MIDDLE SCHOOL MATH & LANGUAGE ARTS PROGRAM AGREEMENT

In middle school, the vast majority of students will be challenged in their own grade-level math and language arts classes. However, some students may be ready to enroll in an advanced math or language arts course. The Hacienda La Puente Unified School District allows students “Open Access” to participate in math Honors/Accelerated courses of their choice with **no prerequisites** required. However, students enrolled in an Honors/Accelerated courses are **expected to earn a “C-” grade or better** for each grading period. A student earning a “D+” grade at the end of the grading period may be recommended for **probation** and, if the grade does not improve to a “C-” by the following grading period, the student **may be recommended for removal** from the Honors/Accelerated Math class. An “F” grade at the end of any grading period will result in **recommended removal** from the Honors/Accelerated class.

The chart below presents the possible **MATH** pathways for HLPUSD students.
