Arrange for services described in Minutes of CSE and CPSE Meetings	Accepted
Treasurer's Report for the month ended June 30, 2006, subject to audit, as circulated	Approved

Superintendent's Report:

Dr. Aronstein reported that, for the second time, the District solicited bids for fifth-grade classrooms at both Landing and Connolly schools. For the second time the quotes received were twice the original estimate provided by the architect. Dr. Aronstein asked **Mr. Wurtz** to provide some creative suggestions on how to proceed with this project.

Mr. Wurtz stated that the District is obligated to follow the rules outlined in the Wick's law when soliciting quotes. For both solicitations, the District received quotes from contractors on the completed modular classrooms at both schools. These quotes were twice the estimate provided by the architect. Mr. Wurtz proposes that, in lieu of obtaining quotes from a general contractor for the entire job, the District solicit quotes on each portion of the project separately, i.e., number of classrooms, bathrooms, ramps, electrical work, plumbing, heating, etc. Mr. Wurtz believes that this approach may bring the quotations to the District close to the architect's original estimate

Open Session: Members of the community asked questions concerning agenda and non-agenda items.

Next Meeting will be a Special Meeting at the High School on September 11, 2006 at 7:30 PM.

Submitted By: Mary Armen,
Secretary to the Board of Education
