Superintendent's Report:

Dr. Aronstein reported that a projected cut in State Aid of \$883,000, coupled with a reduction in other revenues including interest income and utility tax income, would create a tax levy increase of 8.25% increase on a budget to budget increase of 5.31%. He deemed this unacceptable and would look to cut the budget with little recourse but to include jobs. He noted that salaries and fringe benefits comprise approximately 83% of the budget.

Open Session: During the open sessions the members of the audience had the opportunity to ask questions and make comments on any items of their choosing.

Next Meeting will be a Regular Meeting at the Carol Sucharski Library, Finley Middle School on February 8, 2010 at 8:00 PM.
