The collage features a variety of educational and technological resources. At the top left, there's a screenshot of a Canvas LMS dashboard for 'Canvas Grades PD - August 24', showing published and unpublished courses. Below this is a 'Super Estrellas de la Semana' (Super Stars of the Week) announcement for Ms. Melissa Amos, highlighting students like Jhonatan, Jhonatan, and Jhonatan. To the right, there's a 'Una Vida Equilibrada' (A Balanced Life) presentation by Zachary Initial. Below the presentation is a 'Canvas & LTI' banner. To the right of the banner is a 'Google' logo. Below the Google logo is a 'Flip Grid' logo. To the right of the Flip Grid logo is a 'Canvas & Studio Quizzes' banner. Below the banner is a 'Canvas & Studio Quizzes' interface. Other elements include a 'Super Estrellas de la Semana' announcement, a 'Una Vida Equilibrada' presentation, a 'Canvas & LTI' banner, a 'Google' logo, a 'Flip Grid' logo, a 'Canvas & Studio Quizzes' banner, and a 'Canvas & Studio Quizzes' interface.

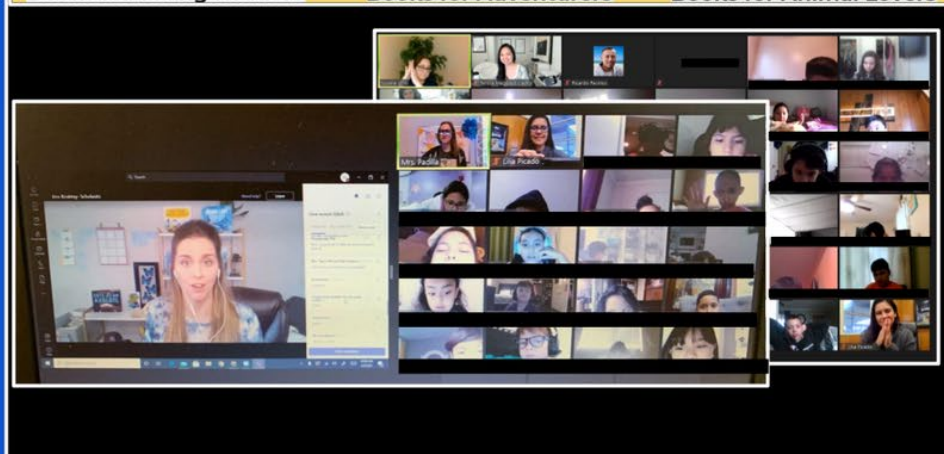

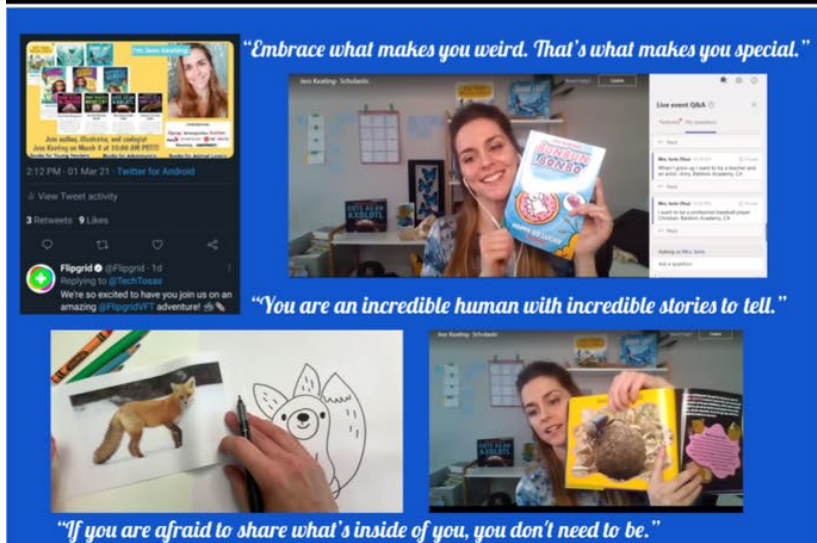

HLPUSD Presents at UC Davis C-STEM Symposium

The collage features several elements from the 2021 C-STEM Symposium:

