PROFESSIONAL GROWTH

This Article will become effective July 1, 2009

The purpose of professional growth is to provide educational and training opportunities for unit members, outside their established work day, to acquire and to refine job skills and abilities that will result in employees' providing the highest quality of service to the District within their current job classification and to enhance unit members' promotional opportunities within the classified service. The program will reward unit members with additional compensation for continued growth and development in their positions.

10.1 ELIGIBILITY

All permanent SEIU unit members shall be eligible to participate in the program after completion of two (2) continuous years of service in a supervisory position.

10.2 APPROVAL TO PARTICIPATE

Documentation must include a detailed course description and/or syllabus describing the college course/workshop/seminar/conference content.

10.2.2 Professional growth college course/workshop/seminar/conference approval forms are obtained from, and must be returned to the Human Resources Department. The above includes job-related workshops and organized professional seminars and conferences that unit members attend during their non-working hours.

This does not include mandatory or required training for licenses and/or certifications required for a unit member's position.

A District subsidy (e.g., payment of District funds for registration and/or attendance) negates eligibility for credit.

10.3.4 Credit toward professional growth shall be given only once for each college course/workshop/seminar/conference title, unless the repeated course is an upgraded version of the prior course and requires the learning of a new set of skills.

10.3.5 Each college course/workshop/seminar/conference submitted for professional growth credit, must include some demonstration of final course mastery. Such demonstration shall include at least one of the following:

- Final examination

- 11.6 Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be, at the option of the employee, within the 24 month period returned to a position in their former class, but if there is a valid reemployment list they shall be ranked on that list in accordance with their proper seniority.

MEMORANDUM OF UNDERSTANDING
REGARDING COVID-19
August 17, 2020

The Hacienda La Puente Unified School District ("District") and the Service Employees International Union Local 99 (SEIU 99) enter this Memorandum of Understanding ("MOU") during the COVID-19 pandemic regarding the impacts of reopening schools with Distance Learning from August 5, 2020 through December 18, 2020, understanding that some employees will be working through December 31, 2020.

As of the date of this MOU, the parties recognize that the COVID-19 pandemic necessitates significant modifications to the operation of schools to minimize the health risks associated with COVID-19 infection for all students, staff, and their families while also providing equitable access to education for students. Both parties also recognize that no one type of learning is optimum for all students and staff, therefore balancing the needs of all members of the HLPUSD community remains a top priority.

The parties agree to the following:

The District shall adhere to the COVID protocols issued by the Los Angeles County Department of Public Health as the ruling authority and guidance from Centers for Disease Control and Prevention ("CDC"), California Department of Public Health ("CDPH"), California Department of Education ("CDE"), the California Department of Industrial Relations Division of Occupational Safety and Health (Cal/OSHA). The parties agree to meet as soon as possible to discuss the impact and effects of any revisions or updates to those guidelines.

SCHEDULING & DUTIES

The District shall make every effort to avoid changes to unit members' hours and location but in order to provide meals, security, cleaning, etc. some schedules have to change. Employees may object to schedule changes when it effects other employment or other pre-existing obligations. The District reserves the right to ask for verification of why the change creates an issue. The District and SEIU 99 agree that once the Board of Education's Emergency Order is lifted, employees will return to the schedules they had before the pandemic necessitated the change.

The District will provide employees an opportunity to apply for remote work. Employees will indicate on the form provided how they would be able to complete their work from home. Supervisors and Administrators must give approval for the employee's remote work plan.

EVALUATION

Due to the changes to the beginning of this school year brought about by the COVID-19 pandemic, formal evaluations will not be done this year. Administrators/Supervisors will provide comments and feedback but no rating.

PROFESSIONAL DEVELOPMENT

Unit members will be provided opportunities for appropriate professional development relevant to the work they perform. The District will work with SEIU 99 to determine what professional

development and training is needed. Professional Development/Training will be done virtually whenever possible but may include some in person training practicing safety protocols and social distancing.

CHILD DEVELOPMENT

The District shall adhere to the COVID protocols issued by the Los Angeles County Department of Public Health as the ruling authority and guidance from Centers for Disease Control and Prevention ("CDC"), California Department of Public Health ("CDPH"), California Department of Education ("CDE"), the California Department of Industrial Relations Division of Occupational Safety and Health (Cal/OSHA). The parties agree to meet as soon as possible to discuss the impact and effects of any revisions or updates to those guidelines. The District reserves the right to keep AMAR Children's Center open with in person instruction.

Unit members will be provided opportunities for appropriate professional development on the use of the learning management system and teleconference platform before the beginning of the 2020-2021 school year, throughout implementation of distance learning, and the remainder of the school year.

