Youth Court Restorative Justice Program

A New Way of Thinking

Traditional	Restorative
School and rules violated	People and relationships
Justice focuses on establishing guilt	Justice Identifies needs and obligations
Accountability= punishment	Accountability = understanding impact, repairing harm
Justice directed at offender, victim ignored	Offender, victim and school all have direct roles in justice practice
Focus is on punishment when rules are broken/harm has occurred	Offender is responsible for harmful behavior, repairing harm, and working toward positive outcomes
No opportunity for remorse or amends	Opportunity given for amends and expression of remorse