- Top Left:** A slide titled "Have a little fun" showing a grid with blue and red dots.
- Top Center:** A video feed of Judy Fancher, Keynote Speaker, with the UC Davis C-STEM Center logo.
- Top Right:** A video feed of a man speaking, with a small inset showing two students working on a project.
- Middle Left:** A video feed of a woman speaking, with a small inset showing a group of students.
- Middle Center:** The main event poster for the "2021 C-STEM Symposium". It includes the title, location (Virtual | Redlands, CA), date (March 1, 2021 8am-3:30pm PST), and the keynote speaker, Dr. Judy Fancher. The poster also lists the "Hands-on Learning with Coding and Robotics in the Classroom and at Distance" theme and the organizing institutions: San Bernardino County Superintendent of Schools, Redlands Unified School District, and UC Davis C-STEM Center. A list of session speakers is provided at the bottom: Sam Higbee, Catharine Ouellette, Ricardo Recinos, and Teresa Magpayo Castro.
- Middle Right:** A slide titled "Strategy, Pedagogy, and Experience on Teaching Math/CS/STEAM with Coding and Robotics" by Samantha Higbee.
- Bottom Left:** A slide titled "Work in ChIDE" showing code snippets and a grid.
- Bottom Center:** A video feed of a woman speaking.
- Bottom Right:** A slide titled "Introducing Command Shell and ChIDE" showing code snippets and a grid.

Los Altos HS February Highlights!

The Eastern Los Angeles Journalism Education Association Media Contest
Saturday, February 20, 2021 via Zoom

Three LAHS journalism students are moving on to the Southern California State Competition.

Conqueror Media Placements:

