STUDENT OUTCOMES

College envelopes and boxes received in the mail

As part of our College and Career campaign, Sparks Middle School students celebrate with “You’ve Got Mail” Monday’s and receive mail from colleges they wrote to.

VAPA TOSA Lisa Ruiz collaborated with Laura Guitierrez at Los Altos Elementary.

First grade students in the Spanish Dual Immersion program developed the Social Emotional Learning Competencies of self-management, responsible decision making, and relationship skills as they:

- learned there many ways to hold a paint brush and apply paint to achieve different effects.
- learned an artist makes different choices when creating art so all projects turn out differently and that is OK.
- practiced good manners and communication skills when trading rhinestones with classmates to get the colors they wanted or needed for the design they planned.
- accepted it doesn't have to be perfect. What matters is that you learn from and enjoy the process.

VAPA TOSA Lisa Ruiz painted with first-grade students at Palm Elementary. Students developed self-management and responsible decision making as they learned different ways to hold a paint brush and apply paint to create different effects. They also learned we learn from our mistakes and it doesn't have to be perfect.
