## Year to year comparisons

- ▶ According to NYS, it is not feasible to make direct comparisons of year to year data. Although, we are attempting to measure student progress and preparedness for college and careers, the changes to the tests this year– unlimited time, reduction in the # of questions, etc. and the number of opt outs makes this comparisons between years invalid.
- ▶ NY State Board of Regents voted to shorten grades 3–8 math and English assessments from three to two days each, according to [a state document](#), beginning with 2018 assessments

# Local Assistance Plan

- ▶ This year, Landing School was designated as LAP school which required a Local Assistance Plan based on a subgroup of students with learning disabilities (Gr.3–5) for not making adequate yearly progress in ELA and students with disabilities, economically disadvantaged and LEP students for the prior year in Math. We have completed this self-review and it is posted on our website. Furthermore, staff development activities for general education and Special Ed teachers have been planned to support our students along with the Integrated Co-Teaching model, TCRWW and Dreambox Learning to provide additional support.

GCSD will be administering  
Renaissance Star Reading and  
Math Assessments this year for  
students in Kdg – Gr. 8

# Individual Student Record

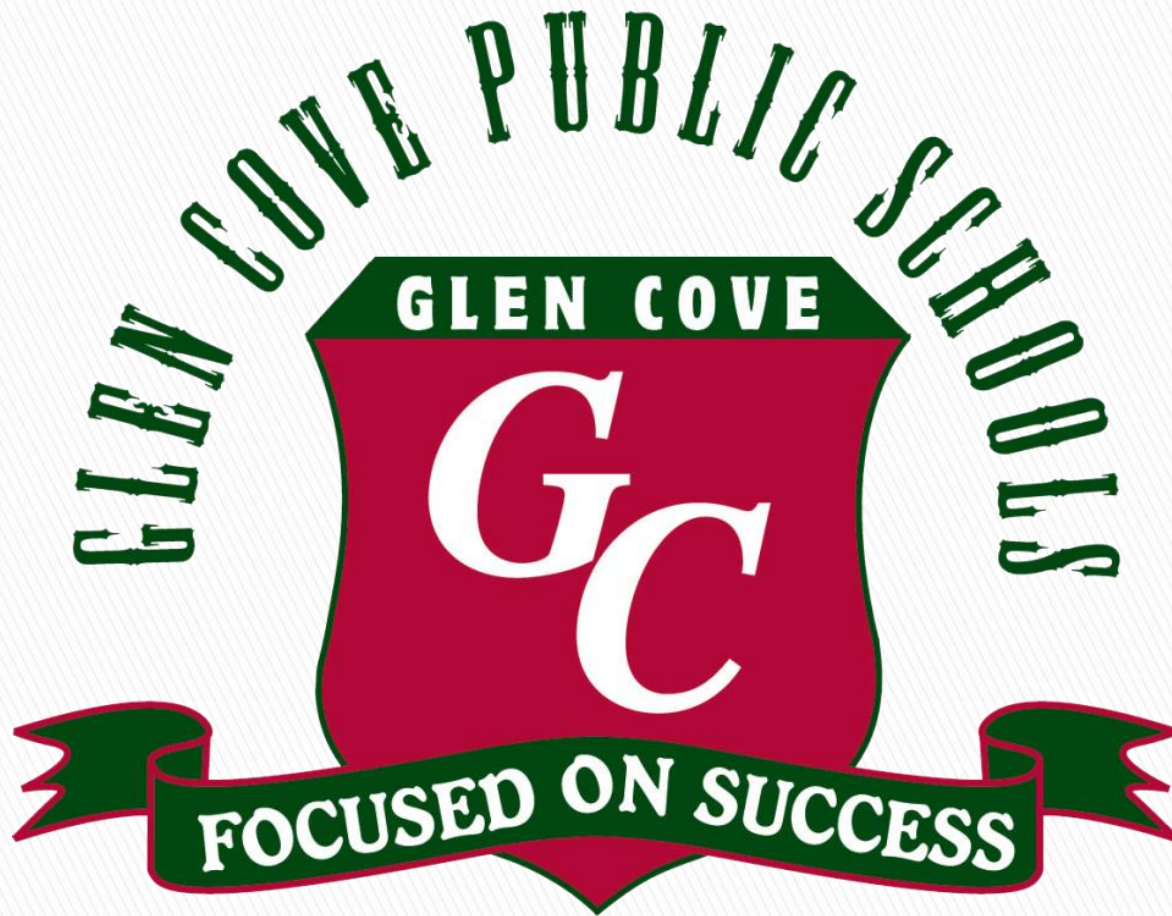

- ▶ “Student score reports for the 2017 Grade 3–8 State Assessments that were sent home to parents will not be included on the student’s official transcript or in the student’s permanent record and are being provided for diagnostic purposes.”

# Academic Intervention Services

- ▶ Glen Cove identifies students for AIS support in ELA or Math through a two-step process. First, students scoring below designated scale scores on the 2017 Grades 3–8 English language arts and mathematics assessments shall be considered for AIS. Then, multiple measures of student performance (i.e. prior scores, F & P, Renaissance Star, grades, teacher recommendation, etc.) are considered to help the district determine whether the student receives the service.
- ▶ Students who ‘opted out’ and did not take the exam are considered for this service based on prior academic performance and various data points (multiple measures of performance).

Thank you for your attention.