Superior Rating Opinion/Editorial: Natalie Contreras, Third Place

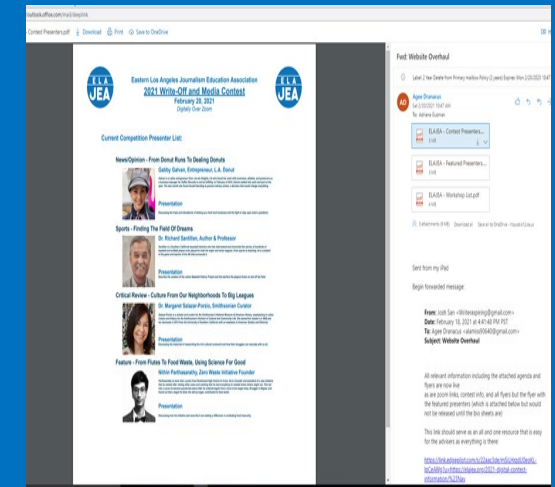

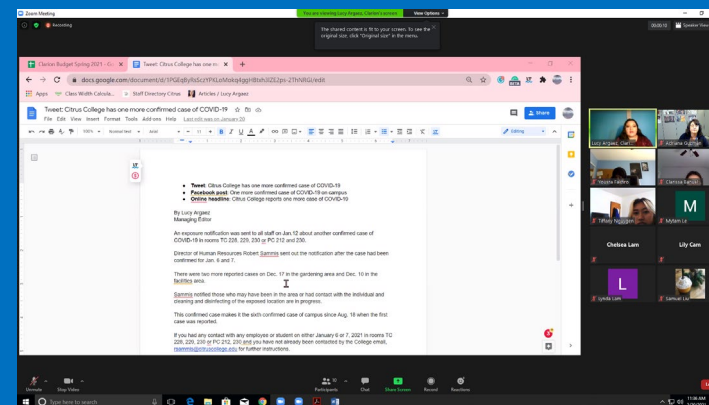

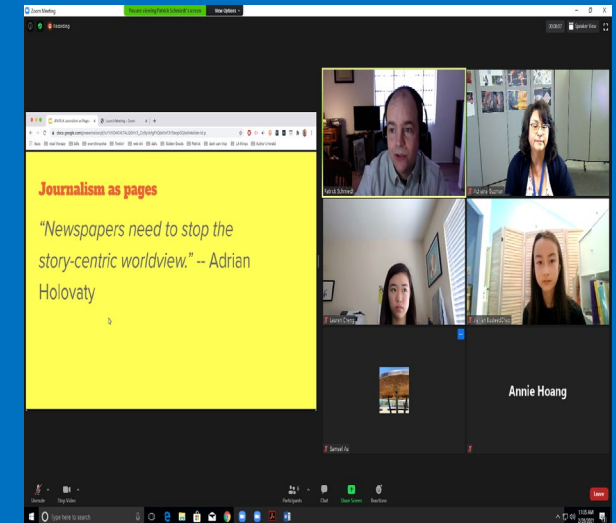

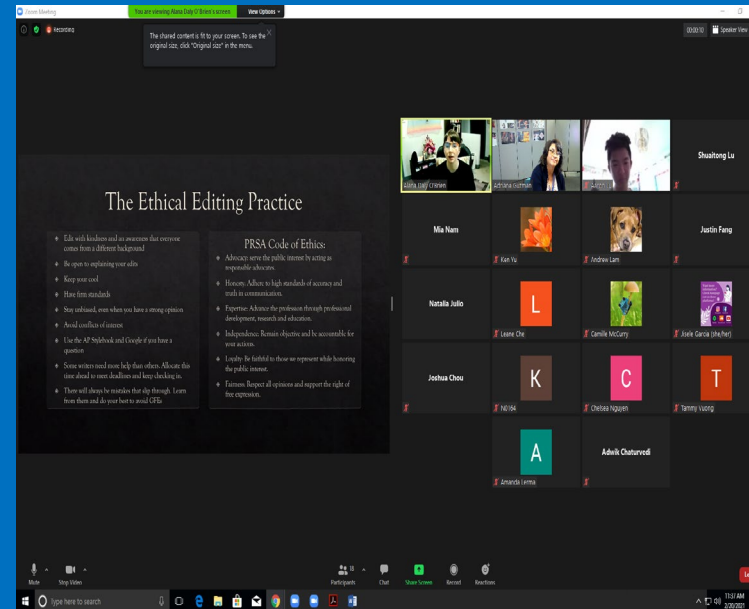

Superior Rating Feature: Rufina Chow, Third Place

Honorable Mention Feature: Belen Sibal, 7th Place

Judges were comprised of journalists from the Los Angeles Times, Southern California News Groups, and Associated Press.

Rufina's article will be posted on the Smithsonian's "Pleibol" exhibit webpage.

Congratulations also goes out to our Journalism Teacher, Adriana Guzman who is the Eastern Los Angeles Journalism Association President. She organized, designed, and hosted this years virtual competition.

GLEN A. WILSON HIGH SCHOOL

Biomedical Science Pathway Senior – Jennifer Lopez

Joining biomed offered me the opportunity to discover not only my career but myself. I was able to connect with other students and shape myself into the student that I have become today. I had originally wanted to be a nurse in my years as an underclassman, but after years of research and learning of what else is out there I had figured out that I wanted to go into the technology realm. I would not have figured this out without the help of my peers and of course our wonderful teachers. Being in biomed helped further develop my skills and character.

"Preparing future healthcare professionals through service, competition, and leadership."

To celebrate **Read Across America Week**,
Cedarlane Academy's 4th grade Dual Immersion class
 (Teacher: Lidia Lee) had their own spirit week!:

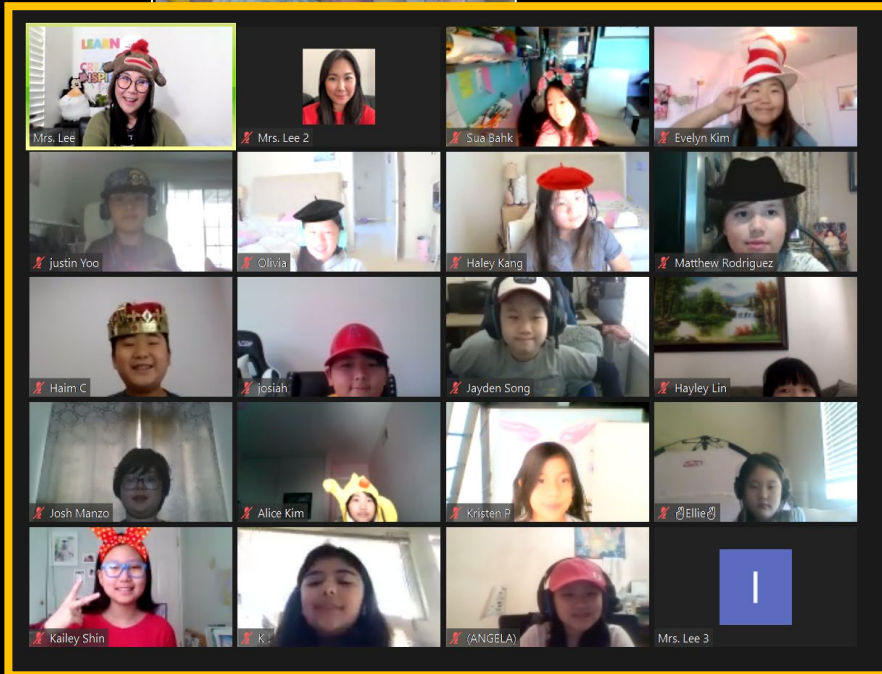

3/2/21 Wear a Hat Day

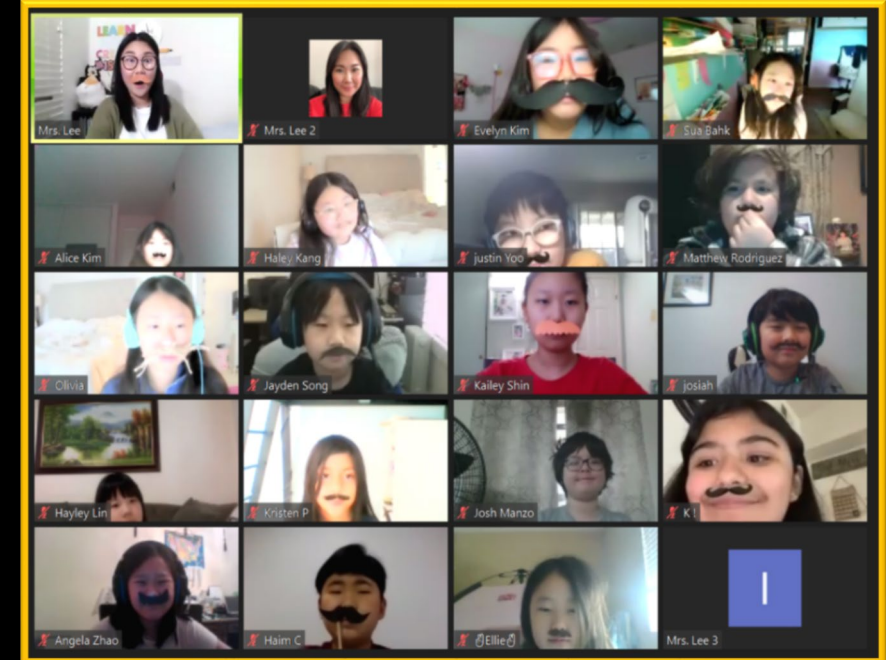

3/3/21 Wear a Mustache Day

3/4/21 Pajama Day

3/5/21 Silly Sock Day

Examples:

For **“Wear a Hat Day,”** students read a story called **“Tiara's Hat Parade”** by **Kelly Starling Lyons**, introducing diverse authors and had discussions applying the language skills learned in class. Students also had a mini-SEL lesson talking about their own talents and how talents can be used to help others.

For **“Wear a Mustache Day,”** the students read a story **“Just Ask”** by **Sonya Sotomayor**, who is the first Hispanic woman to serve in the Supreme Court. Everyone had great discussions about celebrating differences.

Read Across America at Mesa Robles

Orange Grove Middle School

Dream Big. Work Hard. Celebrate
Success!

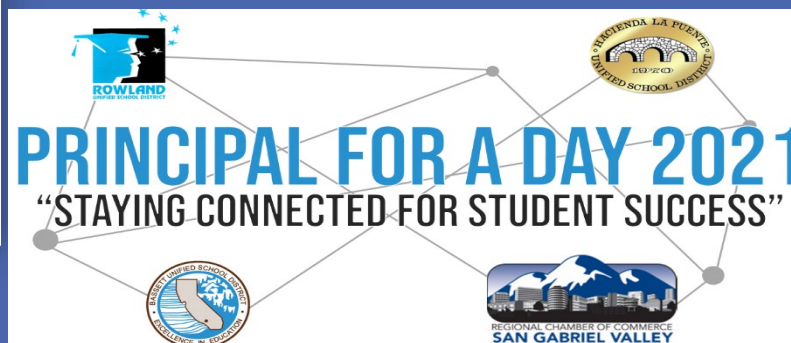

8th grade is "One Step Closer" to High School! 8th
Grade teachers celebrated students who received 3.0
and Above GPA as well as those who demonstrated
Outstanding Improvement and Phenomenal Improvement
this grading period.