CONSULTATION

Beginning in August and for the duration of this agreement, the District and SEIU 99 will meet as often as appropriate but no less than twice per month to work on challenges/concerns that arise, and continue to create opportunities to support employees. Meetings can be virtually or telephonically.

SEIU 99 and the District reserve the right to meet and discuss additional impacts of the COVID-19 due to the reopening of schools in the 2020-21 school year that were unknown at the time of this agreement. The District maintains and will continue to implement its Management Right under Article IV of the Collective Bargaining Agreement. This agreement will not change or alter any statutory authority already vested in the Board of Education.

This MOU shall expire in full without precedent on December 31, 2020, unless extended by mutual written agreement.

The parties agree that this agreement shall not, and cannot, be evidence of any practice or procedure of the District. This specific Memorandum shall be non-precedential, non-prejudicial, and is inadmissible and irrelevant in any forum as to evidence of practice or procedure of the District.

MEMORANDUM OF UNDERSTANDING
REGARDING COVID-19 RETURN TO WORK
March 9, 2021

The Hacienda La Puente Unified School District ("District") and the Service Employees International Union Local 99 (SEIU 99) enter this Memorandum of Understanding ("MOU") during the COVID-19 pandemic regarding the impacts of reopening schools with Distance Learning from **March 2, 2021** through **June 30, 2021**.

As of the date of this MOU, the parties recognize that the COVID-19 pandemic necessitates significant modifications to the operation of schools to minimize the health risks associated with COVID-19 infection for all students, staff, and their families while also providing equitable access to education for students. Both parties also recognize that no one type of learning is optimum for all students and staff, therefore balancing the needs of all members of the HLPUSD community remains a top priority.

The parties agree to the following:

The District shall adhere to the COVID protocols issued by the Los Angeles County Department of Public Health as the ruling authority and guidance from Centers for Disease Control and Prevention ("CDC"), California Department of Public Health ("CDPH"), California Department of Education ("CDE"), the California Department of Industrial Relations Division of Occupational Safety and Health (Cal/OSHA). The parties agree to meet as soon as possible to discuss the impact and effects of any revisions or updates to those guidelines.

SCHEDULING & DUTIES

The District shall make every effort to avoid changes to unit members' hours and location but in order to provide meals, security, cleaning, etc. some schedules have to change. Employees may object to schedule changes when it effects other employment. The District reserves the right to ask for verification. The District and SEIU 99 agree that once the Board of Education's Emergency Order is lifted, employees will return to the schedules they had before the pandemic necessitated the change.

The District will provide employees an opportunity to apply for remote work. Employees will indicate on the form provided how they would be able to complete their work from home. Supervisors and Administrators must give approval for the employee's remote work plan.

In the event any District school or worksite must be closed by order of the Los Angeles County Department of Public Health due to COVID-19, unit members will not suffer the loss of any pay, leave, or benefits relative to their regular schedules for the period of closure, provided that the District does not experience a decline in state funding during the period of closure.

Employees required to work on site will be paid an additional five dollars (\$5.00) per hour to their regular rate of pay for the hours the employee is required by the District to work on site. The \$5.00 per hour pay will be retroactive to January 1, 2021. Due to

the increased exposure of COVID-19 the District will continue to reduce the level of on-site staff that is required by the District to maintain district business. Existing remote work plans will continue for the duration of this agreement unless altered to accommodate district need.

LEAVES

HR6201 Families First Coronavirus Response Act has sunset. The district will provide a maximum of 80 hours of COVID leave to employees who have not previously used all the hours provided for in FFCRA.

HLPUSD will adhere to the current LADPH order on travel mandates.

Employees that the Superintendent or Designee requires to quarantine due to exposure at work will be provided the opportunity to telework, as appropriate, at no loss of pay or accrued leave time.

Employees eligible to receive the vaccine may schedule appointments for themselves or dependents during the workday if no other appointment times are available at no loss of pay or accrued leave time.

Employees that develop symptoms after receiving the vaccine will be allowed to telework, as appropriate, for up to 48 hours from the time of vaccination at no loss of pay or accrued leave time.

SYMPTOM CHECKER

The District will utilize an electronic daily, verifiable symptom screening process. Every employee will receive an initial email to setup the mode in which the employee prefers to receive the daily symptom screening process. The symptom checker will indicate whether or not the employee may report to work.

EVALUATION

Due to the changes to the beginning of this school year brought about by the COVID-19 pandemic, formal evaluations will not be done this year. Administrators/Supervisors will provide comments and feedback but no rating.

PROFESSIONAL DEVELOPMENT

Unit members will be provided opportunities for appropriate professional development relevant to the work they perform. The District will work with SEIU 99 to determine what professional development and training is needed. Professional Development/Training will be done virtually whenever possible but may include some in person training practicing safety protocols and social distancing.
