PRESENTATIONS:

- **Sheryl Goodine and Mr. Schenker** congratulated the twenty-one students enrolled in the Advanced Placement (AP) program who have earned the coveted "AP Scholar" designation from the College Board. The designation is in recognition of their exceptional achievements on their college-level AP examinations. Certificates of Recognition were presented to the students, or their family member present at the meeting. Certificates of recognition will be forwarded to those students who were unable to attend this meeting.
- **Dr. Hinton and Mr. Schutt** presented an overview of the safety report that focuses on the strengths and needs of the district with regard to school safety in our school buildings.

REPORTS:

- **Dr. Aronstein** reported that he and **Mr. Tortorici** met with the Mayor and County Police to discuss the proposed installation of an emergency radio receiver system which is to be placed on the water tower, located several hundred feet from Landing School. A 16-foot antenna, to be placed on top of the water tower, will be receiving and not transmitting radio signals. The environmental impact study reported that the output of the microwave dish is only one (1) watt. Presently, there are 17 such radio system sites across the County. It is anticipated that there will be 24 sites when this project is completed. All information concerning this matter will be placed on the City web site, and a link to this site will be available from the district's web site

Superintendent's Report:

Dr. Aronstein reported:

1. The 6th grade Frost Valley trip will take place for the traditional period of four nights and five days. If necessary, Mr. Alston will supplement chaperone coverage with parents and qualified community volunteers.
2. All English Language Learners who have been in this country for more than one year will be required to take the ELA State Assessments. This requirement is mandated by the No Child Left Behind federal regulations. There are many implications regarding this new mandate.

COMMENTS FROM THE PUBLIC:

During the open sessions the public had an opportunity to ask questions or make comments with regard to items on the agenda as well as any items of their choosing.

Next Meeting will be at the High School on January 22, 2007 at 7:30 PM.

Submitted by Mary Armen
Secretary to the Board of Education
