

## HACIENDA LA PUENTE UNIFIED SCHOOL DISTRICT

### Young Learners Technology Initiative

#### iPad Set Up Instructions

1. Connect the cord to the adapter.
2. To charge the adapter, plug into the power source and then plug the cord into the iPad.
3. Press the home button to view the screen. Push it again to view the home screen.
4. To turn on the Wi-Fi, swipe the screen to find the settings app.
5. Select Wi-Fi in the left column.
6. Toggle the Wi-Fi button on. It should be green. Make sure to turn on your hotspot if you have one. Surrounding networks will populate.
7. Select your home or hotspot network. Enter your network password and press Join.
8. Allow 2-3 hours for software to be loaded remotely before use.
