the open sessions the the public had the opportunity to ask questions
