Hi Lelia,

Unfortunately, the waiver was bumped to September after it left me, during the internal review process. I know that overlaps with when your committee members' terms expire, but State Board can still approve the waiver with the September 1 waiver date, which will allow for continuity retroactively.

Let me know if you have questions.

Good afternoon Joshua,

Hope you had a nice long weekend. Just following up on the waiver request if it's good to go for the July 13/14 board meeting. Please let me know at your earliest convenience.

Thank you,

Lelia Gonzalez
