Student Spotlight

Hacienda La Puente Adult Education (HLP AE) student **Francisco Del Muro** was born in Mexico and his family came to West Covina when he was a small child. After graduating from West Covina High School, Francisco was accepted into Cal Poly Pomona where he attended for a time, but life events altered his course.

Francisco got a job as a security guard at St Jude's Hospital. He enjoyed his position there and eventually chose to devote less of his time to the university, enrolling at Citrus College on a part time basis. While at St Jude's, though, an incident happened that would reignite Francisco's commitment to his higher education.

One night, while Francisco was on his security shift, a woman pulled into the hospital's emergency room parking lot. Her husband suffered from a life-threatening emergency. Since Francisco was one of the first people on the scene, he did everything he could to save the man's life but felt ill equipped because he did not possess the specialized training that hospital nurses and doctors had. Fortunately, the man survived, but the experience stuck with Francisco. It was in that moment that Francisco made up his mind to return to university.

With a renewed passion to learn the skills that would enable him to help those in need, Francisco continued to work but returned to Cal Poly Pomona and graduated with his bachelor's degree in science. Francisco also earned his Electrocardiogram (ECG) certificate, which opened the door for him to work as a medical technician on the Intensive Care unit at Emanate Hospital.

When Francisco became a father eight years ago, his passion for education deepened and he wanted to set an example for his son. Francisco decided to return to school for his nursing license. After applying to different programs, and being encouraged by his mother to attend HLP AE where she had taken computer and ESL classes, Francisco applied to and was accepted to the HLP AE Licensed Vocational Nursing (LVN) program.

Since the start of his program, Francisco has excelled as a student. Instructor Silvia Davila says that, *"Francisco is eager to learn, is coachable, and doesn't make any excuses."* In addition to working, raising a family, and attending school, Francisco was also a regional Skills USA competitor who took first place in First Aid and CPR events. As a regional gold medal winner, Francisco has the chance to represent HLP AE and compete against the states finest at the California State Skills competition.

When asked about what motivates him to work so hard, Francisco credits his family. *"They are my support and inspiration and have always encouraged me to achieve higher education."*

When asked about what his plans are after graduating, Francisco says he will enter a Registered Nursing program and then earn his Master of Science in Nursing. He dreams of someday soon being a full time Intensive Care nurse and teaching the next generation of nurses.

When a student withdraws or is dismissed from HLP AE, a determination of the earned and unearned portion of Title IV aid will be determined. The date of withdrawal or last date attended will be used according to attendance records generated by the school's attendance system. See the Financial Aid section on page 7 for further information or visit www.hlpae.com.

- a class is canceled by the school

Allow 4-6 weeks for processing refund.

1. Refunds for Classes Canceled by the Institution

a. If tuition and fees are collected in advance of the start date of a program and the institution cancels the class, the institution refunds 100% of the tuition and fees collected.

b. The institution makes these refunds within 45 days of the planned start date.

2. Refunds for Students Who Withdraw On or Before the First Day of Class

a. If tuition and fees are collected in advance of the start date of classes and the student does not begin classes or withdraws on the first day of classes, the institution retains no more than \$100 of the tuition and fees.

Transfer of Credit Policy

HLP AE clearly defines and publishes a policy on the transfer of students between programs within the institution and the transfer of students from other institutions. The HLP AE Transfer Policy is published in the school brochure, Student Handbook and on the website.

Transferring Within HLP AE Programs

The Hacienda La Puente Adult Education's policy on the transfer of students between programs within the institution is that at the time of registration, students must meet the requirements of the program in which they are enrolling (to include testing, pre-requisites, physical requirements etc.).

Student transfers within HLP AE must be approved by the instructor of the program to which they are transferring and by administration. If the student is receiving assistance from an agency, the student may need to get permission from that agency. Once approved, counseling staff completes a new registration form to be processed by the attendance office. The student must provide a copy of the completed form to the new instructor prior to entering the program. Eligible students are permitted one program transfer per quarter.

Transfer of Credit Earned at Another Institution

Students who transfer from other institutions are evaluated to meet the requirements of the program and receive approval from the Executive Director of the Adult School or the Career and Technical Education Director. Any new student enrolling in a HLP AE CTE program and wishing to transfer credits for courses completed at a different school must show proof of:

- The course was taken at an accredited school
- The student received a "C" grade or higher
- The course is approved or meets state licensure requirements if applicable
- Total credits given are not to exceed 500 hours or 70% of the total hours required for graduation.
- Individual HLP AE CTE programs may add additional requirements before granting the credit.

See HLP AE.com for faculty information & grading policy.
