

Parking Lot Procedures

The parking lot is staffed for the safety of your child.

Please follow all directives carefully to avoid accidents and injuries.

1. The parking lot traffic moves in one direction only. Enter the parking lot from Leopold by turning right or left. **Take great care when turning left.**

2. **Right lane** is for dropping off / picking up students. Follow traffic until the line stops and allow your child to exit / enter next to the curb. **Students must not wait until the entry gate to exit. Exit as soon as safe.** The East parking lot is not available for drop off or pick up.

3. **Left lane** is for Staff and Faculty or passing through only. For safety reasons, students may not be dropped off / picked up from the left lane.

4. Disabled parking spots as well as limited visitor parking spaces are available in the lot. Additional parking for the community is available on either side of Leopold Drive or along Villa Flores Drive. Parking is not permitted by the curb inside the parking lot at any time.

5. Students must use crosswalk **at all times** – even when accompanied by an adult. Crossing outside of the crosswalk is very dangerous and has previously resulted in serious injuries to students and parents in HLPUSD.

Grazide Elementary School

Hacienda La Puente USD
2850 Leopold Drive
Hacienda Heights, CA 91745

Please note: Outline presented below is **NOT** to scale. Thank you for your understanding.
