FOR MEASURE BB

Message from the Citizens Bond Oversight Committee (CBOC) Chair

Dear Community Members,

It is my pleasure to submit the fourth annual report for Measure BB passed by the voters in November 2016 for \$148 million.

This report covers bond activities during fiscal year July 2020 through June 2021. This report is intended to summarize the bond activities. For detailed information and full bond transparency, links to relevant information may be found on the District website at <https://www.hipschools.org/cboc>. Historic context leading up to fiscal year 2021 activities or subsequent events which took place after 2021 may be included only as needed to explain and give context to activities and/or events.

The continued commitment from the Citizens Bond Oversight Committee (CBOC) is praiseworthy. These members volunteer their time reviewing numerous documents and data. The members who represent several different community groups engage in discussions that support bond transparency and accountability.

The annual report is organized into several sections for ease; Purpose of Annual Report, Measure BB information, CBOC Roles and Responsibilities, Financial information, 2021 Accomplishments, Annual Compliance Statement and CBOC Compliance Statement.

I am pleased to report that the District Staff along with Program Manager, Cummings, completed the modernization project at 5 School Sites (Nelson ES, Workman ES, Los Altos ES, Cedarlane Academy, and Mesa Robles).

Sincerely,

Leticia Covarrubias

Annual Compliance Statement

The District is subject to one annual audit of the bond program which require oversight from the CBOC. The audit is performed by an independent professional auditing firm according to published standards and guidelines.

DISTRICT Fiscal Year 2020-21 Financial audit report is included as [a link](#) to this report. The audit report combines both financial and performance audit.

Prop 39 requires a basic performance audit to determine whether:

- Use of bond funds is restricted to construction, furnishings and equipment.
- Bond funds are spent only on Listed Projects from their ballot measures.

The audit report reflects District compliance.

CBOC Compliance Statement

The voters of the community who approved the Bond Construction Program have been provided oversight and transparency through CBOC quarterly meetings including this annual report.

It is our opinion, based upon the District bond activities and a review of the independent financial and performance audits, that the District is in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution.

With the presentation of this Annual Report, the CBOC members are informing the HLPUSD Board of Education and voters that Measure BB bond expenditures have been properly made and have been utilized for projects consistent with those identified in the Bond Measure. *

** For purposes of this report, the CBOC committee has relied on the independent auditors report for compliance. It is important to note that the subsequent forensic audit concluded in 2022 that additional expenses paid to teachers to support the Bond work should be classified as salaries and thus should not have been paid with bond funds. As a result of this opinion from the forensic auditor the District has reimbursed the bond from other District accounts.*
