The California School Dashboard

The **California School Dashboard** is a new website that parents/guardians, educators and the public can use to see how districts and schools are meeting the needs of California's diverse student population based on the concise set of measures included in the new accountability system. The Dashboard will allow users to search by district or school.

Key Messages – New Accountability System

Performance Levels for State Indicators

Performance Levels are calculated by combining current **Status** and the degree of **Change** from the previous year, using a five-by-five colored table that produced 25 results represented by five colors.

The Five-by-Five Colored Table

The five-by-five colored table demonstrates the importance of **continuous improvement** in the new accountability system.