PARENT & FAMILY ENGAGEMENT

March 9, 2021

Principal for a Day

Virtual ceremony honored
HS and Adult Ed students with
scholarships.

Thank you, educational and
business partners
for providing these
scholarships.

La Puente High School

Trinity Rivera

Trinity Rivera is an outstanding student-leader at La Puente High School. Her favorite subject in high school has been History because it provides her with an understanding of where we are in the world and what impact she may have as she pursues her future goals and endeavors. Trinity desires to somehow alleviate suffering in the world through her efforts in her own community. After graduation, she plans on attending a California State University and she wishes to major in Nursing with a minor in Business. In her spare time, Trinity works at Taco Bell and enjoys playing basketball, swimming and painting. She also volunteers in her church activities that promote community outreach.

Wilson High School

Myla Romero

Myla Romero is a senior at Glen A. Wilson High School. Her favorite subject is Calculus because the rigor of the course challenges her to push past what she believes she is capable of achieving. This drive and determination will serve Myla well in college where she plans to major in computer science or cybersecurity. Myla has been fortunate in her life and plans to give back to her country by serving in the military. In her spare time, Myla practices the Japanese martial art of "kendo", is a summer counselor for "Kids Camp", and is the President of CyberStart America at Wilson.

Willow Adult School

Vanessa Egana

Vanessa Egana is a veteran who demonstrates leadership skills in the class by continuously volunteering to help other students in need. She receives the highest scores in class, is always the first to complete the assignments, and also has perfect attendance. Vanessa's favorite class in the Administrative Clerk Program is PowerPoint 2016. She shared that learning the presentation program was fun and enjoyable. Vanessa loved completing the final project, which required researching a topic and creating a presentation on a topic. Her plan after completing the Administrative Clerk Program is to continue taking some higher-level classes. After school, Vanessa would like to find a job in an office environment, preferably some type of customer service or data entry position. In her spare time, she volunteers for her church and Bible study group.

Workman High School

Yadira Soto

Yadira Soto is a senior at Workman High School and is currently the top student in her class with a GPA of 4.46. Her favorite subject is Math, because there is always an answer to a problem. She claims that there are life lessons to be learned in solving math problems, such as never give up, there are many ways to solve a problem, and every problem can be solved with hard work and resilience. Yadira's goal is to attend a four-year university and is deciding between Pepperdine University and USC. She then wants to attend Harvard Law School to become a corporate lawyer, because it combines her passion for leadership and numbers. Before the global pandemic, Yadira enjoyed volunteering at the La Puente Library, where she would work with younger children doing crafts, playing games, and reading to them. She also enjoys reading, working out, dancing to ranchero music, and spending quality time with her family.

Los Altos High School

Christina Liao

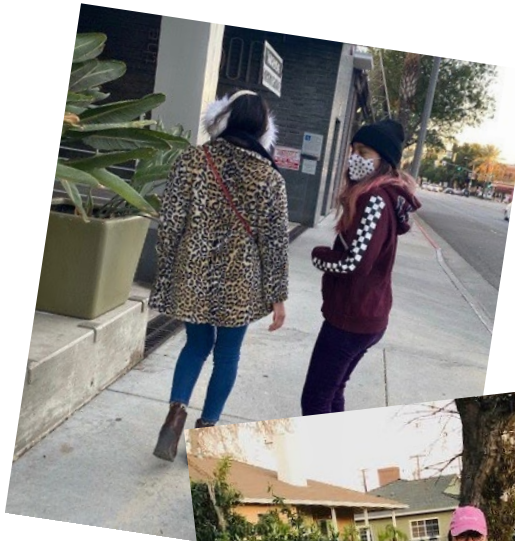

Christina Liao is a senior at Los Altos High School. Her favorite subject in school is Business because she feels the subject will benefit her in the future. Christina plans to attend a four-year university to pursue a degree in Engineering. Christina wants to use that degree to work in a highly collaborative environment that will leverage her knowledge while allowing her to be increasingly exposed to a broad set of skills and a job that intersects both business and technology. Christina enjoys playing basketball, finding "new food hotspots around town", and baking. She is also a proponent of giving back and does so in various ways. Even during these evolving times, Christina has found a way to give back by donating over 1,700 facemasks and face shields to various organizations.
