

ASES & 21st Century Program

SERVING OVER 140 STUDENTS

Our School

- Our ASES program at Newton Middle School offers a variety of physical and enrichment activities. We have plenty of competitions throughout the year such as: Robotics, ASES Talent Show, as well as, Soccer and Basketball Tournament.
- Our program encourages all students the opportunity to participate in all events.
- The program also helps assist students with developing interpersonal skills.
- Our main priority for the program is that students have fun while learning to work with others.

Newton Is A Grant Site

- Parents do NOT have to pay for this program.
- Things are run differently than that of a paid site.
- Next year's applications will have ZERO tolerance policy which results in automatic removal from the program if there are any signs of bullying, or physical misbehavior.
- All rules during the School Day are carried over into the after school program
- We serve HLPUSD students: grades 6th-8th.

About Our Program

The Student Success Institute program has grown to serving 27 elementary and middle schools over the past few years. This program currently serves over 3,200 students each day.

- “Our mission is to empower, inspire, and enrich the lives of students in a safe, comfortable and academic environment.”
- “Our vision is to provide the highest quality program focused on the development of students by providing components that encourage healthy living, academic success, and innovative activities with highly trained educators throughout various communities.
- Crystal Frank: Executive Director

NEWTON HAS TALENT!

- 8th grade boys Jacob and Victor won our district talent show.
- They were rewarded with a trophy, pizza party, and a game truck.

BASKETBALL CHAMPS!

- Our Newton Knights were undefeated ALL season long !
- They showed their dedication through hour long practices and strived to their championship win!

ROBOTICS TEAM

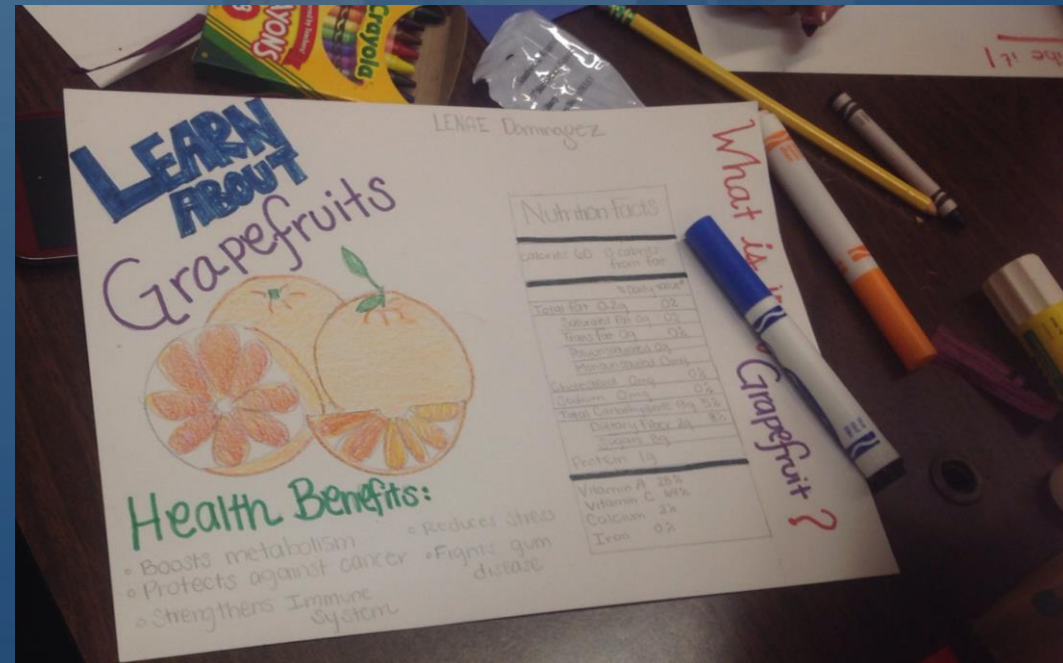

Our students learn valuable skills like:

- Working as a team
- Programing
- Solving problems/ obstacles

Harvest Of The Month

- Each month our students learn about the different types of fruits/veggies that are harvest during that month.
- In these pictures the, the fruit was Grapefruits.

DON'T FORGET OUR STAFF!

- Our current site director is Jose Jimenez, who went to Newton Middle as a child.
- Our ASES staff at Newton are among the best in the ASES program.
- We make accommodations for any needs or concerns you may have.

We Look Forward To Serving Your Students!
